Welcome to Our Budget Report

It is our pleasure to submit Lethbridge School District No. 51's Annual Budget Report for the 2019/2020 school year. The purpose of the Annual Budget Report is to provide our community with a clear and transparent insight into the development of our budget. It also provides an opportunity to analyze and comment on the budget highlights and information of the District, its budget, and the outlooks for the future.

The budget process is an opportunity for the Board of Trustees, Administration, and the stakeholders within the District to review the ever changing environment of the District, while ensuring that the District continues to provide quality education to our students. These operating and capital budgets are developed to assist in the achievement of our Board's strategic plan and priorities of Achievement, Inclusion, and Innovation. The District utilizes multi-year plans and budget projections to ensure that the District maintains its long-term financial stability while ensuring that we meet the needs of our students.

The Annual Budget Report is divided into four (4) major sections:

1) Executive Summary
2) Organizational Section
3) Financial Section
4) Informational Section

2019/2020 Significant Budget Factors:

The School District has been growing for many years, in which, many of these growth factors have both added challenges and also assisted in the development of the 2019/2020 budget, as discussed throughout this report.

Some of the major challenges relating to the District's growth is ensuring that we can keep pace appropriately with the growth in our facilities, staffing, and the services that we provide.

- Uncertainty of growth funding from the Province. In April 2019, there was a change in Provincial Government; whereas, the platform of the newly elected government was to maintain education funding, they did not specifically indicate whether or not student enrolment growth was going to be funded (or potential changes to other funding).

- Many of the Provincial operating grants that we receive for our facilities are based on our prior year student enrolment; therefore, the funding is typically a year behind and doesn't always account for the current year growth. This requires the District to stretch our funding and often requires the District to utilize reserves to maintain the facilities for our growth.

- Hiring appropriate levels of staffing can also be a challenge for a growing District as we have to estimate the upcoming student enrolment and hire teachers and support staff accordingly; whereas, fluctuations from estimates could potentially lead to under or over staffing. This requires the District to monitor these enrolment trends and often wait to hire a couple of positions until the fall when the student enrolment is better known.

Some of the major factors assisting the budget development relating to the District's growth are the potential increases in overall funding for the enrolment growth, reductions in the average teaching costs, and the addition of new schools.

- The overall increase in funding from student enrolment (should it be provided) allows growth of the overall education programming and allows for more economy-of-scale in the overall costs of the District as certain costs remain consistent.

- There is typically a reduction in the overall average teaching costs with the hiring of new teachers as most of the new teachers hired are at the start of their respective salary grids.

- The addition of new schools and modernizations can also allow the school to have reduced maintenance costs for these new facilities as there is typically less up-keep costs with new facilities. New schools usually also have new furniture, equipment, and resources for our students.

Another major factor that effected the development of the 2019/2020 budget is that the Province of Alberta had only committed to maintain education funding; however, the Finance Minister subsequently indicated that enrolment will be fully funded. As the Provincial Budget will not be announced until Fall 2019 and based on the comments from the Finance Minister, the District increased the base education funding from the Province; however, did not increase other Provincial Grant funding for the other factors (i.e. differential funding for inclusive education). The District also did not budget for the Classroom Improvement Fund (CIF) grants nor the School Nutrition Program grants as these are considered to be one-time provincial grants.

In an attempt to further improve the transparency of the District's budget, we have developed this Annual Budget Report to assist in providing additional details on the operating budget, capital plan, and guidelines/process for how the District budget is prepared. We hope that this report assists you in understanding the District's budget and the process and factors that create it

I am honoured to be part of a team that truly cares about the School District and our efforts to provide quality education to our students.

Respectfully submitted,

Mark DeBoer, CPA, CA
Director of Finance

Budget Recognition

Association of School Business Officials International (*ASBO*)

The Association of School Business Officials International (*ASBO*) has awarded the Meritorious Budget Award (*MBA*) for excellence in the preparation and issuance of its budget to Lethbridge School District No. 51. The District received its first MBA for excellence in the presentation of the 2006-2007 budget and the thirteen (13) subsequent years up to and including the 2018-2019 budget report.

The Meritorious Budget Award (*MBA*) Program was designed by ASBO International and school business management professionals to enable school business administration to achieve excellence in budget presentation. The MBA is only conferred on school systems that have met or exceeded the MBA Program Criteria. We believe our current 2019-2020 Annual Budget Report also complies with ASBO's standards/criteria, and we will be submitting the Annual Budget Report for consideration to be awarded the MBA again.

Notes Regarding this Report

This Annual Budget Report has been designed to act as a resource for the public, students, parents, and employees. The purpose of this Annual Budget Report is to provide our community with a clear and transparent insight into the budget and other financial information of the District. It also provides an opportunity to analyze and comment on the budget highlights and information of the District. The report is divided into four major sections: Executive Summary, Organizational, Financial, and Informational.

The budget year is the fiscal year 2019-2020, representing the period from September 1st, 2019 to August 31st, 2020. This fiscal year may also be referred to as 19-20, 2019-20, 19/20, 2019/2020 and/or Budget 2019; these variations of the fiscal year or school year may be used interchangeably.

The District name may be listed throughout the report as Lethbridge School District No. 51, LSD51, and/or the District; these variations of the District name may be used interchangeably.

During the 19/20 budget process, the District changed its logo(s); whereas, certain documents/ policies were created prior to the updated logo(s). Some documents within this budget report retain the prior logo until updated accordingly (i.e. policies and other reports).

Lethbridge School District No. 51

2019-2020 Operating Budget

Executive Summary

Lethbridge School District No. 51 has a total operating budget of $132.62 million and provides public education services to the citizens of the City of Lethbridge, Alberta, Canada.

The School District was established in 1886 and proudly serves a community that has approximately 101,500 residents (2019 census) and is the fifth fastest growing city in Canada according to the 2016 Government of Canada census. Lethbridge School District No. 51 serves approximately 11,810 students from early education (pre-school) to grade twelve. The District provides high quality learning experiences for students through a broad range of educational programs in twenty-three (23) schools and four institutional programs.

The executive summary presents highlights of the budget and organizational information of the school district.

District Priorities and Strategies

The Board of Trustees held a consultation session with the education stakeholders of the community. This consultation included a highly successful Town Hall meeting which provided the opportunity for over 200 parents, students, district staff, and community members to provide comments and feedback to the trustees. This year's consultation used a World Café format and centered on two main questions:

What do you value most about your school community?

What can the School District do better?

The feedback on these questions assisted the Board of Trustees in establishing priorities for 2019-2020. The two intentionally-simple questions were designed to maximize input. Through group discussion and the use of technology, participants shared ideas throughout the evening.

Vision:

Learners are innovative thinkers who are successful, confident, respectful, and caring.

Mission:

Lethbridge School District No. 51 is inclusive, forward-thinking, and accountable for engaging students in quality learning experiences that develop strong foundations, innovative minds and responsible citizens.

Guiding Principles:

The Board believes a focus on learning builds capacity for continual improvement, innovative thinking, and confident, caring, and respectful citizens.

The following principles provide the foundation for our learning system:

Learning Foundations

- Every individual can learn.
- Learning is a lifelong activity.
- Learners that grow are resilient, adaptable and confident.
- Students learn in different ways and at different rates.
- Innovative thinkers engage critically and creatively.

Cultural Foundations

- Schools are welcoming, safe, caring, and respectful.
- Diversity is celebrated in an inclusive culture.
- Students are empathetic and responsible for the well-being of self and others.
- Schools inspire a passion for learning.

System Foundations

- Our system functions within the structure of Alberta Education.
- Priorities and decisions are further guided by collaboratively developed educational goals.
- Parents/Guardians are foundational to their children's learning.
- Quality education goes beyond the school walls and involves opportunities for engagement within the community.
- High standards result in successful school completion and transition to the adult world.

The Board of Trustees used this information to form the development of priorities for the 2019-2020 school year and belief statements for the development of the 2019-2020 budget.

The budget allocates resources available to achieve the District's vision through priorities which address the learning needs and achievement outcomes for all students.

The Board of Trustees developed three (3) priorities: Achievement, Inclusion, and Innovation. Although these have specific outcomes, they are highly correlated with each other; whereas, the success in one priority will likely assist in the other priorities.

Priority: ACHIEVEMENT

OUTCOMES:

1. Students achieve student learning outcomes with strong foundational skills in literacy and numeracy.
2. Teachers possess a deep understanding of pedagogy that develops literacy and numeracy.
3. Students are lifelong learners possessing the skills and attributes to successfully transition within the system and to further education, credentialing or the world of work.
4. First Nations, Metis and Inuit (FNMI) student achievement relative to provincial standards will improve.
5. School administrators are highly skilled in all areas of the School Leader Quality Standard.
6. Teachers are highly skilled in all areas of the Teaching Quality Standard.
7. Support staff possess the knowledge, skills and attributes to support student success and create optimal learning environments.
8. Effective learning and teaching is achieved through collaborative leadership and structures that build capacity to improve within and across schools.
9. A comprehensive wellness approach promotes well-being and fosters learning.
10. The education system demonstrates collaboration and engagement to further District priorities:
    - Parents feel welcome, included and possess agency to be full partners in their child's education;
    - Community members feel ownership as collaborative partners in the education of children and youth;
    - Community- minded organizations are engaged in collaborative delivery of programs and services to students.
11. Effective management of growth and capacity building to support learning spaces and the provision of programs.

Priority: INCLUSION

OUTCOMES:

1. Schools are welcoming, caring, respectful and safe learning environments.
2. Schools are inclusive learning environments where all students are able to grow as learners.

Priority: INNOVATION

OUTCOMES:

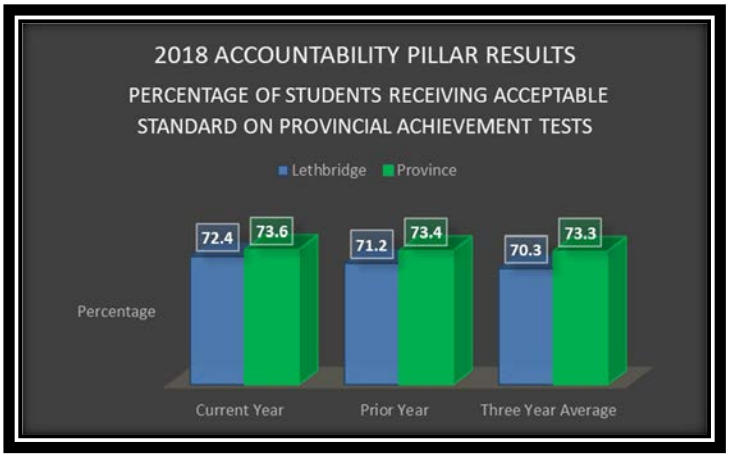

1. Learners demonstrate the attributes of innovation, creativity and critical thinking in a process based learning environment.
2. Breadth of program choice provides opportunities for students to explore and grow as learners.
3. All learners effectively use technology as creative and critical thinkers capable of accessing, sharing and creating knowledge.

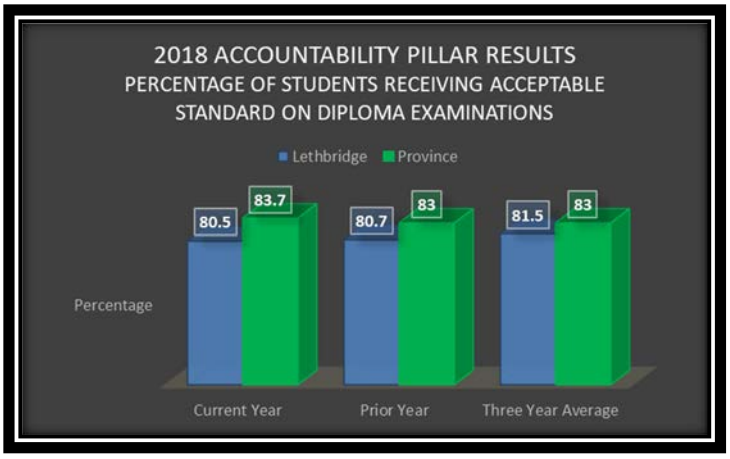

Student Achievement

In the majority of subject areas, Lethbridge School District No. 51 students performed well in the Provincial Achievement Tests and Diploma Exams. The charts below demonstrate the 2018 Accountability Pillar student achievement results for the district as compared to the province. For the Provincial Achievement Tests, Lethbridge School District No. 51 has increased and the provincial average has slightly decreased in the percentage of students receiving the acceptable standard over the last three years. There has been a slight increase over the last year in the percentage of students receiving the acceptable standard on Diploma Exams in the District as well as across the province. School and district staff analyze the results to develop improvement plans to further enhance student achievement in future years. The District utilizes the data in setting priorities and establishing goals, along with developing strategies and performance measures to ensure that success for all students is obtained. Achievement results are only one measure in assessing student success. The District defines student success in a number of ways and plans strategically to further these definitions of success including:

- **Resilience:** Learners possess the motivation, skills and confidence to fail or overcome obstacles and learn from the experience.
- **Responsibility:** Learners have an intrinsic sense of ownership and responsibility for growth in learning.
- **Achievement:** Learners possess the knowledge, skills, and attributes defined by the programs of study.
- **Wellness:** Learners are socially and emotionally well in schools where they feel safe, cared for, connected and happy.
- **Completion and Transition:** Learners complete high school and transition to the world of work or a post-secondary institution as productive members of society.

Student success in all areas can be attributed to the students who have worked hard and are engaged in their learning, their parents who provide the guidance and encouragement, and the staff in schools that put in a great effort to ensure each student has the opportunity to succeed. The budget allocates resources to assist schools in providing learning supports for all students to maximize success. The Board of Trustees continues supporting student achievement as one of the priorities for 2019-2020 and this is reflected in the development of the 2019-2020 budget. Student achievement is a consideration with continued budget support for literacy, numeracy, Inclusive Learning, FNMI, curriculum implantation, technology integration and ESL support.

Meritorious Budget Award Program

Lethbridge School District No. 51 is pleased to participate in the Association of School Business Officials (ASBO) International Meritorious Budget Award Program (MBA) for presentation of the 2019-2020 budget. The District received its first MBA for excellence in the presentation of the 2006-2007 budget and the thirteen (13) subsequent years up to and including the 2018-2019 budget. Once the budget is approved by the Board of Trustees, the District develops the 2019-2020 comprehensive budget report for the public and for the submission to ASBO for consideration for the Meritorious Budget Award.

Budget Process

The District's budget process involves stakeholders to ensure there is involvement in the development of the budget from start to final approval. The District undertook a number of consultations with stakeholders to discuss the current fiscal situation and to develop expenditure priorities for the 2019-2020 budget. A town hall meeting was held in February 2019 involving parents, students, staff, and the community, to explore and discuss two main questions:

- What do you value most about your school community?
- What can the School District do better?

This feedback on these question influenced the development of Board priorities. The Board of Trustees developed belief statements in March 2019 and set priorities which guided the development of the 2019-2020 budget. The budget process and policies used to develop the budget remained relatively consistent from the development of the 2018-2019 budget.

Information on funding and expenditure estimates was gathered and then the budget was developed in consultation with senior administration, school and program administrators, and trustees. Stakeholders, including parents, staff members, administration and trustees, were invited to the presentation and open house of the budget in June 2019 to discuss the significant challenges in developing a fiscally responsible budget, how it relates to the priorities and strategies developed, and to gather feedback on the draft budget. Stakeholders were then encouraged to provide written comments on the budget to the Board for consideration at the budget debate June 25th, 2019. After final approval by the Board, the budget was then submitted to Alberta Education as required under legislation. Under legislation, the budget is to be submitted to Alberta Education by May 31st each year; however, was extended by the Province to June 30th for this year.

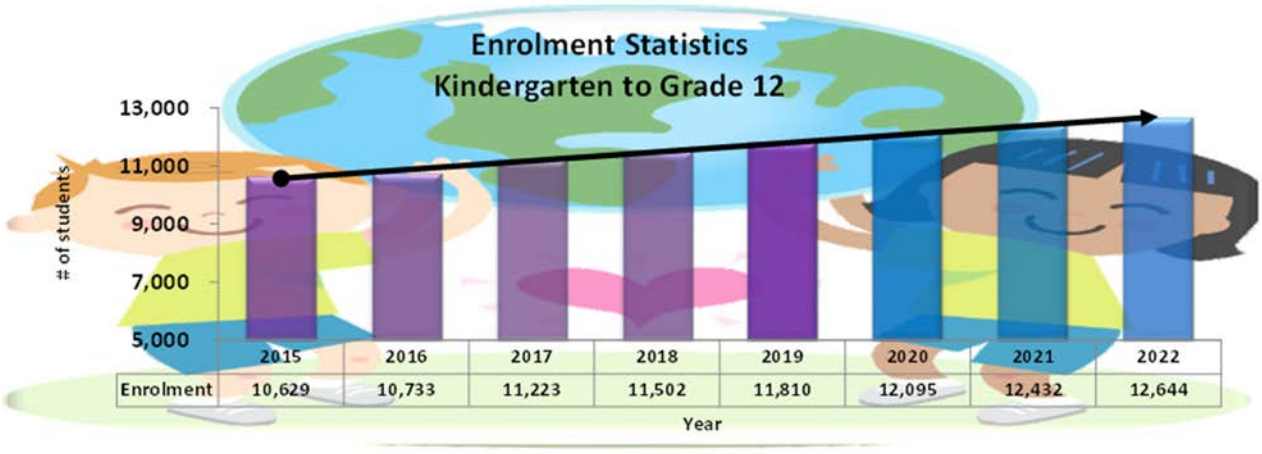

This budget is called the "Preliminary" budget version, although it is the legally adopted budget for purposes of meeting legislative requirements. The budget will be updated for actual known enrolments and other known changes as of September 30th 2019. This budget will become the budget under which the District will operate for the 2019-2020 school year.

See full-size copy of Budget Development Process within this report.

Enrolment

Lethbridge School District No. 51 has 11,810 students projected to be enrolled in early education (pre-school) through Grade 12 in the 2019-2020 school year as compared to 11,502 in 2018-2019. This is an increase of 308 students or 2.68%. Preschool student enrolment will decrease by 9 students for the 2019/2020 school year. Kindergarten will expect an increase by 47 students and grades 1 to 12 enrolment will increase by 270 students for the 2019-2020 school year. Grades 1 to 12 represent the largest area of growth with enrolment at grades 1-5 increasing by 78 students (1.78%), grades 6-8 by 155 students (622%), and grades 9 to 12 by 37 students (1.10%).

	2015	2016	2017	2018	2019	2020	2021	2022
Enrolment	10,629	10,733	11,223	11,502	11,810	12,095	12,432	12,644

Historical enrolment data is used to predict enrolment for subsequent budget periods. The preceding chart illustrates the change in enrolment from September 2015 to September 2018 and projected enrolment over the next four years to September 2022.

Projected enrolments over the next four-year period show an increase in 2019 of 2.68%. There has been an upward trend in enrolment due in part to the significant growth that the City of Lethbridge has experienced in prior years, in particular Lethbridge has become home to many refugee families from other countries. In the Government of Canada Census held in 2016 Lethbridge is ranked as the fifth-fastest growing city in Canada. However, migration to the city is not the only factor in the upward trend. Increases in birth rates also has an impact on future student enrolment. In the four year period 2019 to 2022 enrolments are projected to increase by 834 students or 7.06%. Enrolment fluctuations have a significant impact on future grant revenues as approximately 60% of the District's funding is based on the number of students enrolled as of September 30th.

Funding Sources

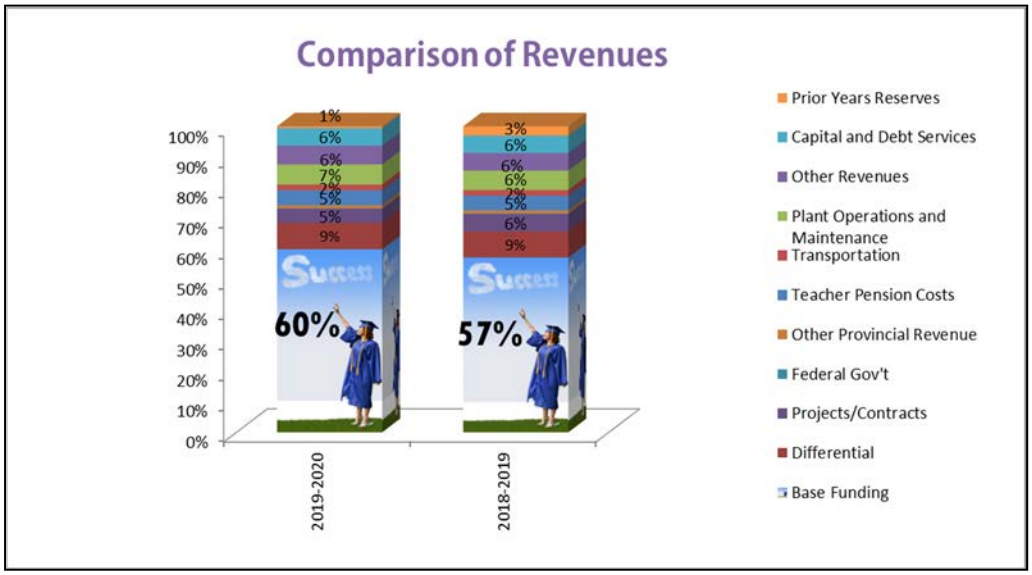

Lethbridge School District No. 51 is financially dependent on funding from the Province of Alberta. The school district receives over 93% of its funding from the Provincial Government. The District has control over other revenues such as school fees, school generated funds, outside grants, investment revenues, and one-time reserve funds, which comprise only 7% of the District's revenue.

The District receives operating and capital revenues from the Province, through Alberta School Foundation Fund (ASFF); therefore, does not specifically levy any taxes. ASFF raises funding through municipal property taxes throughout the Province.

Total budgeted revenues for 2019-2020 are $132.62 million. Included in these revenues is approximately $731,600 of prior year's reserves. Total revenues for the District decreased by 1.70% over 2018-2019 with the removal of targeted grants and the removal of one-time reserves used in 2018-2019.

Revenues	2019-2020	2018-2019	Variance	Change %
Total Revenue	**$132,619,029**	**$134,917,720**	**($2,298,691)**	**-1.70%**
Base Funding	$79,343,727	$77,101,473	$2,242,254	2.91%
Differential Cost Funding	$11,483,705	$11,483,705	$0	0.00%
Projects/Contracts	$6,035,407	$7,665,580	($1,630,173)	-21.27%
Federal Government Funding	$248,128	$248,128	$0	0.00%
Other Provincial Revenue	$1,327,533	$1,370,226	($42,693)	-3.12%
Teacher Pension Costs	$6,500,000	$6,500,000	$0	0.00%
Transportation	$2,468,500	$2,468,500	$0	0.00%
Plant Operations and Maintenance	$8,725,187	$8,566,817	$158,370	1.85%
Other Revenues	$8,122,222	$7,775,632	$346,590	4.46%
Capital and Debt Services	$7,633,022	$7,633,022	$0	0.00%
Prior Years Reserves (one-time funds)	$731,598	$4,104,637	($3,373,039)	-82.18%

The charts on this page and the following page compare budgeted revenues by major category for the District with the 2018– 2019 school year (September 30th operating budget).

Base Funding – 60% of District Revenues

Base Grant funding is based on funded student enrolment. This funding increased by 2.91%. Base funding is calculated on the number of students enrolled as of September 30th of each school year. Base funding did not receive a grant rate increase. Enrolment growth is 2.68% with a FTE enrolment growth of 2.84%. The newly elected provincial government's Finance Minister has publically committed to fully fund increased enrolment; therefore, base student funding increased accordingly. The Province will not be releasing their budget until fall 2019; therefore, assumptions are made on the current information available.

Differential Cost Funding – 9% of District Revenues

Rates for various grants under differentiated funding, such as Inclusive Education, First Nations Metis and Inuit, English as a Second Language and Socio Economic Status are projected to be frozen at 2018-2019 funding rates. Due to the uncertainty of the Provincial budget, these funds have been maintained at the prior year funding levels.

Projects/Contracts – 5% of District Revenues

Project/Contract funding decreased by 21.27% due to the likelihood that the Classroom Improvement Fund and the School Nutrition Program grants will not be received in 2019-2020. These grants are provided on a year-to-year basis and are not expected to be funded in the current economic climate of the Province.

Federal Government – 0.2% of District Revenues

The revenues from the Federal Government are expected to remain consistent from Kainai Board of Education for students attending the District.

Other Provincial Revenues – 1% of District Revenues

Other Provincial revenue decreased with updating some of the specific Making Connections grants that are expected to be received; whereas, 2018-2019 included some carry-forward grant funding.

Teacher Pension Costs – 5% of District Revenues

To appropriately account for current year teacher pension costs that are paid by the Province of Alberta on behalf of school boards, the District is required to record teacher pension costs paid as part of total district revenues along with the corresponding expenditure as part of Certificated Salaries and Benefit costs.

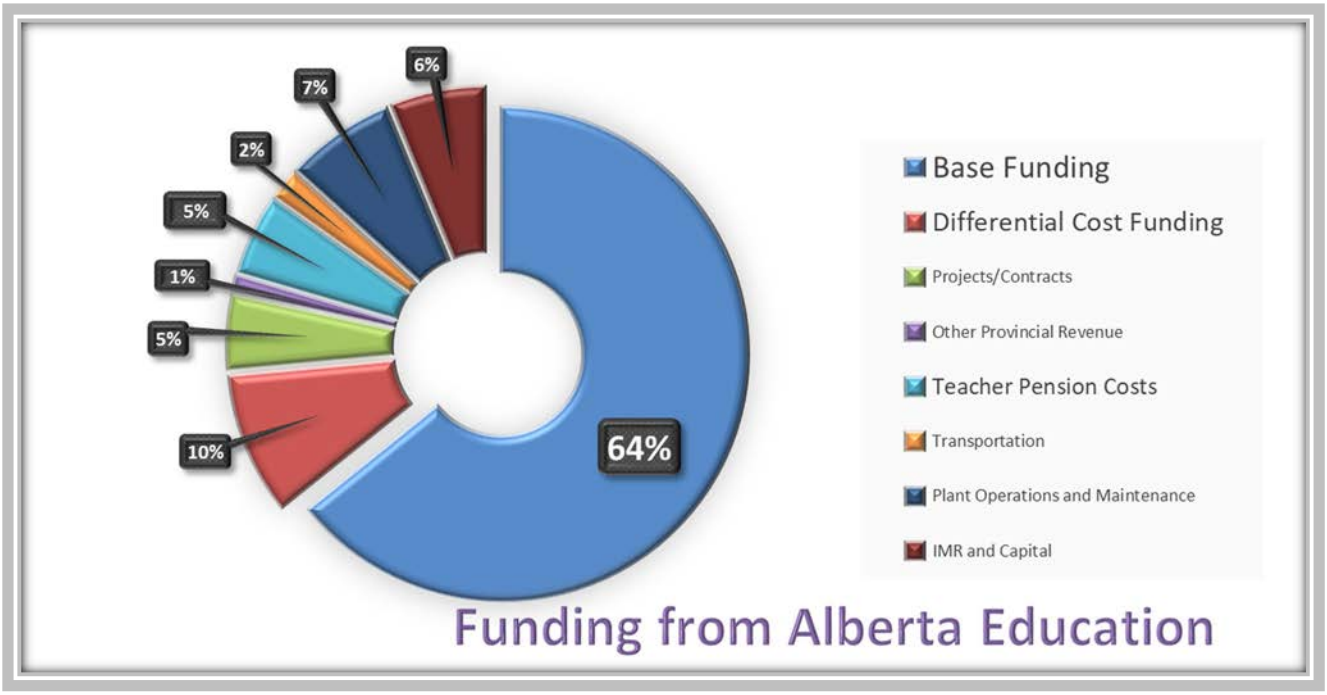

Transportation – 2% of District Revenues
Transportation grant rates are projected to be frozen at 2018-2019 rates; whereas, this funding was maintained at the same level of funding as 2018-2019 as there is no changes expected to the eligible ridership of students (no changes to school boundaries for 2019-2020).

Plant Operations and Maintenance – 7% of District Revenues
Plant Operations and Maintenance (POM) grant rates are projected to be frozen at 2018-2019 rates and any increases are represented by funding and enrolment growth in the 2018-2019 school year (as these grants are based on the prior year's enrolment).

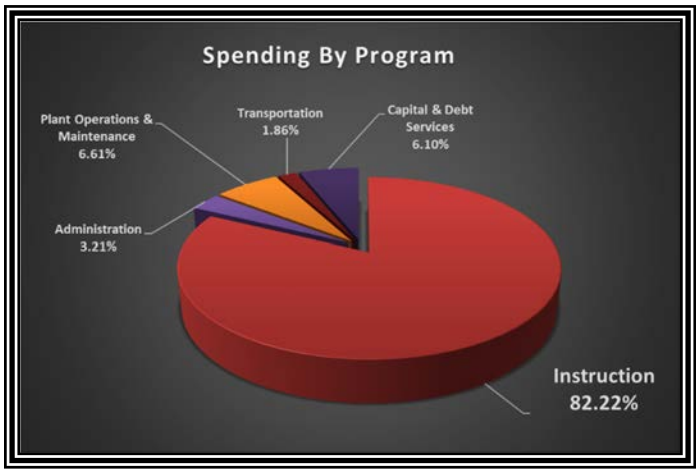

Other Revenues – 6% of District Revenues
Other Revenues include donations, fees and fundraising related to school generated activities, optional course fees, early education fees, and international student tuition fees. The majority of the increase relates to projected fees relating to school generated funds (SGF) activities from increases in the non-curricular travel and extracurricular activities.

Capital Block – 6% of District Revenues
In the Capital Block, the Infrastructure Maintenance and Renewal (IMR) grant rates are projected to be frozen at 2018-2019 rates; whereas, this funding have been maintained at the prior year funding levels.

Prior Year Reserves – 1% of District Revenues
Prior year reserves is the amount of one-time reserves used to address priority areas. The majority relates to using central instructional reserves to address priority areas such as elementary literacy assessment, Spanish resources, funding a full day kindergarten project pilot, and maintaining class sizes. Additional one-time reserves are used from school sites reserves for identified needs and toward plant operation and maintenance reserves for increased costs. The prior year includes $2.3 million of school/department carry-forward funding for one-time funding of costs/projects.

Spending by Program

Funding is allocated to district programs and services to ensure that programs meet the needs of students and schools to remain viable. The $132.62 million of funding resources are allocated to five major program areas including Instruction, Plant Operations and Maintenance, Transportation, Administration, and Capital and Debt Services.

The chart below compares spending by program of the 2019-2020 budget with the 2018-2019 budget:

Spending by Program	2019-2020	2018-2019	Variance	Change %
Total Expenditures	$132,619,029	$134,917,720	($2,298,691)	-1.70%
Instruction	$109,041,841	$111,395,304	($2,353,463)	-2.11%
Administration	$4,253,283	$4,253,283	$0	0.00%
Plant Operations and Maintenance	$8,765,350	$8,710,578	$54,772	0.63%
Transportation	$2,468,779	$2,468,779	$0	0.00%
Capital and Debt Services	$8,089,776	$8,089,776	$0	0.00%

Instruction is the allocation to all schools (elementary, middle, and high) and other instructional programs and services offered to provide educational opportunities to students within the school district. Some of the other instructional programs and services include the First Nations Métis and Inuit Program, Technology and a Counseling Program to provide universal counseling supports to students. The reduction in instruction of 2.11% mostly relates to the removal of the $2.3 million of one-time costs/projects funded by carry-forward reserve funding.

Administration includes Board Governance, Business and Finance, Human Resources, Office of the Superintendent, and System Instructional Support. There was no changes to the administration allocation. Although administration may utilize up to 3.6% of the budget, only 3.22% was used for 2019/2020; therefore, allowing an estimated $494,700 of funding to be provided for instructional purposes.

The Plant Operations and Maintenance activities relate to the District's responsibility for the construction, operation, maintenance, safety and security of all school buildings. Expenditures also include the transfer of maintenance dollars to Lethbridge Christian School and Immanuel Christian School Societies for the maintenance of these Society owned facilities. The increase in plant operations and maintenance spending is to reflect additional caretaking costs from increased costs of supplies and the costs of casual caretaking.

The Transportation program relates to all activities of transporting students to, from and between schools. Funding is provided to transport students who live a distance of 2.4 kilometers or greater away from their resident school.

Capital and Debt Services includes the amortization of capital assets and the Infrastructure Maintenance Renewal Program (IMR). As the IMR grants are projected to be maintained, the related costs are also maintained (to be reviewed in the fall budget).

Expenditures by Program and Object	Instruction	Administration	Plant Operations and Maintenance	Transportation	Capital and Debt Services	Total
Total Expenditures	$109,041,841	$4,253,283	$8,765,350	$2,468,779	$8,089,776	$132,619,029
Certificated Staffing	$73,247,232	$722,594	$0	$0	$0	$73,969,826
Uncertificated Staffing	$21,430,194	$2,438,001	$4,688,719	$87,413	$0	$28,644,327
Contracted and General Services	$3,872,003	$906,783	$1,589,738	$2,318,766	$0	$8,687,290
Supplies	$9,853,802	$102,005	$231,893	$10,000	$0	$10,197,700
Utilities	$0	$52,600	$2,255,000	$0	$0	$2,307,600
Capital and Debt Services	$0	$0	$0	$0	$8,089,776	$8,089,776
Transfers	$638,610	$31,300	$0	$52,600	$0	$722,510

Expenditures by Object

Lethbridge School District No. 51 will spend approximately $102.61 million on staffing, which is about 78% of the District's $132.62 million budget.

Wage increases in the budget will be 0% for 2019-2020. Teacher salaries are yet to be decided by a provincial arbitrator. Other unionized support groups (CUPE 2843 & CUPE 290) have finalized their collective agreement, which do not include wage increases (unless there are increases within teacher's salary arbitration). There are no wage changes for the non-union groups. Benefit rates are expect to remain at the same overall levels for 2019-2020.

The chart below compares the expenditures of the 2019-2020 budget with the 2018-2019 budget:

Expenditures by Object	2019-2020	2018-2019	Variance	Change %
Total Expenditures	$132,619,029	$134,917,720	($2,298,691)	-1.70%
Certificated Staffing	$73,969,826	$73,695,080	$274,746	0.37%
Uncertificated Staffing	$28,644,327	$28,999,770	($355,443)	-1.23%
Contracted and General Services	$8,687,290	$9,125,006	($437,716)	-4.80%
Supplies	$10,197,700	$11,534,057	($1,336,357)	-11.59%
Utilities	$2,307,600	$2,307,600	$0	0.00%
Capital and Debt Services	$8,089,776	$8,089,776	$0	0.00%
Transfers	$722,510	$1,166,431	($443,921)	-38.06%

The District expends approximately 78% of the budget on salary and benefits. Approximately $73.2 million is expended on teaching staff (certificated staffing), which is approximately 56% of the total district budget. The District will expend **0.37%** more on teaching staff costs in 2019-2020. Average teacher costs decreased from 2018-2019. Additional teachers have been included in the budget to help address enrolment growth and class sizes. **Overall, there are approximately 4.0 FTE teachers more than in 2018-2019.** There was a total addition of 12.5 FTE teachers for enrolment growth; however, with the removal of 8.5 FTE of CIF funded teaching staff, the net result is an overall increase of 4.0 FTE teachers.

Approximately $28.6 million is spent on support staff, which is approximately 22% of the total district budget. The District expects 1.45% decrease in support staff costs in 2019-2020, the majority is due to the removal of the CIF funded staffing. Average educational assistants budgeted costs decreased from 2018-2019 due to reduced utilization of benefits (not as many EA staff joining pension plan – optional for these staff). **Overall, there is a 7.5 FTE or 1.45% decrease in support staff.** There was no projected increases in the differential funding for inclusive education, hence that the support staffing (educational assistants) had effectively been maintained at the same levels as 2018-2019 (slight increase of 0.35 FTE); however, with the removal of 7.85 FTE of CIF funded support staff (5.85 FTE of EAs, 2.0 FTE of FSLC) the net result is an overall decrease of 7.5 FTE from the removal of CIF funding.

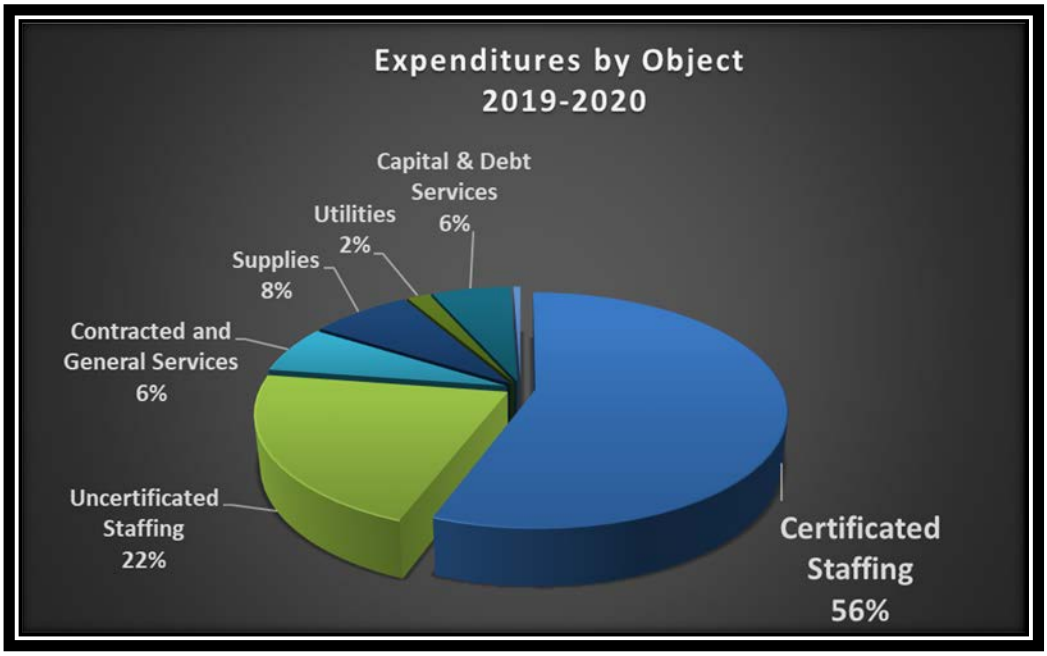

Contracted and General Services will decrease over 2018-2019 by 4.80% or $437,716. Decreases have occurred in building maintenance, computer software, consulting and professional learning. Some items in 2018/2019 were funded by one-time reserve funding, specifically some of the services at the schools.

Supplies have decreased by 11.6% or $1.34 million. The decrease mostly relates to reductions in general supplies, furniture/equipment, and computer purchases. Many of these reductions in supplies relates to items in 2018-2019 that were funded by one-time reserve funds. Within computer purchases, there was also a $600,000 reallocation of the technology evergreening funds that are moved into capital as they are now part of the capital program. The decrease is somewhat offset by the increases in the school generated fund activities, including additional non-curricular travel and increases in extracurricular activities.

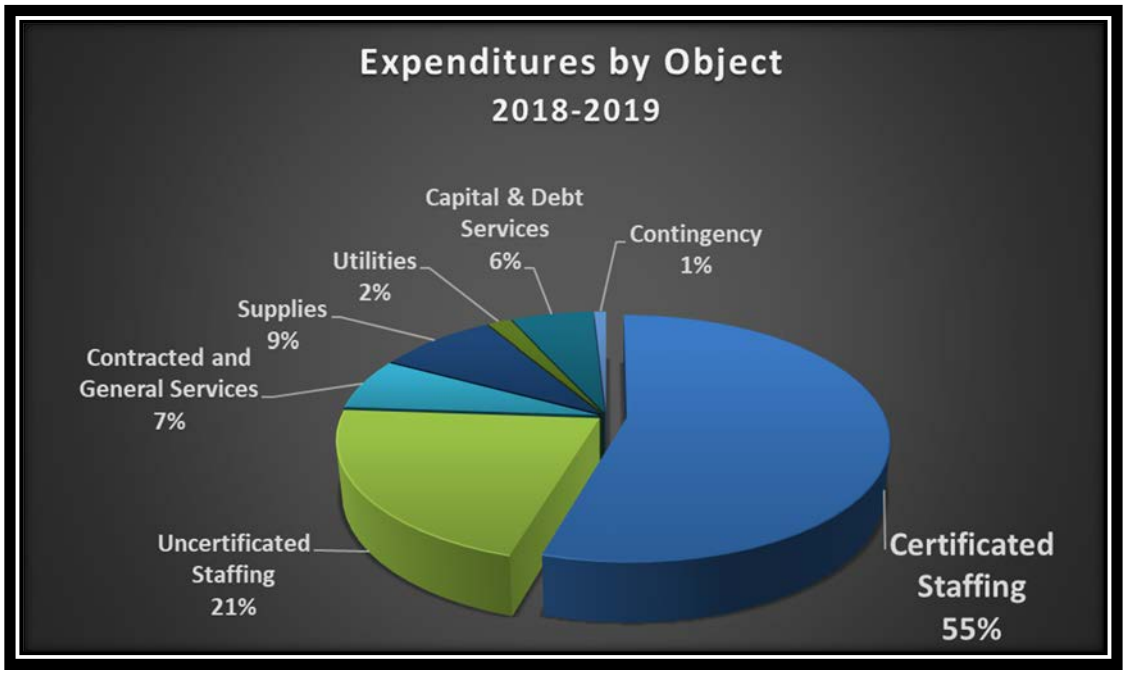

Utility costs are expected to be maintained as 2019/2020 will not have any new facilities being added since 2018/2019. Costs are still inclusive of some potential carbon taxes as it is unknown if removal of Provincial carbon taxes will result in application of federal carbon taxes (fall budget may be updated if new information is known).

Capital and Debt Services are expected to be maintained as there in no changes made to the projected Infrastructure Maintenance Renewal (IMR) grant/expenses (potentially to be updated in the fall budget after the provincial budget is released). The District currently does not have any long-term or debenture debt as all debentures were repaid in the 2017-2018 school year. There are no plans to incur additional debt.

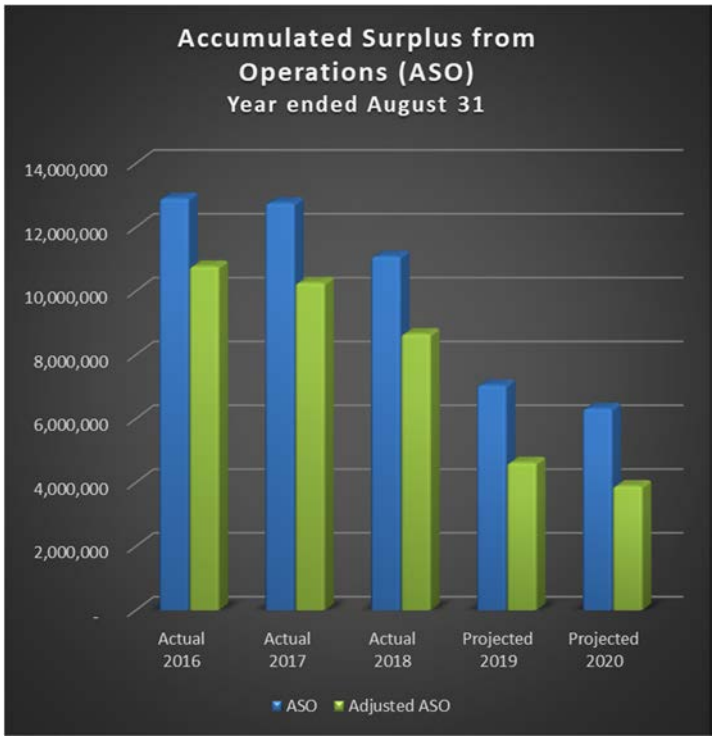

In 2016-2017, the cost was approximately $11,784 to educate a full time equivalent (FTE) student in Lethbridge School District No. 51 as compared to the provincial average of all public school authorities of $11,935 per student (most recent info available). In 2017-2018 the cost is projected at $12,239 per FTE student, in 2018-2019 budget the cost is projected to be $12,123 per FTE student, and in 2019-2020 budget the cost is projected to decreased to $11,723 per FTE student. The Board implements a responsible fiscal plan to ensure that resources entrusted to the District are spent efficiently, effectively, and reflects the Board's priorities to provide the best learning opportunities for Lethbridge School District No. 51 students.

Expenditures for the 2019-2020 budget are compared with budgeted expenditures from 2018-2019 to illustrate the similarity between the two years.

Financial Impact

The District has been able to build the Accumulated Surplus from Operations (ASO) in the years 2014 to 2016 as funds were being saved for the District's evergreening of computers. During 2017/2018, the technology evergreening reserves were transferred from operating to capital reserves (change in methodology of capitalizing costs).

In accordance with Public Sector Accounting Standards, the unspent school generated funds (SGF) is included in the District's ASO. The "Adjusted ASO" excludes these unspent SGF funds which are held at the schools. The Adjusted ASO is typically reviewed and compared to expenditures to review the financial health of the District (recommended ratio is between 1% and 5%).

