203.2 Long-range Planning

Policy

The Board shall direct the Superintendent to develop long-range assurance plans that support Division foundational statements and priorities.

The Board expects that all Division plans shall be in accordance with Division policy, the Education Act and other applicable provincial and federal statutes and regulations.

Regulations

1. Long-range Division plans should normally cover three years.
2. The Division Assurance Plan and Assurance Results Report shall be developed and implemented on an annual basis.
3. The Board may conduct other long-range planning activities or reviews to provide direction to planning of programs, facilities, or services over a longer-term basis.

The Board delegates to the Superintendent the authority to develop the procedures necessary to implement this policy.
