2017-2018 School Fees **February 28th, 2018 Update**

The proposed school fees for the 2017-2018 school year were submitted to Alberta Education for approval by the Minister of Education. On July 18th, 2017, the School District received notice that the proposed school fees submitted were approved.

Alberta Education allows 2017-2018 Non-Curricular Travel, Extracurricular Fees and Activity Fees to be updated on a quarterly basis. These updates are also submitted to Alberta Education for approval by the Minister of Education. On December 14th, 2017, the School District received notice that the updated school fees submitted were approved.

The documents that follow are the approved fees for the 2017-2018 school year (updated to include the approved November 30th, 2017 & February 28th, 2018 submissions). Individual schools provided these fees for approval.

At the time of submission some fees may have been based on estimates or possible activities that may or may not occur during the school year. Actual fees charged for certain activities may be lower.

The school office of your school should be contacted directly should there be any questions with the school's fee schedule.