School Year	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020
Adjusted ASO ratio	9.45%	8.70%	7.01%	4.15%	3.66%

In the 2018-2019 school year, there was a total of $4.1 million in reserve funds planned to be utilized to balance expenditures. The District planned to use reserve funds for students entering our school jurisdiction that require additional support, literacy assessment at elementary schools, and the costs of commissioning Senator Joyce Fairbairn Middle School. School sites allocated some one-time reserve funds to address class size concerns at the secondary level and purchase furniture and equipment and resources. Analysis of spending during 2018-2019 would indicate that a large portion of this will be utilized (some school carry forwards will be unspent). As a result, the projected August 31, 2019 will have an estimated ASO of $7.98 million or 5.96% of planned expenditures and an estimated Adjusted ASO of $5.55 million or 4.15% of planned expenditures.

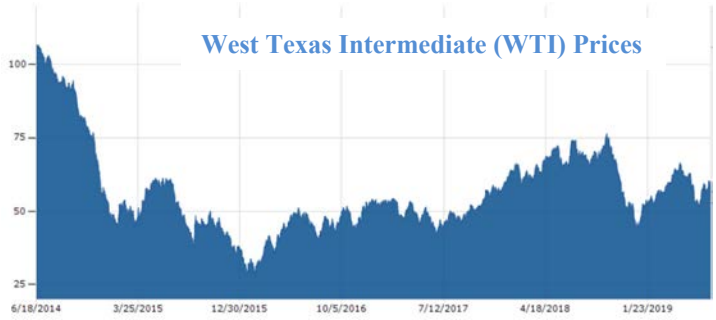

In budget 2019-2020, one-time reserves will be used for students entering our school jurisdiction that require additional support, support for literacy assessment at elementary schools, Spanish resources, funding a full-day kindergarten pilot project, and school based priorities. The use of one-time reserves will reduce the Adjusted Accumulated Surplus from Operations (ASO) of the District to approximately $4.82 million or 3.66% of operating. The Provincial government has recommended that school districts maintain an ASO (excluding SGF) ranging from 1% to 5% of the operating expenditures in order to deal with emergent and contingent situations. If a district's ASO falls below 1%, the government may consider the district's financial health to be a concern.

The District will need to monitor the ASO in future operating budgets to ensure that it maintains an appropriate balance between meeting the needs of students and the financial health of the District. The amount of the ASO will be dependent on future financial resources from Alberta Education and expenditure decisions made by the District.

Financial Forecast

Lethbridge School District No. 51 receives 93% of its total revenues from the Province of Alberta. The Province of Alberta finances are significantly dependent upon resource revenues. In June 2014, a barrel of West Texas Intermediate (WTI) started to decline from a high of $104 US a barrel, eventually bottoming out at around $41 US per barrel in 2015. The drop in the price of oil has had a significant impact on the Alberta Economy.

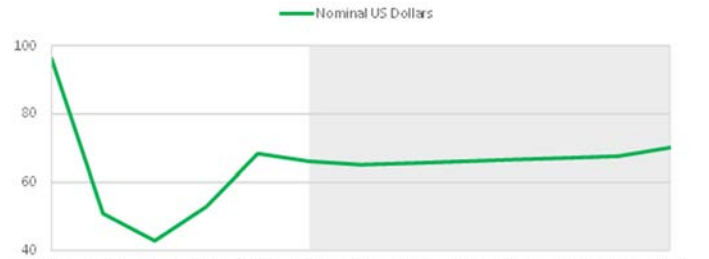

In June 2019, the average price of WTI was $55 US per barrel. As shown on the chart to the right, the oil prices have overall increased from 2015; however, the prices are still substantially lower than in prior years.

World Bank Oil Price Forecast

Crude oil, avg, spot ($/bbl)

	2018	2019	2020	2021	2022	2023	2024	2025	2030
Nominal US Dollars	68.3	66.0	65.0	65.5	66.0	66.5	67.0	67.5	70.0

Source: World Bank Commodity Price Forecast, April 2019

As projected by the World Bank in April 2019, oil prices will not regain the +$100 US per barrel price, but are expected to reach around $70 by 2030. The current government is looking to diversify revenues to lessen the impact of oil prices on provincial finances.

The provincial government has committed to funding school boards for student growth, so unless there is a significant turnaround in the provincial economy it is unlikely that funding in the projection period of the school years ended 2021 to 2023 will increase other than for student growth. Enrolment grant revenues make up approx. 60% of total revenues while other grants from the Province are 33% of total revenues.

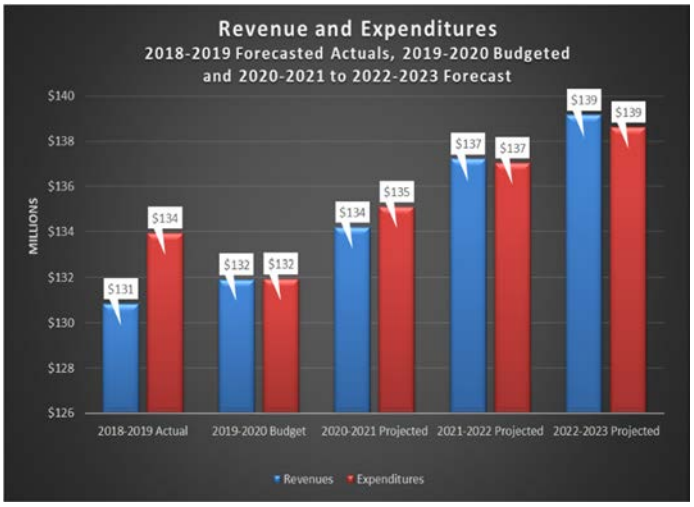

Student enrolment is expected to increase by 834 students (or 7.1%) over the next four years to September 2022. Enrolment impacts future grant revenues as well as programming and staffing decisions.

	4.15%	3.66%	2.82%	2.84%	3.12%

* Note that these funds that are to be drawn from the Accumulated Operating Surplus (reserves) to balance expenditures to revenues in the budget. For the 2019/2020 budget, there was $731,598 funds used from reserves and $690,283 funds allocated back to reserves for a net draw of $41,315 from Accumulated Operating Surplus (reserves).

Total Revenues	*131,887,431*	*Total Expenses*	*131,928,746*
Reserves funds allocated	*731,598*	*Reserve Transfers*	*690,283*
Total Revenues & Allocations	***132,619,029***	***Total Expenses and Transfers***	***132,619,029***

Student enrolment is one of the largest factors for the projected revenues and expenses. Based on increased enrolment and other factors, the District revenues are projected:

- 19/20 - $131.8 million (0.81% increase)
- 20/21 - $134.2 million (1.74% increase)
- 21/22 - $137.2 million (2.26% increase)
- 22/23 - $139.2 million (1.41% increase)

Other factors effecting projected revenues includes the removal of the Classroom Improvement Funding (CIF) for 2019/20 as this CIF funding was only provided for 2017/18 & 2018/19.

Salary increases and the cost of experience increments and benefit cost increases places significant pressures on the operating budget and is expected to continue. Salary and benefit costs could increase from experience increments; however, these increases are somewhat offset by potential staff retirements. When beginning teachers are hired to replace retired teachers there is a reduction in the average teaching cost to the District, which assists with overall salary cost increases and the District's ability to maintain current staffing levels or ideally hire additional staffing to meet student needs.

The projected increase in staffing costs mostly relates to increased student enrolment for hiring additional teachers and support staffing for the enrolment growth (to maintain appropriate class sizes). There are also effects in the 2019/20 budget with the removal of the CIF funding as the majority of the funding was used towards staffing including 8.5 FTE of teaching staff and 7.84 FTE of support staffing (i.e. educational assistants); whereas, overall staff increases relate to increased enrolment.

The cost of supplies and contracted services will increase a minimum of 1% per year over the next three years. Spending on supplies and contracted services will be adjusted to ensure that expenditures do not exceed forecasted revenues (unless expenditures are specifically funded by reserves). When resources are limited, the priority is to ensure that the needs of classrooms are met which may involve the reduction of supplies and contracted services. Some of the one-time projects/costs included in the forecasts:

- In 2020/21, the District will expend approximately $550,000 to resource the new Southeast Elementary School that is in process of being constructed. These funds will come out of funds accumulated in one-time reserves that have been saved specifically for this purpose.

The cost of school generated activities will correlate to the applicable revenues, including school fees, fundraising, and donations.

The District will need to monitor the Accumulated Surplus from Operations (ASO) in future operating budgets to ensure that it maintains an appropriate balance between meeting the needs of students and the financial health of the District. The amount of the ASO will be dependent on future financial resources provided by Alberta Education and expenditure decisions made by the District.

Average Class Sizes

The following chart illustrates the change in class size over the past three years and compares our District's class sizes to the other four (4) largest public school jurisdictions within the Province of Alberta.

Average Class Size Comparison

School Juridication	# of Schools	K to 3			3 to 6			7 to 9			10 to 12		
		2015/16	2016/17	2017/18	2015/16	2016/17	2017/18	2015/16	2016/17	2017/18	2015/16	2016/17	2017/18
Edmonton - Public	213	22.3	22.2	21.8	23.2	22.9	22.8	25.1	24.9	25.1	27.9	26.8	27.4
Calgary - Public	230	19.7	20.0	20.0	22.9	22.9	23.2	25.8	26.0	25.9	28.7	29.1	28.5

** Alberta Open Government Portal (July 3, 2018) - most current report available*

As shown above, on average Lethbridge School District No. 51 has been able to reduce its class sizes during the past three years. The District is also shown to have very comparable class sizes to these other larger public school jurisdictions within the Province of Alberta.

Budget 2018/19 included staffing increases in an attempt to keep pace with student enrolment growth; whereas, it is projected that class sizes should remain at the same levels as in 2017/18. Although the Classroom Improvement Fund (CIF) funding not be provided in 2019/20 (as projected), the District was able to increase by a net of 4.0 FTE teacher (12.5 FTE increase for enrolment growth, less 8.5 FTE of CIF funded positions); whereas, the District utilized some reserve funding to assist in maintaining reasonable class sizes (especially in the earlier grades at the Elementary Schools).

Human Resources

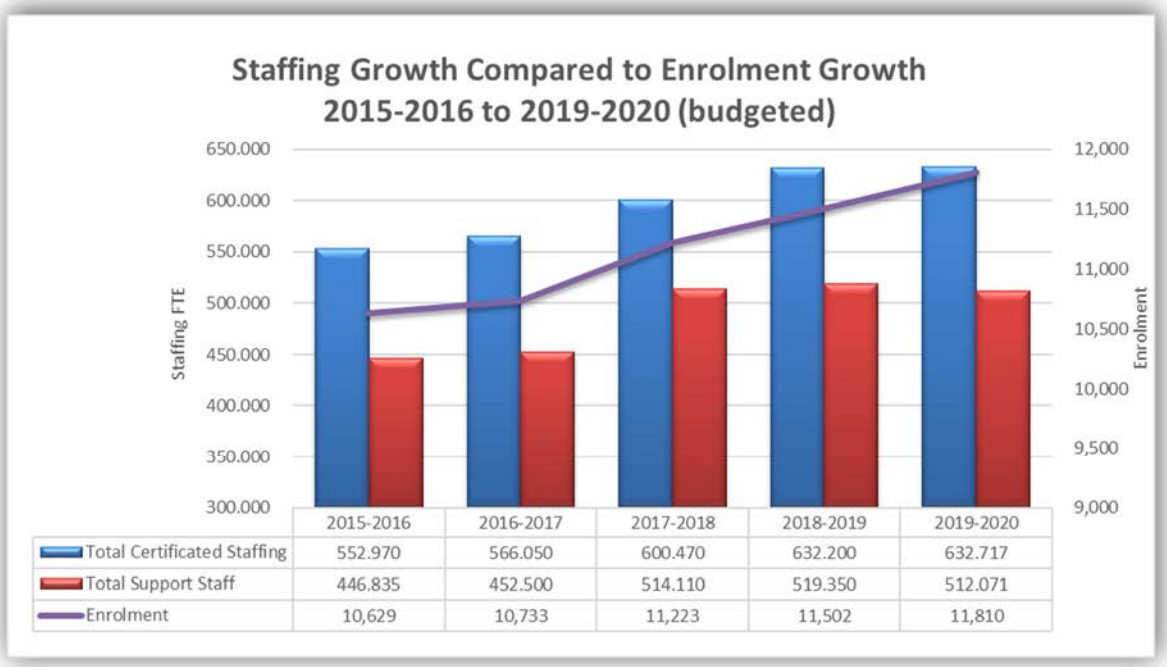

District staffing has the greatest impact on the educational opportunities provided to students within Lethbridge School District No. 51 and consequently makes up 78% of the District's budget. The District will employ 632 full time equivalent (FTE) teachers and 512 full time equivalents (FTE) support staff in 2019-2020. Teachers and support staff FTE have continued to grow since 2011-2012 due to enrolment growth in the District.

The District spends 56% of the budget on teaching staff. Teaching staff will increase by 4.0 FTE. With no increase in grant rates, additional teaching staff have been added to address student growth only. Reducing class sizes and maintaining other supports and services is a difficult balancing act. There was a total addition of 12.5 FTE teachers for enrolment growth; however, with the removal of 8.5 FTE of CIF funded teaching staff, the net result is an overall increase of 4.0 FTE teachers.

The District spends 22% of the budget on support staff positions and overall they will decrease by 7.5 FTE in 2019-2020. There was no projected increases in the differential funding for inclusive education, hence that the support staffing (educational assistants) had effectively been maintained at the same levels as 2018-2019 (slight increase of 0.35 FTE). With the removal of 7.85 FTE of CIF funded support staff (5.85 FTE of EAs, 2.0 FTE of FSLC) the net result is an overall decrease of 7.5 FTE from the removal of CIF funding.

Chinook High School
Fiddler on the Roof

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020
Total Certificated Staffing	552.970	566.050	600.470	632.200	632.717
Total Support Staff	446.835	452.500	514.110	519.350	512.071
Enrolment	10,629	10,733	11,223	11,502	11,810

5 Year Growth	Enrolment	Certified Staff	Support Staff
	+11.11%	+14.42%	+14.60%

In the five year period from 2015-2016 total district staffing will have increased by 144.98 FTE or 14.50%. Teaching staff will have increased by 79.75 FTE or 14.42% and support staff has increased by 65.24 FTE or 14.60%. Enrolment has grown by 1,181 students since September 2015 which is an 11.11% increase, therefore the District has increased its staffing at higher rates than the enrolment increase. The District has worked hard to try decrease the average class sizes across the District. The Classroom Improvement Fund (CIF), which has been available in budget 2017-2018 and 2018-2019 has provided funding for additional teaching and support staffing in the classrooms.

Capital Plan

All new school facilities are funded from the Province of Alberta through Alberta Education in consultation with the Department of Infrastructure. Each year, school jurisdictions submit facility needs for the next three years and await funding and approval from the province.

Lethbridge is experiencing increased growth on the west side of the city, with significant growth projected in the elementary and middle school populations. Currently our schools in west Lethbridge have an average utilization of 80% of capacity and are expected to increase to 89% utilization by 2021-2022. The opening of Senator Joyce Fairbairn Middle School in 2018-2019 has reduced these utilization ratios in west Lethbridge; however, there is still significant capacity strains in the west elementary schools (many reach or are at capacity). The District has received approval of additional modular classrooms being added at Coalbanks Elementary School and Dr. Gerald B. Probe Elementary School for the 2019-2020 school year.

Lethbridge School District No. 51 is excited about the opening of a 600 student K-5 elementary in South East Lethbridge School opening in August 2021. This should also assist in reducing the high capacity utilization rates in this area as well.

In 2019, the District developed a comprehensive Three (3) Year Capital Plan (2019-2020 to 2021-2022), which provides details on the District's capital planning processes and priorities, reviews utilization, and provides details on the District's plans for capital projects and modernizations. The Capital Plan is available to the public on the District's website.

Senator Joyce Fairbairn Middle School in west Lethbridge
Opened for the 2018-2019 school year.

The following is an overview of the District's capital projects costs and projections over the current year and over the next three (4) years. These include all of the Provincially Funded Capital Projects that have been approved:

	Projected Actual 2018-2019	Preliminary Budget 2019-2020	Projected Budget 2020-2021	Projected Budget 2021-2022	Projected Budget 2022-2023

Unexpended Deferred Capital Revenues (UDCR) - End of Period	133,253,976	138,415,631	145,015,967	142,403,851	138,810,780

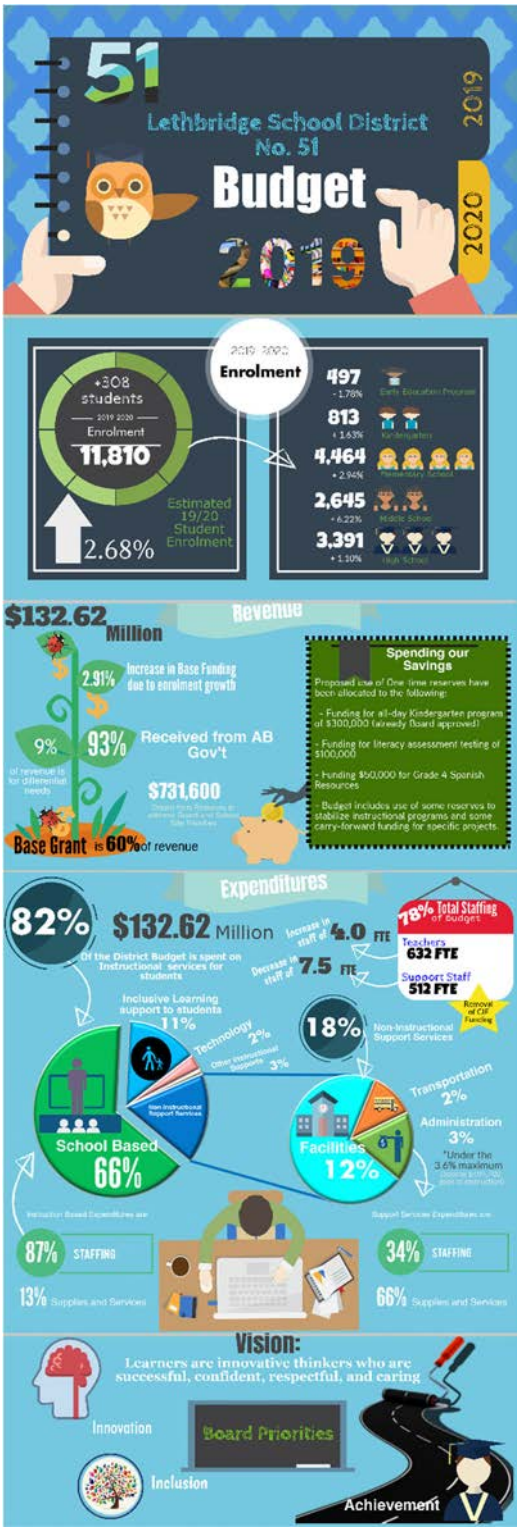

The construction of Senator Joyce Fairbairn Middle School was completed and finalized in 2018/2019.

The construction of the South East Elementary School is projected to be completed and final reporting to be submitted during the 2021/2022 school year and relates to the remaining budgeted costs of the capital project (projected work done up to the end of 2020/2021). This school is projected to be opened for the start of the school year in September of 2021. The final 10% of grant funding will be provided after the final reporting.

The Infrastructure, Maintenance & Renewal (IMR) grant funding require that at least one third (1/3) of the projects are capitalized (used for capital projects); whereas, we have budgeted one third of the grant funding and project costs to be capital over the upcoming years (IMR grant revenues offset the IMR capital projects). The District has many capital projects available within IMR funding, including the major modernization projects to Westminster Elementary School and Senator Buchanan Elementary School.

Coalbanks Elementary School has been recently approved to have two (2) additional modulars to be added to the school. Dr. Probe Elementary School has also been approved to have one (1) additional modular added to the school. These are projected to be completed and submit final reporting within the 2019/2020 school year.

In relation to the Board Funded Capital, currently, there are operating contributions planned for capital acquisitions of $90,283 and contributions toward the Technology Evergreening funds of $600,000 in 2019/2020. In the next three (3) projected years, the Secondary School Evergreening Phase will use an estimated $3.5 million of capital reserves in 2020/2021 and the Elementary School Evergreening Phase will use an estimated $2.0 million of capital reserves in 2022/2023. The Technology Evergreening reserves are saved up over multiple years and the funds are utilized when completing the related evergreening phases.

Information

Board of Trustees

The elected board of trustees of Lethbridge School District No. 51 for the period October 2017 to October 2021:

Mr. Clark Bosch, Chair
Mrs. Christine Light, Vice Chair
Mr. Tyler Demers
Mrs. Jan Foster
Mrs. Donna Hunt
Mr. Doug James
Mrs. Lola Major

Senior Administration

Senior administration for Lethbridge School District No. 51:

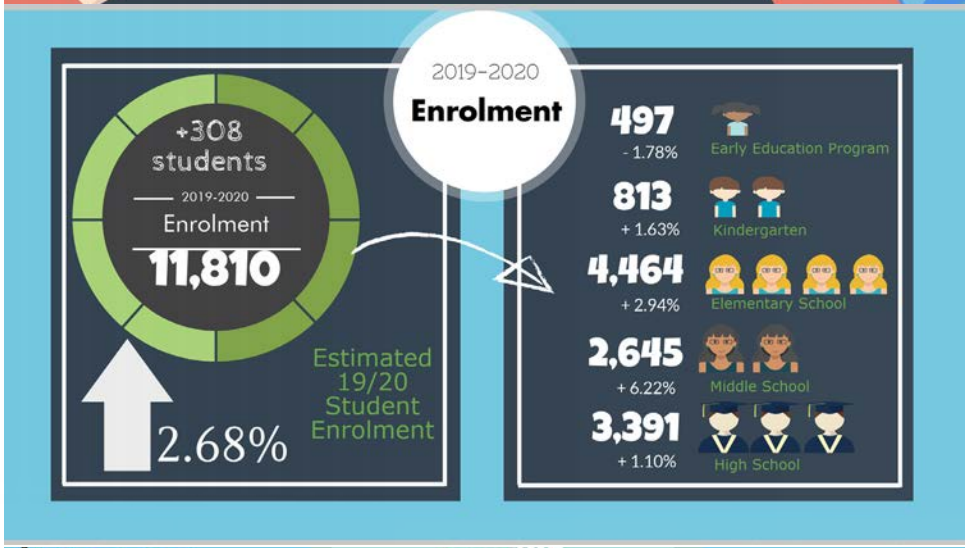

Dr. Cheryl Gilmore, Superintendent
Mrs. Morag Asquith, Associate Superintendent, Instructional Services
Mrs. Christine Lee, Associate Superintendent, Business Affairs
Mr. Rik Jesse, Associate Superintendent, Human Resources

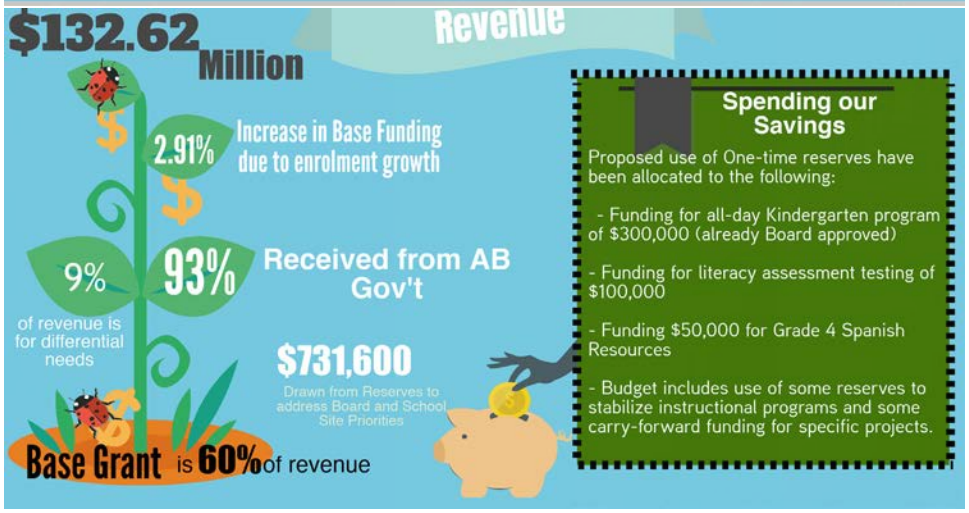

Lethbridge School District No. 51 prides itself on providing outstanding educational opportunities for the students of the City of Lethbridge and believes in its new mission **"Lethbridge School District is inclusive, forward-thinking, and accountable for engaging students in quality learning experiences that develop strong foundations, innovative minds and responsible citizens"**. For further information about Lethbridge School District No. 51 view the District's Three Year Education Plan and Annual Education Results Report and the Audited Financial Statements on the District's website at www.lethsd.ab.ca. The website is a great resource to provide further information about Lethbridge School District No. 51's schools services, and resources.

Revenue Overview

Revenues	2019-2020	2018-2019	Variance	Change %
Total Revenue	$132,619,029	$134,917,720	($2,298,691)	-1.70%
Base Funding	$79,343,727	$77,101,473	$2,242,254	2.91%
Differential Cost Funding	$11,483,705	$11,483,705	$0	0.00%
Projects/Contracts	$6,035,407	$7,665,580	($1,630,173)	-21.27%
Federal Government Funding	$248,128	$248,128	$0	0.00%
Other Provincial Revenue	$1,327,533	$1,370,226	($42,693)	-3.12%
Teacher Pension Costs	$6,500,000	$6,500,000	$0	0.00%
Transportation	$2,468,500	$2,468,500	$0	0.00%
Plant Operations and Maintenance	$8,725,187	$8,566,817	$158,370	1.85%
Other Revenues	$8,122,222	$7,775,632	$346,590	4.46%
Capital and Debt Services	$7,633,022	$7,633,022	$0	0.00%
Prior Years Reserves (one-time funds)	$731,598	$4,104,637	($3,373,039)	-82.18%

Significant Changes:

Base Funding and Differential Funding
There were **no grant rate changes**, the increase in these grants relate to **enrolment growth.** This was an area of concern and originally budgeted with no enrolment growth; however, the Finance Minister recently indicated that enrolment growth will be fully funded.

Enrolment 2.68%

Projects and Contracts
Removal of one-time funding for the **Classroom Improvement Fund (CIF)** and the **School Nutrition Program.** These are not expected to be reinstated for 2019/2020

Other Provincial
Updated specific grants as the prior year had included some grant carry forward funding.

Transportation
Maintaining the same level of funding. No change in eligible ridership expected as boundary maps remained the same.

Other Revenues
Increase in projected School Generated Funds **(SGF) fees** for non-curricular travel and extracurricular activities

Plant Operations and Maintenance
No grant rate increases; however, increase is due to prior year **enrolment growth**

Capital Block
Maintaining the same level of Infrastructure, Maintenance & Renewal **(IMR) grant rates**

Prior Year Reserves
Reduction as 2018-2019 includes **$2.3 Million of carry-forward reserves from schools / departments** (to be updated in fall budget)

$731,600
Proposed to be drawn from Reserves to address Board and School Site Priorities

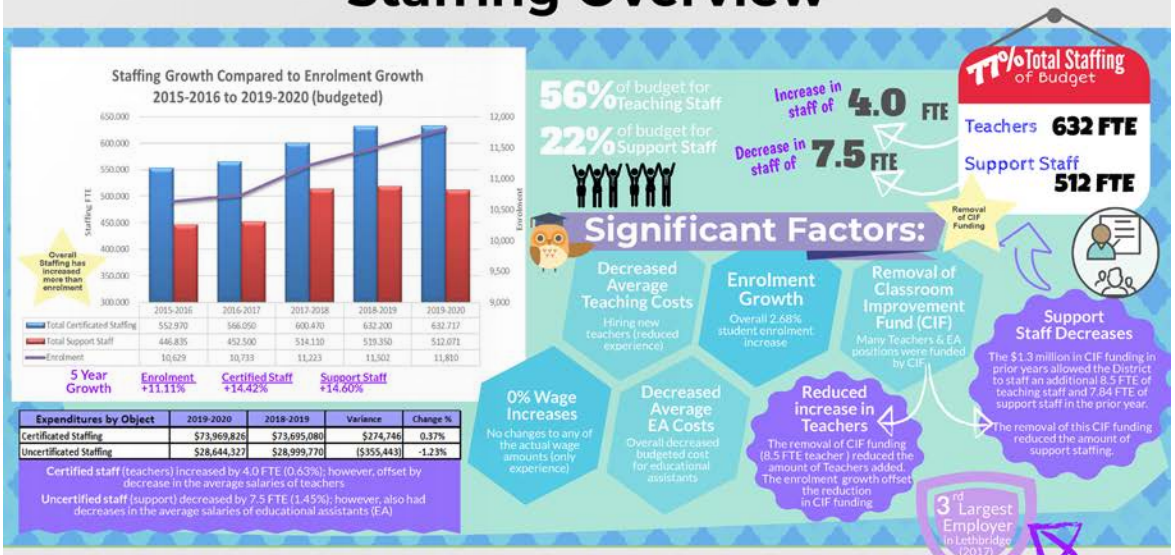

Spending our Savings
Proposed use of One-time reserves have been allocated to the following:
- Funding for all-day Kindergarten program of $300,000 (already Board approved)
- Funding for literacy assessment testing of $100,000
- Funding $50,000 for Grade 4 Spanish Resources
- Budget includes use of some reserves to stabilize instructional programs and some carry-forward funding for specific projects.

Staffing Overview

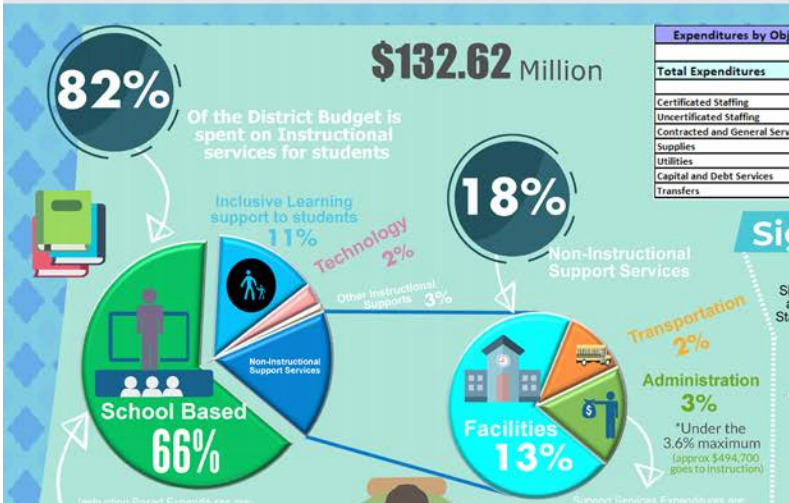

Expenditures by Object	2019-2020	2018-2019	Variance	Change %
Certificated Staffing	$73,969,826	$73,695,080	$274,746	0.37%
Uncertificated Staffing	$28,644,327	$28,999,770	($355,443)	-1.23%

Certified staff (teachers) increased by 4.0 FTE (0.63%); however, offset by decrease in the average salaries of teachers

Uncertified staff (support) decreased by 7.5 FTE (1.45%); however, also had decreases in the average salaries of educational assistants (EA)

Expenditure Overview

Expenditures by Object	2019-2020	2018-2019	Variance	Change %
Total Expenditures	$132,619,029	$134,917,720	($2,298,691)	-1.70%
Certificated Staffing	$73,969,826	$73,695,080	$274,746	0.37%
Uncertificated Staffing	$28,644,327	$28,999,770	($355,443)	-1.23%
Contracted and General Services	$8,687,290	$9,125,006	($437,716)	-4.80%
Supplies	$10,197,700	$11,534,057	($1,336,357)	-11.59%
Utilities	$2,307,600	$2,307,600	$0	0.00%
Capital and Debt Services	$8,089,776	$8,089,776	$0	0.00%
Transfers	$722,510	$1,166,431	($443,921)	-38.06%

Significant Changes:

Staffing

Slight increases in Teachers and decreases in Support Staff with the **removal of CIF funding** (see Staffing Overview above)

Supplies

Overall decrease in supplies for technology (moved to capital), and many of the schools used one-time funding in 2018-2019 to replace equipment and technology.

Reduction in supplies was somewhat offset by increases in the projected School Generated Funds **(SGF) activities**.

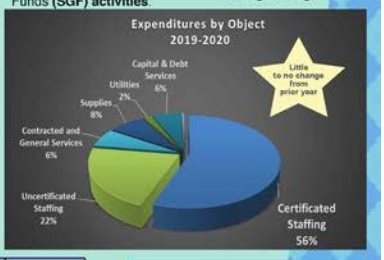

Contracted/General Services

Reductions in building maintenance, consulting and professional learning. Many of these were increased in prior year with one-time funding.

Transfers

School typically add their **contingencies** in the fall budget (if required). Which was high in the prior year.

Reductions in contingencies and commitments was somewhat offset by **transfer of capital for technology evergreening.**

Average Cost per FTE Student

2016-2017:
District - $11,784
Provincial - $11,935

Most current Provincial Financial Statements

Budget 2017-2018:
District - $12,239

Budget 2018-2019:
District - $12,123

Budget 2019-2020:
District - $11,723

The following is a breakdown of the expenditures by program and by the type. The major programs include: Instruction, Administration, Plant Operations and Maintenance (POM), Transportation, and Capital/Debt

Instruction is the largest program representing 82% of expenditures. The remaining 18% are for the non-instructional services (support services such as Administration, POM, Transportation, and Capital)

Expenditures by Program and Object	Instruction	Administration	Plant Operations and Maintenance	Transportation	Capital and Debt Services	Total
Total Expenditures	$109,041,841	$4,253,283	$8,765,350	$2,468,779	$8,089,776	$132,619,029

Instructional Program

82% of the District Budget is spent on Instructional activities

The Instruction Program includes all schools and instructional programs.

14 Elementary Schools | 5 High Schools | 4 Middle Schools | 4 Institutional Programs

Instruction	Elementary School	Middle School	High School	Inclusive Learning	Technology	Other Instructional	Total
Total Expenditures	$32,649,766	$13,999,998	$20,176,779	$16,947,919	$2,707,150	$22,560,229	$109,041,841
Certificated Staffing	$28,713,816	$12,332,473	$17,167,850	$2,992,204	$165,931	$11,874,958	$73,247,232
Uncertificated Staffing	$2,455,501	$722,855	$1,388,972	$13,237,480	$1,075,602	$2,549,784	$21,430,194
Contracted and General Services	$510,678	$279,458	$804,117	$530,479	$464,951	$1,282,320	$3,872,003
Supplies	$932,131	$613,258	$792,511	$187,756	$484,566	$6,843,580	$9,853,802
Utilities	$0	$0	$0	$0	$0	$0	$0
Capital and Debt Services	$0	$0	$0	$0	$0	$0	$0
Transfers	$37,640	$51,954	$23,329	$0	$516,100	$9,587	$638,610

As part of the budget process, an Instructional Budget Committee (IBC) is utilized to allocate the funding throughout the Instructional programs. The IBC committee includes representatives from elementary, middle, and high schools

Instructional Budget Committee (IBC)

19/20 IBC Requests

- **Elementary** > Continue the 3 FTE additional administrative time
- **Middle School** > Continue to fund 0.5 FSLC at each middle school
- **High School** > Retain funding model
- **Admin** > Retain the Numeracy & Literacy Lead Teacher (Board Priorities)

IBC Decisions/Recommendations:

> Attempt to balance enrolment growth with the likelihood that enrolment will not be funded
- Provide enrolment growth at schools (modifier 1)
- Balance growth throughout programs (modifier 2)

Subsequently, the Finance Minister indicated that enrolment will be funded, therefore, modifier 2 reduction was provided back to the schools/departments.

> Attempt to maintain class-sizes
- Reserve funds utilized to have some stability

> Support the funding allocation towards the requests

> Removal of funding for Collaborative Communities Engagement

> Technology Lead Teacher was *funded from one-time reserves in 2018-2019 and due to funding uncertainty, the position was not continued.* Although a French Immersion Lead Teacher was requested, this was not funded as class size was priority.

> Retained the full-day kindergarten pilot project (reserve funded as part of 3 year project)

Overall was able to balance the enrolment growth

School Based Instruction

66% of the District

87% STAFFING

Expenditures by major group

Significant Changes:

Total Instruction

Certified Staffing

Overall increase of 4.0 FTE of **classroom teachers** for enrolment growth. Effectively hired an additional 12.5 FTE as prior year included 8.5 FTE for CIF funded teachers (no longer funded)

Uncertified Staffing

Decrease of 4.3 FTE in **educational assistants** (EAs) with the removal of the of the CIF funding. The average cost of EAs also decreased from prior year.

Supplies

Overall decrease in supplies for technology (moved to capital), and many of the schools used one-time funding in 2018-2019 to replace equipment and technology. SGF activities costs increased.

Contracted/General Services

Reduction of building maintenance, consulting and professional learning. Many of these were increased in the prior year budget with one-time funding.

Transfers

School typically add their **contingencies** in the fall budget (if required). Technology evergreening capital was added.

Significant changes in Schools Budgets

Elementary Schools*

Enrolment increase of 116 students (2.94%) for Grades K-5

Certified staff (teachers) overall increased by 5.36 FTE (2.07%) for enrolment growth. Prior year included 5.7 FTE of CIF funded teachers.

Supplies decreased for furniture/equipment and general supplies. Prior year included items purchased with one-time reserve funding.

Transfers decreased as the schools will likely add their contingencies in the fall budget (if required)

Middle Schools

Enrolment increase of 155 students (6.22%) for Grades 6-8

Certified staff (teachers) increased by 1.50 FTE (1.37%) of classroom teachers for enrolment growth. Prior year had a significant increase in teachers with the opening of the new middle school and had included 0.8 FTE of CIF funded teachers.

Uncertified staff (support) increased the FSLC staff by 1.4 FTE as it was previously funded by CIF.

High Schools*

Enrolment increase of 37 students (1.10%) for Grades 9-12

Certified staff (teachers) increased by 0.68 FTE (0.44%) for enrolment growth

Supplies decreased for furniture/equipment and general supplies. Prior year included items purchased with one-time reserve funding.

Transfers decreased as the schools will likely add their contingencies in the fall budget (if required)

** Lethbridge Christian School (Grades 1-8) included in Elementary group*
** Immanuel Christian Secondary School (Grades 6-12) included in High School group*

Other Instructional Programs

Inclusive Learning

Maintained level of **educational assistants** (EAs / AES) from prior year. Savings from decrease average costs. Prior year used some reserve funding to cover these costs.

Maintained Counselling Program with the **Family School Liaison Councillors (FSLC)** - 0.5 FTE provided to each middle school

Technology

Changed methodology of funding the **technology evergreening**. Moved from being allocated in supplies to transferred to capital purchases.

Other

Certified staff (teachers) decreased by 3.89 FTE, including the technology lead teacher and two CIF funded District teachers. The CIF teacher in schools were also removed from this area.

Uncertified staff (support) decreased with the CIF funded positions. **Educational assistants** (EAs) were reduced by 5.8 FTE and **FSLC staff** were reduced by 2.0 FTE.

District Class Sizes

The District has been able to reduce our Class Sizes over the past couple years.

Significant Factors:

Enrolment Growth
Overall 2.68% student enrolment increase

Priority to maintain reasonable Class Sizes
Use of Reserves to stabilize instructional programs (class sizes at elementary schools)

Removal of Classroom Improvement Fund (CIF)
District utilized CIF for past two years to assist with reducing class size in elementary schools.

Flexibility in Staffing Budget
Budget includes funding allocations for teacher staffing that are allocated by HR based on school needs (class-size).

Monitoring Class Sizes
The District reviews class sizes and composition, attempting to maintain reasonable class sizes (especially in the earlier grades)

Facility Capacity
Some of the schools are at or reaching capacity and have limited availability of classrooms (may impact class size at that school). The District reviews options to increase building capacity (i.e. modulars).

2019-2020 Budget Development Process

Budget Timeline 2019-2020

January

- Enrolment projected
- Staffing requirements reviewed with Administrators

February

- Board of Trustees host Town Hall to received public input that will influence strategic priorities
- Salary and benefit costs are estimated

March

- Board holds strategic planning retreat to develop priorities and review budget development beliefs
- Budget assumptions completed and reviewed with Trustees
- Instructional Budget Committee meets to discuss priorities

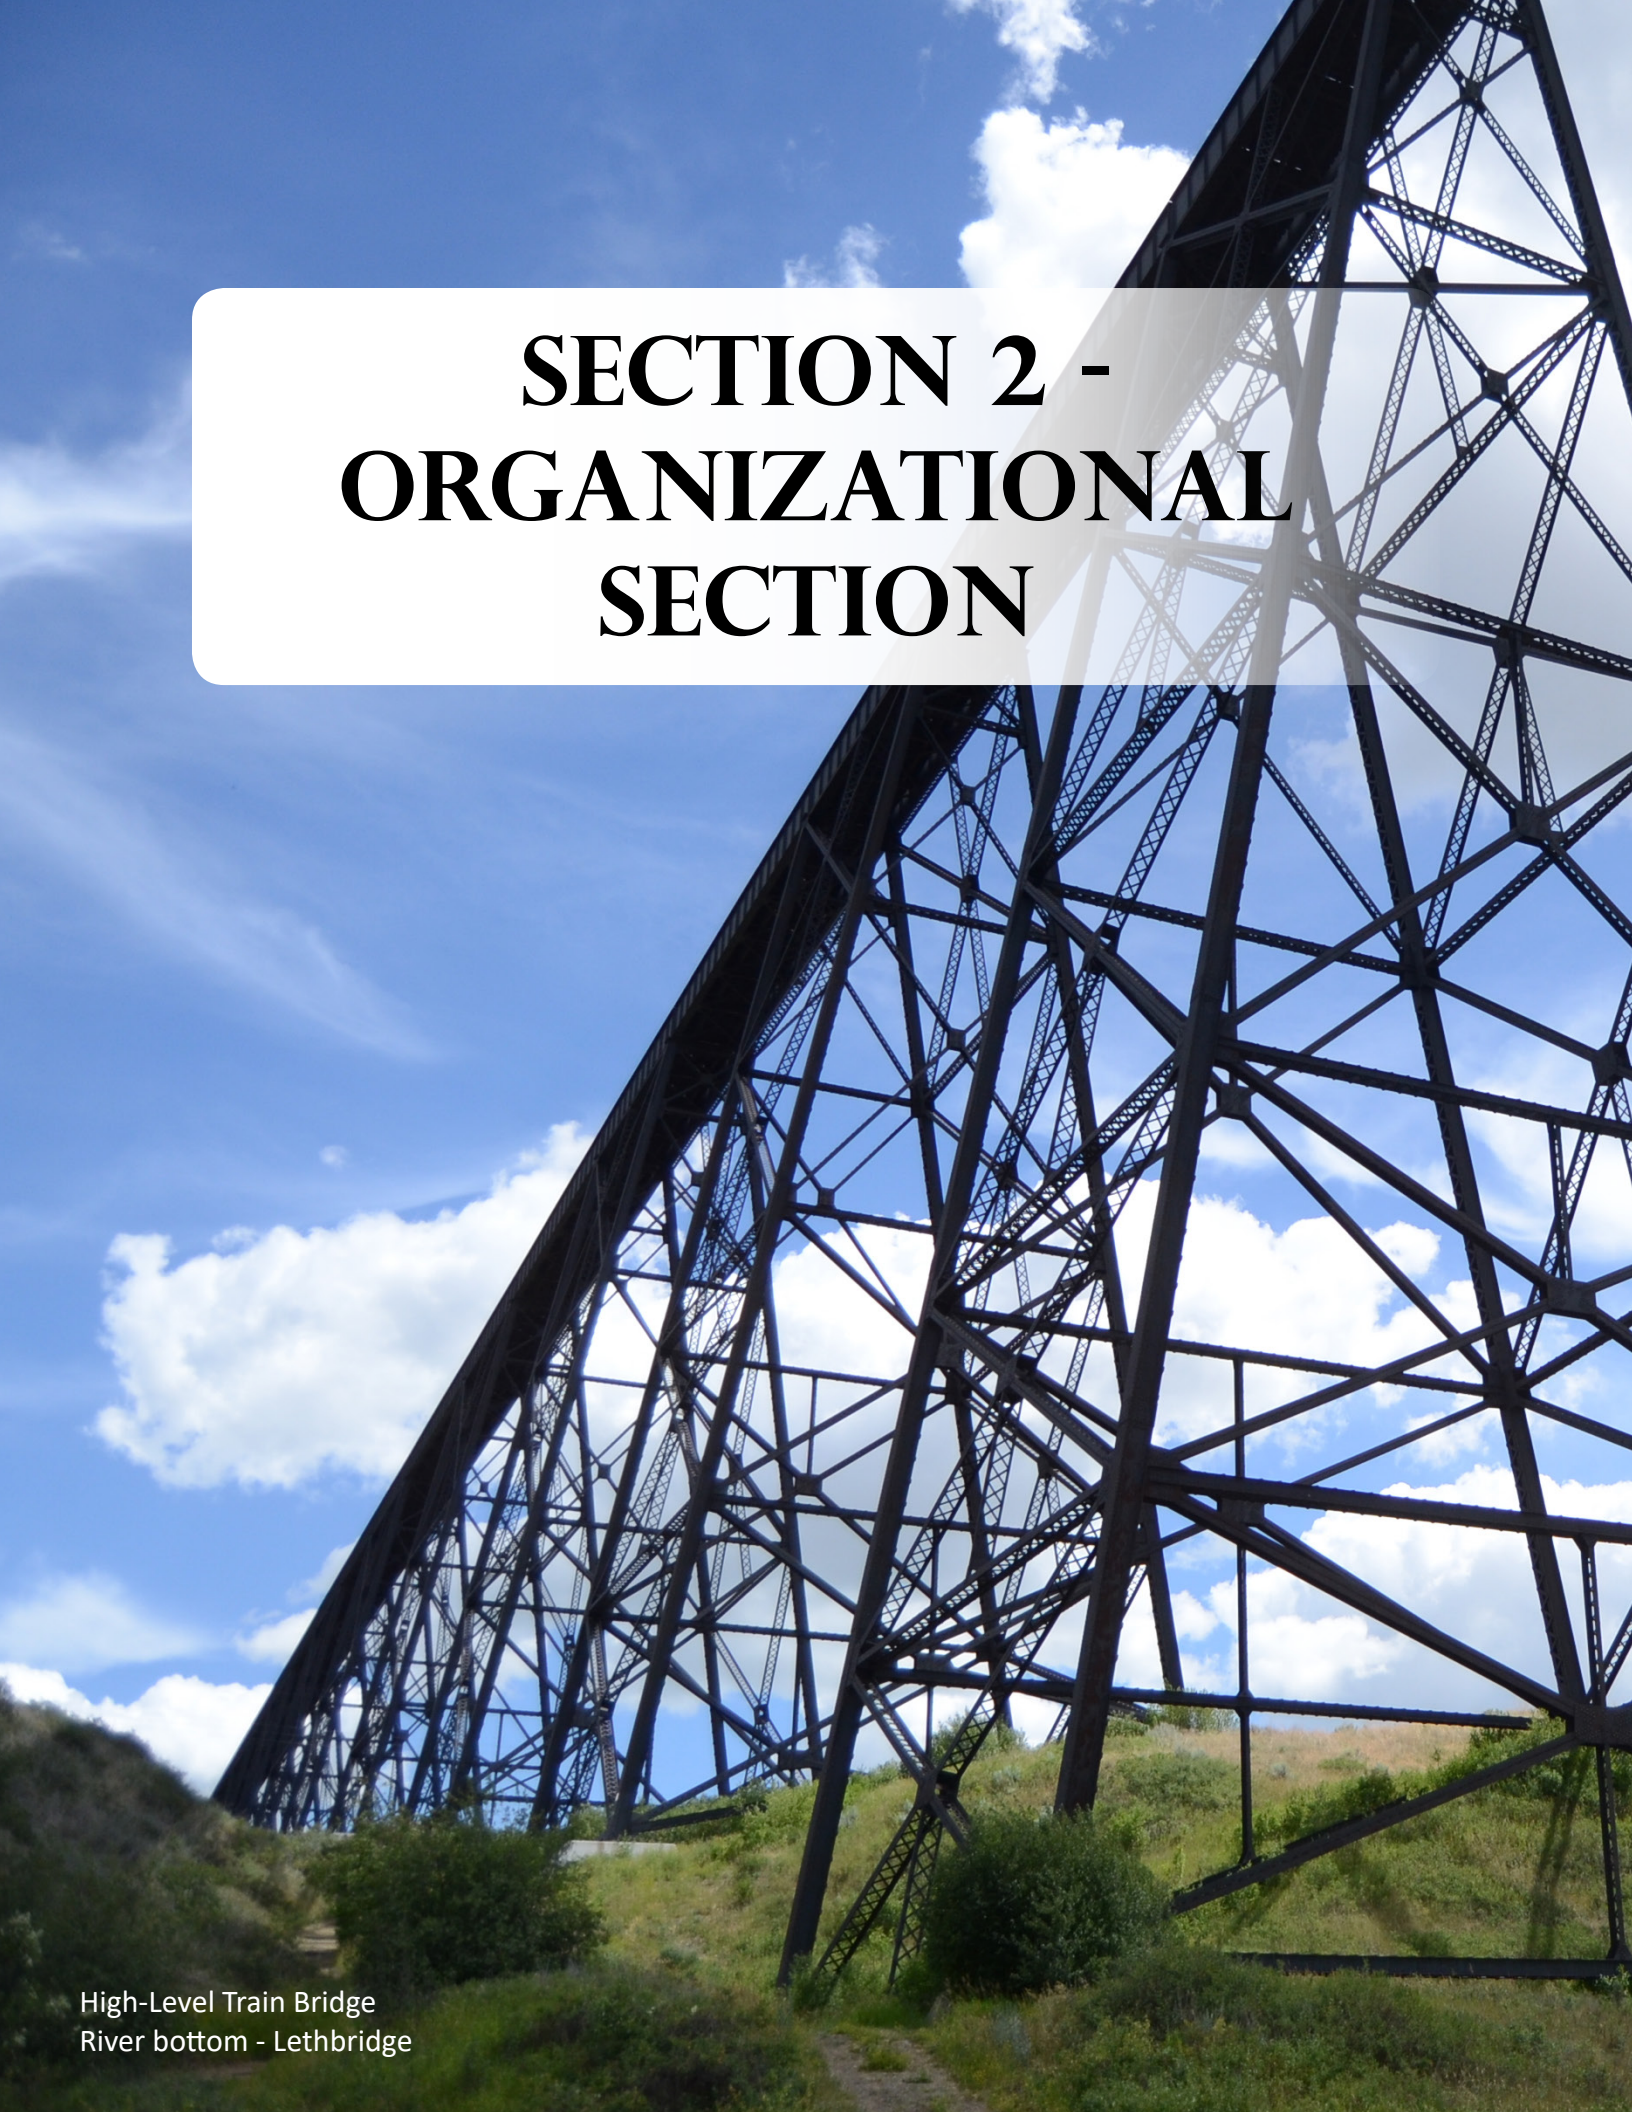

April/May

- 2019 Provincial Election
- Instructional Budget Committee meets to review and prepare budget allocations based on priorities and beliefs
- Budget allocations presented to administrators
- School based and program administrators begin development of budgets

June

- Funding announcement of enrolment growth by Provincial Finance Minister
- Site budgets completed and updated
- Draft budget is presented to Trustees and the public for feedback and comment on June 18th, 2019
- Board of Trustees debate budget on June 25th, 2019
- Budget Submitted to Alberta Education on or before June 30th, 2019 (Extension from May 31st)

DISTRICT PROFILE

Lethbridge School District No. 51 ("LSD51") provides public education services to the citizens of the City of Lethbridge, Alberta, Canada. The District was established in 1886 and has proudly served our community for over 130 years.

LSD51 will serve approximately 11,810 students from early education (pre-school) to grade twelve in 2019-2020. The District provides high quality learning experiences for students through a broad range of educational programs in twenty-three (23) schools and four (4) institutional programs.

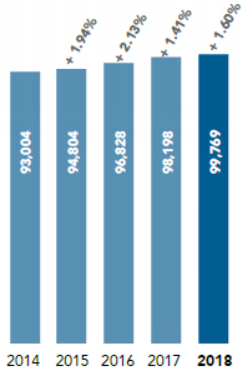

LSD51 is a local government entity established under the Alberta School Act; whereas, the District is chosen by and is accountable to the local community by means of local elections (elected Board of Trustees). The District delivers its educational programs under the authority of the Alberta School Act.

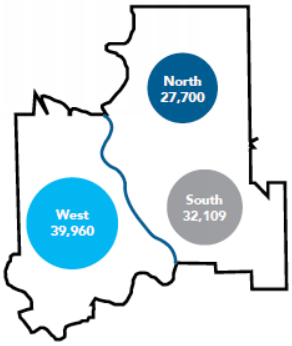

Geographical Location

Lethbridge School District No. 51 is the public school system for the residents of the City of Lethbridge. The City has a population of approximately 101,500 residents (2019 Census) and is located in the southern part of the Province of Alberta at latitude 49.7 degrees north and 112.8 degrees east longitude and covers just over 124 square kilometers of land, which is located on the traditional territory of the Blackfoot First Nations.

The City of Lethbridge is home to the University of Lethbridge, Lethbridge College, and the Lethbridge Research Centre, one of the largest agricultural research facilities in Canada. The City also houses two large manufacturing plants involved in raw product development.

** Statistical Information is an extract from the City of Lethbridge's 2018 Annual Report*

Well situated in the south-western part of Alberta, Lethbridge residents enjoy access to state-of-the-art cultural and recreational facilities. Comprehensive retail services attract consumers from southern Alberta, south-eastern British Columbia and northern Montana.

Lethbridge School District No. 51 operates 23 schools and other various outreach facilities throughout the City. Our schools have a grade structure comprised of the following:

- 14 Elementary Schools - kindergarten to grade five students
- 4 Middle Schools - grade six to eight students
- 5 High Schools - grade nine to twelve students
- 4 Institutional Programs

Click the logos to go to the school website

Elementary Schools

Elementary schools are schools that provide instruction to students from kindergarten to grade five, except for Lethbridge Christian School that provides instruction from kindergarten to grade eight.

Lethbridge School District No. 51 operates 14 elementary schools:

Coalbanks Elementary School
230 Coalbanks Blvd West
Grades 1-5 - 570 students

Dr. Gerald B. Probe School
120 Rocky Mt Blvd West
Grades 1-5 - 611 students

Ecole Agnes Davidson School
2103 20th St South
Grades 1-5 - 471 students

Ecole Nicholas Sheran School
380 Laval Blvd West
Grades 1-5 - 523 students

Fleetwood Bawden School
1222 9th Ave South
Grades 1-5 - 358 students

Galbraith School
1801 8th Ave A North
Grades 1-5 - 443 students

General Stewart School
215 Corvette Cres South
Grades 1-5 - 128 students

Immanuel Christian Elementary School
2010 - 5th Avenue North
Grades 1-5 - 282 students

Lakeview School
1129 Henderson Lake Blvd South
Grades 1-5 - 508 students

Lethbridge Christian School

Grades 1-8 - 208 students

Mike Mountain Horse School
155 Jerry Potts Blvd West
Grades 1-5 - 532 students

Park Meadows School
50 Meadowlark Blvd North
Grades 1-5 - 285 students

Senator Buchanan School
1101 7th Ave North
Grades 1-5 - 273 students

Westminster School
402 18th St North
Grades 1-5 - 180 students

**above student enrolment excludes early education (preschool) students.*

A new elementary school in the Southeast side of Lethbridge is currently under construction for completion by the start of the 2021-2022 school year

Click the logos to go to the school website

Middle Schools

Lethbridge School District No. 51 has four middle schools that educate students from grades six through grade eight.

The four middle schools in the jurisdiction are:

Gilbert Paterson Middle School
2109 12th Ave South
Grades 6-8 - 800 students

Senator Joyce Fairbairn Middle School
301 Rocky Mountain Blvd West
Grades 6-8 - 501 students

G.S. Lakie Middle School
50 Blackfoot Blvd West
Grades 6-8 - 463 students

Wilson Middle School
2003 9th Ave North
Grades 6-8 - 670 students

High Schools

Lethbridge School District No. 51 has five high schools offering instruction to students from grades nine through twelve, except for Immanuel Christian Secondary School that offers instruction to students in grades six through twelve.

The five high schools in the jurisdiction are:

Chinook High School
259 Britannia Blvd West
Grades 9-12 - 1,177 students

Winston Churchill High School
1605 15th Ave North
Grades 9-12 - 867 students

Immanuel Christian Secondary School
802 - 6th Avenue North
Grades 6-12 - 309 students

Victoria Park High School
1515 5th Ave South
Grades 9-12 - 240 students

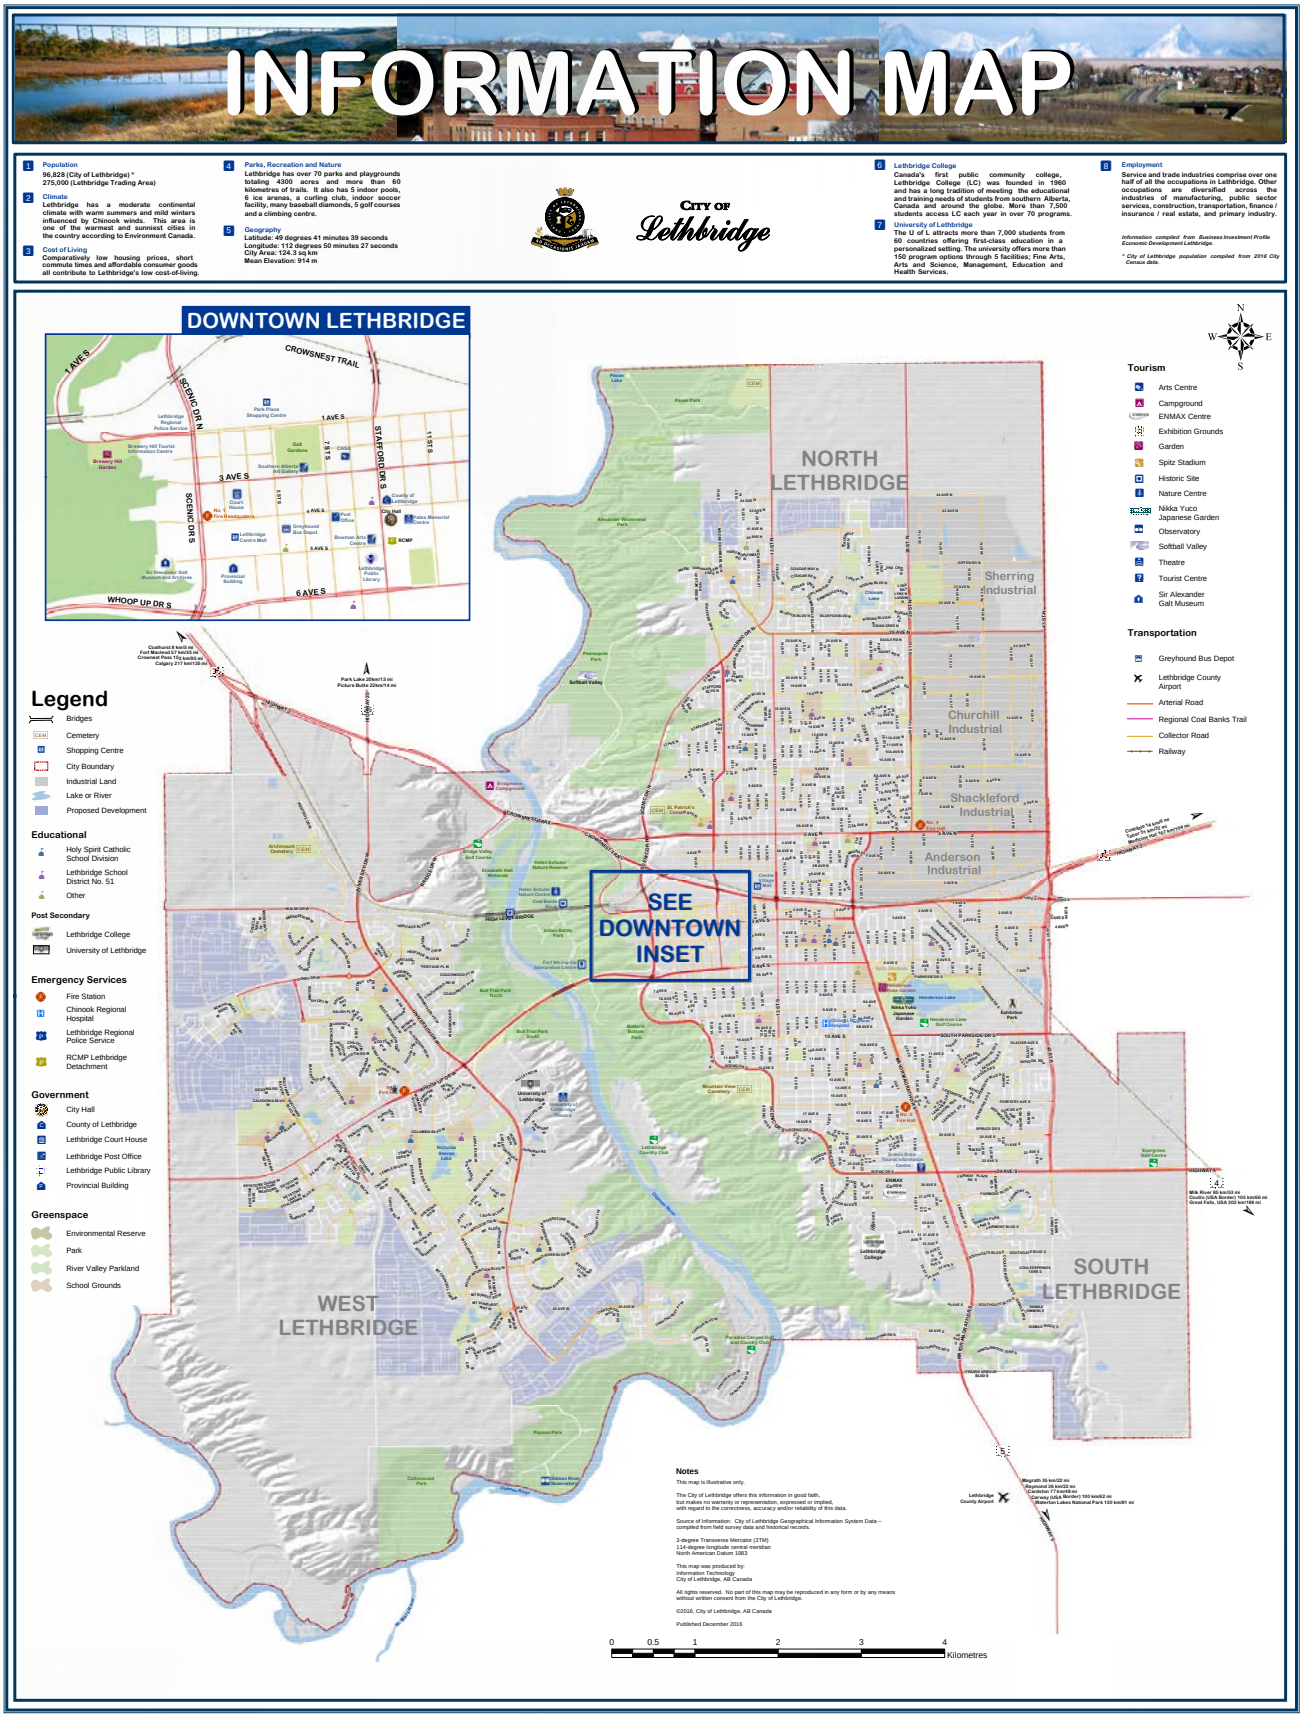

Lethbridge Collegiate Institute
1701 5th Ave South
Grades 9-12 - 870 students

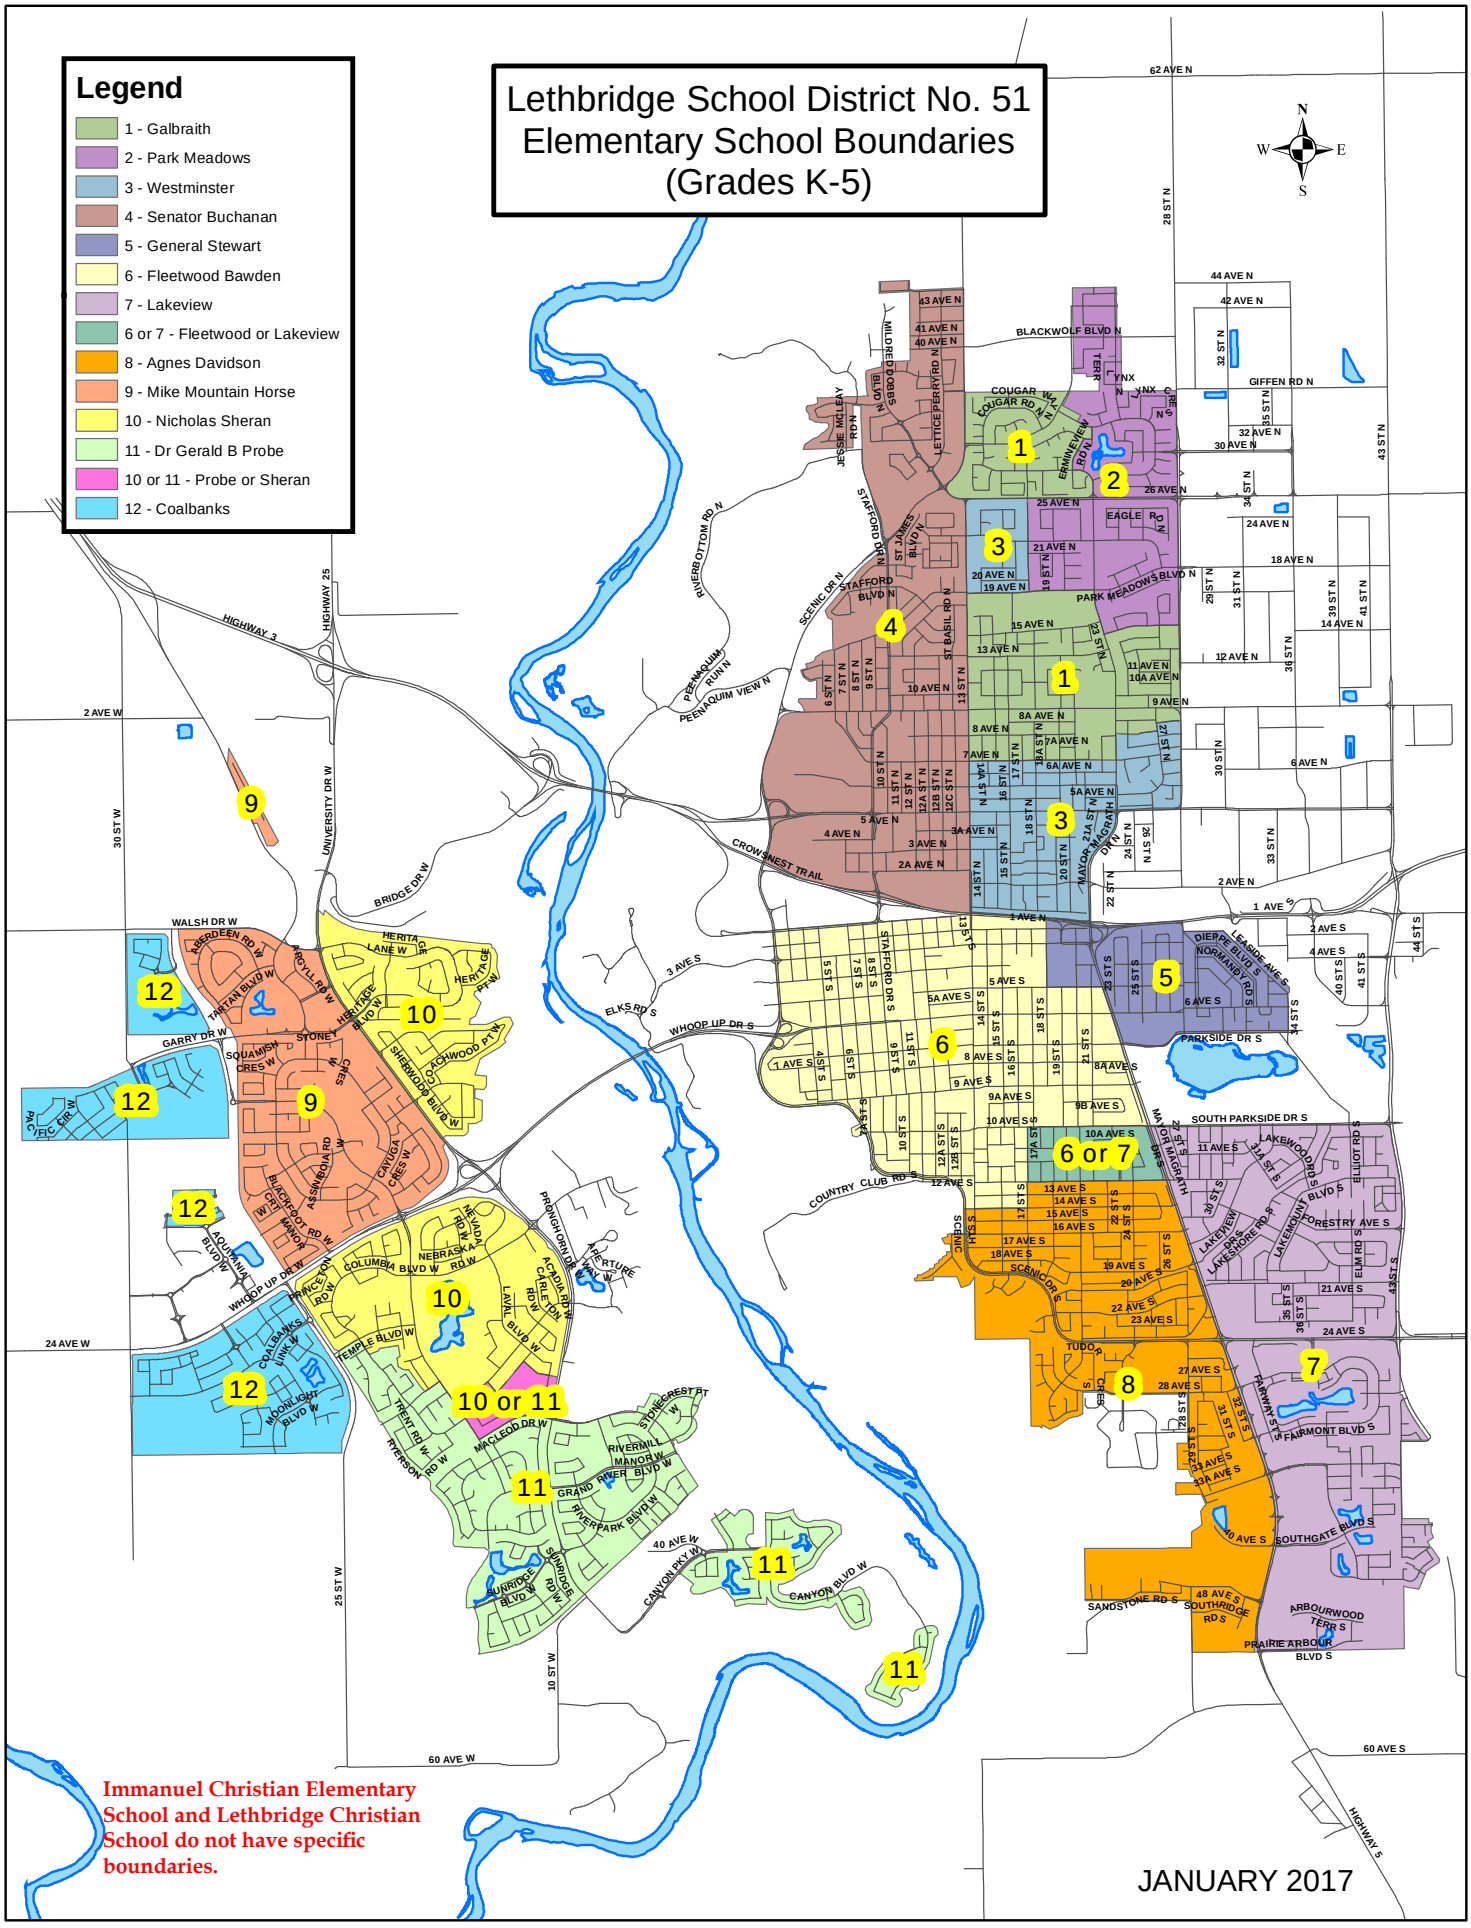

Institutional Programs

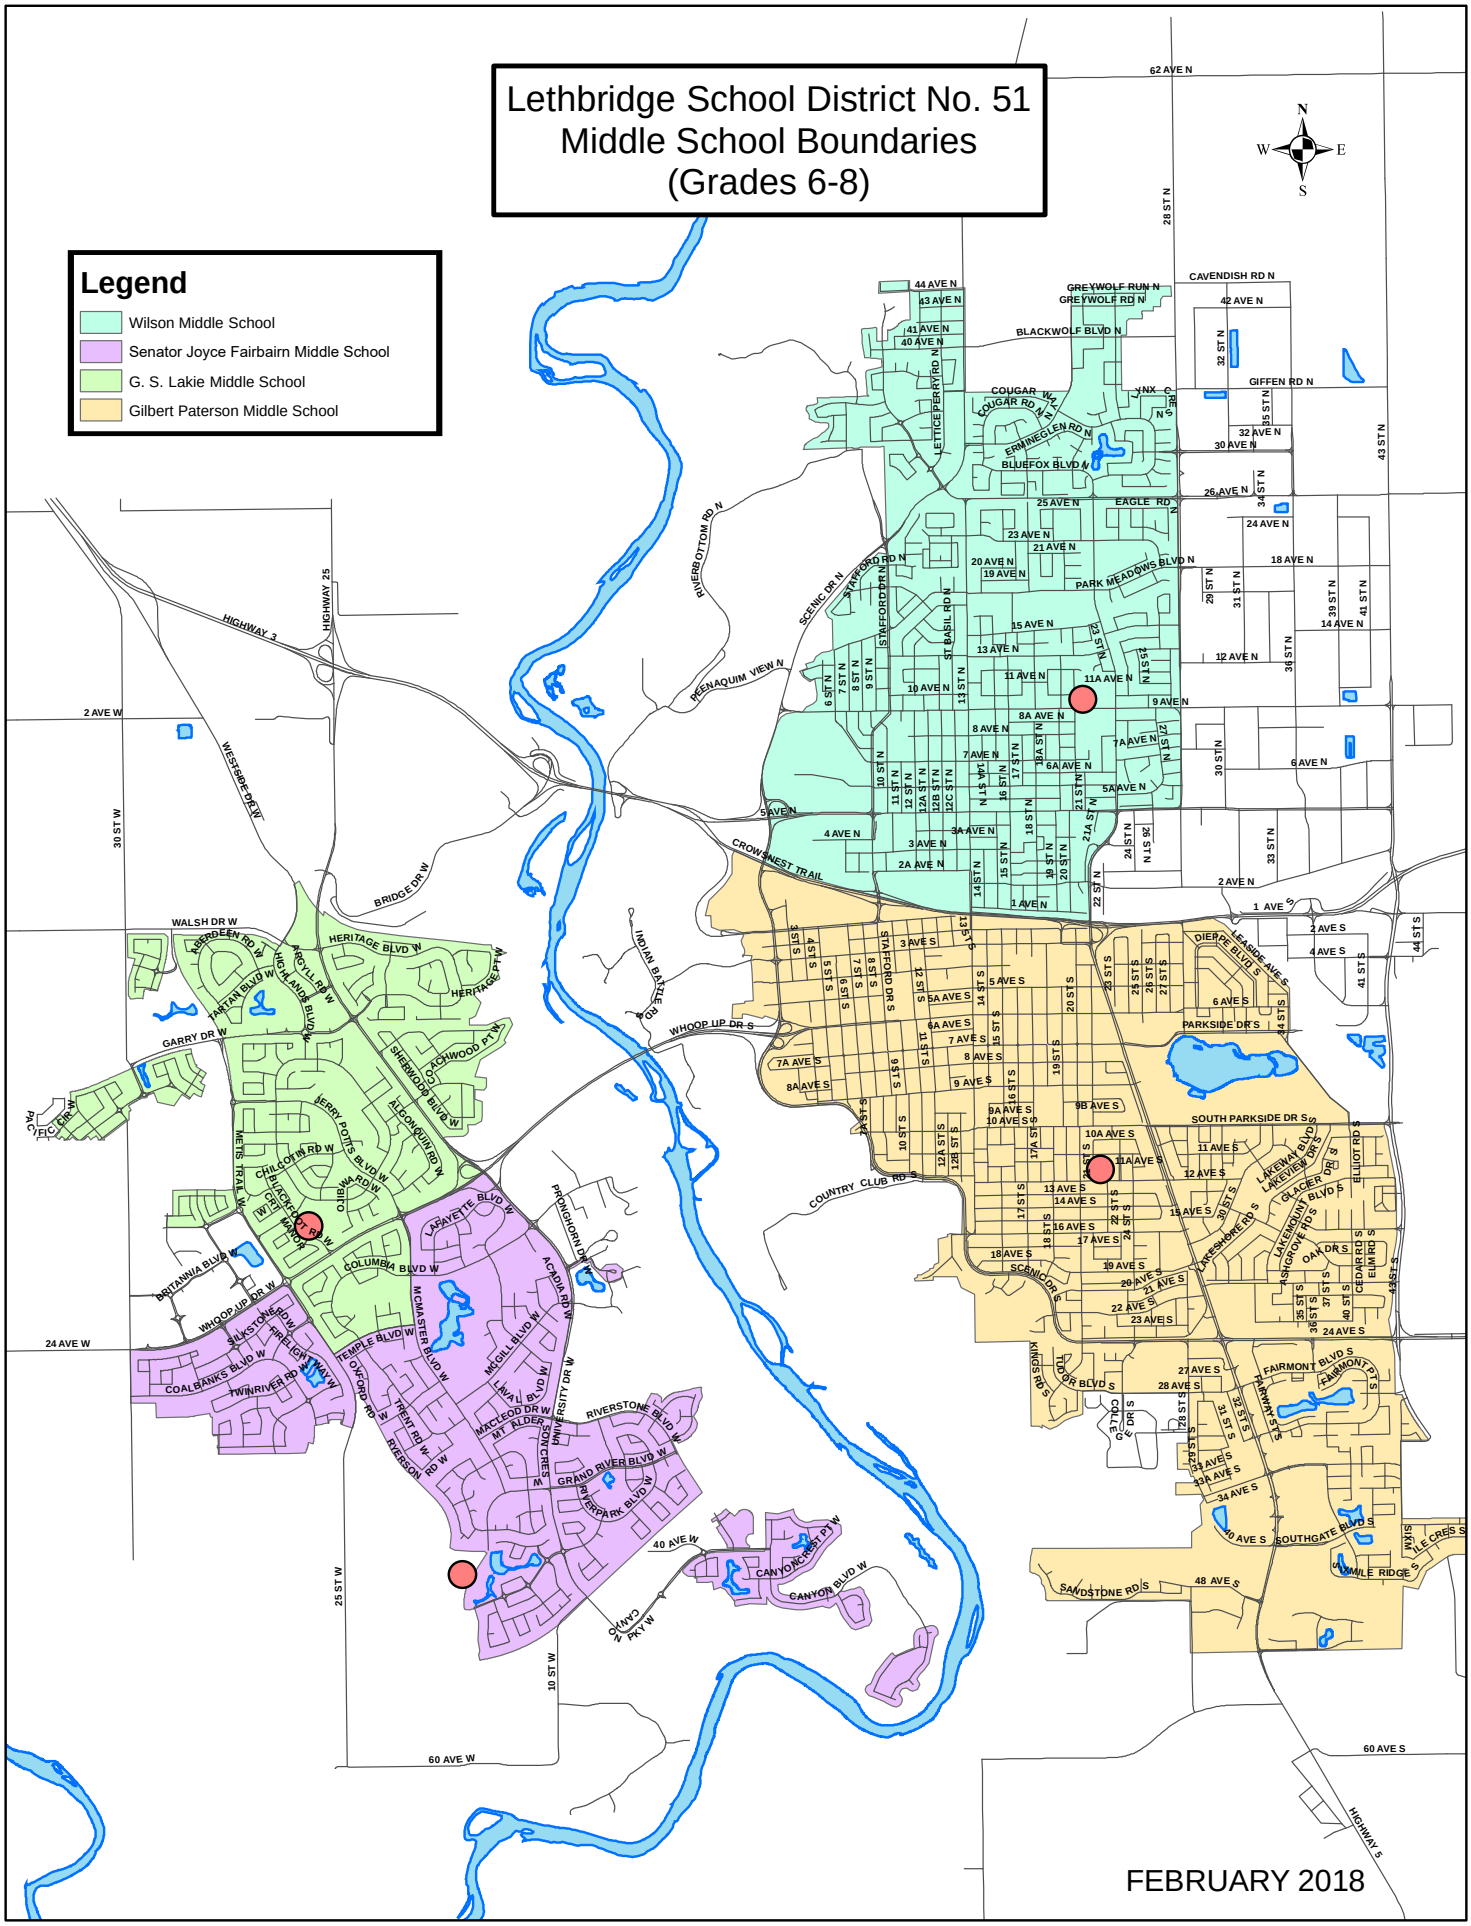

Lethbridge School District has four institutional programs:

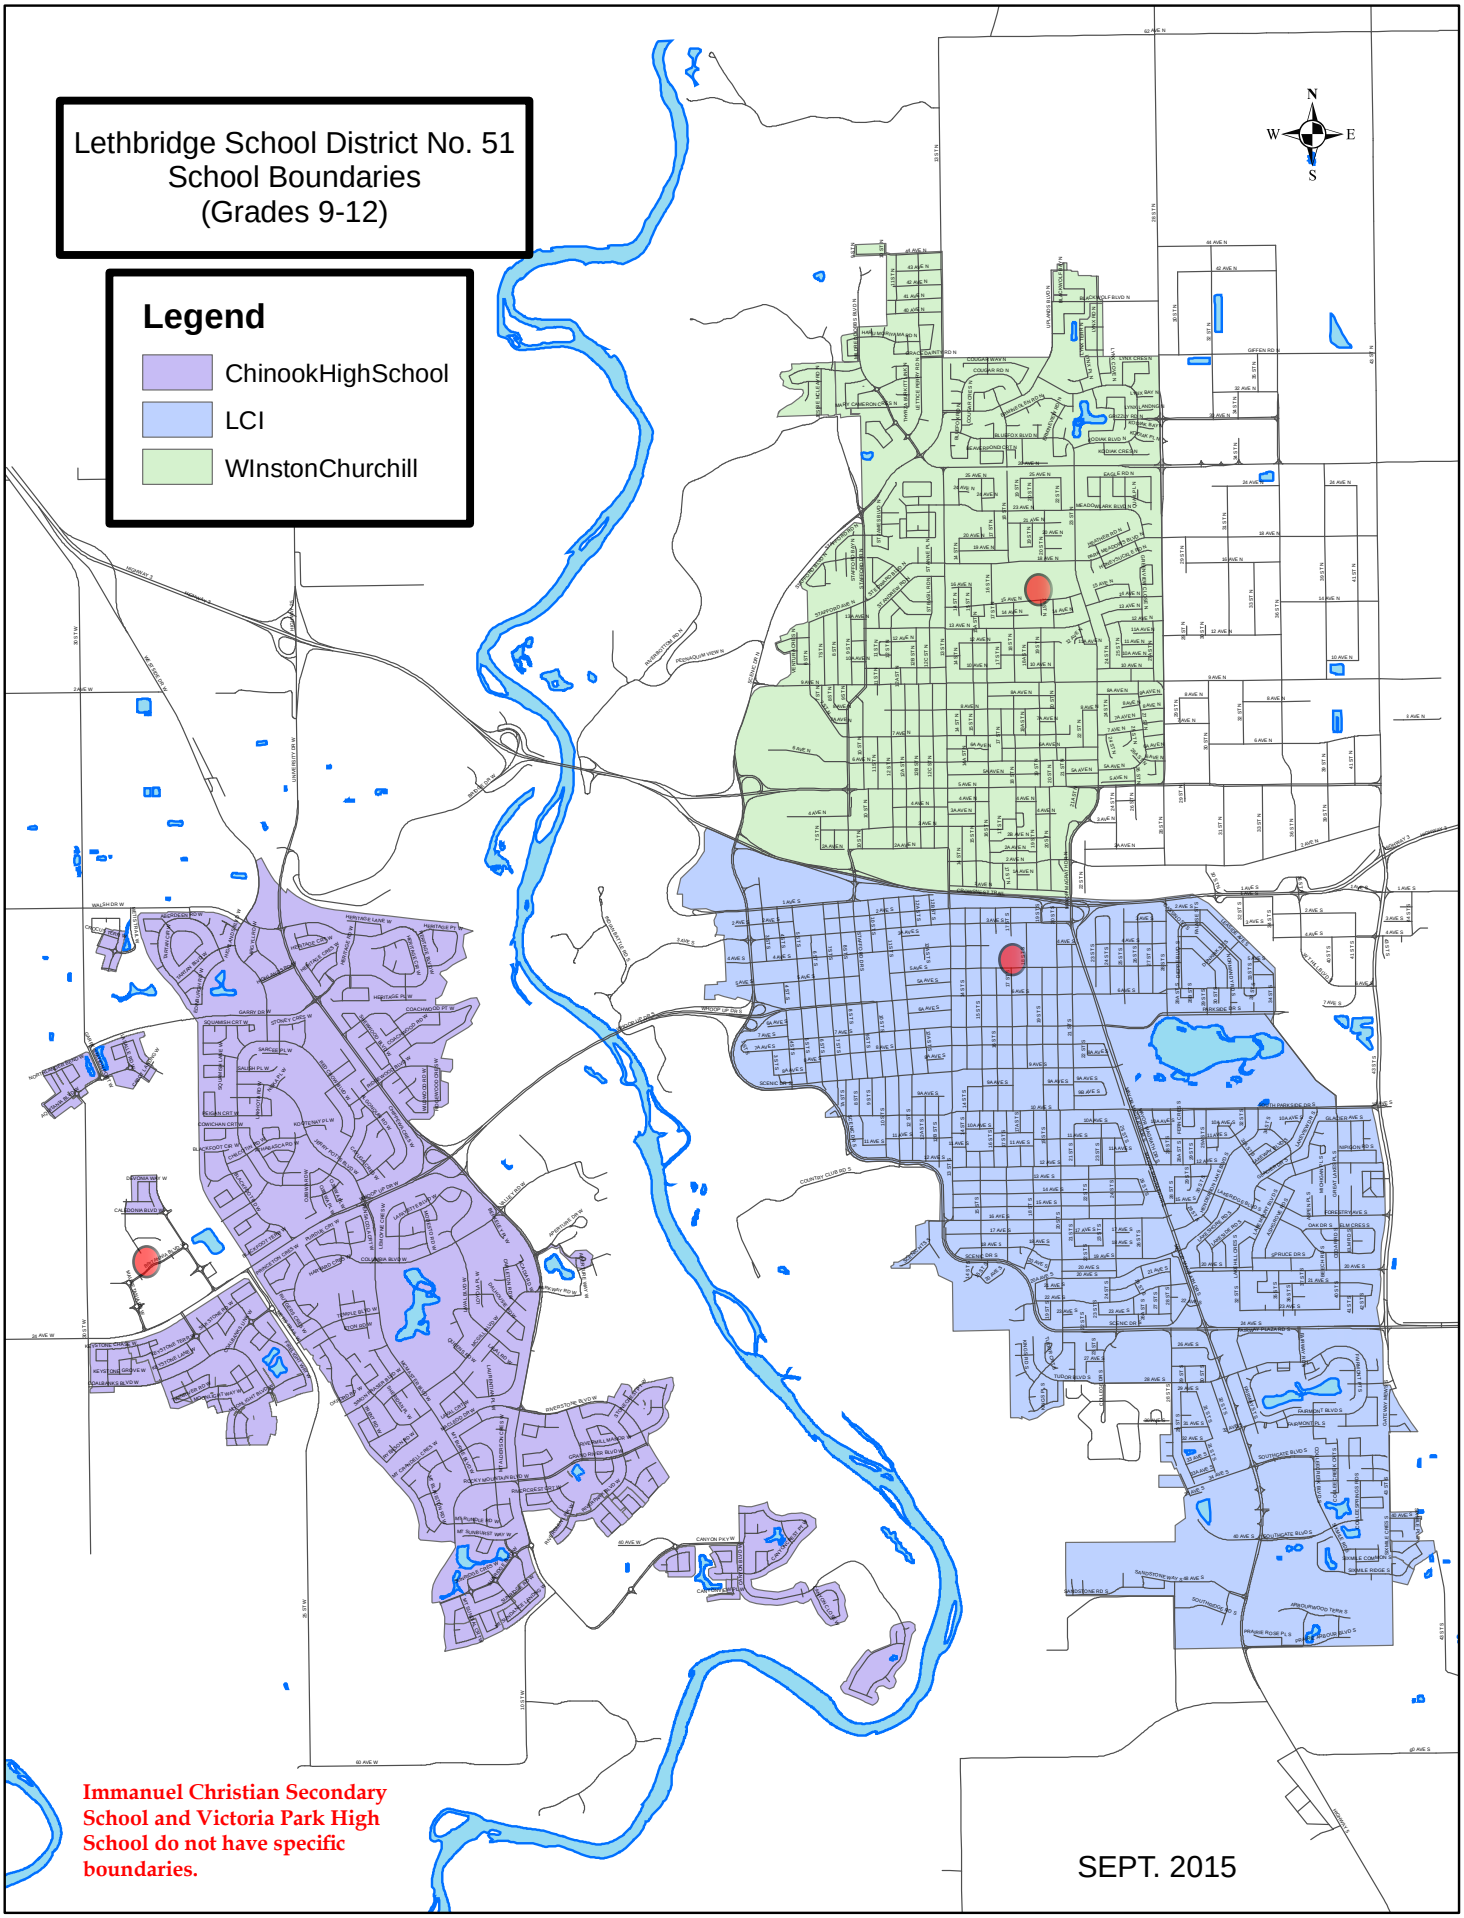

- **CAMP (Lethbridge Regional Hospital School)** - both an inpatient and outpatient program for youth who require psychiatric treatment and mental health services as well as those patients requiring specialized assistance with school curriculum
- **Harbour House School** - provides interim education and support to students of women who reside at the Women's Emergency Shelter.
- **Pitawani School** - attached to the Sifton Family and Youth Services site and provides educational programming to students residing in the centre who have behavioral and emotional difficulties as well as students who are in Secure Services.
- **Stafford Ridge School (AADAC)** - located at AADAC's Youth Residential Treatment Center, provides a co-ed residential school within a 12 week voluntary addictions treatment program.

Services Provided by the District

Lethbridge School District No. 51 receives 93% of its funding from the Province of Alberta and operates under the authority of the School Act (Statutes of Alberta, 1988), and takes pride in the breadth of its programs, the expertise of its staff, and the quality of its facilities in our schools and various outreach facilities throughout the city. Our schools have a grade structure comprised of kindergarten to grade five students in elementary schools, grade six to eight students in middle schools and grade nine to twelve students in high schools.

All schools provide instruction in the core subjects (language arts, mathematics, social studies and science), physical education, and the fine arts. Students at each school have access to learning commons (libraries) that provide a blend of print materials and access to modern computers and digital resources. French language instruction is provided in grades four through twelve, and a French Immersion program is offered for students from kindergarten through grade twelve. Spanish, German, and Japanese courses are also available. In addition, at the secondary level, students can experience a wide range of options or complementary courses designed to meet their unique needs and interests, including those related to career and technology studies. Information and communication technology instruction is integrated into all student programs. International Baccalaureate, Advanced Placement, Dual-credit courses, and Knowledge and Employability courses are also offered to high school students. The District has an active international student program involved in recruitment of students from around the world, mostly at the high school level.

Other instructional programs include kindergarten offered in all elementary schools, First Nations, Métis and Inuit education, and early literacy. The District Early Education program will have 24 programs in twelve schools effective September 2019. A Montessori program is established in grades one to five. Lethbridge Christian School provides Christian education for students from kindergarten to grade eight. In 2015-2016, the District welcomed two new schools offering Christian education as alternate schools, Immanuel Christian Elementary and Immanuel Christian High School. The District continues to enhance inclusive practices in order to provide all students with the most appropriate learning environments and opportunities for them to best achieve their potential.

The instructional program is enhanced by the provision of counselling services in all schools that include social/emotional, educational, and career counselling. These services are enhanced by long-standing, community partnerships with the Lethbridge Regional Police Service, Alberta Health Services, Southwest Alberta Child and Family Services, Alberta Human Resources and Employment, and other agencies. A strong co-curricular program and extra-curricular programs are also provided that include a variety of athletic, fine arts, and student leadership opportunities.

SCHOOL BOARD GOVERNANCE

Board of Trustees

Lethbridge School District No. 51 is governed by a seven-person Board of Trustees, which is elected every four years (previously three years) effective for the 2013 elections. All trustees are elected "at large" and do not specifically serve geographic locations within the City of Lethbridge.

The Board of Trustees (the "Board") of Lethbridge School District No. 51 operates under the authority of the School Act (Statutes of Alberta, 1988) and policies and regulations pursuant to that legislation.

The Board is charged with the responsibility to ensure that each of its resident students are provided with an education program consistent with the requirements of the Alberta School Act and exercises its authority through policy, regulations, and resolutions approved at duly conducted meetings of the Board.

Under the School Act, the Board is required to elect one of its members as Board Chair. The Chair is elected at the Board's organization meeting The Board expects the Chair to provide leadership to the Board and act as its primary spokesperson. The Board expects that the Chair shall perform his/her duties in accordance with District policy, the School Act and other applicable provincial and federal statutes and regulations. In the absence of the Chair, the Vice-Chair shall perform the duties of the Chair and, when so acting, shall have all the power of the Chair.

In addition to setting the District's policies, the Board has also set a number of policies in relation to the mandate, authority, and protocols of the Board of Trustees. These policies are included in section 200 of the District's policies and are available on the Districts website:

http://www.lethsd.ab.ca/our-district/Policies

District Administration

The position of Superintendent is the administrative head of the organization and reports directly to the Board of Trustees. Reporting to the Superintendent are the three (3) Associate Superintendents and the members of the Superintendent's office.

The Superintendent and the Associate Superintendents are the senior administrative officials that manage the operations of the District and formally operate as the Executive Council to the School Board. Lethbridge School District No. 51 Executive Council members are:

Dr. Cheryl Gilmore
Superintendent

Morag Asquith
Associate Superintendent, Instructional Services

Rik Jesse
Associate Superintendent, Human Resources

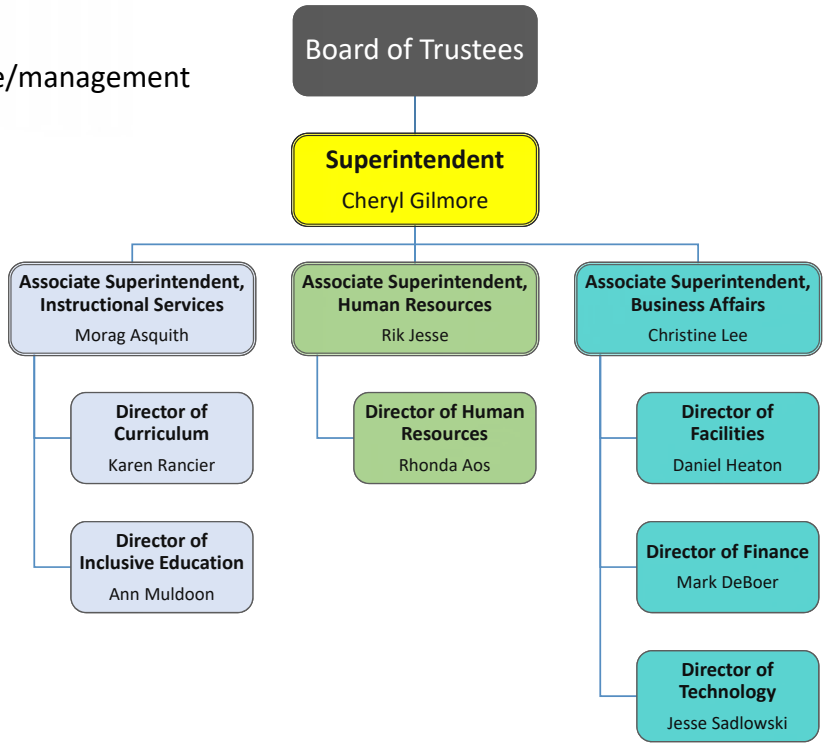

Christine Lee
Associate Superintendent, Business Affairs

Organizational Structure/Charts

The organizational structure of Lethbridge School District No. 51 aligns with each of the major areas represented within the District's Executive Council: Instructional Services, Human Resources, and the Business Affairs departments.

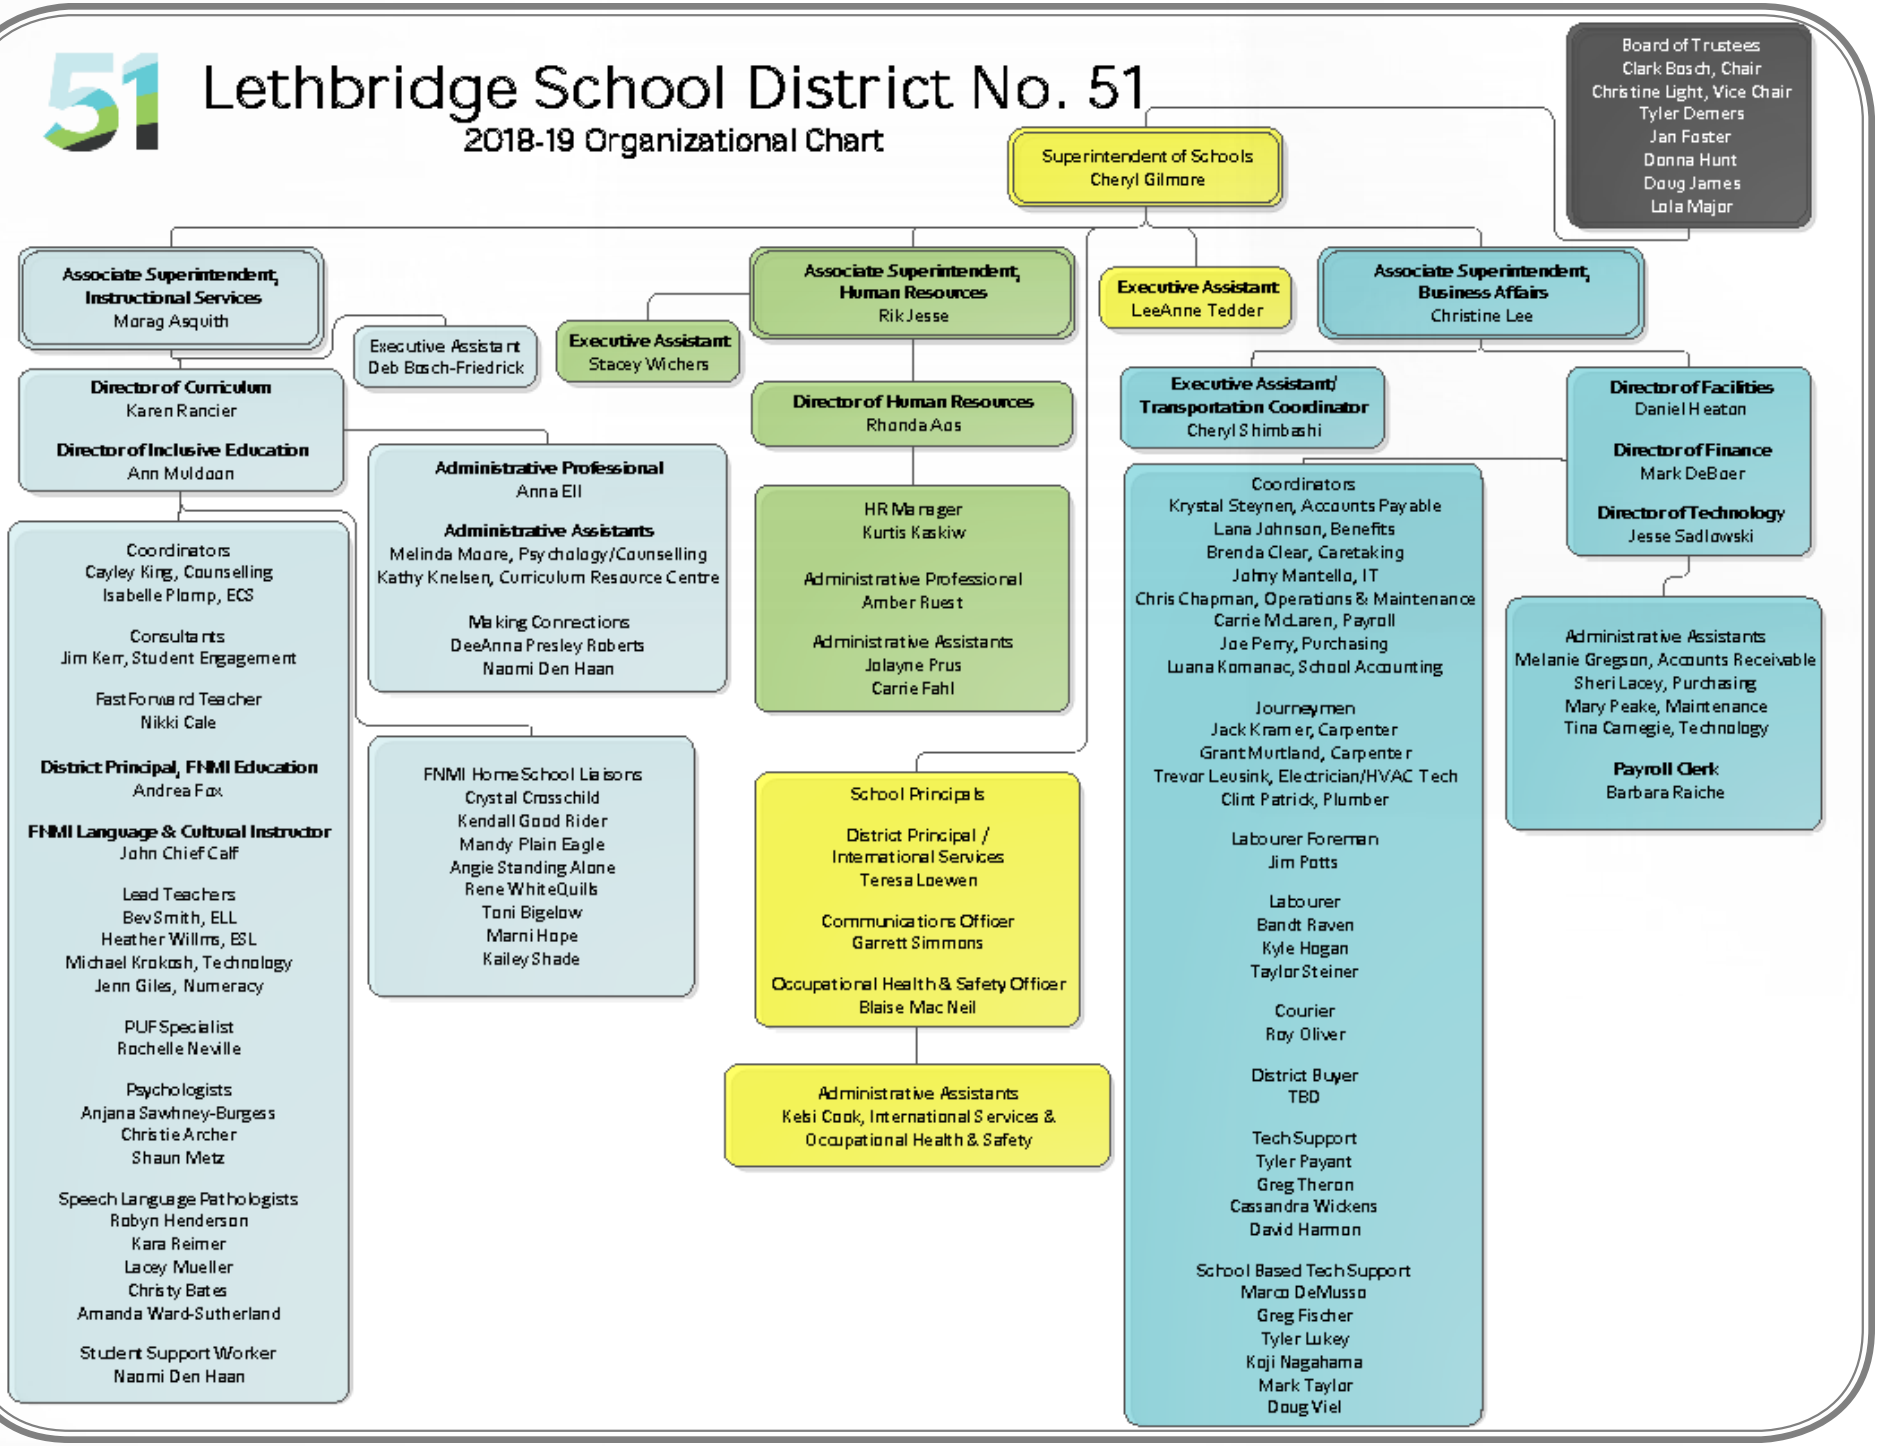

The following is the administrative/management structure of the District:

Lethbridge School District No. 51

2018-19 Organizational Chart

VISION, MISSION STATEMENT, & GUIDING PRINCIPLES

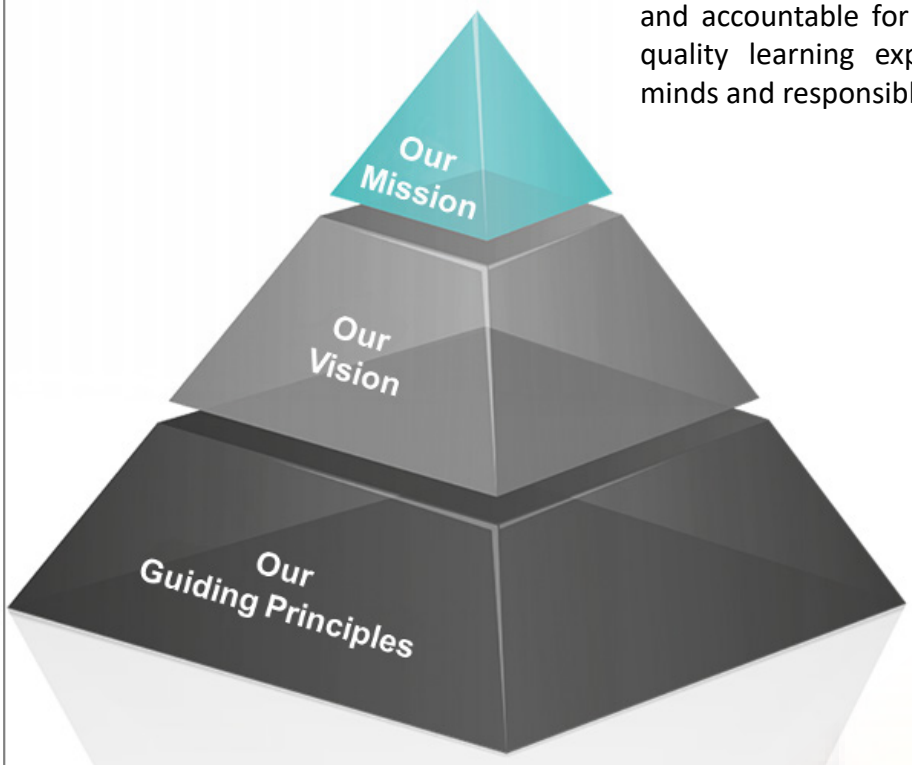

Vision Statement

Our learners are innovative thinkers who are successful, confident, respectful and caring.

Mission Statement

Lethbridge School District is inclusive, forward-thinking, and accountable for engaging students in a breadth of quality learning experiences that develop innovative minds and responsible global citizens.

Lethbridge SCHOOL DISTRICT NO. 51

Guiding Principles

The Board believes a focus on learning builds capacity for continual improvement, innovative thinking, and confident, caring, and respectful citizens. The following principles provide the foundation for our learning system:

Learning Foundations

- Every child can learn
- Learning is a lifelong activity
- Learners that grow are adaptable and confident
- Students learn in different ways and at different rates
- Innovative thinkers engage critically and creatively

System Foundations

- Our system functions within the structure of Alberta Education
- Priorities and decisions are further guided by collaboratively developed educational goals
- Parents/Guardians are foundational to their children's learning
- Quality education goes beyond the school walls and involves opportunities for engagement within the community
- High standards result in successful school completion and transition to the adult world.

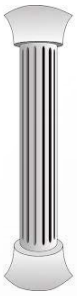

Cultural Foundations

- Schools are welcoming, safe, caring, and respectful
- Diversity is celebrated in an inclusive culture
- Students are empathetic and responsible for the well-being of self and others
- Schools inspire a passion for learning

These guiding principles set the foundation of the District's learning system. These assist in developing the District's strategic plan and priorities.

STRATEGIC PLAN AND PRIORITIES

As part of the three-year planning cycle, Alberta Education provides the District with Goals, Outcomes and Performance Measures. The District then develops local strategies and priorities to address the learning needs and achievement of outcomes for all students.

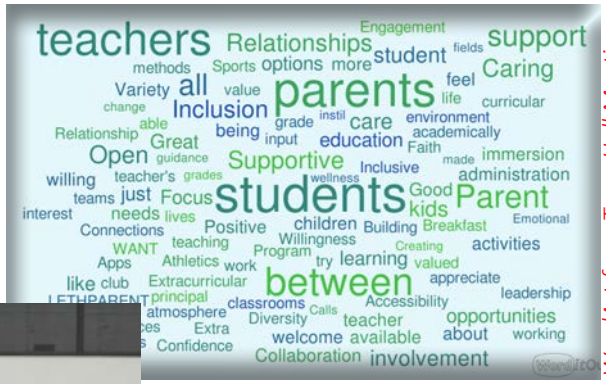

In 2004, Alberta Education introduced the Accountability Pillar. The Accountability Pillar places increased emphasis on the achievement of specific outcomes by evaluating and reporting results on a common set of measures. The focus of the Accountability Pillar is to improve school jurisdiction results. The Accountability Pillar performance measures are a required, consistent set of measures. An evaluation methodology has been developed which assesses each measure in the Accountability Pillar in terms of achievement and improvement.

Lethbridge School District No. 51 analyzes the results of the Accountability Pillar and develops strategies for improvement over the next three-year planning cycle. The Board of Trustees uses the Vision, Mission statement and Guiding Principal for the development of priorities and strategies.

Community Engagement

The Board of Trustees held a consultation session with the education stakeholders of the community. This consultation included a highly successful Town Hall meeting which provided the opportunity for over 200 parents, students, district staff, and community members to provide comments and feedback to the trustees. This year's consultation used a World Café format and centered on two main questions:

1) What do you value most about your school community?
2) What can the School District do better?

WordArt from Town Hall Meeting

The feedback on these questions assisted the Board of Trustees in establishing priorities for 2019-2020. The two intentionally-simple questions were designed to maximize input. Through group discussion and the use of technology, participants shared ideas throughout the evening.

The Board of Trustees developed three (3) priorities: **Achievement, Inclusion, and Innovation**. Although these have specific outcomes, they are highly correlated with each other; whereas, the success in one priority will likely assist in the other priorities.

ACHIEVEMENT

OUTCOMES:

1. Students achieve student learning outcomes with strong foundational skills in **literacy and numeracy**.
2. Teachers possess a deep **understanding of pedagogy** that develops literacy and numeracy.
3. Students are **lifelong learners** possessing the skills and attributes to successfully transition within the system and to further education, credentialing or the world of work.
4. First Nations, Metis and Inuit (**FNMI**) student achievement relative to provincial standards will improve.
5. School administrators are highly skilled in all areas of the **School Leader Quality Standard**.
6. Teachers are highly skilled in all areas of the **Teaching Quality Standard**.
7. Support staff possess the knowledge, skills and attributes to **support student success** and create optimal learning environments.
8. Effective learning and teaching is achieved through **collaborative leadership** and structures that build capacity to improve within and across schools.
9. A comprehensive **wellness approach** promotes well-being and fosters learning.
10. The education system demonstrates collaboration and engagement to further District priorities:
    - **Parents feel welcome**, included and possess agency to be full partners in their child's education;
    - Community members feel ownership as **collaborative partners** in the education of children and youth;
    - Community- minded **organizations are engaged** in collaborative delivery of programs and services to students.
11. Effective **management of growth and capacity** building to support learning spaces and the provision of programs.

2019-2020
Board Priorities

INNOVATION

OUTCOMES:

1. Learners demonstrate the attributes of **innovation, creativity and critical thinking** in a process-based learning environment.
2. Breadth of **program choice** provides opportunities for students to explore and grow as learners.
3. All learners **effectively use technology** as creative and critical thinkers capable of accessing, sharing and creating knowledge.

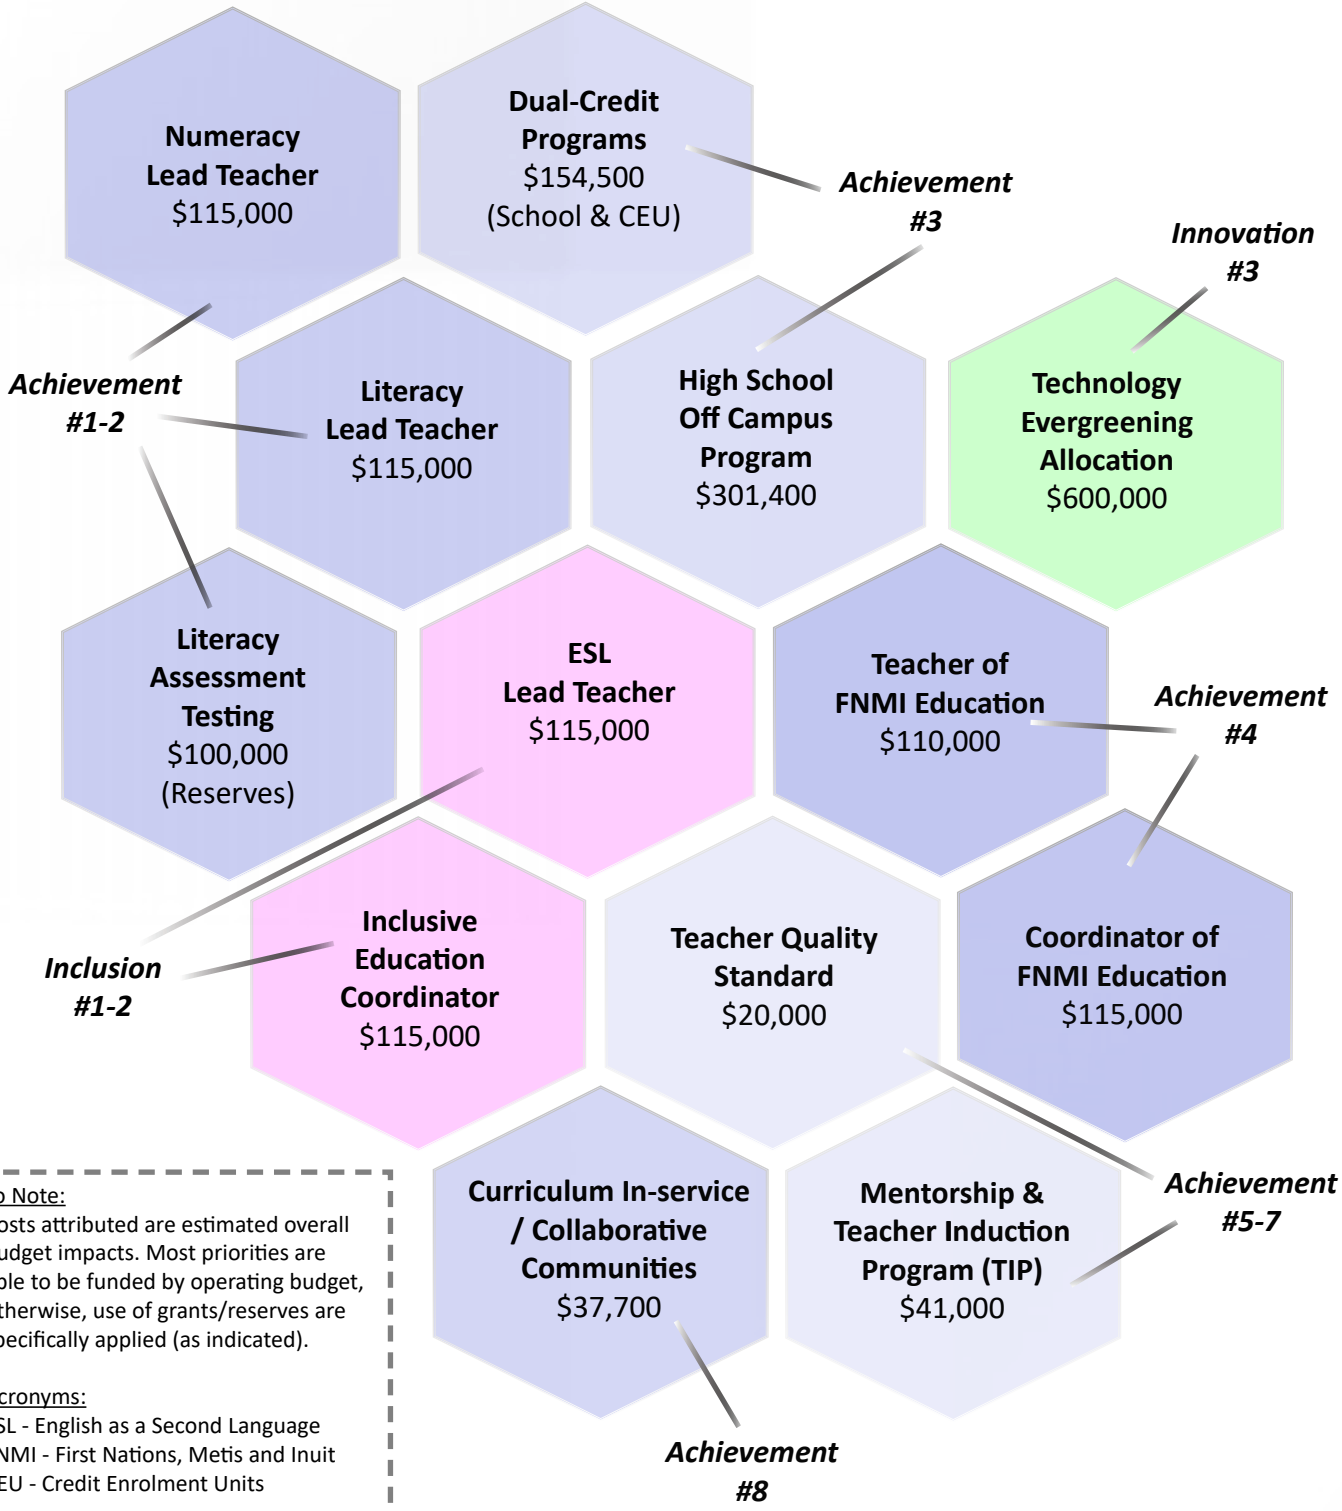

INCLUSION

OUTCOMES:

1. Schools are welcoming **caring, respectful and safe** learning environments.
2. Schools are inclusive learning environments where all students are able to grow as learners.

Budget Impacts of Board Priorities

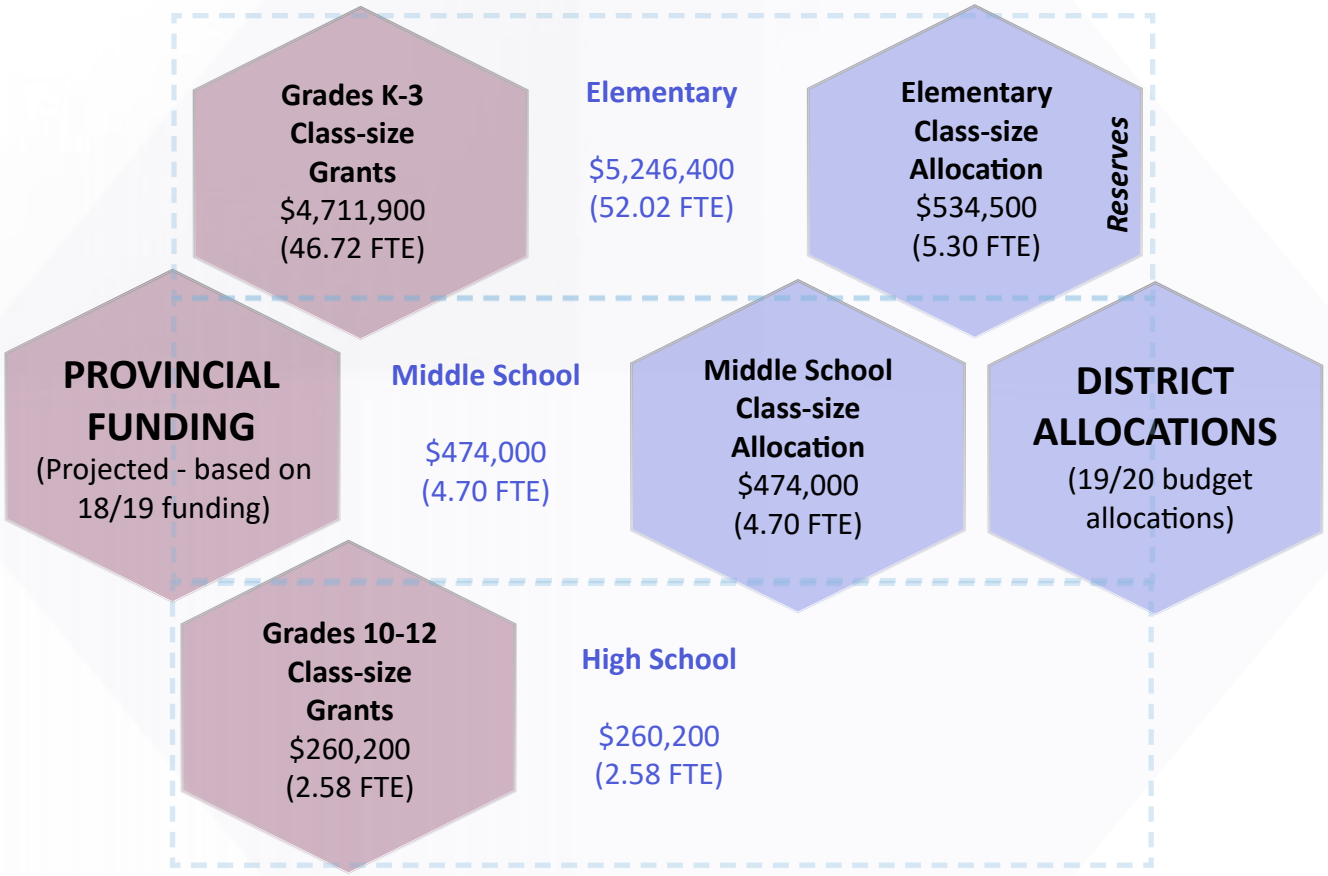

The budget allocates resources available to achieve the District's vision through the priorities which address the learning needs and achievement outcomes for all students. Although many of the strategies/outcomes may be achieved within the District's regular operating budget, there are often specific costs associated with the implementation of these priorities. The following is a summary of the major budget impacts to support our priorities:

To Note:
Costs attributed are estimated overall budget impacts. Most priorities are able to be funded by operating budget, otherwise, use of grants/reserves are specifically applied (as indicated).

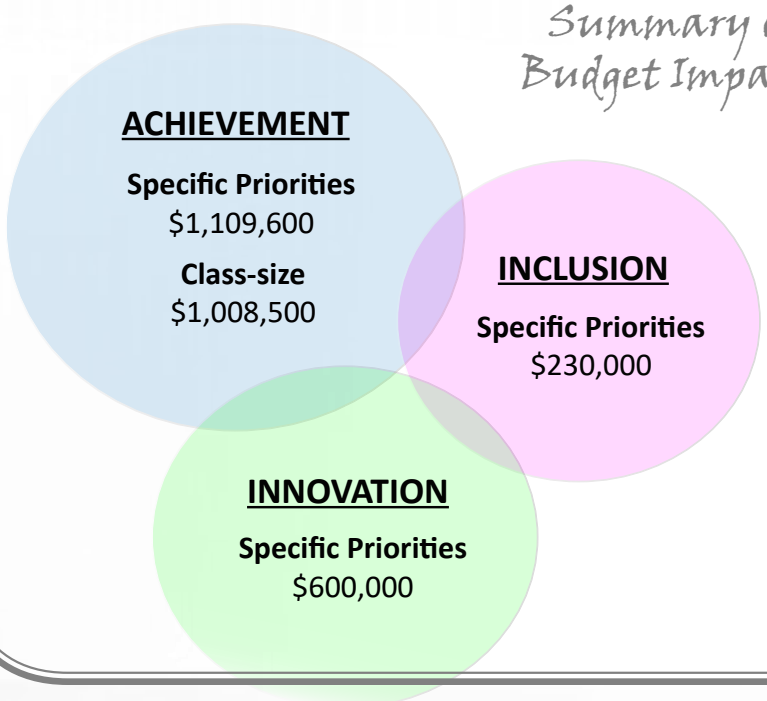

Acronyms:
ESL - English as a Second Language
FNMI - First Nations, Metis and Inuit
CEU - Credit Enrolment Units

Student achievement is one of the major priorities of the District; whereas, a significant factor for achievement is ensuring that the District maintains reasonable class-sizes at our schools. The District does receive specific Provincial grants to address class size; however, the District provides additional funding allocations to further assist in class-sizes.

Summary of Budget Impacts

Lethbridge SCHOOL DISTRICT NO. 51

There is a **total of $2,948,100** of budgeted funding that is allocated specifically towards the Board priorities; whereas, this represents 2.2% of the District's total operating budget.

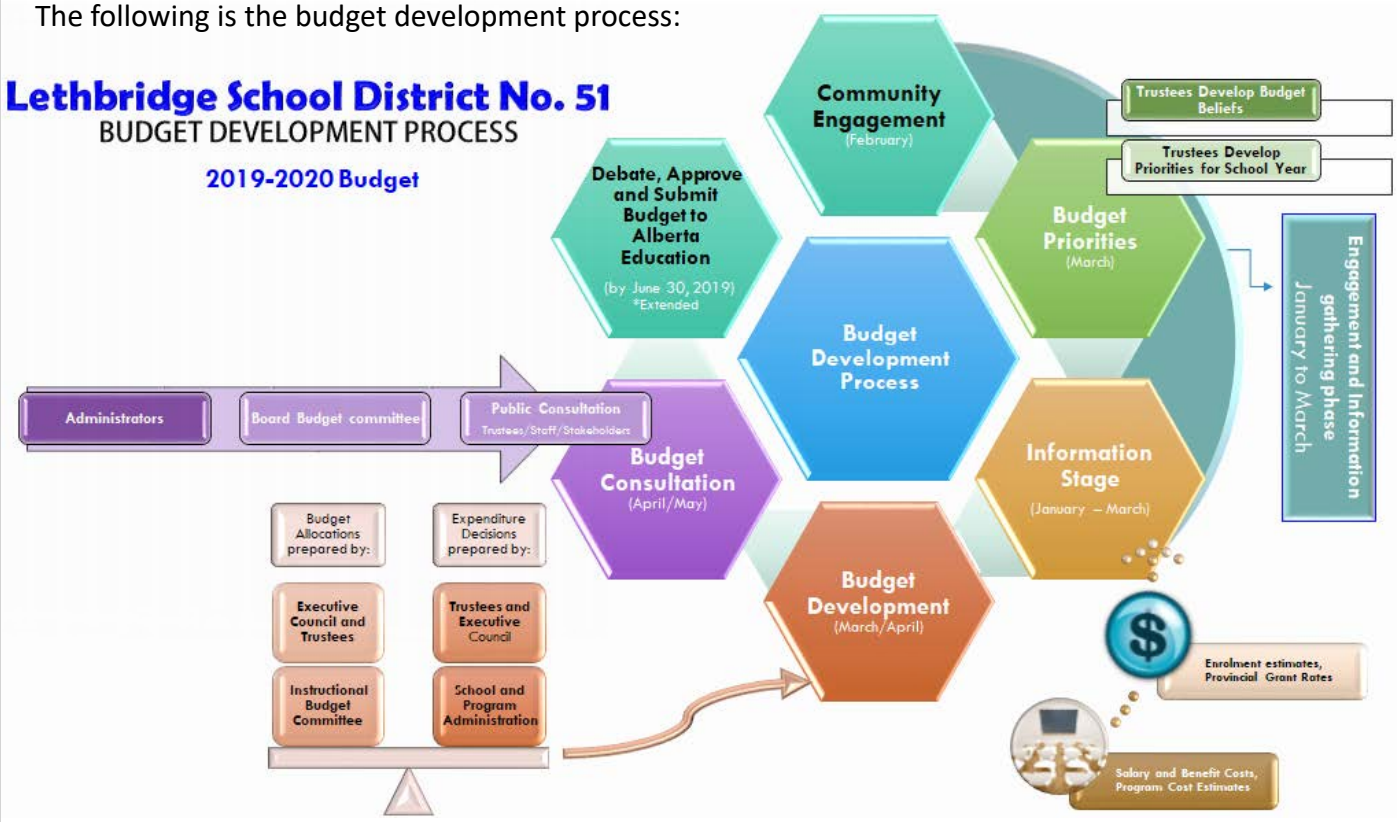

Many of the other strategies/outcomes are also funded within the District's regular operating budget.

BUDGET DEVELOPMENT

The development of 2019-2020 Budget for Lethbridge School District No 51 is the responsibility of Board administration in conjunction with the Board Budget Committee and the Instructional Budget Committee. The approval of the budget is the responsibility of the District's Board of Trustees.

After final approval by the Board, the budget is then submitted to Alberta Education, as required under legislation. Under legislation, the budget is to be submitted to Alberta Education by May 31st of each year (Minister of Education extended to June 30th for 2019/2020 budget - Provincial Election in 2019). This budget is called the "Preliminary" budget version, although it is the legally adopted budget for purposes of meeting legislative requirements (included on the annual financial statements). The budget is subsequently updated for actual known enrolment and other known changes as of September 30th, 2019. This updated budget will become the budget under which the District operates for the 2019-2020 school year.

The following is the budget development process:

Instructional Budget Committee (IBC):

The IBC is comprised of representatives from elementary, middle, and high schools. It also includes members of Board Administration. This committee, through consultation with our schools and groups within the District, determines the funding allocation for the Instructional program. The Administration on the committee for the 19/20 budget:

- Cheryl Gilmore (Superintendent)
- Morag Asquith (Associate Superintendent, Instructional Services)
- Christine Lee (Associate Superintendent, Business Affairs)
- Rik Jesse (Associate Superintendent, Human Resources)
- Mark DeBoer (Director of Finance)

Board Budget Committee:

The Board of Trustees appoints two (2) Trustees to be included on the Board Budget Committee. This committee is involved throughout the budget process. The Trustees on the committee for the 19/20 budget:

- Donna Hunt (Committee Chair)
- Clark Bosch (Trustee)

Basis of Budgeting

The budget was prepared in accordance with Canadian Public Sector Accounting Standards (PSAS) and accounting policies consistent with those prescribed by Alberta Education for Alberta school jurisdictions. The basis of accounting refers to the timing of the recognition of revenue sources and expenditures in the District's budget and financial statements.

Modified Accrual Basis of Accounting

The District utilizes a modified accrual basis of accounting; whereas, this is a combination of cash basis and accrual basis of accounting. The cash basis recognizes the transactions upon the exchange of money (i.e. expense recognized when actually paid). The accrual basis recognizes the transactions as it incurs and does not matter the timing of when the cash is exchanged (i.e. expense recognized when the goods/services are received, even if it is not paid until a later date).

Short-term Transactions:
The District typically utilizes a cash basis of accounting for recognizing transactions that incur in a short time period. These revenues and expenses that will typically be completed in the budget year (not expected to extend over multiple budget years). These include a large amount of revenues and expenditures that would be recognized on an Statement of Operations (also known as an income statement or profit/loss) and would not be expected to create a payable or receivable at the end of the fiscal year.

Long-term Transactions and Projects:
The District typically utilizes an accrual basis of accounting for recognizing transactions that occur over a longer period of time; usually extending over multiple budget years. These transactions are recognized in the budget based on when the transaction or service is provided (not based on exchange of cash). Should a project extend over multiple years, the revenues and expenses are recognized in the budget based on the estimated amount of the project to be incurred in each of the budget years.

Grant revenues are recognized in the year to which they relate. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered. Capital allocations from the Province or other agencies are recorded as deferred capital contributions until spent. Unrestricted contributions are recognized in the period that they are received and receivable. Externally restricted contributions are deferred and recognized in the period in which the contribution will be complied with. Expenditures are recorded within the period that they are incurred.

The precise determination of many revenue and expenditures is dependent on future events. As a result, the preparation of the budget for the 2019-2020 school year involved the use of estimates and approximations, which have been made using careful judgement. Actual results could differ from those estimates and approximations.

Although the District's Annual Financial Statements are fully prepared using the accrual basis of accounting, the budget remains in-line with this methodology as all of the short-term items are still projected to be complete before yearend.

Fund Accounting

Lethbridge School District No. 51 utilizes six (6) major types of funds; General Operating, School Generated Funds (SGF), Reserves, Provincially Funded Capital, Board Funded Capital and Endowments. All of these funds are included within the District's Annual Financial Statements. Each fund has a defined purpose and recognizes the inputs and outlays to come up with a net change in the fund balances. These inputs and outlays include revenues, expenses, and transfers to/from the fund accounts. Each of these funds also have restrictions on the use of the balances; some of these restrictions are legislative; whereas, others are restrictions imposed by Board of Trustees. The District does not maintain any policies relating to minimum or maximum fund balances.

General Operating Funds

The majority of the District Operating Budget outlines the changes in these funds; whereas, this includes all of the programs and services in the operations of the District. This fund has the largest amount of funds where the costs of these operating activities are recovered through operating grants (majority from Alberta Education), district fees and other sources of revenues (other than SGF). Typically, some operating funds are transferred to/from the other fund accounts, including:

- Operating funds used for Board funded capital projects
- Operating funds transferred to build capital and operating reserves
- Operating reserves used to fund operating costs and projects (i.e. carry forward funds)
- Transfers to/from SGF accounts (if applicable)

Some of the legislative restrictions on these funds include a limit on the amount of administrative and governance expenditures (3.6% of total expenses)

School Generated Funds (SGF)

The District Operating Budget also includes the changes in these funds; whereas, this includes the specific school based activities. The costs of these SGF activities are recovered through school fees, fundraising, donations and other SGF revenues. Typically, the only transferred funds are to/from the General Operating fund (if applicable) and the specific SGF reserve.

Some of the legislative restrictions on these SGF funds include requirements that the school fees charged can not exceed the cost of the related activities.

Reserves

The District has both operating and capital reserves funds. The changes in the reserve funds are a result of the net reserve transfers to/from the operating and capital fund accounts.

Some of these reserves also have legislative restrictions placed on the funds (i.e. once transferred, capital reserves must be used for capital purposes). Other reserves have restrictions imposed on them by the District (i.e. program, project, & departmental reserves); whereas, these fund restrictions may be modified by the Board, should they want to use the funds for a different purpose.

Provincially Funded Capital

The majority of the District tangible capital assets (TCA) are funded by the Province, including majority of the costs of schools, modulars, and equipment. These funds are provided by capital grants on a project-by-project basis and are not specifically included in the preliminary operating budget. Typically, the only transferred funds are to the Operating fund relating to capital revenues recognized based on amortization of supported TCA. The "net accumulated surplus" relating to these funds are referred to as the Unexpended & Expended Deferred Capital Revenues (UDCR & EDCR) included in deferred revenues (in accordance with PSAS 3200). EDCR is recognized at the same rate as supported amortization.

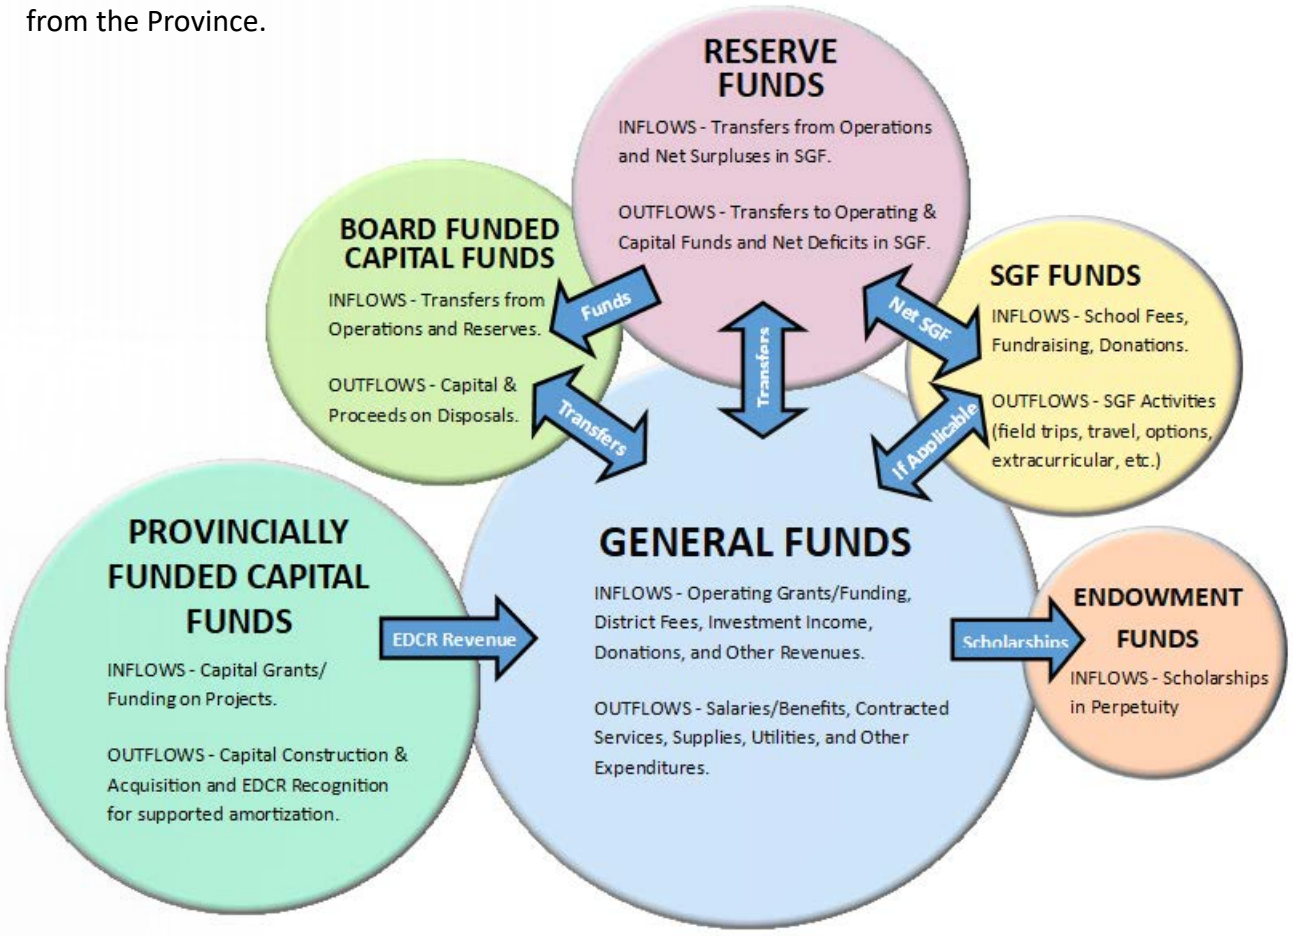

Some of the legislative restrictions on these funds include that the supported TCA may not be disposed/sold without authorization from the Province.

Board Funded Capital

There are certain tangible capital assets (TCA) that are specifically funded by the District Board (not funded by the Province). These may include vehicles, maintenance equipment, additional technology, and certain renovation projects. The "net accumulated surplus" relating the Board funded TCA is included in the Investment in Tangible Capital Assets. Typically, the only transferred funds are to/from the Operating fund for either funding the assets or receiving proceeds on the disposal of the assets.

Endowments

The District has received specific scholarship contributions that have been provided to be held in perpetuity in accordance with the agreement with the donor. These funds are restricted based on the agreement.

Classification of Revenues and Expenses

OPERATING REVENUES:

Operating revenues are classified based on the following major categories:

- **Base Funding** – Funding received by Alberta Education on a per student basis for students from kindergarten to grade nine with each kindergarten student counted as 0.5 of a full time equivalent. Funding for students in grades 10 to 12 is based on credit enrolment units (CEUs) with 35 CEUs equal to one full time equivalent student. Class Size funding is provided on a per student basis as part of Base Funding.

- **Differential Cost Funding** – Funding received by Alberta Education based on identified students or a specific profile unique to the school jurisdiction. The funding addresses unique needs such as First Nations, Metis and Inuit (FNMI) funding, Inclusive Education, English as a Second Language, and Socio-Economic Funding.

- **Projects/Contracts** – Funding received by Alberta Education that is targeted funding for a specific project or purposes. School jurisdictions are responsible to spend funds specifically for the purpose of the funding received.

- **Other Provincial Revenue** – In 2012/2013 a new grant was provided, and to be used at the discretion of school boards as the Equity of Opportunity grant. For budget 2013/2014 a funding adjustment was made by Alberta Education to reduce allowable administrative spending by 10%, and this funding adjustment continues in budget 2019/2020. Effective in the 2011/2012 school year, jurisdictions are required to report employer contributions to teacher pension plans that are made on behalf of the school jurisdiction. School jurisdictions also record the offsetting pension costs in Certificated Salary and Benefits.

- **Federal Government Revenue** – Funding received for federal programs such as French Language instruction and tuition received for federal government First Nation students.

- **Transportation** – Funding received by Alberta Education for the transportation of students to and from their resident school.

- **Plant Operations and Maintenance** – Funding received by Alberta Education for facility maintenance and custodial services.

- **Other Revenues** – Operating revenues that are not from Alberta Education or for Federal Government programming. Generally includes school fees, investment income, donations, and school generated funds (SGF). The SGF revenues are included as inflows to the SGF Funds. In relation to school fees, the District can not charge fees for K-12 curricular activities; whereas, fees can only be charged for optional and programming fees to enhance the student's educational experience.

- **Capital Block** – Includes the provision for amortization of the jurisdiction's capital assets, Infrastructure Maintenance and Renewal grant funding from Alberta Education, and interest on debenture debt that is paid by Alberta Education. The recognition of the Expended Deferred Capital Revenues (EDCR) is a transfer from the Provincially Funded Capital Funds into the Operating Funds as the provision for amortization of the supported capital assets.

OPERATING EXPENDITURES:

Operating expenditures are classified by major category/object and then by category in each major programs. The major categories are outlined below:

- **Certificated Salaries and Benefits** – Salaries and benefits of all certified teaching staff.

- **Uncertificated Salaries and Benefits** – Salaries and benefits of all staff that do not hold a teaching certificate.

- **Contracted and General Services** – Expenditures that are contracted with other parties to perform services on behalf of a jurisdiction.

- **Supplies** – General supplies purchased by a jurisdiction.

- **Utilities** – The cost of heat, light, water, and garbage disposal of a jurisdiction.

- **Capital and Debt Services** – Includes the provision for amortization of the jurisdiction's capital assets, Infrastructure Maintenance and Renewal grant expenditures, and interest on debenture debt.

- **Transfers** – Includes capital purchases over $5000, school generated funds (SGF) activities (fundraising activities, clubs and athletics), transfers to/from other sites, and funds held in contingency or reserves for a future purpose. The transfers for capital purchases are included in the Board Funded Capital Funds. The SGF expenditures are included as outflows to the SGF Funds. The transfers of reserves are allocated to the Reserves Funds.

OPERATING PROGRAMS:

There are five (5) major operating programs:

- **Instruction** – includes all schools (elementary, middle, and high) and the other instructional programs and services offered to provide educational support to students within the District.

- **Administration** – includes Board Governance, Office of the Superintendent, Board and Finance, Human Resources, and System Instructional Support

- **Plant Operation and Maintenance** – includes activities relating to the District's responsibility for the construction, operation, maintenance, safety and security of all school buildings.

- **Transportation** – includes activities relating to transporting students to/from school (over 2.4 kilometers from their resident school).

- **Capital and Debt Services** – includes activities relating to the capital assets such as amortization of capital, the Infrastructure Maintenance Renewal (IMR) program, and the provision of debt services.

CAPITAL REVENUES:

Capital revenues are classified based on the following major categories:

- **Government of Alberta - Infrastructure** – includes the funding received by Alberta Infrastructure on capital projects. Funding is provided on a project-by-project basis and is typically distributed on funding requests from the school jurisdiction up to 90% of the grant funding. The remaining funding (10%) is provided to the school jurisdiction after submitting the statement of final costs on the project.

CAPITAL EXPENDITURES:

Capital expenses are classified based on the following major categories:

- **Capital Project Outlays** – includes the relates to the capital expenditures made on the approved capital projects. This can include building construction costs, consulting/engineering, modular procurement, furniture/equipment, project labour, site development, and other project expenses.

- **Board Funded Capital Acquired** – includes the relates to the capital expenditures made on capital, which does not relate to the approved capital projects. This includes purchases of vehicles, machinery, and other equipment for operational purposes (i.e. for Maintenance department). This also includes capital improvements/modernizations that are funded by the Board.

LETHBRIDGE SCHOOL DISTRICT NO. 51

BOARD OF TRUSTEES BELIEF STATEMENTS FOR PREPARATION OF THE 2019-2020 BUDGET

Lethbridge School District No. 51 is primarily funded by Alberta Education. The Board is legally obligated to create and approve the annual district budget and to fiscally manage the District's funds in a responsible manner, ensuring that the educational needs of students are met within a balanced budget, as required by the *School Act.*

- The Board believes in a budget process that is open and transparent.
- The Board believes that the budget shall provide for staffing to facilitate educational opportunities for all our students.
- The Board believes that education at the primary level is foundational to student success, and as such is a priority.
- The Board believes that funds need to be allocated to promote equitable access to educational opportunities and resources for students.
- The Board believes in keeping District and school levied fees as low as possible.
- The Board believes maintaining an uncommitted reserve is necessary for emergent and contingent situations.
- The Board believes that equitable opportunities for student learning are achieved by allocating funds to specific centralized programs and services.
- The Board believes in providing targeted opportunities to further innovative practices in schools.

Financial Policies, Procedures and Principles

Lethbridge School District No. 51 has a number of financial policies and procedures relating to budget that are reviewed and approved by the Board of Trustees. These policies are designed to ensure that there are appropriate controls in place to safeguard the District and to ensure that the District is compliant with the Alberta School Act, Canadian Public Sector Accounting Standards, and other related legislation. The following are some of the policies that are in place:

- **System Budgeting** (policy 801.1)
- **Financial Planning and Management - General** (policy 801.9)
- **Student Fees** (policy 802.2 & procedure 802.2)
- **Purchasing** (policy 803.1)
- **School Generated Funds** (policy 1005.6 & procedure 1005.6)
- **School-based Decision Making** (policy 600.2)
- **Annual School Budget** (policy 601.1.2)

Within Policy 203.4.1 (Standing Committees), the Board of Trustees has established a Board Budget Committee comprised of two Trustees (one who chairs), the Associate Superintendent of Business Affairs, and the Director of Finance. The mandate of the committee is as follows:

- to gather information and advise the Board on the District budget,
- to review the budget process to ensure that stakeholders have adequate budget information and appropriate opportunity for input into their school budgets and the District budget, and
- to advise and provide supporting information to the Board on budget issues relating to advocacy

The two policies that likely have the most impact on the development of the District budget include the System Budgeting policy and the Financial Planning and Management policy. These policies are included in the following pages. All of the policies and related procedures are available on the District's website.

http://www.lethsd.ab.ca/our-district/Policies

The District follows many principles that are not currently specified as policy that are used in the development and implementation of the budget. The following are some of these principles:

- **Balanced Budget** - the District is required under the School Act to prepare an operating budget (for the following school year starting September 1st) and submit to the Minister (Provincial Government) by May 31st before the start of the school year (unless extended by the Minister). This ensures that the total operating expenditures plus use of operating reserves meet or exceed the budgeted operating expenditures.

- **Long-term Budgeting** - the District wants to ensure the long-term financial stability in budgeting. Therefore, the District develops three (3) year operating budget projections, a three-year education plan, and a three-year capital plan to review the future strategies of the District to remain financially stable while ensuring that we meet the needs of our students.

Approved: August 20, 2004
Amended: June 23, 2009
Amended: January 28, 2014

801.1 System Budgeting

Policy

The Board directs that the expenditure of funds be within the guidelines established and be the responsibility of the designate District or school-based administrator.

Regulations

1. Each year the Superintendent, with the assistance of the Associate Superintendent, Business Affairs and in consultation with Education Centre Administrators, District staff, school councils, and the community, shall prepare, for Board consideration and adoption, a detailed estimate of the revenues and expenditures required to operate the District's programs.

2. The system budget submitted to the Board shall reflect the goals and objectives of the Board and shall include:
   - 2.1 details of estimated enrolments;
   - 2.2 details of estimated revenues;
   - 2.3 details of estimated expenditures for support functions including:
     - 2.3.1 Board governance;
     - 2.3.2 system administration;
     - 2.3.3 system instruction support;
     - 2.3.4 plant operations and maintenance service; and
     - 2.3.5 transportation services
   - 2.4 details of allocations of revenues for support functions, including details on school-based instructional funds allocated for system programs and services;
   - 2.5 details on allocations of funds to schools,
   - 2.6 details on proposed program or service revisions, additions or deletions;
   - 2.7 current year's budget data for comparison purposes;
   - 2.8 year-end projection of current year's data, for comparison purposes, including projection of ending accumulated surplus/deficit position

3. The Associate Superintendent, Business Affairs is responsible for developing detailed budget development procedures for the District and coordinating the budget development process. Timelines connected with the preparation of the system budget shall provide adequate opportunity for data collection, consultation and revision.

4. School allocations will be established based on school enrolment plus additional allocations, as required, to ensure an equitable resource base to schools.

5. Total District expenditures will not be permitted to exceed the approved expenditure level in the budget without Board approval.

6. Establishment and/or maintenance of reserve accounts will be part of the annual budget approval process.

Policy

7. Annual borrowing authority will be established by Board motion at the Organizational meeting.

8. Quarterly reports to the Board will be made concerning the status of the District's revenues and expenditures.

9. Surplus may be generated from all accounts. When a director or principal operates a school or department within budget limits and nets a year-end surplus, each surplus is permitted to be carried forward for the purpose of completing prior year's activities or to provide for new activities. The director or principal must provide justification for all carryovers for approval by the Executive Council.

10. If an actual deficit results, a written plan for recovery must be submitted to the Superintendent for approval.
    10.1 Schools – The plan would identify a source of funding from available school resources or against the following year's operating budget.
    10.2 Departments – The plan would identify a source of funding from the current year or from reserves; otherwise the deficit will be charged to the next year.

11. Should exceptional situations arise whereby the District incurs a serious deficit, the Board reserves the right to appropriate individual school/department operating surpluses.

The Board delegates to the Superintendent the authority to develop the procedures necessary to implement this policy.

801.9 Financial Planning and Management - General

Policy

The Board directs the Associate Superintendent Business Affairs to manage the fiscal resources of the District in accordance with sound accounting practices and as per District policy.

The Board directs that a long-term financial plan be developed for the District.

Regulations

1. The District's financial plan shall:
   - 1.1 reflect the mission, goals, objectives and priorities of the District and the province;
   - 1.2 limit expenditures in accordance with the per student cost indicators, considering local and provincial factors;
   - 1.3 provide for staff salary variations in accordance with the fiscal conditions of the District and projected economic and market conditions;
   - 1.4 provide for growth or decline of revenues on the basis of local, provincial, and national indicators;
   - 1.5 achieve a short-term and long-term balanced condition with regard to revenues and expenditures; and
   - 1.6 provide for realistic annual student population growth targets.

The Board delegates to the Superintendent the authority to develop the procedures necessary to implement this policy.

Policy

Budget Timeline 2019-2020

January

- Enrolment projected
- Staffing requirements reviewed with Administrators

February

- Board of Trustees host Town Hall to received public input that will influence strategic priorities
- Salary and benefit costs are estimated

March

- Board holds strategic planning retreat to develop priorities and review budget development beliefs
- Budget assumptions completed and reviewed with Trustees
- Instructional Budget Committee meets to discuss priorities

April/May

- 2019 Provincial Election
- Instructional Budget Committee meets to review and prepare budget allocations based on priorities and beliefs
- Budget allocations presented to administrators
- School based and program administrators begin development of budgets

June

- Funding announcement of enrolment growth by Provincial Finance Minister
- Site budgets completed and updated
- Draft budget is presented to Trustees and the public for feedback and comment on June 18th, 2019
- Board of Trustees debate budget on June 25th, 2019
- Budget Submitted to Alberta Education on or before June 30th, 2019 (Extension from May 31st)

Lethbridge School District No. 51 Budget Development Process

Step 1: Budget Process and Timeline Approval

The Budget Process and timelines for completion and meeting dates are established and approved by the Board of Trustees.

Step 2: Enrolment Estimates

The Associate Superintendent of Human Resources projects enrolment estimates by moving students from one grade to the next from the current year, reviewing City of Lethbridge Census data, and prior year history. These enrolments are then discussed with the Principals for their feedback.

Step 3: Revenue Estimates

The Director of Finance receives proposed grant announcements from Alberta Education and applies the enrolment estimates to determine projected grant revenues from the province. Student fee revenues are estimated based on prior year collections and the fee schedule set by the Board. Investment and other revenues are estimated based on rates, cash flow, and other information available and compared to the prior year. Budget Assumptions used in the preparation of the budget are prepared and approved by the Board.

Step 4: Budget Priorities

School District Administrators, staff, parents and members of the community were engaged at a town hall meeting to provide feedback to the board on priorities for the District. The Board will meet at their planning retreat to discuss this feedback and set priorities which provided direction to Executive Council on the development of the Budget.

Step 5: Expenditure Estimates

Expenditure estimates are made for the operating budget based on prior year experience, known changes to costs, and program changes. Average Salaries are estimated for Teachers and Support Staff for purposes of Site Budgeting. Budget Assumptions used in the preparation of the budget are prepared and approved by the Board.

Instruction Block Pooled expenditures are determined and the allocations to various sites are determined.

Step 6: Central Site Budget Estimates Prepared

Administration, Plant Operations and Maintenance, and Transportation Budgets are prepared based on projected revenues and cost estimates.

Inclusive Education and Kindergarten budgets are developed and allocations to school sites are established.

Step 7: Draft Budget Document Prepared and Reviewed

Executive Council and the Director of Finance finish preparing and review the Draft Budget.

Step 8: Instructional Budget Committee Review of Draft Budget

Three representatives from the Administrators committee (one elementary, one middle school, & one senior high) meet with Executive Council and the Director of Finance to review the Instructional Budget and allocations to school sites. At this time Board priorities and any other program suggestions are considered. The Instructional Budget Committee makes recommendations for changes to the budget and it is then taken to the Administrators Committee for review.

Step 9: School Site Budget Preparation

School sites are electronically sent the budget program with revenue allocations for each school. School administrators then make staffing and expenditure allocations based on the revenue provided. Principals then review the site budget with their school council and staff members for input.

Step 10: Draft Budget Prepared

The Draft Budget is prepared once the school sites and programs have completed their site budgets. All documents are rolled together to develop the Draft Budget. Executive Council reviews the document prior to presentation.

Step 11: Presentation of Draft Budget

The Draft Budget is presented to trustees, administrators, and the public. All parties are encouraged to submit comments to the Board for consideration in the *Final Budget Debate*.

Step 12: Budget Debate

The draft budget is reviewed and debated by the trustees. The trustees pass motions to approve the budget with amendments. The Budget then becomes a "final" document. This is the Board's legally adopted budget that is submitted to the provincial government as per legislation. It is also the comparison budget for the Audited Financial Statements.

Step 13: Budget Update

After the school year begins and District enrolment is confirmed after September 30th, the budget is reviewed and updated for confirmed enrolment, changes in staffing and staffing costs, and other known information that impacts the budget. This information is reviewed with administration and trustees. The September 30th budget update becomes the District's budget for operating and monitoring purposes for the school year and forms the comparison budget for the preliminary budget at the start of each year's budget cycle.

Step 14: Financial Monitoring

School and department administrators are responsible for monitoring budgets to 'actual' results on a regular basis and to take corrective action as necessary to stay within the established budget. The Director of Finance is responsible for preparing financial reports that compare actual revenue and expenditures to budget, and a 'forecast' to year end along with narrative information providing explanations of variances and updates on the District's progress as it relates to the fiscal plan. This information is provided to the Board three times per year, for the fiscal periods ended November 30th, February 28th, and May 31st.

Budget Assumptions
February 2019

The following table outlines the assumptions used in developing the 2019-2020 operating budget, the basis for the assumption and the risk associated if the assumption is not correct or other factors influence the original assumption made.

Budget Area	Assumption	Basis for Assumption	Associated Budget Risk
Enrolment	Overall enrolment increase of about **308** students. This is approximately a **2.68%** increase. Grades 1-12 enrolment has projected growth ranging from 1.10% to 6.22%. Kindergarten program has a projected increase of approximately 47 students (6.14%). *Note that the funded EEP program is projected to be similar to the 2018/2019 September 30th enrolment. **See Enrolment Summary attached.**	Baragar is a statistical program that can be utilized in projecting enrolment, which includes factors such as current enrolment, historical growth, and projected growth in the City of Lethbridge. In review of historical Baragar projections, they have been reasonably accurate compared to actuals results. Review is done by school of students in each school February/March 2019 in conjunction between Rik Jesse, Associate Superintendent of Human Resources and the individual schools Enrolment estimates to be discussed at Instructional Budget Committee for reasonability given birth trends, current school enrolments and economic climate effects.	Risk of not achieving estimated enrolments, will result in decreased revenues and adjustments will need to be made to programming and staffing or draw on reserves to fill funding gap. A budget deficit beyond operating reserves is not allowed under legislation.
Funded/FTE Enrolment	FTE enrolment is based on estimating the number of CEU's earned at high school. FTE enrolment is projected to increase by **304.9 FTE or 2.84%.** Kindergarten enrolment is considered 0.5 FTE.	Average CEU per student is calculated by using reasonable estimate of CEU earnings per grade level for each school. Some schools where enrolment fluctuates, the average CEU's earned over a three year period is used, and then assessed based upon a reasonable amount using known information.	If average CEU's are below the estimate there will be less revenue for the district and for the high schools. If CEU's are higher than average, then there may be a disproportionate amount of revenue being retained by the high schools rather than being allocated under the budget allocation model.

Budget Area	Assumption	Basis for Assumption	Associated Budget Risk
Grant Revenues	Base Grant Rate increase 0% Differential grants and Inclusive Education grant received 0% increase. 0% increase to transportation 0 % increase to PO&M IMR – 0% increase	*The District is currently required to assume a freeze on grant rates (0% increase). This is being projected as it seems unlikely that in this economic climate that there would be any decreases and there has been no current information indicating a decrease (nothing actually documented)* *This is hard to predict with the upcoming election (may have to wait till after to receive a Provincial budget)*	Risk that rates are lower than what would be considered a 0% increase on an overall basis. Risk that school board reserves may be requested to preserve the "stable" portion of funding. This would impact future planned on use of reserves.
Teacher Salary costs (includes benefits) Average Teacher **$100,854**	Wage increase = 0% Assumes to date 10 net retirements (retirements less returning leaves) and reduction in CIF staffing Grid movement cost with no retirements would be $1,006,700 or 1.82% for all teachers. This cost has been absorbed in the average teacher salary costs due to lower cost in 2017-2018 and projected retirements. 0% increase to substitute rate Overall, due to the retirement of teaching staff and hiring of new teachers in prior year, the estimated average teaching costs is $100,854 including benefits (2018/2019 estimate of $101,134)	Salaries have been not been negotiated for 2019-2020. 0% assumption given economic outlook. Retirement Assumptions based on known retirements and hopeful retirements. Estimated salaries has been compared to the recent actual monthly teaching salaries, and with the projected 1.82% increase for grid movements, the projected $100,854 average teaching costs is considered reasonable and slightly conservative.	Risk is that average salary costs maybe too high if significant number of retirements and new hires. If this happens, there will be unexpended funds, however creates opportunity to cover costs in future. True impact on Average Salary of staffing reductions not known until after May 31, the final day for staff to announce an intention to retire and most staffing has been hired. Hiring additional or a reduction in staff throughout the budget process also impacts the average salary estimate. Salary Estimates are revised September 30th if required. Risk that settlement is negotiated higher than 0%. Each 1% is a cost of $618,200. Risk is somewhat mitigated as this is negotiated by the Province (TEBA); whereas, additional costs may be funded by the Province.

Budget Area	Assumption	Basis for Assumption	Associated Budget Risk
Support Staff Salaries Average EA **$43,855**	CUPE 290 =0% CUPE 2843 = 0% Non Union = 0% Other than teachers, the next largest staffing group is the EAs; whereas, the projected EA cost is $43,855 including benefits (2018/2019 estimate of $43,758).	CUPE 290 Contract has not been negotiated for 2019-2020. Assumed to be 0% given economic outlook. There is currently a Provincial mandate of 0%. CUPE 2843 Contract has been negotiated for 2019-2020 with a 0% (provided a "me too" clause for increases if teachers receive wage increase) Non-Union not determined. All support staff wages are currently only based on projected grid movements.	Risk is if PO&M grant rate increases. CUPE 290 and CUPE 2843 risk if required to provide wage increase to impact a settlement.
Benefit Provider Rates	Local Authorities Pension Plan has approved a 1% decrease in rates as at January 1, 2019 (was reduced in 2018 by 1% as well) No changes for 2020 has been noted at this time. Per ASEBP Board there has only been standardization of rate for the experience adjustments. Currently there are no known changes/details on rate changes.	LAPP per rates provided. As noted, there was a 1% decrease in rates effectively January 1, 2019. No known rate changes of 2020. These factors have been reviewed in 2018/2019 in the budget downward to lower any possible overstatement of benefit costs in the budget. Factors reviewed for the 2019/2020 changes.	Risk will be minimal as rates are known at budget development.

Budget Area	Assumption	Basis for Assumption	Associated Budget Risk
Services and Supplies Costs	It is assumed that Goods and Services Costs will increase overall by 2.0% from inflation/CPI as per Alberta Economic Outlook (November 2018). The lower value of the Canadian $ relative to the $US will impact cost of goods that may be required from US vendors. Rates for Utilities such as Electricity and Heat as negotiated, however will continue to see an impact relative to the Carbon Tax Levy on heating fuel and transportation costs.	Normally use Statistics Canada data for prior year to determine economic indicator for increase in goods and services. Given significant economic downturn in economy in Alberta the Alberta Economic Outlook was used to inform this data. Electricity and Utility Costs will continue to increase in 19/20 due to a number of factors.	Risk that grant revenues will not be sufficient to cover estimated increased cost of supplies and services. This could result in decreased services and supplies as compared to prior year levels.

Lethbridge School District No. 51
2019-2020 Budget Development Schedule

Date	Meeting/Process	Time	Who Attends	Meeting Description
February 5, 2019	**Town Hall Meeting**	6:00 p.m. to 8:30 p.m.	**Trustees/Administration/Staff/Public**	The Board hosts a Town Hall meeting to gather input on priorities for the coming school year and beyond. This information will influence planning and priorities for the budget.
February 26th, 2019	**Board Budget Committee Meeting**	10 am to 11 am	**Board Budget Committee**	Meeting to discuss budget schedule and community engagement around budget
February 26th, 2019	**Preliminary Budget Estimates**	1 pm to 2 pm	**Instructional Budget Committee**	Pre Provincial Budget meeting to discuss cost estimates, enrolment factors and priorities for development of Instructional Budget
March 7th & 8th, 2019	**Board Strategic Planning Retreat**	All Day both days	**Trustees/Executive Council/Director of Finance**	Trustees and Executive Council develop priorities for the 2019-2020 school year that will inform the development of the 2019-2020 Budget.
March 12th, 2019	**Preliminary Budget Estimates**	8:30 to 11:00 am	**Instructional Budget Committee**	The Instructional Budget Committee (IBC) meets to discuss guiding principles for the development of the budget. Discussion of what was heard at the town hall meeting, and process for discussions with other administrators, process for input and feedback. The Instructional Budget Committee meets to review preliminary estimates of grant revenues, salary costs and potential issues with the preliminary information. This meeting is preliminary to consider the information available and start discussion of budget priorities. After this meeting, members of the Instructional Budget Committee should discuss particular areas of concern with their stakeholders.
March 19th, 2019	**Preliminary Budget Estimates**	8:30 to 11:00 am	**Instructional Budget Committee**	
April 10th, 2019	**Instructional Budget Review**	9:30 am to 12 p.m.	**Instructional Budget Committee**	
April 30th, 2019	**Instructional Budget Review**	1:00 pm to 3:30 pm	**Instructional Budget Committee**	
May 14th, 2019	**Instructional Budget Review**	9:30 am to 12 p.m.	**Instructional Budget Committee**	The Instructional budget committee reviews the draft budget, and with the information gathered makes recommendations for allocations for schools and instructional programs.
May 16th, 2019	**Board Budget Committee Meeting**	10:30 am to 11:30 am	**Board Budget Committee**	Update Board Budget Committee on progress of budget discussions
May 16th, 2019	**Instructional Budget Committee Presentation of Budget Recommendations to Admin Committee**	Included in Admin Committee Agenda (need 45 minutes) as presentation/discussion item	**Administrators Committee**	The Instructional Budget Committee (IBC) will present the recommendations for the budget allocations. The allocations will be reviewed and questions for clarification will be addressed. Administrators will have an opportunity to discuss the budget recommendations and provide feedback to the IBC.

May 16th to June 4th, 2019	**MyBudgetfile available for Administrators to balance budgets**			Budgets should be reviewed and discussed with Staff and School Councils
June 13th, 2019	**Review of Draft Budget**	10:30 a.m. to 11:30 a.m.	**Board Budget Committee**	The Board Budget committee will get a summary review of the Budget highlights and recommendations made by the Instructional Budget Committee.
June 18th, 2019	**Pre Budget Presentation briefing to the Board**	5:30 p.m. (prior to Public Presentation)	**Board and Executive Council**	Pre Budget Presentation to the Board to provide information contained in the Draft Budget to be presented to the public
June 18th, 2019	**Public Presentation of the Draft Budget to the Public**	6:30 p.m. to 7:30 p.m.	**Trustees/Administration/Staff/Public**	The Draft Budget is presented to stakeholders. There will be an opportunity for questions and discussion of the Draft Budget
June 21st, 2019	**Budget Feedback Due**			All stakeholders are invited to comment on the draft budget. This information is provided to the Trustees for consideration during the Board Budget Debate.
June 25th, 2019	**Board Budget Debate**	1:00 p.m. to 2:00 p.m. (prior to Board meeting)	**Trustees/Executive Council/Director of Finance (public welcome)**	The Board reviews and Debates the Budget. This meeting is open to the public.
On or before June 30th, 2019	**Budget Submission to Alberta Education**			Per Legislation unless otherwise notified of different submission deadline

Instructional Budget Committee	Wayne Pallett (High), Sharon Mezei (Middle), Terra Leggat/Lenee Fyfe (Elementary), Cheryl Gilmore, Rik Jesse, Morag Asquith, Christine Lee, Mark DeBoer
Board Budget Committee	Donna Hunt (Chair), Clark Bosch, Christine Lee, Mark DeBoer

Lethbridge School District No. 51

Capital Planning Process

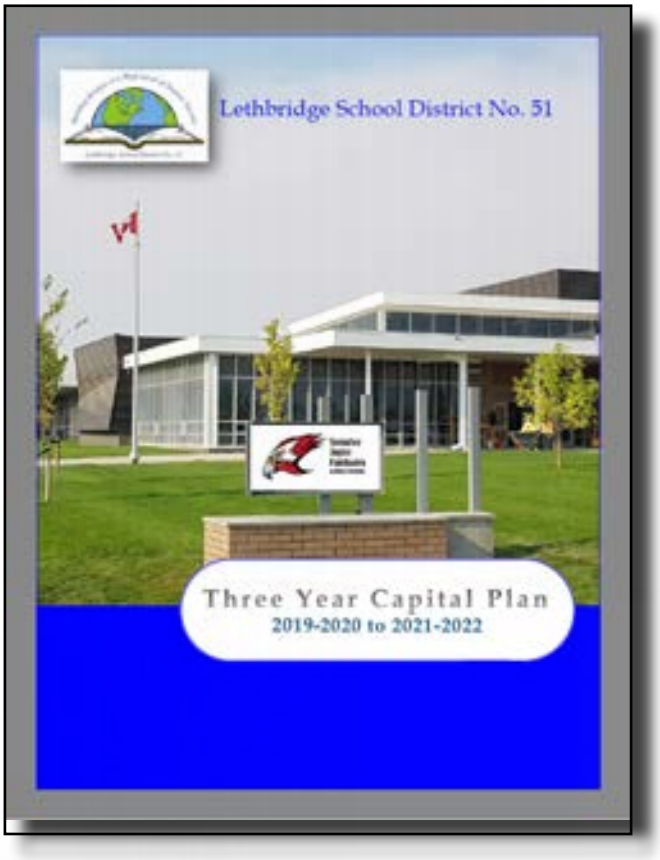

Lethbridge School District No. 51 prepares a capital plan that outlines capital projects that are requested over the next three year period. Capital project requests are submitted to Alberta Education and Alberta Infrastructure for review and approval. All capital projects are funded by Alberta Education. The chart below illustrates the Capital Planning process to develop the district's Three Year Capital Plan.

Capital Planning:

The Capital Plan outlines the capital projects that are to be submitted and approved by the Province of Alberta (through Alberta Education and Alberta Infrastructure) and provide an analysis of the District's Capital needs to address future enrolment growth and modernizing learning spaces to provide the best spaces for teaching and learning.

Capital projects include construction of new schools, modulars, equipment, and modernization of existing schools/facilities, which are funded by Provincially Funded Capital. As these are funded by specific capital grants on a project-by-project basis, these capital revenues and costs are not required to be included in the legally adopted Operating Budget (as approved by the Board of Trustees). The Operating Budget does however include the costs to maintain and repair the schools/facilities through the Infrastructure Maintenance and Renewal (IMR) projects and through general building maintenance.

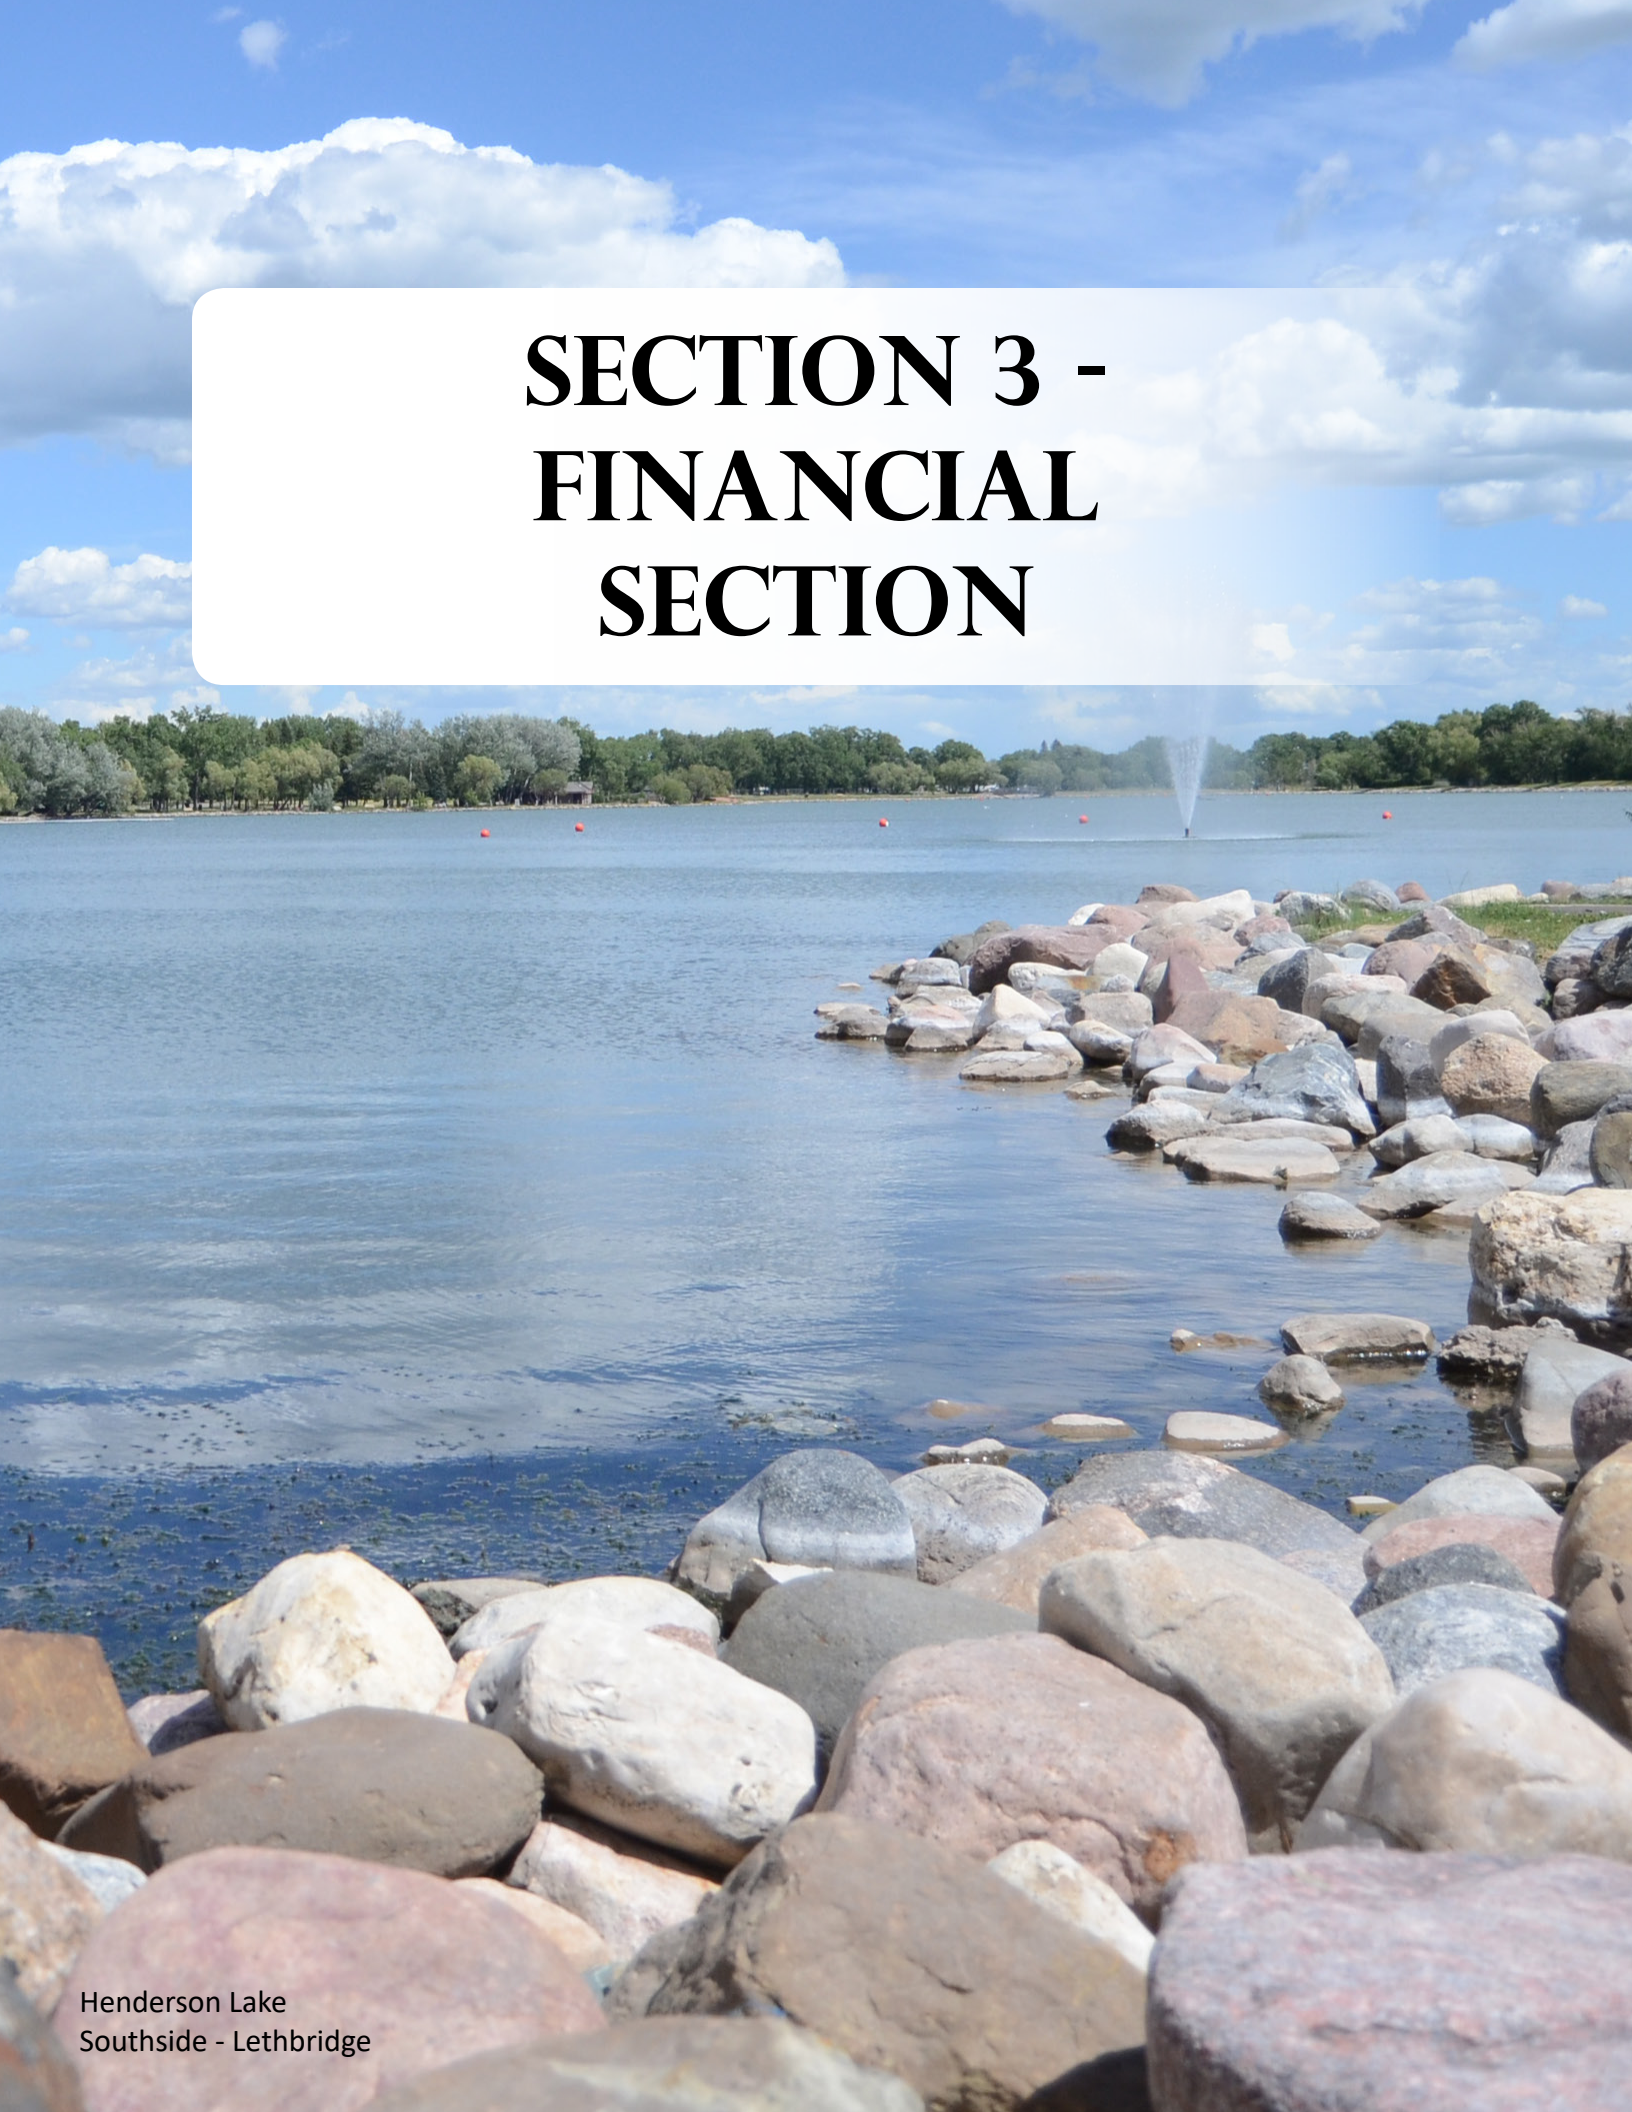

Lethbridge School District No. 51 has prepared a comprehensive Three (3) Year Capital Plan, through the Capital Planning Process, which is available to the public on the District's website:

FINANCIAL OVERVIEW

Lethbridge School District No. 51 utilizes six (6) major types of funds; General Operating, School Generated Funds (SGF), Reserves, Provincially Funded Capital, Board Funded Capital and Endowments.

The Financial Section utilizes a pyramid approach to communicate the District's budget information. The pyramid approach begins at a broad level and drills down into more detail as each level of the pyramid is addressed:

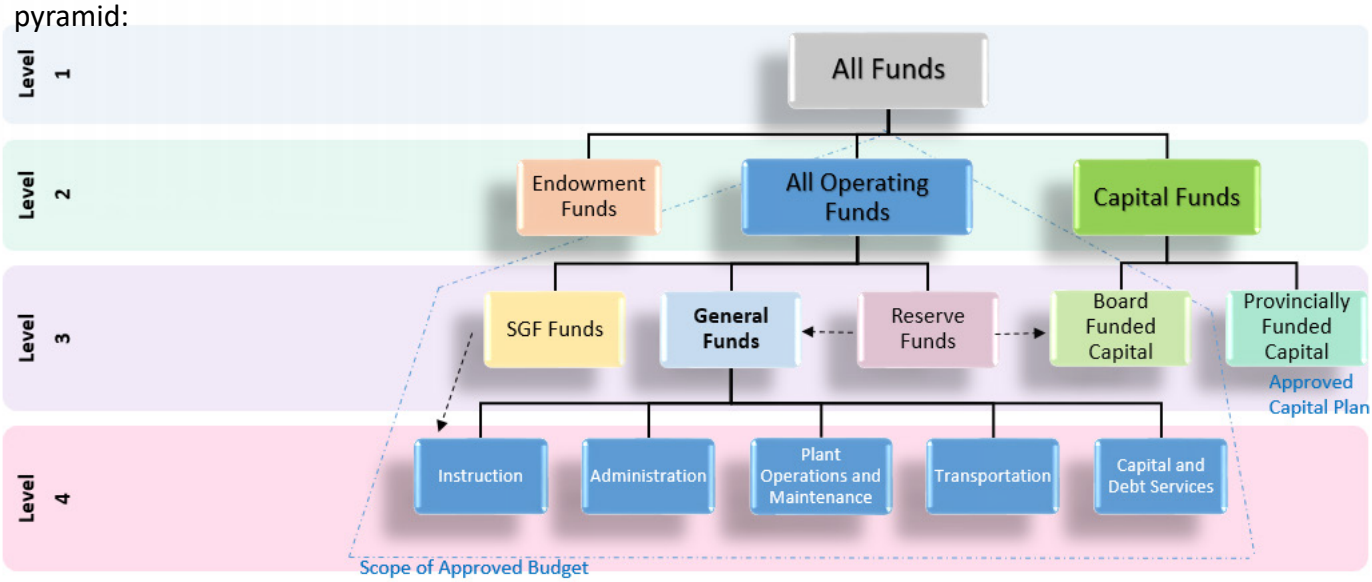

Level 1 - Summary of All Funds
Reviews the total revenues and expenses for the entire District.

Level 2 - Summary of All Operating Funds
Reviews the operating revenues and expenses, as approved in the Operating Budget.

Level 3 - Summary of Individual Funds
Reviews revenues and expenses included in each of the major operating funds.

Level 4 - Summary of Programs and Locations
Reviews the details of revenue allocations and expenses in each of the major programs and locations included in the operating budget.

The following is the breakdown of each of the major funds and how they flow into the reporting pyramid:

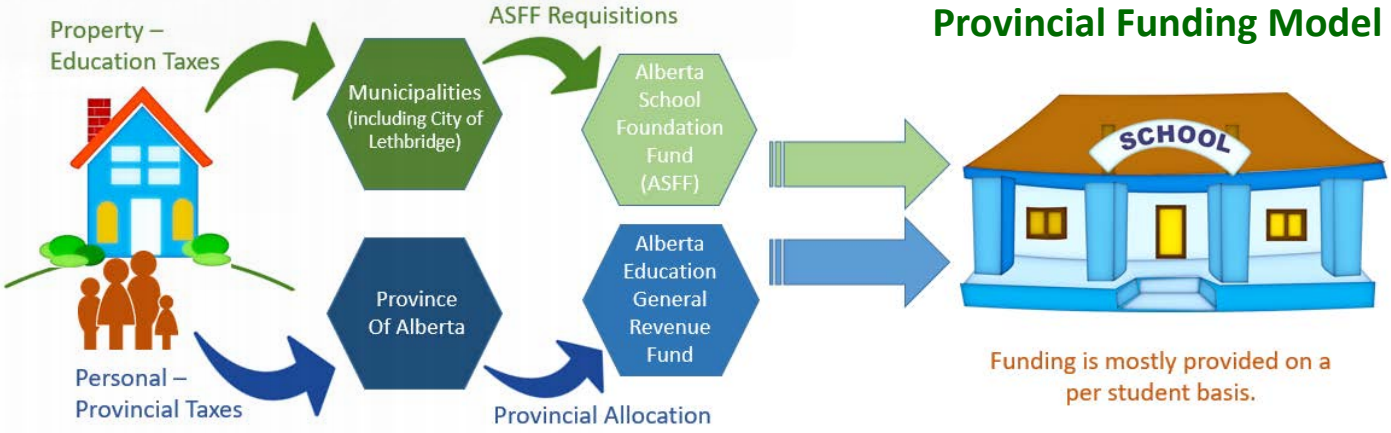

As shown above, the Approved Operating Budget is comprised of four (4) of the major types of funds, including General Operating, School Generated Funds (SGF), Reserves, and operating transfers to the Board Funded Capital; whereas, these components are all derived from the operating funding received by the District. The Approved Capital Plan outlines the capital projects that are funded by the Provincially Funded Capital Funds. Endowments Funds have no effect on the budgets as they are funds held in perpetuity.

Revenue & Funding Sources

Lethbridge School District No. 51 is financially dependent on the funding from the Province of Alberta as the District received over 93% of all operating funding from the Provincial Government. The Province of Alberta has a funding model for all public school jurisdictions throughout the Province.

School jurisdictions in the Province do not receive funding that is directly collected by property taxes from their municipality(s). The Alberta School Foundation Fund (ASFF) holds all school taxes collected in the Province. Alberta Education determines the amount of funding allocations for a school board, based upon the provincial funding framework and the funding is partially paid from the ASFF and partially paid from the Province's General Revenue Fund. This creates equity as a school jurisdiction's funding allocation is not based on the wealth (assessment base) of the municipality that the school jurisdiction serves.

The citizens of Lethbridge pay a levied school tax with their property taxes. These taxes are requisitioned by the Province of Alberta and collected by the City of Lethbridge with the property tax levy. The School District does not determine the mill rate, collect the taxes, or directly receive the funds from property taxes levied. The Education Property Tax is the responsibility of the Province of Alberta. The provincial government departments of Finance, Municipal Affairs and Education establish the uniform provincial mill rate, the rate applied to property assessments to calculate taxes due. The mill rate is calculated by dividing the total dollars required from property tax by the total property assessment value.

For the 2018 calendar year (most current available), the Province is maintaining a total requisition of $2.4 billion in education property taxes from Municipalities across the Province; however, with the reduction in the total assessable value in the Province, there has been a small rate increase to maintain the requisition amount. The provincial uniform education property tax rates have increased to $2.56 per $1000 of equalized assessment for residential and farmland property (previously $2.46 per $1000), and $3.76 per $1000 of equalized assessment for non-residential (previously $3.64 per $1000). Historically, these education property tax mill rates have either lowered or stayed the same (for over 20 years).

According to the 2019 Tax Bylaw for the City of Lethbridge (Bylaw 6175), the total taxable assessment of property for the City of Lethbridge is approximately $13.70 billion dollars; education property taxes collected on behalf of the province is approximately 22.5% of a residential property tax bill. Approximately $32.5 million is collected for Education Property Tax from public school supporters and then remitted to the Province of Alberta (Alberta School Foundation Fund) by the City.

School jurisdictions' funding allocations are determined using the Renewed Funding Framework. Funding is distributed under three main categories: Base Funding, Differential Cost Funding, and Provincial Priority Targeted Funding. The school jurisdiction has the flexibility and responsibility to allocate Base and Differential Cost Funding to address local needs and priorities. Provincial Priority Targeted Funding is determined by Alberta Education and must be spent on the programs provided. The only other restriction is that the school jurisdiction may not spend more than 3.6% of total expenditures on administration.

- Base Instruction funding is provided on a per student basis for every full-time equivalent (FTE) student enrolled in kindergarten to grade 12. Base Instruction funding now includes a Class Size Base rate at different levels in kindergarten to grade three and grades ten to twelve.

- Differential Cost funding is allocated for specific types of students to address the variable cost factors of educating these students. Specific funding is provided to address the needs of Inclusive Education, English as a Second Language, Aboriginal Students, and students living in poverty (low Socio Economic Status). Other variable factors are addressed through funding provided for year-to-year enrolment fluctuations and small schools by necessity.

- Provincial Priority Targeted funding is allocated for special initiatives and the funds must be spent on the programs provided. These programs include funding for High Speed Networking (SuperNet) and other specific programs that receive funding that can only be spent for the designated program, which includes Program Unit Funding and Institutional Program funding.

The Province of Alberta pays employer contributions to the Alberta Teacher Retirement Fund (ATRF) on behalf of the District, this is approximately $6.5 million per year. These contributions are now recorded by the District in grant revenues and the expenditure in Certificated Salary and Benefit costs. The Province contributes a total of $410 million per year for the current employer portion of teacher pensions for the Province.

Alberta Education also provides funding for the transportation of students to and from school through a grant for each student eligible for transportation. For a student to be eligible, they must live 2.4 kilometers or beyond from their boundary school.

The District receives funding from Alberta Education for the operation and maintenance of school facilities, capital modernization, and new capital projects. Funding for plant operations and maintenance includes custodial services, building and grounds maintenance, and utilities. Operations and maintenance funding is based on a formula determined by student enrolment, small schools by necessity and sparsity and distance. The District also receives funding for Infrastructure Maintenance Renewal Projects (IMR). These projects undertake major school facility maintenance and upgrades that are not of a day-to-day nature.

Classification of Operating Revenues

Revenues are classified based on the following major categories:

Government of Alberta - Alberta Education:
The operating funding from Alberta Education is comprised of the following:

- **Base Funding** – Funding received by Alberta Education on a per student basis for students from kindergarten to grade nine with each kindergarten student counted as 0.5 of a full time equivalent. Funding for students in grades 10 to 12 is based on credit enrolment units (CEUs) with 35 CEUs equal to one full time equivalent student. Class Size funding is provided on a per student basis as part of Base Funding.

- **Differential Cost Funding** – Funding received by Alberta Education based on identified students or a specific profile unique to the school jurisdiction. The funding addresses unique needs such as First Nations, Metis and Inuit (FNMI) funding, Inclusive Education, English as a Second Language, and Socio-Economic Funding.

- **Projects/Contracts** – Funding received by Alberta Education that is targeted funding for a specific project or purposes. School jurisdictions are responsible to spend funds specifically for the purpose of the funding received.

- **Other Provincial Revenue** – In 2012-2013 a new grant was provided, and to be used at the discretion of school boards as the Equity of Opportunity grant. For budget 2013-2014 a funding adjustment was made by Alberta Education to reduce allowable administrative spending by 10%, and this funding adjustment continues ever since. Effective in the 2011-2012 school year, jurisdictions are required to report employer contributions to teacher pension plans that are made on behalf of the school jurisdiction. School jurisdictions also record the offsetting pension costs in Certificated Salary and Benefits.

- **Transportation** – Funding received by Alberta Education for the transportation of students to and from their resident school.

- **Plant Operations and Maintenance** – Funding received by Alberta Education for facility maintenance and custodial services.

- **Capital Block** – Includes the provision for amortization of the jurisdiction's capital assets, Infrastructure Maintenance and Renewal grant funding from Alberta Education, and interest on debenture debt that is paid by Alberta Education. The recognition of the Expended Deferred Capital Revenues (EDCR) is a transfer from the Provincially Funded Capital Funds into the Operating Funds as the provision for amortization of the supported capital assets.

Federal Government Revenue:
Funding received for federal programs such as French Language instruction and tuition received for federal government First Nation students.

Other Revenues:
Operating revenues that are not from Alberta Education or for Federal Government programming. These Other revenues are comprised of the following:

- **Fees** – Relates to the fees charges services, supplies, and services. These may include District Fees and Fees received for School Generated Activities (i.e. extracurricular, non-curricular travel, etc.). The District can not charge fees for K-12 curricular activities; whereas, fees can only be charged for optional and programming fees to enhance the student's educational experience.

- **Other Sale and Services** – Relates to the revenues received for international student tuition fees, secondments, and other sales/services. These may include both District revenues and other revenues received for School Generated Activities (i.e. yearbook sales, graduation costs, etc.).

- **Investment Income** – Relates to the interest earned on the cash and investments that the District holds (i.e. funds held for reserves and fund balances).

- **Gifts and Donations** – Relates to the donations, gifts, and gift-in-kind that are contributed. These may include contributions received by both the District and for School Generated Activities.

- **Rental of Facilities** – Relates to the facility rental agreements with the Southern Alberta Professional Development Consortium (SAPDC), the Boys and Girls Club, and with Lethbridge Public Local 41.

- **Fundraising** – Relates to the revenues received for school-based fundraising activities for sports/athletics, graduation, fine arts/drama, playgrounds, and other fundraising activities. These funds are received for School Generated Activities.

Classification of Capital Revenues

Capital revenues are classified based on the following major categories:

Government of Alberta - Infrastructure:
Funding received by Alberta Infrastructure on capital projects. Funding is provided on a project-by-project basis and is typically distributed on funding requests from the school jurisdiction up to 90% of the grant funding. The remaining funding (10%) is provided to the school jurisdiction after submitting the statement of final costs on the project.

Expenditures & Spending

Funding is allocated to the District's programs and services to ensure that the District meets the needs of students and that schools remain viable. These funding allocations assist in determining the available costs able to be utilized in each of the programs and services.

Major Operating Programs

The District has five (5) major operating program areas:

- **Instruction** - relates to all of the instructional areas including elementary schools, middle schools, high schools, learning supports, technology, and other instructional services. Some of the other instructional services include First Nations Metis and Inuit (FNMI) programs and school generated funds (SGF) activities.

- **Administration** - relates to all of the governance and central administrative costs including, Board governance, Office of the Superintendent, business and finance, human resources, and system instructional support. The District is restricted to a maximum of 3.6% of total expenditures may be spent on administration.

- **Plant Operations and Maintenance** - relates to the District's responsibility for the construction, operations, maintenance, safety and security of all school buildings. This program includes the costs for maintenance and caretaking of the schools and facilities throughout the District.

- **Transportation** - relates to the activities of transporting students to/from school (over 2.4 milometers from their resident school). This program include the costs to contract out the busing to the City of Lethbridge, which does the busing for LSD51 and other school jurisdictions within the City of Lethbridge.

- **Capital and Debt Services** - relates to all activities relating to the capital assets such as amortization of capital, the Infrastructure Maintenance Renewal (IMR) program, and the provision of debt services.

Classification of Operating Expenditures

Expenditures are classified by major category/object and then by category in each major programs. The major categories are outlined below:

Certificated Salaries and Benefits – Salaries and benefits of all certified teaching staff. This includes the cost of teachers, principals, psychologists, superintendents, and other certified teaching staff. Certified salaries and benefits typically represent over 56% of total operating expenditures.

Uncertificated Salaries and Benefits – Salaries and benefits of all staff that do not hold a teaching certificate. This includes educational assistants, student support, administrative/business support, library support, caretakers, maintenance, and other non-certified staffing. Uncertified salaries and benefits typically represent over 22% of total operating expenditures.

Contracted and General Services – Expenditures that are contracted with other parties to perform services on behalf of a jurisdiction. This includes contracting out the busing services, legal and accounting services, insurance, professional learning, consultants, and other services provided to the District.

Supplies – General supplies purchased by a jurisdiction. This includes the purchase of general supplies, textbooks, furniture and equipment (non-capital), and computers/technology. The costs of School Generated Funds (SGF) activities are also included in the supplies.

Utilities – The cost of heat, light, water, and garbage disposal of a jurisdiction.

Capital and Debt Services – Includes the provision for amortization of the jurisdiction's capital assets, Infrastructure Maintenance and Renewal grant expenditures, and interest on debenture debt.

Transfers – Includes capital purchases over $5000, school generated funds (SGF) activities (fundraising activities, clubs and athletics), transfers to/from other sites, and funds held in contingency or reserves for a future purpose. The transfers for capital purchases are included in the Board Funded Capital Funds. The SGF expenditures are included as outflows to the SGF Funds. The transfers of reserves are allocated to the Reserves Funds.

Classification of Capital Expenditures

Capital expenses are classified based on the following major categories:

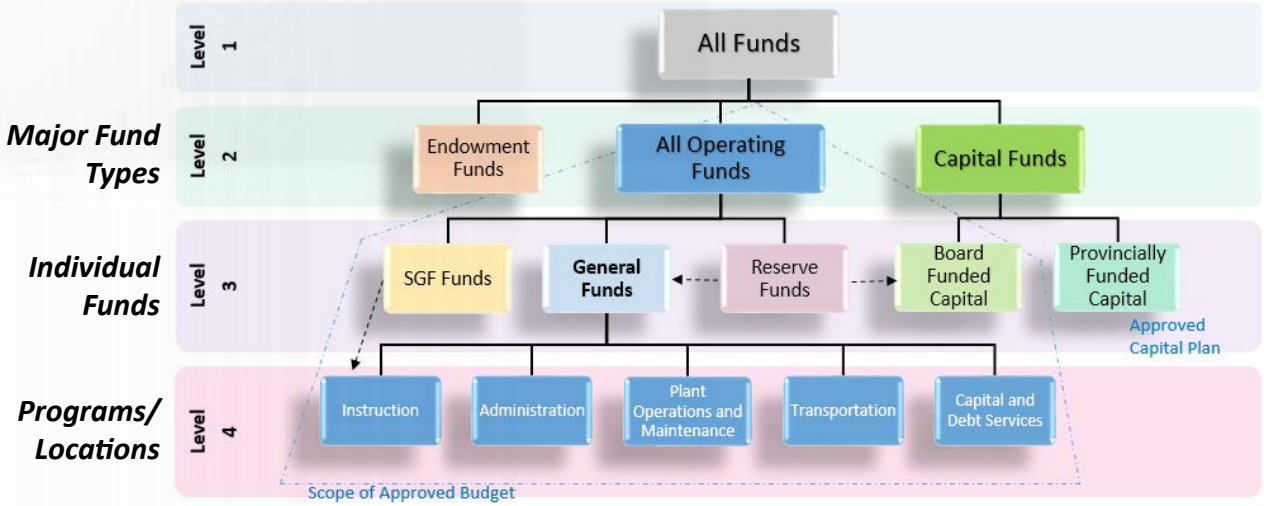

Capital Project Outlays – Relates to the capital expenditures made on the approved capital projects. This can include building construction costs, consulting/engineering, modular procurement, furniture/equipment, project labour, site development, and other project expenses.

Board Funded Capital Acquired – Relates to the capital expenditures made on capital, which does not relate to the approved capital projects. This includes purchases of vehicles, machinery, and other equipment for operational purposes (i.e. for Maintenance department). This also includes capital improvements/modernizations that are funded by the Board.

SUMMARY OF ALL FUNDS

Lethbridge School District No. 51 utilizes six (6) major types of funds; General Operating, School Generated Funds (SGF), Reserves, Provincially Funded Capital, Board Funded Capital and Endowments.

The Approved Operating Budget is comprised of four (4) of the major types of funds, including General Operating, School Generated Funds (SGF), Reserves, and operating transfers to the Board Funded Capital; whereas, these components are all derived from the operating funding received by the District. The Approved Capital Plan outlines the capital projects that are funded by the Provincially Funded Capital Funds. Endowments Funds have no effect on the budgets as they are funds held in perpetuity.

In this section, the summary of all major fund types are combined for reporting purposes, including all operating, capital, and endowment funds. This is to provide an overview of all revenues sources and the expenditures of the entire District. In the following sections of this report, a breakdown of each of the major fund types will be provided in further detail.

*To assist in presenting the breakdown of each of the reporting levels on the operating funds, the **pages have been colour coordinated** with the above chart, including:*

Light blue - All Funds
Light green - All Operating Funds
Light purple - Individual Operating Funds
Light pink - Operating Programs/Locations

Operating Funds:

The Operating Revenues have been increasing from year-to-year with the student enrolment growth within the District as many of the operating revenues are directly correlated to the number of students that are educated by the District. The largest source that is directly correlated to enrolment is the funding from Alberta Education (i.e. base grant funding).

With historical consistent growth (average of 2.11% per year) and continued projected growth of the City of Lethbridge, the District can reasonably assume that the student enrolment will continue to grow within the District (projected increases ranging from 1.71% to 2.79% per year). Student enrolment is projected using forecasting software that utilizes trend analysis, local demographics, and multiple other factors for the projections.

Over the past couple years, there have been no changes to the Provincial Operating Grant rates (i.e. the per student rates in base funding); whereas, this is likely due to the current economic climate in Alberta (reduction in oil prices) and that the Province is significantly reliant upon resource revenues. Oil prices had decreased significantly in 2014/2015 and has been only gradually increasing over the last couple years and is projected to increase marginally in future years. Although the Province is significantly effected by reduced resource funding, it has continued to fund enrolment growth (while freezing the grant rates). Based on the Province's commitment to continue to fund student growth and that oil prices are marginally increasing, the District can reasonably assume that that the grant rates are not likely going to increase in the near future and to only project increases based on the enrolment growth.

The projected student enrolment growth and current grant rates allows the District to use these factors in projecting the effects of enrolment on the growth of the District's operating revenues. The District typically take a conservative approach in budgeting/projecting the operating revenues.

For Budget 2019/2020, the largest increase in operating revenues is from the estimated 2.68% increase in student enrolment, creating an increase in the funding from Alberta Education. The increase in funding for student enrolment was only projected for the base per student grants and at this time has not been projected to increase the other provincial funding such as differential funding for inclusive education (as there is still uncertainty in funding as the Provincial budget has not been released due to the recent election). The other major factor was that the Classroom Improvement Fund (CIF) and the School Nutrition Program grants are not projected to be received in 2019/2020 as these were one-time grants that were provided on a year-to-year basis.

For a more detailed analysis on these operational revenues and projections, please see the Operating Revenue Sources as discussed in the Summary for Operating Funds.

With the estimated 2.68% increase in student enrolment, the largest increase in expenditures relates to the increase in staffing to ensure that the District's class sizes remain reasonable. For Budget 2019/2020, the District has a net increase of 4.0 full time equivalent (FTE) increase in certified teaching staff (0.63% increase), which was the result of an additional 12.5 FTE of teaching staff for growth and an offset reduction of 8.5 FTE of teaching staff that were funded by CIF (one-time grant in prior year). The support staff had an overall reduction of 7.5 full time equivalent (FTE) relating to the removal of the CIF funded positions and that there was not projected increases in inclusive education funding (1.45% decrease). The District also utilizes average salaries for teaching and some support positions. There is a projected decrease in the average salary of teachers with retirements of experienced teachers and the hiring of new teachers form the prior year. There was also a projected decrease in the average salaries of educational assistants (support staff) with adjustment to average benefit costs (based on actual utilization of pension).

The other large decrease from the prior year is that the 2018-2019 operating budget (fall budget update) includes the school carry-forward funding of $2.3 million which is used in that budget for the purchase of additional one-time costs (typically of supplies and services). These one-time costs are not recorded in the 2019/2020 preliminary budget.

For a more detailed analysis on these operational expenditures and projections, please see the Operating Expenditures by Object as discussed in the Summary for Operating Funds.

Capital Funds:

The Capital Revenues are based on the projected timing of funds received on the approved capital projects. For the Provincially Funded Capital projects, typically the funding is provided on a project-by-project basis and is typically distributed on funding requests from the school jurisdiction up to 90% of the grant funding. The remaining funding (10%) is provided to the school jurisdiction after submitting the statement of final costs on the project. Only the approved capital projects are included in the projections; whereas, other requested schools/modernizations are not guaranteed to be approved (or may be delayed in approvals).

For Budget 2019/2020, the projected capital funding and expenditures will be for the construction of new South East Elementary School and the installation of modular facilities at Coalbanks and Dr. Probe Elementary Schools. All of these are have been approved for grant funding by the Province. The capital funds also include the capital projects to be completed through the Infrastructure, Maintenance and Renewal grant funding received from the Province.

For a more detailed analysis on the capital revenues and expenditures, please see the Summary of Capital Projects as discussed in the Summary for Capital Funds.

Endowment Funds:

The Endowments are not budgeted/projected as the funds are held in perpetuity.

Fund Balances:

Overall, there is a planned/budgeted reduction in the Operating Fund balances (Accumulated Surplus) as the District is utilizing its operating reserves for planned future projects/costs. For a more detailed analysis on the Operating Fund balances, please see the Summary of Projected Operating Fund Balances as discussed in the Summary for Operating Funds.

Overall, there is an increase in the Capital Fund balances (UDCR & EDCR) as the District has been growing and adding new schools and facilities. For a more detailed analysis on the Capital Fund balances, please see the Summary of Fund Balances as discussed in the Summary for Capital Funds.

Approved Operating Budget

SUMMARY FOR OPERATING FUNDS

GENERAL COMMENTS

By law, school jurisdictions must develop a balanced operating budget every year. The development of operating budget with a deficit is not an option without Ministerial approval and a three year plan to come out of the deficit.

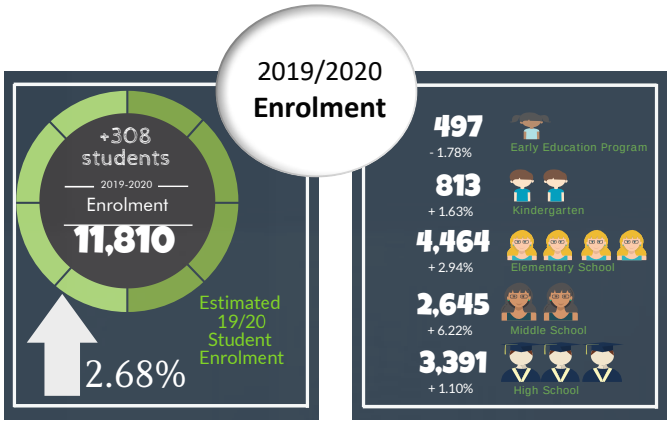

School jurisdictions in Alberta are completely dependent upon the Provincial Government for their funding. For many years, grant rate increases have not kept pace with cost increases. In years prior, the grant rate increases have been very modest or no changes to the base grants, which make up most of the District's funding. The Province of Alberta is currently in the midst of an economic downturn that may continue for a number of years.

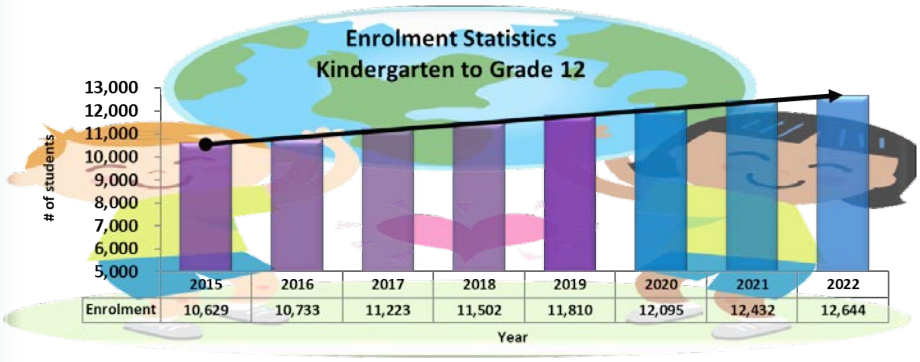

In April 2019, there was a provincial election; whereas, there was a change in government. The new United Conservative Party (UCP) government has committed to make education a priority and to maintain education funding; however, the provincial budget has not been released and is expected to be received in fall 2019. On June 10th, 2019, the Alberta Finance Minister had indicated that the Province is committed to maintain school funding and, in fact, to fully fund increased enrolment. Therefore, 2019-2020 budget included increases in grant funding for student growth on the base per student grant; however, did not increase the other provincial funding such as differential funding for inclusive education (as there is still uncertainty in funding as the Provincial budget has not been released due to the recent election).

ENROLMENT

The District has 11,810 students enrolled in early education (pre-school) through Grade 12 in the 2019/2020 school year as compared to 11,502 in 2018/2019. This is an increase of 308 students or 2.68%.

Preschool student enrolment will decrease by 9 students for the 2019/2020 school year. Kindergarten will expect an increase by 47 students (1.63%) and grades 1 to 12 enrolment will increase by 270 students for the 2019/2020 school year. Grades 1 to 12 represent the largest area of growth with enrolment at grades 1-5 increasing by 78 students (2.94%), grades 6-8 by 155 students (6.22%), and grades 9-12 by 37 students (1.10%).

In the four year period 2019 to 2022 enrolments are projected to increase by 834 students or 7.06%. Enrolment fluctuations have a significant impact on future grant revenues.

OPERATING PROJECTIONS

Lethbridge School District No. 51 receives 93% of its total revenues from the Province of Alberta. The Province of Alberta finances are significantly dependent upon resource revenues. In June 2014, a barrel of West Texas Intermediate (WTI) started to decline from a high of $104 US a barrel, eventually bottoming out at around $41 US per barrel in 2015. The drop in the price of oil has had a significant impact on the Alberta Economy.

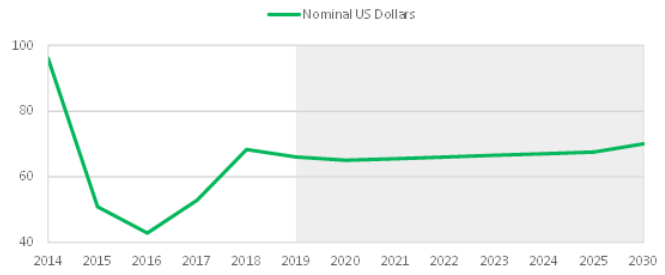

In June 2019, the average price of WTI was $55 US per barrel. As shown on the chart to the right, the oil prices have gradually increased from 2015; however, the prices are still substantially lower than in prior years.

As projected by the World Bank in April 2019, oil prices will not regain the +$100 US per barrel price, but are expected to reach around $70 by 2030. The current government is looking to diversify revenues to lessen the impact of oil prices on provincial finances

World Bank Oil Price Forecast

Crude oil, avg, spot ($/bbl)

	2018	2019	2020	2021	2022	2023	2024	2025	2030
Nominal US Dollars	68.3	66.0	65.0	65.5	66.0	66.5	67.0	67.5	70.0

Source: World Bank Commodity Price Forecast, April 2019

The provincial government has committed to funding school boards for student growth, so unless there is a significant turnaround in the provincial economy it is unlikely that funding in the projection period of the school years ended 2021 to 2023 will increase other than for student growth. Enrolment grant revenues make up approx. 60% of total revenues while other grants from the province are 33% of total revenues.

Student enrolment is expected to increase by 834 students (or 7.06%) over the next four years to September 2022. Enrolment impacts future grant revenues as well as programming and staffing decisions.

Lethbridge School District No. 51

See the following pages for details on changes and projections on each of the Operating Fund accounts

Operating Revenue Sources

The sources of operating revenues are comprised from the General Operating Funds, the School Generated Funds (SGF) Operating Funds, and the Operating Reserve Funds. These operating funds combined together provide the revenues included in the Board Approved Operating Budget. These sources include the following:

	Budget 2019-2020		Budget 2018-2019
Operating Revenues			
Government of Alberta - Alberta Education	**123,517,081**		**122,789,323**
Base Funding	79,343,727		77,101,473
Differential Cost Funding	11,483,705		11,483,705
Projects/Contracts	6,035,407		7,665,580
Other Provincial Revenue	1,327,533		1,370,226
Teacher Pension Costs paid by Government	6,500,000		6,500,000
Transportation	2,468,500		2,468,500
Plant Operations and Maintenance	8,725,187		9,076,399
Capital Block	7,633,022		7,633,022
Federal Government and/or First Nations	**248,128**		**248,128**
Fees	**3,762,082**		**3,409,709**
Other sales and services	**1,308,436**		**1,314,219**
Investment income	**193,000**		**193,000**
Gifts and Donations	**363,000**		**363,000**
Rentals of facilities	**34,704**		**34,704**
Fundraising	**2,461,000**		**2,461,000**
Total Operating Revenues	**131,887,431**		**130,813,083**
Transfer from Reserves	**731,598**		**4,104,637**
Total Operating Revenues and Transfers	**132,619,029**		**134,917,720**

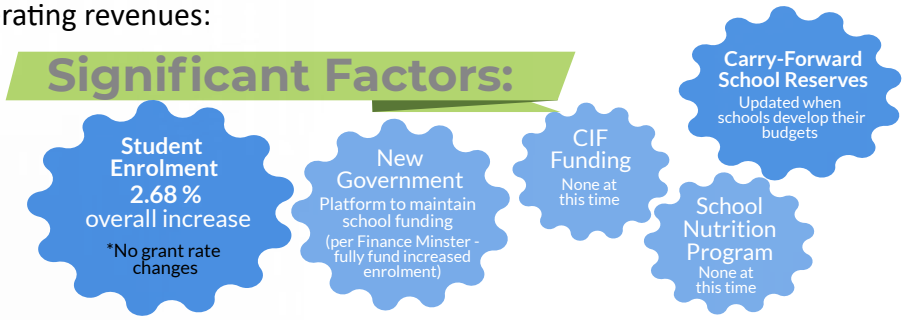

Student enrolment is the most significant factor in determining the District's Funding. Overall there is a 2.91% increase in base funding from 2018/2019.

District is financially dependent on the Provincial government as approx. 93% of all operational funding is from the Province (Alberta Education).

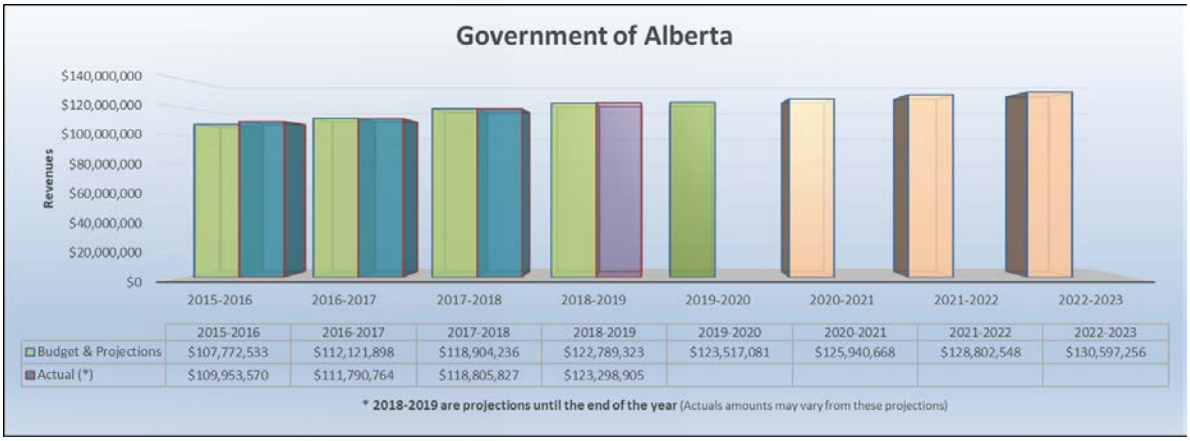

Total budgeted operating revenues for 2019-2020 are $131.89 million prior to the use of one-time reserve funds. One-time reserve funds of $731,598 have been allocated to address Board priorities, supplement staffing, and student needs. With the use of one-time reserves, **total budgeted revenues are $132.62 million**.

The operating revenues are budgeted based on estimated enrolment and other factors. Student enrolment is projected for 2019-2020 using forecasting software that utilizes trend analysis, local demographics, and multiple other factors. Student enrolment is the largest factor for determining the funding from Alberta Education, specifically with the base funding. Other Provincial funding is based on the information available during the development of the budget, including Provincial budget announcements and other trends in funding. The following are some of the significant factors in determining the 2019-2020 operating revenues:

CIF - Classroom Improvement Fund
LAPP - Local Authorities Pension Plan
PUF - Program Unit Funding

The other sources of funding (other than known Provincial funding) are typically budgeted on a conservative basis; whereas, they are only included if they are likely to be received. Some of these revenues that are received can vary significantly from year-to-year; therefore, these usually are included based on average or lower basis. Should the District receive more revenues than budgeted, the resulting surplus may be added to reserves and potentially applied in future budget years.

The Government of Alberta funding represents 93% of all operating funding and is comprised of grants for operation, maintenance, transportation, capital/debt servicing, and for the Infrastructure Maintenance Renewal (IMR) programs.

Revenue Estimates

(Excluding reserves and other revenue sources)

	Projected 2019-2020	September 2018-2019	Total Change	% Change
Alberta Education Operating Grants	104,690,372	104,120,984	569,388	0.55%
Operations and Maintenance	8,725,187	8,566,817	158,370	1.85%
Transportation	2,468,500	2,468,500	0	0.00%
Capital and Debt Servicing	4,576,935	4,576,935	0	0.00%
Infrastructure Maintenance Renewal (IMR)	3,056,087	3,056,087	0	0.00%
	123,517,081	122,789,323	727,758	0.59%

Alberta Education Operating Grants include the Base Funding, Differential Cost Funding, Projects/Contracts, Teacher Pension Costs (paid by Province) and the Other Provincial Revenues.

The majority of these revenues are related to enrolment increases. There has been an upward trend in enrolment due in part to the significant growth that the City of Lethbridge has experienced in prior years, in particular Lethbridge has become home to many refugees families from other Countries. The 2016 census by the Government of Canada ranked Lethbridge as the fifth-fastest growing city in Canada.

During the past four (4) years (15/16 to 18/19), the District has increased from $107.77 million to $122.79 million (13.93% increase) in Provincial funding; whereas, the student enrolment has also increased from 10,629 to 11,502 students (8.21% increase). During this period, the Province had provided Classroom Improvement Fund (CIF) grants of $1.25 million 2017/2018 and $1.30 million in 2018/2019.

- **Base Funding**

  Base Grant funding is based on funded student enrolment. This base funding was increased based on the Finance Minister indicating that student growth will be fully funded. This funding increased by 2.91%. Base funding is calculated on the number of students enrolled as of September 30th of each school year. Base funding is not projecting any changes to the actual per student grant rate; whereas, the increase is only projected based on increased student enrolment. The overall enrolment growth is 2.68%; however, the base funding increase is adjusted with the increase in kindergarten students (0.5 FTE/student) and the effects of CEU funding in high schools, the overall FTE enrolment growth is 2.84%. The majority increase in funding is related to increases in Grades 1-12.

- **Differential Cost Funding**
  Rates for various grants under differentiated funding, such as Inclusive Education, First Nations Metis and Inuit, English as a Second Language and Socio Economic Status were frozen at 2018-2019 funding rates and amounts. Due to the uncertainty of the Provincial Budget, the differential funding remained the same as the prior year to be consistent with the Province's commitment to maintain school funding; whereas, enrolment growth was not attributed to this funding in the budget due to the uncertainty.

- **Projects/Contracts**
  Project/Contract funding decreased by 21.27% due to the removal of the Classroom Improvement Fund (CIF) grant ($1.30 million in 2018/2019) and the School Nutrition Program grants ($277,500 in 2018/2019) as these were one-time grants that were provided on a year-to-year basis. These one-time grants had been provided in the 2017/2018 and 2018/2019 budgets (not considered likely to be reinstated for 2019/2020).

- **Other Provincial Funding**
  Other Provincial revenue decreased with updating some of the specific Making Connections grants that are expected to be received (2018/2019 included some carryforward funding).

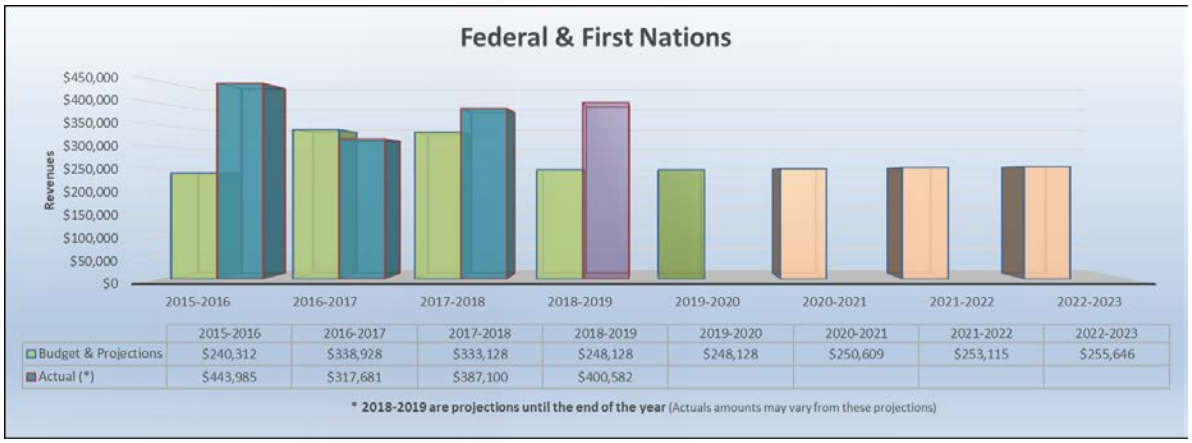

- **Teacher Pension Costs paid by Government**
  To appropriately account for current year teacher pension costs that are paid by the Province of Alberta on behalf of school boards, the District is required to record teacher pension costs paid as part of total district revenues along with the corresponding expenditure as part of Certificated Salaries and Benefit costs. There is no expected changes in the teacher pension costs paid by Alberta Education.

- **Transportation**
  Transportation grant rates are projected to be frozen at 2018-2019 rates; whereas, this funding was maintained at the same level as 2018/2019 as there is no changes expected to the eligible ridership of student (no changes in the school boundaries for 2019/2020)

- **Plant Operations and Maintenance**
  Plant Operations and Maintenance (POM) grant rates are projected to be frozen at 2018-2019 rates and any increases are represented by funding and enrolment growth in the 2018-2019 school year (as these grants are based on the prior year's enrolment).

- **Capital Block**
  In the Capital Block, the Infrastructure Maintenance and Renewal Grant (IMR) are projected to be remain at the same levels as 2018/2019. Revenues recognized from Expended Deferred Capital Revenues (EDCR) has remained consistent with the prior year.

The next projected three (3) budget years (20/21 to 22/23) also include increased student enrolment up to 12,644 students (7.06% over 3 years). The enrolment growth is factored into the Provincial funding. The projections also excluded the Classroom Improvement Fund (CIF) grants for the future years as well.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023

Actual (*)	$443,985	$317,681	$387,100	$400,582				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Funding received for federal programs such as French Language instruction and tuition received for federal government First Nation students. These revenues can fluctuate significantly from year-to-year especially for the amount of First Nation students. In 2015/2016, there was both an increase in the amount of First Nations students and there was additional funding received for a staff secondment (federally funded secondment). The revenues from the Federal Government are expected to remain consistent from Kainai Board of Education for students attending the District and French Immersion revenues.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$1,621,015	$1,342,368	$1,874,026	$3,409,709	$3,762,082	$3,852,748	$3,945,599	$4,040,687
Actual (*)	$2,299,439	$1,530,073	$1,731,863	$2,551,789				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Fee Revenues include both District Fees (General Funds) and Fees received for School Generated Activities (SGF Operating Funds). Historically, the fees revenues have been conservatively budgeted and the actual revenues have exceeded the budgets. In the past couple years, there has been more focus put on fees including the Provincial Government approving the eligible schools fees and the District no longer charging fees for curricular based activities (receives a grant from Province in lieu).

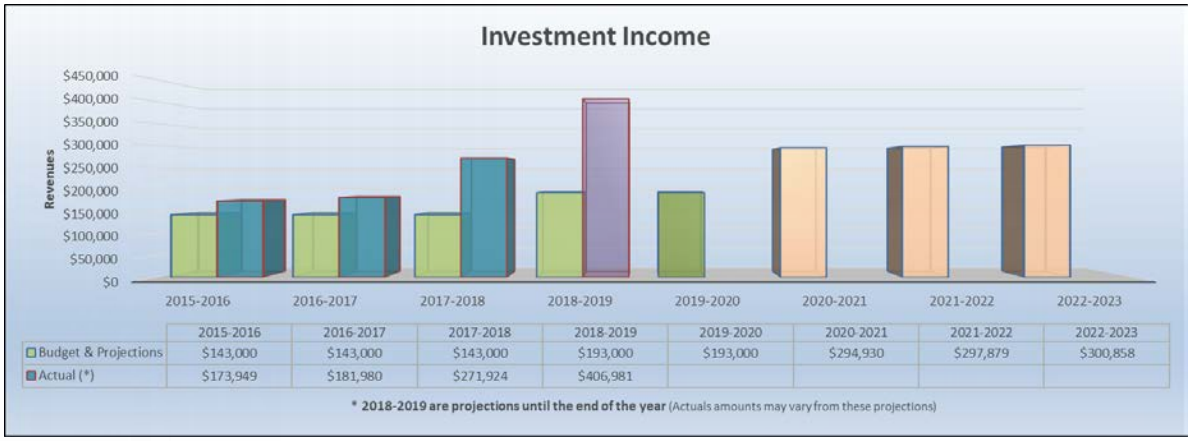

In 2018/2019, there was a significant projected increase in the school-based activities, including extracurricular and non-curricular travel (based on timing of school international trips). Therefore, with the increased SGF activities, there are increases both the projected fees and related costs (there is a Provincial Act/Regulation that fees can not exceed the cost of the related activity). As the fees are tied directly with the costs, should the activities be more or less than budget the revenues will offset the costs (i.e. decreased costs will result in decreased revenues, no net effect on surplus).

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$589,797	$771,717	$1,065,175	$1,314,219	$1,308,436	$900,000	$900,000	$900,000
Actual (*)	$1,034,141	$1,317,898	$1,244,744	$1,314,219				

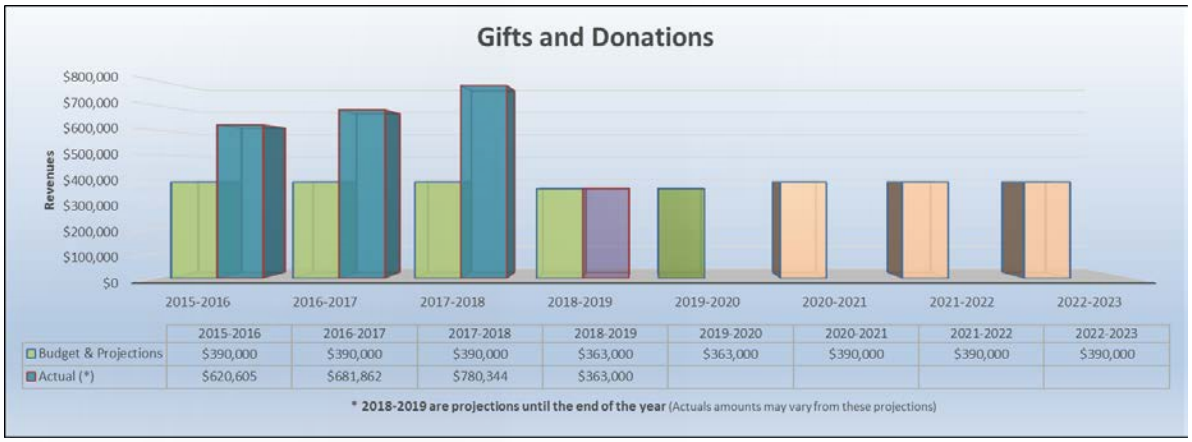

Other Sales and Services revenues include both District revenues (General Funds) and other revenues received for School Generated Activities (SGF Operating Funds). These revenues include international student tuition fees, secondments, and other sales/services.

Historically, these revenues have been conservatively budgeted and the actual revenues have exceeded the budgets. In 2014/2015, the International Tuition revenues and other revenues were less than normally received (reduction in the International program would have been somewhat offset by reduction in related costs). The International Tuition revenues were higher than budget in 2015/2016 to the current year. The projected budgets are budgeted conservatively based on the historical trends.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$143,000	$143,000	$143,000	$193,000	$193,000	$294,930	$297,879	$300,858
Actual (*)	$173,949	$181,980	$271,924	$406,981				

Investment Income revenue is the interest earned on the cash and investments that the District holds (i.e. funds held for reserves and fund balances). Investment Income has been increasing over the past couple years with increases in financial assets (with increases in fund balances) and increased investment rates. The District budgets these revenues on a conservative basis; whereas, for 2018/2019 and in 2020/2021 these revenues were budgeted to increase based on prior years. The projected budgets are based on slight increases from year-to-year.

Gift and Donations revenues include both District revenues (General Funds) and contributions received for School Generated Activities (SGF Operating Funds). Historically, these revenues have been conservatively budgeted and the actual revenues have exceeded the budgets from year-to-year. The current and projected budgets are continued to be budgeted conservatively as these funds could fluctuate significantly from year-to-year.

Rental of Facilities revenues are relatively consistent from year-to-year and are based on the rental agreements with the Southern Alberta Professional Development Consortium (SAPDC), the Boys and Girls Club, and with Lethbridge Public Local 41. Currently, the only fluctuations are based on the amount that the facilities are utilized during the summer months. The projected budgets are based on the continuation of these rental agreements.

Fundraising revenues are received for School Generated Activities (SGF Operating Funds). These revenues include revenues received for school-based fundraising activities for sports/ athletics, graduation, fine arts/drama, playgrounds, and other fundraising activities. As the fundraising revenues are tied directly with the related costs, should the activities be more or less than budget the revenues will offset the costs (i.e. decreased revenues will result in decreased costs on projects). The projected budgets are factored by enrolment growth.

REVENUE PROJECTION OVERVIEW

The following is an overview of the revenue projections for the next three (3) budget years:

	Budget 2019-2020	Projection 2020-2021	Projection 2021-2022	Projection 2022-2023
Operating Revenues				
Government of Alberta - Alberta Education	**123,517,081**	**125,940,668**	**128,802,548**	**130,597,256**
Base Funding	79,343,727	81,064,692	83,100,226	84,379,138
Differential Cost Funding	11,483,705	11,666,365	11,881,189	12,015,280
Projects/Contracts	6,035,407	6,131,406	6,244,310	6,314,783
Other Provincial Revenue	1,327,533	1,348,649	1,373,483	1,388,984
Teacher Pension Costs paid by Government	6,500,000	6,603,389	6,724,984	6,800,882
Transportation	2,468,500	2,507,764	2,553,942	2,582,766
Plant Operations and Maintenance	8,725,187	8,863,970	9,027,191	9,129,072
Capital Block	7,633,022	7,754,433	7,897,223	7,986,351
Federal Government and/or First Nations	**248,128**	**250,609**	**253,115**	**255,646**
Fees	**3,762,082**	**3,852,748**	**3,945,599**	**4,040,687**

Fundraising	**2,461,000**	**2,520,310**	**2,590,627**	**2,634,927**
Total Operating Revenues	**131,887,431**	**134,183,969**	**137,214,472**	**139,154,078**
Transfer from Reserves	**731,598**	**1,011,998**	**(80,871)**	**(437,416)**
Total Operating Revenues and Transfers	**132,619,029**	**135,195,967**	**137,133,601**	**138,716,662**

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment up to 12,644 students (7.06% over 3 years). The enrolment growth is factored into the Provincial funding and Fundraising revenues. The projections also remove the Classroom Improvement Fund (CIF) grants as it is projected to end in 2018/2019 as it is a "one-time" grant fund from 2017/2018 that was continued only for 2018/2019.

Operating Expenditures by Object

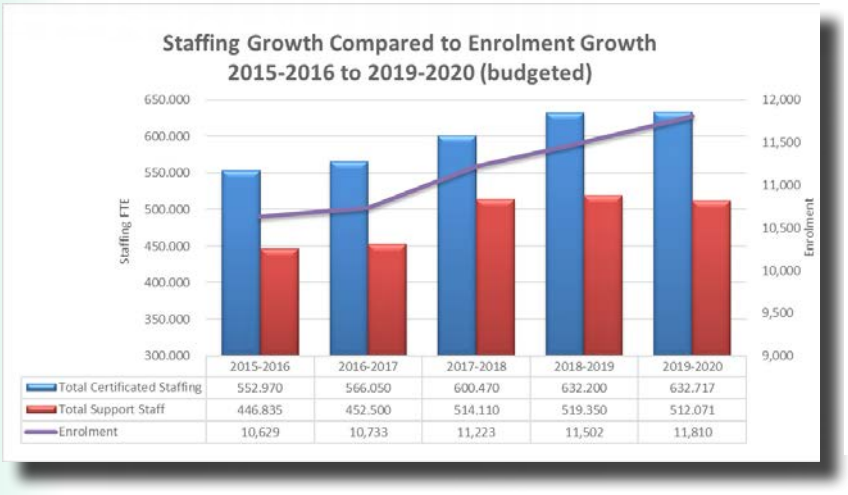

The sources of operating expenditures are comprised from the General Operating Funds, the School Generated Funds (SGF) Operating Funds, Operating Reserve Funds, and the operating transfers to the Board Funded Capital. These operating funds combined together provide the expenditures included in the Board Approved Operating Budget. These sources include the following expenditures by object:

	Budget 2019-2020		Budget 2018-2019
Operating Expenses by Object			
Certificated salaries and benefits	73,969,826		73,695,079
Uncertificated salaries and benefits	28,644,327		28,999,771
Contracted and general services	8,687,290		9,125,006
Supplies	3,716,239		5,404,969
Utilities	2,307,600		2,307,600
Contingency, commitments and transfers	32,227		991,431
School Generated Activities	6,481,461		6,129,088
Amortization of Tangible Capital Assets	5,138,184		5,138,184
Infrastructure, Maintenance and Renewal	2,951,592		2,951,592
Interest on Capital Debt	0		0
Total Operating Expenses by Object	131,928,746		134,742,720
Transfer to Reserves	600,000		70,000
Transfer to Board Funded Capital	90,283		105,000
Total Operating Expenses and Transfers	132,619,029		134,917,720

Total budgeted operating expenses for 2019-2020 are $131.93 million prior to transferring funds to reserves and Board funded capital. Operating funds of $600,000 have been allocated towards capital reserves for the District's technology evergreening funding, which is effectively saved over multiple years and the technology is purchased/installed in large replacement phases. There is also $90,283 of funding in the current year budget being utilized for Board funded capital. With the transfer to reserves and Board funded capital, **total budgeted expenditures are $132.62 million**.

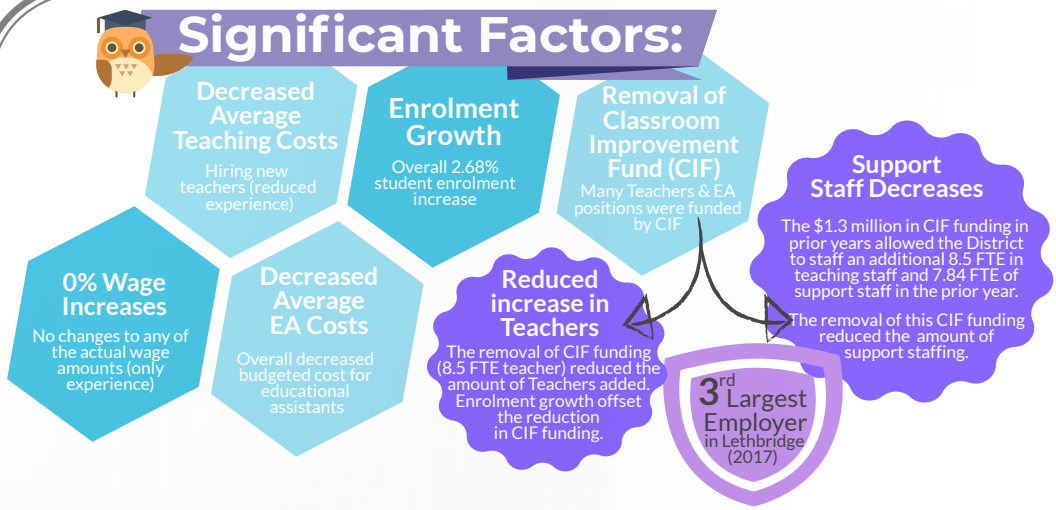

The operating expenditures are budgeted based on estimated staffing and costs to meet the projected enrolment and other factors. Expenditures are typically budgeted conservatively; whereas, costs are typically budgeted on the somewhat higher-end to ensure that actuals may be within budget (avoiding deficits). Staffing is the largest component of the District's expenditures; whereas, salaries and benefits (certified and uncertified staffing) accounts for approximately 78% of the budget. The following is a comparison between the growth of staffing and enrolment:

Enrolment growth is the largest factor for staffing.

5 Year Growth	Enrolment	Certified Staff	Support Staff
	+11.11%	+14.42%	+14.60%

Certified Staff increased by net of 4.0 FTE (0.63%) to total of 623 FTE with enrolment growth and the removal of CIF.

Uncertified staff decreased by 75 FTE (1.45%) to total of 512 FTE due to removal of CIF.

HUMAN RESOURCES

District staffing has the greatest impact on the educational opportunities provided to students within Lethbridge School District No. 51 and consequently makes up 78% of the District's budget. The District will employ 632 full time equivalent (FTE) teachers and 512 full time equivalents (FTE) support staff in 2019-2020. Teachers and support staff have continued to grow for many years due to enrolment growth in the District.

The District spends 56% of the budget on teaching staff. Teaching staff will increase by a net of 4.0 FTE; whereas, there was 12.5 FTE of teaching staff added to address enrolment growth and class-sizes, where this is offset by the reduction of 8.5 FTE of teaching positions that were funded by CIF. With no increase in grant rates and that the Province is funding enrolment, additional teaching staff have been added to address student growth and class sizes only. Reducing class sizes and maintaining other supports and services is a difficult balancing act and the District has added addition funding in the budget to assist in maintaining reasonable class sizes.

The District spends 22% of the budget on support staff positions and overall they will decrease by 7.5 FTE in 2019-2020 due to the removal of the support positions funded by the Classroom Improvement Fund (CIF). There was no projected increases in the differential funding for inclusive education, hence that the support positions (educational assistants) had effectively been maintained at the same levels as 2018-2019; however, the removal of CIF reduced the support positions by 7.85 FTE.

In the five year period from 2015-2016 total District staffing will have increased by 144.98 FTE or 14.50%. Teaching staff will have increased by 79.75 FTE or 14.42% and support staff has increased by 65.24 FTE or 14.60%. Support staff have grown significantly in the last five years. The Classroom Improvement Fund (CIF), which has been available in budget 2017-2018 and 2018-2019 has provided funding for additional teaching and support staffing in the classrooms; however, the CIF funding has been removed from the 2019-2020 budget as this grant is a one-time grant provided on a year-to-year basis (considered unlikely to be reinstated).

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$66,642,873	$68,136,372	$71,250,365	$73,695,079	$73,969,826	$75,039,430	$76,295,590	$77,078,383
Actual (*)	$65,860,537	$66,658,697	$70,710,850	$73,695,079				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Certificated salaries and benefits have been historically around 56% of total expenditures. No increased cost of negotiated salaries is anticipated in the projection period due to the economic circumstances of the Province. The teachers' contract for the period 2018-2019 to 2020-2021 has not yet been fully negotiated and finalized (negotiated on a Provincial level for standard teaching grids for across the Province - specific sections are going to arbitration).

Majority of certified salaries and benefits are budgeted based on average teacher costs. During the past couple years the District has been able to generate cost savings on the actual average teachers costs as the District has been hiring more new teachers than estimated in the budgets (which are budgeted slightly conservative); therefore, savings have been able to be added to operating reserves for a staff stability fund (for future increases in teaching costs). For 2019/2020, these average costs are increased by projected staff experience increments (currently no projected increase to teacher grid rates - only grid movements) and this increase is somewhat offset by projected retirements of teaching staff (at higher experience grids) and hiring new teachers. Overall there has been a decrease in the average teacher costs projected for 2019/2020.

In 2019/2020, it is budgeted that the District will have approximately $73.97 million expended on teaching staff (certificated staffing), which is approximately 56% of the total District budget. The District will expend 0.37% more on teaching staff costs in 2019-2020. Average teacher costs decreased from 2018-2019. Additional 12.5 FTE of teachers have been included in the budget to help address enrolment growth and class sizes; however, there is a reduction of 8.5 FTE of teaching staff that were funded by the Classroom Improvement Fund (CIF). **Overall there are approximately 4.0 FTE teachers more than in budgeted 2018-2019, which is a 0.63% increase in the number of teaching staff.**

The projected costs of certified staff are expected to increase for growth of student enrolment over the next couple years. Although CIF funded staffing is removed from the budgets, there is still an overall increase in projected certified staffing during the next projected three (3) budget years (20/21 to 22/23) to address the enrolment growth and maintain reasonable class sizes.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$24,797,602	$26,218,086	$28,282,684	$28,999,771	$28,644,327	$29,069,247	$29,554,202	$29,856,408
Actual (*)	$26,021,242	$26,832,980	$28,237,952	$28,999,771				

Uncertificated salaries and benefits have historically been around 22% of total expenditures. No increased cost of negotiated salaries is anticipated in the projection period due to the economic circumstances of the Province.

Many of the positions within uncertified salaries and benefits are budgeted based on average costs (including educational assistants). For 2019/2020, these average costs of these positions have increased from projected staff experience increments (currently no projected increase to salary grid rates - only grid movements); however, the average benefit costs of educational assistants had decreased (based on the actual utilization of the pension). Overall there has been an slight decrease in the average educational assistant costs projected for 2019/2020.

In 2019/2020, it is budgeted that the District will have approximately $28.6 million expended on support staff, which is approximately 22% of the total District budget. The District expects 1.23% decrease in support staff costs in 2019-2020 with the removal of the support positions funded by the Classroom Improvement Fund (CIF). Although there has been student enrolment growth, there is uncertainty whether specific provincial funding such as differential funding form inclusive education will be increased for growth; therefore, as this funding remained at the same levels as 2018/2019, there were no increased in educational assistants for the increased enrolment (will likely be increased should this funding be increased). In the prior year, the CIF funding allowed for an additional 7.85 FTE of support staffing, which was not continued in 2019/2020. **Overall there is a 7.5 FTE or 1.45% decrease in support staff** (with the removal of CIF funding)**.**

The projected costs of uncertified staff are expected to increase for growth of student enrolment over the next couple years. Although CIF funded staffing is removed from the budgets, there is still an overall increase in projected support staffing during the next projected three (3) budget years (20/21 to 22/23)

STAFFING SUMMARY

District staffing has the greatest impact on the educational opportunities provided to students within Lethbridge School District No. 51 and consequently makes up 78% of the District's budget. Student enrolment growth is one of the largest factors in determining the staffing levels. To address student enrolment growth and the removal of the CIF funding, the District increased certified staffing by a net of 4.0 full time equivalent (FTE) teachers and reduced the uncertified staff by 7.5 full time equivalent (FTE) support staff.

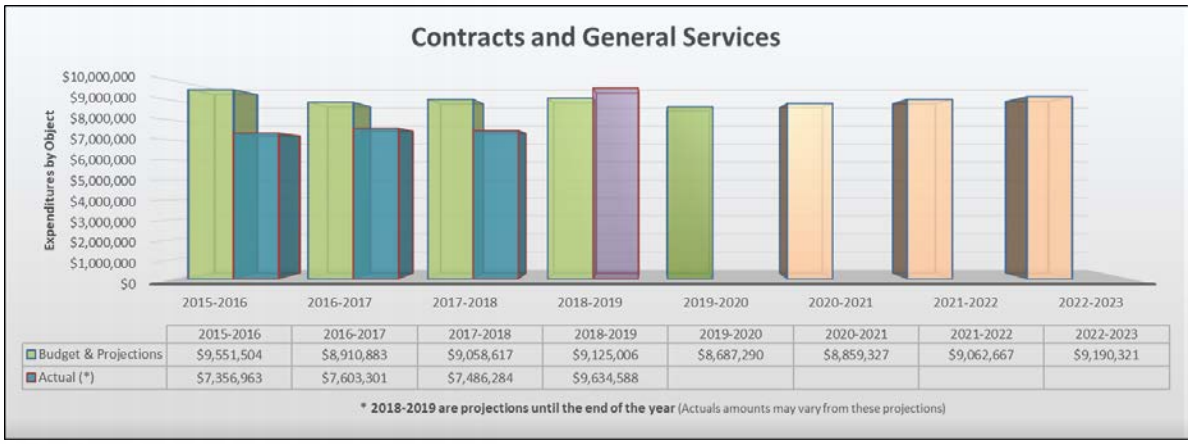

The District will employ 632 full time equivalent (FTE) teachers and 512 full time equivalents (FTE) support staff in 2019-2020. Over the past five (5) years, the District has overall increased staffing at a higher level than the increases in student enrolment.

Expenditures by Object	2019-2020	2018-2019	Variance	Change %
Certificated Staffing	$73,969,826	$73,695,080	$274,746	0.37%
Uncertificated Staffing	$28,644,327	$28,999,770	($355,443)	-1.23%

Certified staff (teachers) increased by 4.0 FTE (0.36%); however, offset by decrease in the average salaries of teachers

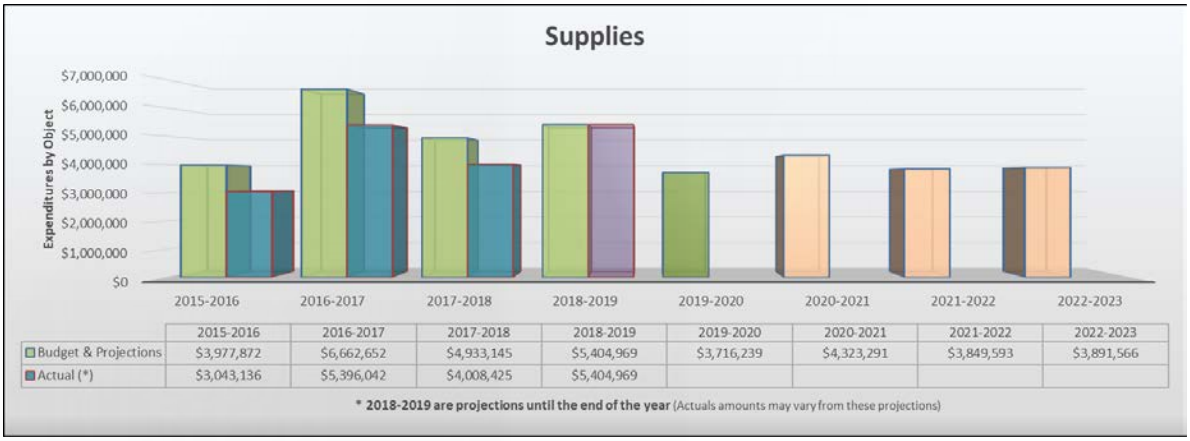

Uncertified staff (support) decreased by 7.5 FTE (1.45%); however, also had decreases in the average salaries of educational assistants (EA)

5 Year Growth	Enrolment	Certified Staff	Support Staff
	+11.11%	+14.42%	+14.60%

Contract and General Services includes contracting out the busing services, legal and accounting services, insurance, professional learning, consultants, building maintenance, leases and other services provided to the District. Historically, these costs have been conservatively budgeted and the actual revenues have been less than the budgets from year-to-year, including consulting professional development, maintenance, and other services. In 2018/2019 the projected costs are expecting to exceed the budget as there was an additional $509,500 of lease grants received from the Province (after fall budget update - provided on a year-to-year basis) which are paid to the societies that own the schools for the Christian alternative schools (the District owns all other school facilities).

The current and projected budgets are continued to be budgeted conservatively as these the amount of these services could fluctuate significantly from year-to-year. Increases in these projections are based on increases in overall student enrolment and growth for inflationary factors of 1% to 2% for each projected year. When resources are limited, the priority is to ensure that the needs of the classroom are met, which may involve the reduction of these types of expenditures to ensure that class sizes remain at acceptable levels.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$3,977,872	$6,662,652	$4,933,145	$5,404,969	$3,716,239	$4,323,291	$3,849,593	$3,891,566
Actual (*)	$3,043,136	$5,396,042	$4,008,425	$5,404,969				

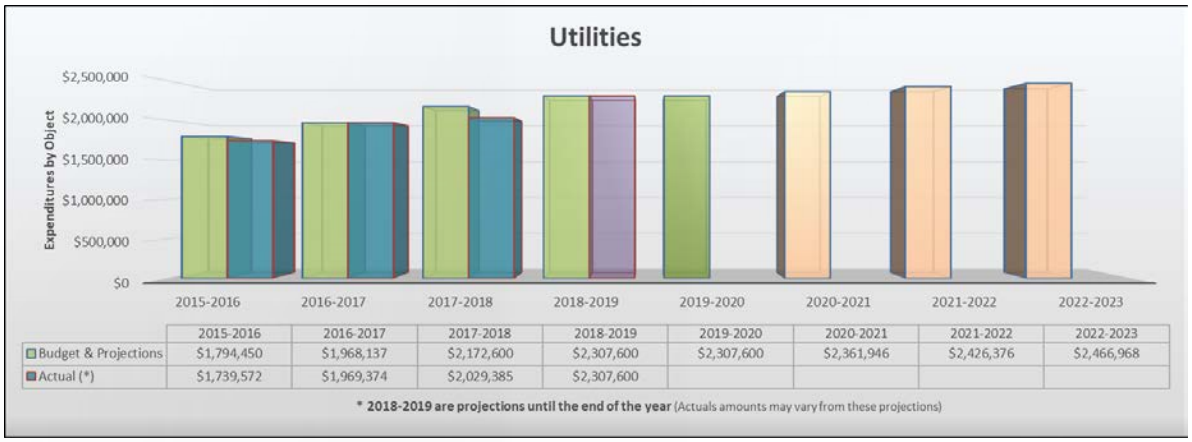

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Supplies includes the purchase of general supplies, textbooks, furniture and equipment (non-capital), and computers/technology. These are the Supplies purchased by the General Fund accounts. Historically, these costs have been conservatively budgeted and the actual revenues have been less than the budgets from year-to-year. These are consolidated within the Supplies category (with the School Generated Activities costs).

Since the last major technology evergreening cycle in 2014/2015, the District has been able to save the technology supply contributions from year-to-year to buildup the operating reserves for the technology evergreening in preparation of the next phase in 2020/2021. Note that starting in budget 2019/2020 the contributions to the technology evergreening are now reclassified as transfers to capital reserves instead of computer supplies as these costs are now being capitalized (accumulated technology evergreening fund balances held in operating reserves have been transferred to capital reserves).

The current and projected budgets are continued to be budgeted conservatively as the amount of these services could fluctuate significantly from year-to-year. The reclassification of the technology evergreening projects to capital removes the major fluctuations in supplies from year-to-year, otherwise would have had large increases ($2-3 million) for the years that an evergreening phase was going to be replaced.

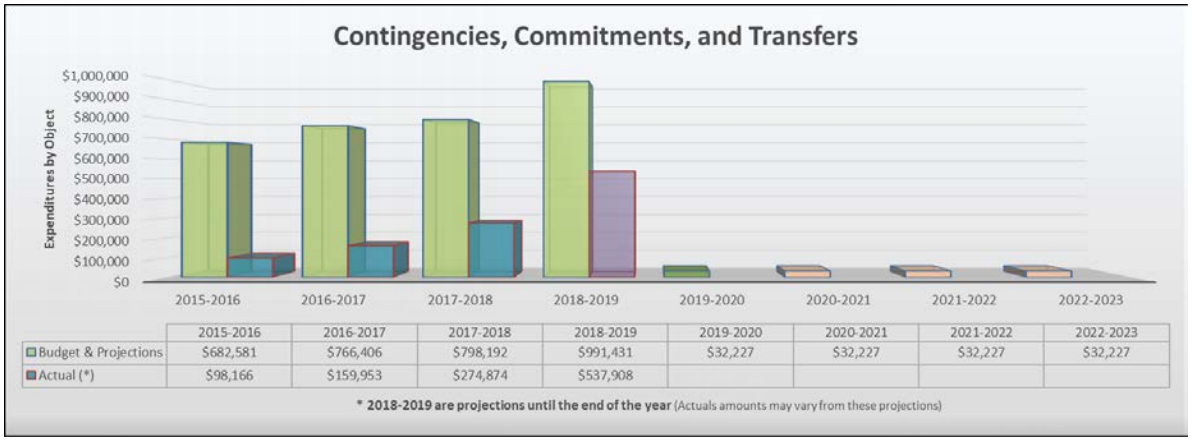

Other increases in these projections are based on increases in overall student enrolment and growth for inflationary factors of 1% to 2% for each projected year. The consumer price index for the Province of Alberta was 1.6% as per the Alberta Economic Outlook for 2019 and has historically been 1% to 2%. When resources are limited, the priority is to ensure that the needs of the classroom are met, which may involve the reduction of these types of expenditures to ensure that class sizes remain at acceptable levels.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$1,794,450	$1,968,137	$2,172,600	$2,307,600	$2,307,600	$2,361,946	$2,426,376	$2,466,968
Actual (*)	$1,739,572	$1,969,374	$2,029,385	$2,307,600				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

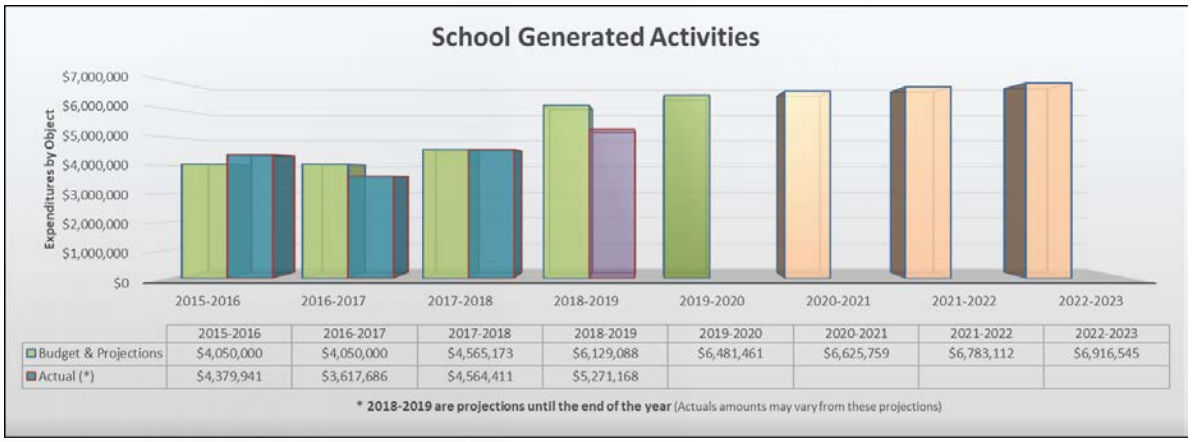

Utility costs have increased from year-to-year based on growth of the District (new schools being added) and increases in the utility rates. The increase in the utility rates include the additional Alberta Carbon Levies that were implemented at the beginning of 2017 ($20/ tonne of CO2 emissions) and increased in 2018 ($30/tonne of CO2 emissions); in which, these levies increased the costs of utilities such as natural gas, diesel & fuel. Although the new provincial government has indicated that they are removing the Alberta Carbon Levies, the District maintained the carbon tax levies in budget 2019 as there is uncertainty whether the federal government will impose these levies on Alberta for 2020 (likely depending on the successful party in the federal election in October 2019).

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$682,581	$766,406	$798,192	$991,431	$32,227	$32,227	$32,227	$32,227
Actual (*)	$98,166	$159,953	$274,874	$537,908				

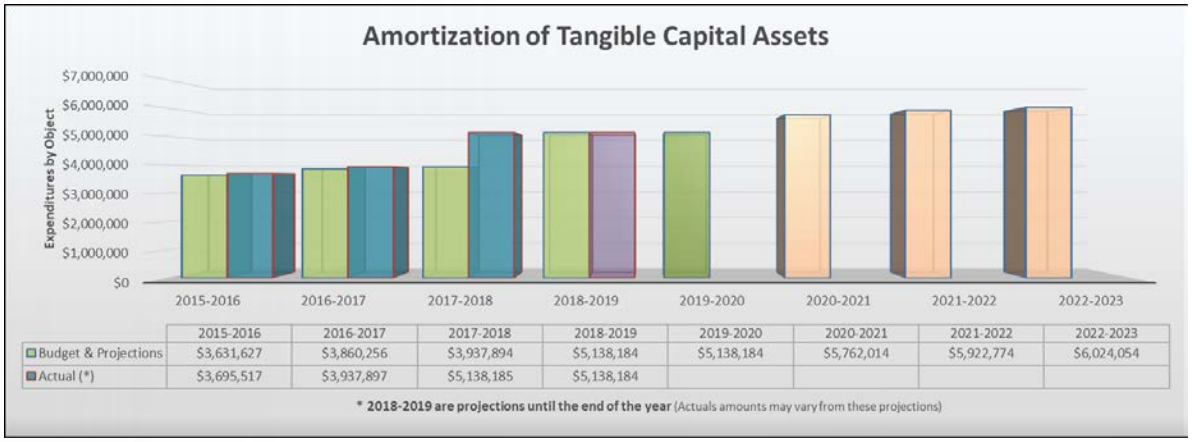

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Contingencies, Commitments, and Transfers include the costs for the transfers to/from other programs/sites, prior year commitments, and funds held in contingency or reserves for a future purpose. Typically, in the approved preliminary operating budget (approved in May prior to the start of the budget year) there is minimal funds set aside for each school's contingency and commitments (not determined until yearend); whereas, this is typically updated in the fall budget (after August 31st yearend). As shown above, the updated fall budgets (15/16 to 18/19) had the increased budgeted amounts as available contingencies. Typically, school contingencies are not fully utilized and these surpluses are carried-forward from year-to-year through the operating reserves.

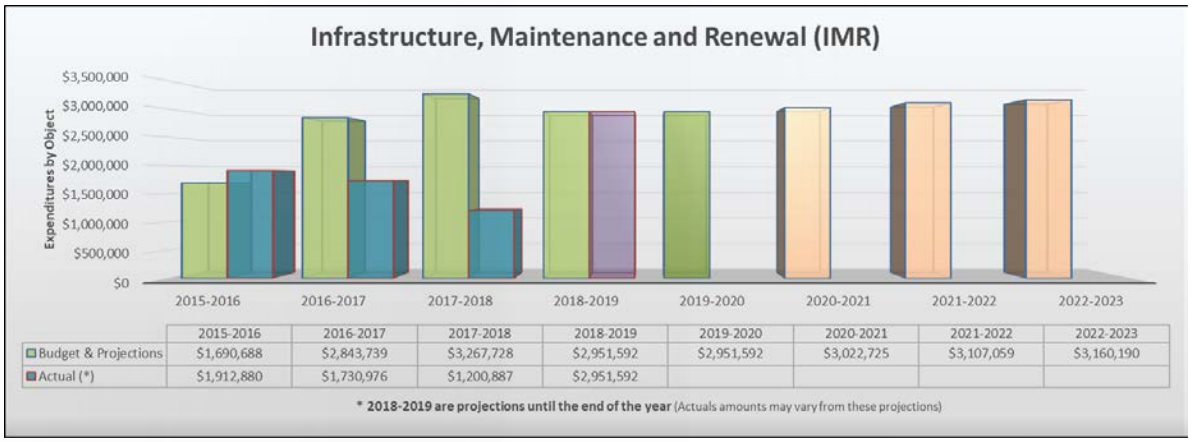

School Generated Activities are the expenditures from the SGF Operating Funds (School Fees, Donations, Fundraising, and Other Sales/Services). Historically, the costs of SGF activities revenues have been comparable to budgets, where any net surpluses of the SGF Operating Funds are included in the SGF operating reserves. These are consolidated within the Supplies category (with the General Funds supplies).

In 2018/2019, there was a significant projected increase in the school-based activities, including extracurricular and non-curricular travel (based on timing of school international trips). Therefore, with the increased SGF activities, there are increases in both the projected fees and related costs (there is a Provincial Act/Regulation that fees can not exceed the cost of the related activity). As the fees are tied directly with the costs, should the activities be more or less than budget the revenues will offset the costs (i.e. decreased costs will result in decreased revenues, no net effect on surplus). This increased SGF activities are projected to continue for future years.

Amortization of Tangible Capital Assets expenses are non-cash expenditures to reduce the net book value of the tangible capital assets (buildings, equipment, vehicles). Amortization is currently budgeted based on the prior year actual as this provides a base for the estimated reduction in the net book value of the tangible capital assets. The projected amortization in future years is based on historical increases in amortization and is projected to increase in 2020/2021 with the capitalization of the technology evergreening phases.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$1,690,688	$2,843,739	$3,267,728	$2,951,592	$2,951,592	$3,022,725	$3,107,059	$3,160,190
Actual (*)	$1,912,880	$1,730,976	$1,200,887	$2,951,592				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Infrastructure, Maintenance and Renewal (IMR) program are the projects that the District undertakes to maintain the District's schools and other facilities. The District receives a specific grant for these projects and it is based on multiple factors such as student enrolment, facility area, and the age of the facilities. Specific Provincial rates are applied to each of these factors. In prior years, the District has not utilized the full IMR grant funding; therefore, this funding is carried forward in deferred revenues until applied (two larger projects planned to utilize this deferred revenues).

For the 2018/2019 budget there was a decrease in funding for the Infrastructure Maintenance and Renewal (IMR) grant based on a reduction in Provincial grant rates. A reduction in IMR grant funding also reduces the projected IMR projects. The two large IMR projects for HVAC (heating, ventilation, and air conditioning) have started in 2018-2019 for Senator Buchanan Elementary School and Westminster Elementary School.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$43,771	$24,053	$4,334	$0	$0	$0	$0	$0
Actual (*)	$43,771	$24,053	$4,334	$0				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

Interest on Capital debt relates to the supported interest on debentures (debt). These debentures are supported as the Province makes the payments on behalf of the district; whereas, during 2017/2018 the District had all remaining debentures fully repaid during the year. Therefore, with no outstanding debenture debt, the interest on the capital debt is eliminated in 2018/2019 and future budget years.

EXPENSE PROJECTION OVERVIEW

The following is an overview of the expense projections for the next three (3) budget years:

	Budget 2019-2020	Budget 2020-2021	Budget 2021-2022	Budget 2022-2023
Operating Expenses by Object				
Certificated salaries and benefits	73,969,826	75,039,430	76,295,590	77,078,383
Uncertificated salaries and benefits	28,644,327	29,069,247	29,554,202	29,856,408
Contracted and general services	8,687,290	8,859,327	9,062,667	9,190,321
Supplies	3,716,239	4,323,291	3,849,593	3,891,566
Utilities	2,307,600	2,361,946	2,426,376	2,466,968
Contingency, commitments and transfers	32,227	32,227	32,227	32,227
School Generated Activities	6,481,461	6,625,759	6,783,112	6,916,545
Amortization of Tangible Capital Assets	5,138,184	5,762,014	5,922,774	6,024,054
Infrastructure, Maintenance and Renewal	2,951,592	3,022,725	3,107,059	3,160,190
Interest on Capital Debt	0	0	0	0
Total Operating Expenses by Object	131,928,746	135,095,967	137,033,601	138,616,662
Transfer to Reserves	600,000	0	0	0
Transfer to Board Funded Capital	90,283	0	0	0
Total Operating Expenses and Transfers	132,619,029	135,095,967	137,033,601	138,616,662

Salary increases and the cost of experience increments and benefit cost increases places significant pressures on the operating budget and is expected to continue. Salary and benefit costs could increase from experience increments; however, these increases are somewhat offset by potential staff retirements. When beginning teachers are hired to replace retired teachers there is a reduction in the average teaching cost to the District, which assists with overall salary cost increases and the District's ability to maintain current staffing levels or ideally hire additional staffing to meet student needs. The projected increase in staffing costs mostly relates to increased student enrolment for hiring additional teachers and support staffing for the enrolment growth (to maintain appropriate class sizes).

The cost of supplies and contracted services will increase a minimum of 1% per year over the next three years for inflation factors. Spending on supplies and contracted services will be adjusted to ensure that expenditures do not exceed forecasted revenues (unless expenditures are specifically funded by reserves). When resources are limited, the priority is to ensure that the needs of classrooms are met which may involve the reduction of supplies and contracted services. Some of the one-time projects/ costs included in the forecasts:

- In 2020/21, the District will expend approximately $550,000 to resource the new Southeast Elementary School that is in process of being constructed. These funds will come out of funds accumulated in one-time reserves that have been saved specifically for this purpose.

Utilities are increased for the growth of the District and the effects of the Alberta Carbon Levies (or federal carbon tax levies). The cost of school generated activities will correlate to the applicable revenues, including school fees, fundraising, and donations.

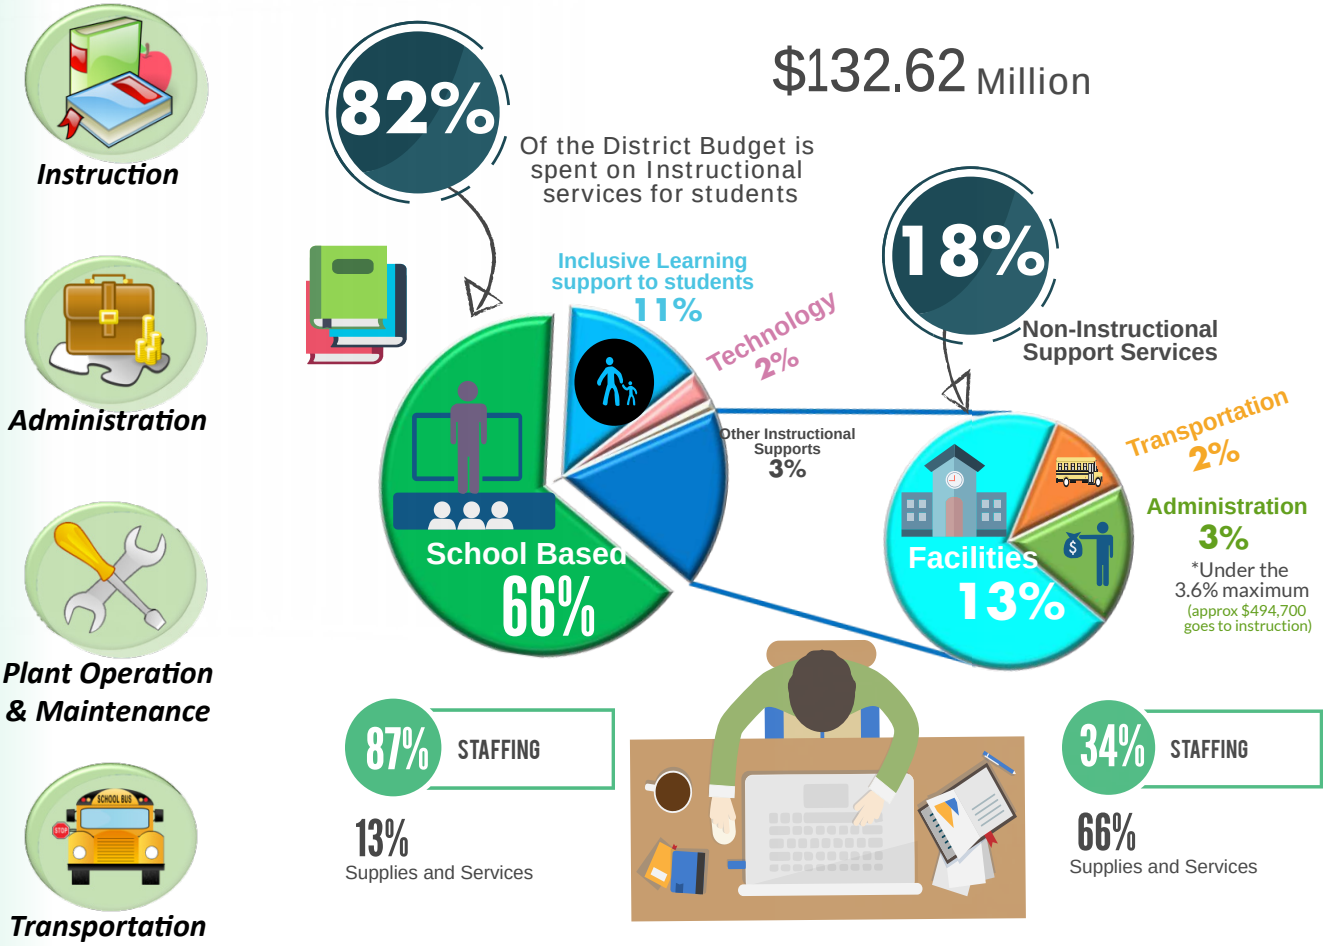

Amortization is expected to increase in 2020/2021 with the capitalization of the technology evergreening phases as the upcoming phase will be capitalized.

Summary of Expenditures by Program

The sources of operating expenditures are comprised from the General Operating Funds, the School Generated Funds (SGF) Operating Funds, Operating Reserve Funds, and transfers to Board Funded Capital. These operating funds combined together provide the expenditures included in the Board Approved Operating Budget. These sources include the following expenditures by major program/ function of the District:

	Budget 2019-2020		Budget 2018-2019
Operating Expenses by Program			
Instruction	108,351,558		111,220,304
Administration	4,253,283		4,253,283
Plant Operations and Maintenance	8,765,350		8,710,578
Transportation	2,468,779		2,468,779
Capital and Debt Services	8,089,776		8,089,776
Total Operating Expenses by Program	131,928,746		134,742,720
Transfer to Reserves	600,000		70,000
Transfer to Board Funded Capital	90,283		105,000
Total Operating Expenses and Transfers	132,619,029		134,917,720

Funding is allocated to District programs and services to ensure that programs meet the needs of students and schools to remain viable. The $132.62 million of funding resources are allocated to five major program areas including Instruction, Plant Operations and Maintenance, Transportation, Administration, and Capital and Debt Services.

Instruction accounts for approximately 82% of the total operating expenditures. Non-Instructional services account for the remaining approximate 18% of operating expenditures and includes Administration, Plant Operations & Maintenance, Transportation, and Capital & Debt Services.

See the Summary by Program and Location section for additional details on each of the major programs.

Average Cost per FTE

In 2016-2017, the cost was approximately $11,784 to educate a full time equivalent student in Lethbridge School District No. 51 as compared to the provincial average of all public school authorities of $11,935 per student (most current available financial statements for the Province).

In 2017-2018 the cost is projected at $12,239, 2018-2019 budget the cost is projected to be $12,123, and in the 2019-2020 budget the cost is projected to be $11,723 per full time equivalent student. The Board implements a responsible fiscal plan to ensure that resources entrusted to the District are spent efficiently, effectively, and reflects the Board's priorities to provide the best learning opportunities for Lethbridge School District No. 51 students.

Note:
- *Early Education Program and Kindergarten students are equivalent to 0.5 FTE per student*
- *High School Students FTE are based on an average Credit Enrolment Units (CEU)*

For Budget 2017/2018, total students is 11,223 (total FTE is 10,504)
For Budget 2018/2019, total students is 11,502 (total FTE is 10,733)
For Budget 2018/2019, total students is 11,810 (total FTE is 11,038)

Budget 2019/2020 - Operating Fund Summary

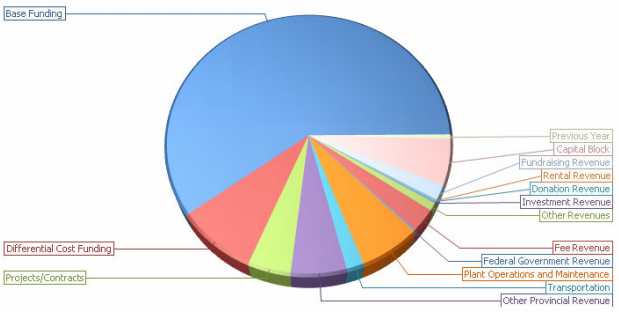

The operating revenues and expenditures are comprised from the General Operating Funds, the School Generated Funds (SGF) Operating Funds, Operating Reserve Funds, and transfers to Board Funded Capital. These operating funds combined together provide the expenditures included in the Board Approved Operating Budget. The following is a summary of the approved operating budget:

Revenues	2019-2020		2018-2019		Variance	Change %

Notes

Summary of Projected Operating Fund Balances

The operating fund balances are comprised of the District's Unrestricted Surplus and Operating Reserves (General & SGF). The District has been able to build the Accumulated Surplus from Operations (ASO) in the years 2014 to 2016 as funds were being saved for the District's evergreening of computers at the elementary school level in 2016-2017. Due to significant savings in the technology evergreening, the District was able to retain much of the evergreening funds for an additional evergreening in 2018/2019.

In accordance with Public Sector Accounting Standards, the unspent school generated funds (SGF) is included in the District's ASO. The "Adjusted ASO" excludes these unspent SGF funds which are held at the schools. The Adjusted ASO is typically reviewed and compared to expenditures to review the financial health of the District (recommended ratio is between 1% and 5%).

Adjusted ASO ratios (actual):
2015/2016 - 9.45%
2016/2017 - 8.70%
2017/2017 - 7.01%

Adjusted ASO ratios (projected):
2018/2019 - 4.15%
2019/2020 - 3.66%
2020/2021 - 2.82%
2021/2022 - 2.84%
2022/2023 - 3.12%

The "range" is the Provincial recommended ratio between 1% and 5% of total operating expenditures.

As shown in the above, the District is projecting declining operating fund balances (Adjusted ASO), specifically relating to the operating reserves. Although trends of declining fund balances are typically considered a negative impact on an organization; the District's reductions are planned and the resulting fund balances are being reduced to the recommended ratios.

As shown above, the District is projected to have an Adjusted Accumulated Surplus from Operations (Adjusted ASO) ratio of 4.15% of total expenditures by the end of 2018/2019 and a ratio of 3.66% of total expenditures by the end of 2019/2020. Historically, the District had a higher ratio due to cost savings over the past couple years (from budgets) and the District has been accumulating funds for the technology evergreening in operating reserves (moved to capital reserves in 2017/2018).

The District will be reducing its fund balances to 2.82% by the end of 2020/2021, will remain at a similar level in 2021/2022 of 2.84% and will have a slight increase projected in 2022/2023 to a projected ratio of 3.12% of total expenditures. These ratios are within the recommended ranges. Therefore, as these are planned and within the recommended ratios there are no operational concerns relating to the fund balances. The District will need to monitor the ASO in future operating budgets to ensure that it maintains an appropriate balance between meeting the needs of students and the financial health of the District.

In budget 2019-2020, one-time reserves will be used for students entering our school jurisdiction that require additional support, support for literacy assessment at elementary schools, Spanish resources, funding a full-day kindergarten pilot project, and school based priorities. The use of one-time reserves will reduce the Accumulated Surplus from Operations (ASO) of the District to approximately $7.25 million or 5.49% of operating expenditures and an estimated Adjusted ASO of $4.82 million or 3.66% of planned expenditures.

Within the next three (3) projected budget years, it is planned that the New School Start Up Costs funds will be drawn-down for resourcing the new Southeast Elementary School, continuation of the full-day kindergarten pilot project, and other one-time reserves may be utilized to fund the upcoming projects and other needs of the District.

SUMMARY FOR INDIVIDUAL OPERATING FUNDS

The Approved Operating Budget is comprised of four (4) of the major types of funds, including General Operating, School Generated Funds (SGF), Reserves, and the operating transfers to the Board Funded Capital; whereas, these components are all derived from the operating funding received by the District.

Breakdown of Operating Funds

The General Operating Fund accounts for the majority of the operating revenues and expenses included in the Approved Operating Budget. These General accounts include all of the operating accounts other than the School Generated Funds (SGF) and the transfers to/from the Operating Reserves and the transfers to the Board Funded Capital. The transfers to Operating Reserves and Board funded capital are funded from the General Operating Fund.

For reporting purposes, the operating revenues and expenses are divided into two (2) major fund accounts:

- General Operating Fund
- School Generated Funds (SGF) Operating Fund

The effects of the fund balances of the Operating Reserves and the transfers to the Board Funded Capital are included in the fund balances summaries for each of the above major fund accounts.

Note that for the reporting of the Programs/Locations (in the following sections) that all of the components within the Approved Operating Budget (General, SGF, Reserves, & Board Funded Capital) are included in each of the programs/locations. For example, the Instruction Program includes the General Fund and the SGF Operating Accounts and related transfers. This provides a more complete picture of each of the programs and correlated to the structure of the Approved Operating Budget.

General Operating Funds

The General Operating Fund accounts for the majority of the operating revenues and expenses included in the Approved Operating Budget. These General accounts include all of the operating accounts other than the School Generated Funds (SGF) and the transfers to/from the Operating Reserves and the transfers to the Board Funded Capital. The transfers to Operating Reserves and Board funded capital are funded from the General Operating Fund.

The General Operating Funds provide a total of **$125.41 million of revenues** towards the District operations, including the following:

- **Government of Alberta Funding** - Includes all of the Provincial Operating Grants of $123.52 million ($122.80 million in 18/19 budget - 0.59% increase). The majority of the increase is due to enrolment growth of 2.68%. Other factors include the removal of the CIF funding and school nutrition program funding in 2019/2020, and that the other provincial grants were maintained from prior year (not increased with enrolment growth due to the uncertainty of the provincial budget).

- **Federal Government/First Nations Funding** - Includes all of the funding received from the federal programs including the tuition received for federal government First Nation students. These revenues of $248,128 are expected to be constant with the prior year budget, based on consistent number of First Nation students.

- **District Fees** - Includes the school fees for optional courses/materials at secondary schools (Middle & High Schools) that are allocated toward the school-based budgets. These revenues of $235,621 are expected to remain the same as the prior year's budget.

- **Other Sales and Services provided by the District** - Includes the international student tuition, early education program (EEP) tuition, dual-credit tuition, secondments, and other sales/services. These revenues of $1,174,436 are expected to slightly decrease from the prior year's budget of $1,180,219 (0.49% decrease) for the reductions in the fees collected through the EEP program.

- **Investment Income** - Includes the interest earned on the cash and investments that the District holds. These revenues of $193,000 are expected to remain the same as the prior year's budget of $143,000. These are budgeted to increase in future budget years with the increase rates that the District has been receiving.

- **District Gifts and Donations** - Includes the donations/gifts received towards the Poverty Intervention Committee. These revenues of $3,000 are expected to be constant with the prior year budget (budgeted conservatively based on historical donations).

- **Rental of Facilities** - Includes the rental of Facilities revenues are relatively consistent from year-to-year and are based on the rental agreements with the Southern Alberta Professional Development Consortium (SAPDC), the Boys and Girls Club, and with Lethbridge Public Local 41. These revenues of $34,704 are expected to be constant with the prior year budget (budgeted current rental agreements).

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment up to 12,644 students (7.06% over 3 years). The enrolment growth is factored into the Provincial funding and District Fees. For a more detailed analysis on these operational revenues and projections, please see the Operating Revenue Sources as discussed in the Summary for Operating Funds.

The General Operating Funds collected are used towards a total of **$125.45 million of expenditures** within in the District operations, including the following:

- **Certified Salaries and Benefits** - Includes the costs of all of the certified teaching staff within the District, including the teacher pension cost paid directly by the Province. These expenditures of $73.97 million are expected to increase from the prior year's budget of $73.69 million (0.37% increase) for the increased staffing to accommodate the increased student enrolment of 12.5 FTE and the reduction of 8.5 FTE for the removal of the CIF funded teaching staff. Overall, there is approximately 4.0 FTE additional teachers more than in the prior year (0.63% increase) to help address enrolment growth and class size. The average teacher cost decreased from the prior year as the District has been hiring more new teachers for growth and replacing of retirements. Staffing costs account for the majority of the operating budget.

- **Uncertified Salaries and Benefits** - Includes the costs of all of the uncertified support staff within the District, including educational assistants, student support, maintenance, caretaking, administrative support, and other supporting staff. These expenditures of $28.64 million are expected to decrease from the prior year's budget of $29.00 million (1.23% increase) for the reduction in the CIF funded positions. Overall, there is approximately 7.5 FTE reduction in support staff than in the prior year (1.45% decrease) with the removal of the CIF funded positions. Note that there is no projected increases in differential funding for inclusive education to increase the amount of educational assistants; however, should the District receive increases in this funding, it will likely result in increased support staffing in the fall budget update. The average cost of educational assistants has also decreased from the prior year with a reduction in the budgeted average benefit costs (based on actual utilization of the pension). Staffing costs account for the majority of the operating budget.

- **Contracted and General Services** - Includes the contracting out of the bussing services, legal and accounting services, insurance, professional learning, consultants, building maintenance, and other services provided to the District. These expenditures of $8.69 million are expected to decrease from the prior year's budget of $9.13 million (4.80% decrease) as the prior year budget included many costs that were funded by one-time reserve carry-forward funding such building maintenance, consulting and professional learning.

- **General Supplies** - Includes the purchase of general supplies, textbooks, furniture and equipment (non-capital), and computers/technology. These expenditures of $3.72 million are expected to decrease from the prior year's budget of $5.40 million (31.24% decrease) as the prior year included approximately $365,000 of resources/supplies for completing the outfitting the new Senator Joyce Fairbairn Middle school, $600,000 of supplies for the technology evergreening (now moved to transfer to capital reserves) and many costs that were funded by one-time reserve carry-forward funding.

- **Utilities** - Includes the cost of electricity, natural gas, water, sewer, and other utility services. These expenditures of $2.31 million are expected to remain the same as the prior year's budget as the District has maintained the Alberta Carbon Tax Levies (or federal levies). The utilities will increase in future years with the additional new schools.

- **Contingencies, Commitments and transfers** - Includes the costs for the transfers to/from other programs/sites, prior year commitments, and funds held in contingency or reserves for a future purpose. These expenditures of $32,227 are expected to decrease from the prior year's budget of $991,431 (96.75% decrease) as the preliminary budget does typically not include the majority of the projected school-based operating carry-forward surpluses. Typically, school contingencies are not fully utilized and these surpluses are carried-forward from year-to-year through the operating reserves and usually added back into contingency in the fall budget.

- **Amortization of Tangible Capital Assets** - Includes the provision for the non-cash expenditures to reduce the net book value of the tangible capital assets (buildings, equipment, vehicles). Amortization is currently budgeted based on the prior year actual as this provides a base for the estimated reduction in the net book value of the tangible capital assets; whereas, this was $5.14 million for the August 31, 2018 financial statements (will be updated in the fall budget based on the August 31, 2019 financial statements). Amortization is expected to increase in future years with the capitalization of the technology evergreening phases.

- **Infrastructure, Maintenance and Renewal (IMR)** - Includes the projects that the District undertakes to maintain the District's schools and other facilities. These expenditures of $2.95 million are expected to remain the same as the prior year's budget as the Province has committed to maintain funding. A reduction in IMR grant funding reduces the projected IMR projects.

- **Interest on Capital Debt** - Includes the supported interest on debentures (debt). These debentures are supported as the Province makes the payments on behalf of the District; whereas, during 2017/2018 the District had all remain debentures fully repaid during the year. Therefore, with no outstanding debenture debt, the interest on the capital debt is eliminated in 2018/2019 and future budget years.

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment up to 12,644 students (7.06% over 3 years). The projected increase in staffing costs mostly relates to increased student enrolment for hiring additional teachers and support staffing for the enrolment growth (to maintain appropriate class sizes).

The cost of supplies and contracted services will increase a minimum of 1% per year over the next three years for inflation factors. Spending on supplies and contracted services will be adjusted to ensure that expenditures do not exceed forecasted revenues (unless expenditures are specifically funded by reserves). When resources are limited, the priority is to ensure that the needs of classrooms are met which may involve the reduction of supplies and contracted services. Some of the one-time projects/ costs included in the forecasts:

- In 2020/21, the District will expend approximately $550,000 to resource the new Southeast Elementary School that is in process of being constructed. These funds will come out of funds accumulated in onetime reserves that have been saved specifically for this purpose.

Utilities are increased for the growth of the District and the effects of the Alberta Carbon Levies.

Budget 2020/2021 will also likely see an increase in the amortization expenses for the capitalization of the technology evergreening phases (for 20/21 and future years).

For a more detailed analysis on these operational expenditures and projections, please see the Operating Expenditures by Object as discussed in the Summary for Operating Funds.

Individual Operating Funds - Programs:
In relation to the breakdown of General Operating Fund and the School Generated Funds (SGF) Operating Fund on the individual programs; the only program that includes both of these individual operating funds is the Instruction Program as this includes the School Generated Funds (SGF) Operating Fund accounts in its reporting. The other programs (Administration, Plant Operation & Maintenance, Transportation, and Capital & Debt Services) are comprised of the General Operating Funds and the transfers from the other fund accounts.

				Transfers		
2019-2020 - Fund Allocation	General Fund	SGF Fund	Total Expenses	Reserve Funds	Board Funded Capital	Total Expenses & Transfers
Instruction	101,870,097	6,481,461	108,351,558	600,000	90,283	109,041,841
Administration	4,253,283		4,253,283	0	0	4,253,283
Plant Operations and Maintenance	8,765,350		8,765,350	0	0	8,765,350
Transportation	2,468,779		2,468,779	0	0	2,468,779
Capital and Debt Services	8,089,776		8,089,776	0	0	8,089,776
Total Expenditures	125,447,285	6,481,461	131,928,746	600,000	90,283	132,619,029

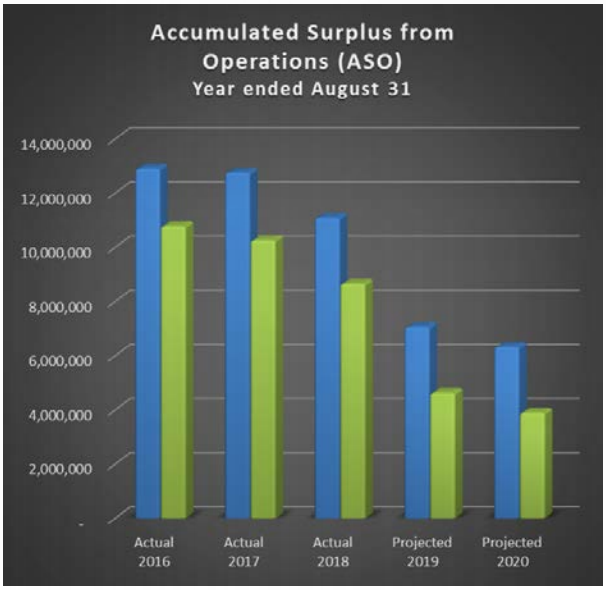

General Operating Fund Balances:

The General Operating Fund Balances are comprised of the District's Unrestricted Surplus and Operating Reserves (excluding SGF Reserves). In accordance with Public Sector Accounting Standards, the unspent school generated funds (SGF) is included in the District's operating reserves within the Accumulated Surplus from Operations (ASO). The "Adjusted ASO" excludes these unspent SGF funds which are held at the schools; therefore, indicating the General Operating Fund Balances. The Adjusted ASO is typically reviewed and compared to expenditures to review the financial health of the District (recommended ratio is between 1% and 5%).

The District is projected to have an Adjusted Accumulated Surplus from Operations (Adjusted ASO) ratio of 4.15% of total expenditures by the end of 2018/2019 and a ratio of 3.66% of total expenditures by the end of 2019/2020. Historically, the District had a higher ratio due to cost savings over the past couple years (from budgets) and the District has been accumulating funds for the technology evergreening (moved to capital reserves).

Adjusted ASO ratios:

2015/2016 - 9.45%
2016/2017 - 8.70%
2017/2018 - 7.01%
2018/2019 - 4.15% (Projected)
2019/2020 - 3.66% (Projected)

The District will be reducing its fund balances to 2.82% by the end of 2020/2021, will remain at a similar level in 2021/2022 of 2.84% and will have a slight increase projected in 2022/2023 to a projected ratio of 3.12% of total expenditures. These ratios are within the recommended ranges. Therefore, as these are planned and within the recommended ratios there are no operational concerns relating to the fund balances. The District will need to monitor the ASO in future operating budgets to ensure that it maintains an appropriate balance between meeting the needs of students and the financial health of the District.

For a more detailed analysis on these general operating fund balances, please see the Summary of Projected Operating Fund Balances as discussed in the Summary for Operating Funds.

SGF Operating Funds

The School Generated Funds (SGF) Operating Fund accounts are included in the operating revenues and expenses included in the Approved Operating Budget.

The SGF Operating Funds provide a total of **$6.48 million of revenues** towards the District operations, including the following:

- **School Fees** - Includes all of school fees relating to the school generated activities, including fees for extracurricular, non-curricular goods/services, non-curricular travel, activity fees, and other school-based fees. As of 2017/2018 school year, through Alberta Bill 1 (an Act to reduce School Fees), the District may no longer charge District Fees for basic instruction (curricular required instruction) and the Provincial Government approves the eligible school fees. The listing of approved school fees for each school is available on the District's website.

These revenues of $3.53 million are expected to increase from the prior year's budget of $3.17 million (11.10% increase) for a projected increases in the school-based activities, including extracurricular and non-curricular travel (based on timing of school international trips) and additional technology user fees for available laptop leases at certain specific middle schools. Therefore, with the increased SGF activities, there are increases in both the projected fees and related costs (there is a Provincial Act/Regulation that fees can not exceed the cost of the related activity). As the fees are tied directly with the costs, should the activities be more or less than budget the revenues will offset the costs (i.e. decreased costs will result in decreased revenues, no net effect on surplus).

	Budget 2019-2020		Budget 2018-2019
Fees			
Transportation	2,950		2,950
Basic instruction supplies	9,950		7,810
Technology user fees	142,500		0
Alternative program fees	20,820		3,000
Fees for optional courses	502,418		413,399
Non-curricular travel	1,352,724		1,330,600
Extracurricular fees	779,313		700,283
Activity fees	504,709		469,040
Non-curricular supplies, materials, and services	402,589		430,743
Other fees to enhance education	41,389		51,734
Other fees	2,720		150
Total Fee Revenues	**3,762,082**		**3,409,709**
SGF Operating Fund - Fees	3,526,461		3,174,088
General Operating Fund - Fees	235,621		235,621
Total Fee Revenues	**3,762,082**		**3,409,709**

** Fees subject to Ministerial Approval*

Technology User Fees - Laptop Leases now available at some specific middle schools.

Optional Courses - many are potential optional courses available to students.

Additional Extracurricular & Travel Opportunities - new opportunities being offered at schools

Note: school fees can fluctuate significantly from year-to-year with SGF activities available; whereas, some international trips can be up to $5,000 per student (optional trip for students) for cost of flights, hotel, and other travel costs ($5,000 x 30 students = $150,000 for a single school trip)

- **Other Sales and Services provided by the Schools** - Includes all of the other funding received by the school for school generated activities (other than fees, gifts/donations and fundraising). These can include sale of yearbooks, clothing, rebates, and other SGF revenues. These revenues of $134,000 are expected to remain consistent from the prior year (budgeted conservatively).

- **Gifts and Donations to the School** - Includes the gifts and donations received by the schools for school generated activities. These revenues of $360,000 are expected to remain consistent from the prior year (budgeted conservatively - the minimum received during the past 5 years is $399,942)

- **Fundraising** - Includes the revenues received for school-based fundraising activities for sports/athletics, graduation, fine arts/drama, playgrounds, and other fundraising activities. These revenues of $2.46 million are expected to remain consistent from the prior year (can fluctuate from year-to-year - budget is consistent with historical amounts). As the fundraising revenues are tied directly with the related costs, should the activities be more or less than budget the revenues will offset the costs (i.e. decreased revenues will result in decreased costs on projects).

The SGF Operating Funds collected are used towards a total of **$6.48 million of expenditures** within in the District operations for School Generated Activities. These can include the expenditures relating to the specific funding (i.e. fee and fundraising projects/activities) and can include school application including; extracurricular, school beautification, field trips, equipment purchases, family literacy/community resources, and other application expenses.

These expenditures of $6.48 million have significantly increased from the prior year's budget of $6.13 million with the significant projected increase in the school-based activities, including extracurricular and non-curricular travel (based on timing of school international trips) and with a new middle school being added. Therefore, with the increased SGF activities, there are increases in both the projected fees and related costs (there is a Provincial Act/Regulation that fees can not exceed the cost of the related activity). As the fees are tied directly with the costs, should the activities be more or less than budget the revenues will offset the costs (i.e. decreased costs will result in decreased revenues, no net effect on surplus).

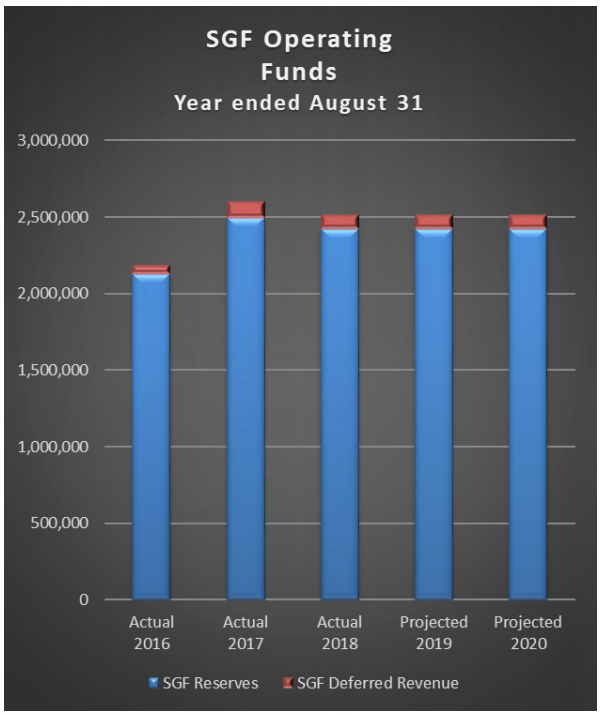

Overall, the SGF Operating Revenues are normally budgeted to equal the SGF Operating Expenditures; hence, there is no budgeted effect on the SGF Surpluses.

SGF Operating Fund Balances:

The SGF Operating Fund Balances are comprised of the District's Operating SGF Reserves and the SGF Deferred Revenue liability account. In accordance with Public Sector Accounting Standards, the unspent school generated funds (SGF) is included in the District's operating reserves within the Accumulated Surplus from Operations (ASO); therefore, the effect of the actual SGF surpluses are included in the District's operating reserves.

The SGF Deferred Revenues (liability account) is the SGF funds that have been collected in advance for the following school year. This includes SGF fees that have been received in advance for activities in the following, such as prepaid deposit on non-curricular travel in the summer (before school starts in September) so that the trip can be booked and/or planned. These revenues will be recognized in the year that the revenues relate to. As at August 31, 2018, there was $88,823 of deferred SGF revenues. The District does not budget or project any changes to these fund balances.

The SGF Operating Reserve has increased over the past couple years from surpluses earned in these SGF account; which may be from saving from fundraising, donations, and other revenues for future projects. As at August 31, 2018, there was $2.42 million of SGF operating revenues. The District does not budget or project any changes to these fund balances. As these are school-based funds, these SGF operating reserves are excluded from the calculated Accumulated Surplus from Operations (ASO) as these funds are not taken into account in determining the financial health of the School District.

School Generated Funds
(Reserves & Deferred Revenue)
2015/2016 - $ 2,186,109
2016/2017 - $ 2,602,016
2017/2018 - $ 2,513,301
2018/2019 - $ 2,513,301 (Projected)
2019/2020 - $ 2,513,301 (Projected)

Note: The 2017/2018 SGF is indicated on Note 16 on the August 31, 2018 financial statements.

SUMMARY BY OPERATING PROGRAMS AND LOCATIONS

The sources of operating funds are comprised from the General Operating Funds, the School Generated Funds (SGF) Operating Funds, Operating Reserve Funds, and transfers to Board Funded Capital. These operating funds combined together are included in the Board Approved Operating Budget. These sources include the following expenditures by major program/function of the District:

	Budget 2019-2020		Budget 2018-2019
Operating Expenses by Program			
Instruction	108,351,558		111,220,304
Administration	4,253,283		4,253,283
Plant Operations and Maintenance	8,765,350		8,710,578
Transportation	2,468,779		2,468,779
Capital and Debt Services	8,089,776		8,089,776
Total Operating Expenses by Program	131,928,746		134,742,720
Transfer to Reserves	600,000		70,000
Transfer to Board Funded Capital	90,283		105,000
Total Operating Expenses and Transfers	132,619,029		134,917,720

Funding is allocated to District programs and services to ensure that programs meet the needs of students and schools to remain viable. The $132.62 million of funding resources are allocated to five major program areas including Instruction, Plant Operations and Maintenance, Transportation, Administration, and Capital and Debt Services.

Instruction

Administration

Plant Operation & Maintenance

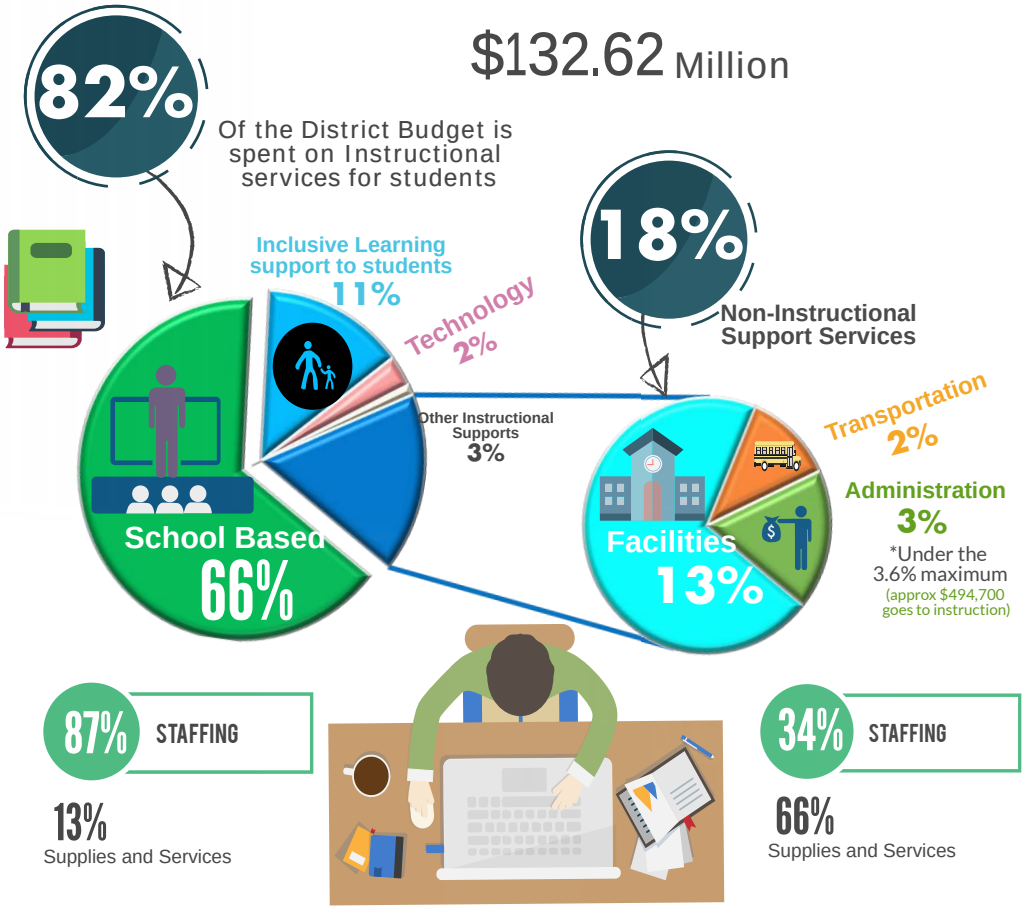

Transportation

Capital & Debt Services

Breakdown of Operating Programs

Instruction accounts for approximately 82% of the total operating expenditures. Non-Instructional services account for the remaining approximate 18% of operating expenditures and includes Administration, Plant Operations & Maintenance, Transportation, and Capital & Debt Services.

Budgeting and Allocations for Major Programs and Locations

The chart on the previous page illustrates the total operating revenues and the expenditures in each of the five (5) program areas and changes over an eight-year period (including current budget and three years of projections). Funding is allocated to District programs and services to ensure that programs meet the needs of students and schools remain viable. Funding resources are allocated to five major program areas. The five (5) major programs include Instruction, Plant Operations and Maintenance (POM), Transportation, Administration, and Capital and Debt Services.

Within each of the five (5) major programs include multiple locations (budget centers). Each of these locations are allocated a portion of funding available for operating purposes. For budgeting purposes all of the District revenues are combined at the District level (for all operating fund accounts); in which, these funds are allocated to each of the locations/budget centers based on ensuring that the District meets the needs of the students and that the schools remain viable. Many of these funding allocations are correlated to the types and amounts of funding provided for each area and the applicable restrictions that may be included in the funding.

The Budget Allocation Model is to allocate the funding required to operate the District's Support Services which accounts for approximately 18% of the total available funding. Support Services includes Administration, Plant Operations & Maintenance, Transportation, and Capital & Debt Services. These allocations are typically based on the amounts received for the specific operating grants and applicable restrictions (i.e. Administration is restricted to an eligible 3.6% of total operating funding/ expenditures).

Approximately 82% of operating funding is allocated to the Instructional programs and locations. This funding is first allocated to the specific/targeted areas such as operational grants that are for specified purposes such as the Program Unit Funding (PUF), Classroom Improvement Fund (CIF), School Nutrition Program, Regional Collaborative Services Delivery (RCSD), and operational grants specifically received for Institutional Programs. The remaining operating funding is then available for allocations for schools and the other instructional programs.

The Budget Allocation Model is a collaborative process through the District's Instructional Budget Committee (IBC), which includes representatives from elementary, middle, and high schools. It also includes members of Board Administration. This committee, through consultation with our schools and groups within the District, determines the funding allocation for the Instructional program.

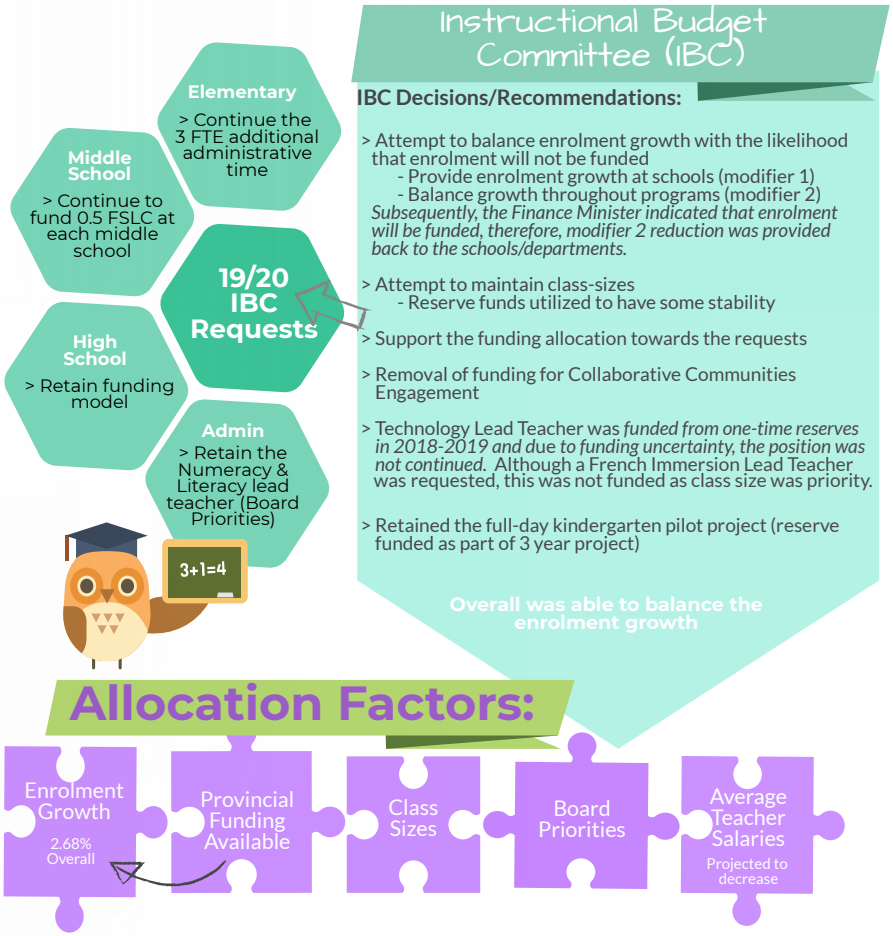

Instructional Budget Committee (IBC):
The representatives from the IBC committee meet with their respective groups to discuss their budget priorities and bring forward funding requests to the committee. Through the budget process, the IBC committee will review each of the requests to see if the committee can accommodate the requests within the available funding. For 2019/2020 budget, the following funding requests were proposed to the Committee for their objectives:

- **Elementary Schools** - Requested maintain funding for administrative time for school principals with the increased amount of time to administer the school and staff (i.e. implementation of the teaching quality standards, management of targeted programs, etc.). The total increase in prior year was a 3.0 full time equivalent (FTE) spread across all of the elementary schools (with estimated cost of $302,562).

- **Middle Schools** - Requested increased funding for Family School Liaison Councillors (FSLC) at the middle schools, whereas, the four middle schools would each get 0.5 full time equivalent (FTE) funded at each of the middle schools (total of 2 FTE funded with an estimated cost of $185,000). Also requested a French Immersion Lead Teacher (estimated cost $115,000).

- **High Schools** - Requested to retain the current per student funding model to the high schools.

- **Administration** - Based on the Board Priorities, Administration specifically requested to maintain the literacy and numeracy lead teacher position to be funded by the operating budget (estimated cost $115,000 per lead teacher).

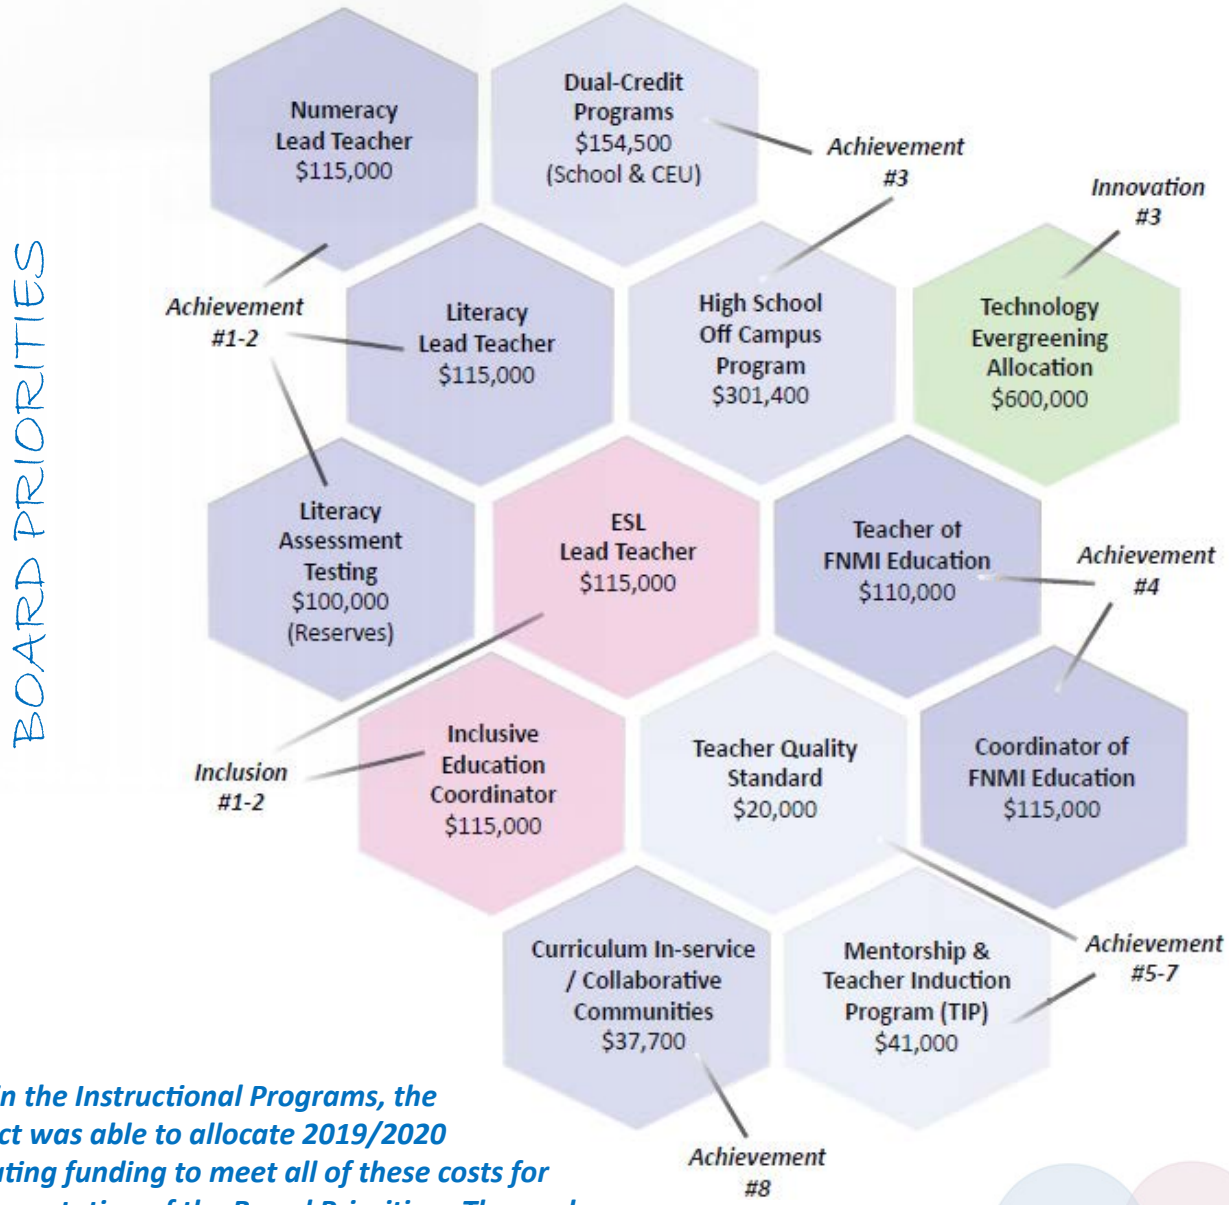

The IBC Committee was able to fund majority of the current IBC budget requests and had made these other funding allocations based on the current budget factors.

Most of these objectives/ requests were in-line with the Board Priorities and Strategic Plans.

Goals, Objectives, and Performance Measures

Each of the District's major programs have goals, objectives, and performance measures that can have effects on the development of the operating budget. Many of these are also highly correlated to the Board's Priorities and Strategic Plans.

The budget allocates resources available to achieve the District's vision through the priorities which address the learning needs and achievement outcomes for all students. Although many of the strategies/outcomes may be achieved within the District's regular operating budget, there are often specific costs associated with the implementation of these priorities. The following is a summary of the major budget impacts to support our priorities:

Within the Instructional Programs, the District was able to allocate 2019/2020 operating funding to meet all of these costs for implementation of the Board Priorities. The goals and objectives within the Instructional Programs were highly correlated to the Board Priorities.

INSTRUCTIONAL PROGRAM:

The goals and objectives of the Instructional Program is to provide quality education for our students through our schools and instructional programs. Each of schools and locations within this program have their own unique goals and objectives; however, overall they are designed to contribute towards the quality of education of our students. These aligns with the Board Priorities of Achievement, Inclusion, and Innovation.

Objectives within the Instructional Program include the implementation of the related Board Priorities and also included some of the additional objectives that were presented within the Instructional Budget Committee (as discussed in the previous section). All of these objectives would be implemented within the 2019/2020 budget (most objectives started for the beginning of the school year).

The performance measures of the Instructional Program are tied in with the quality of education and the success of our students. The Accountability Pillar also provides the District with related goals, outcomes and performance measures. Through Alberta Education, the District is provided many performance measure reports including the provincial achievement tests (PAT) results, diploma exam results, high school completion rates, drop-out rates, and other performance measures. These performance measure reports (multi-year) are included in the Informational Section of this report.

ADMINISTRATION PROGRAM:

The goals and objectives of the Administrative Program is to provide governance, administration, and support services to the Instructional Programs. Objectives within the Administrative Program includes ensuring the District complies with legislative requirements, provides transparency in budget/finances, and the continual improvement of the support services provided. Performance measures typically include the completion of required reporting to the Province (within appropriate deadlines), development of budgets and financial statements, and the completion of budget/financial reports to the Board, our schools, and to our community.

PLANT OPERATION AND MAINTENANCE & CAPITAL PROGRAMS:

The goals and objectives of the Plant Operation and Maintenance (POM) Program and Capital Program are to provide the District's responsibilities for the construction, operation, maintenance, safety and security of all school buildings (which supports the Instructional Programs). Objectives within the POM Program includes ensuring the District schools are properly maintained (including caretaking) so that the facilities are appropriate for student learning and other operations purposes. Performance measures typically include the utilization of facilities, the condition/repair of the District facilities, removal and clearing of snow in a timely basis, and the cleanliness of the facilities.

TRANSPORTATION PROGRAM:

The goals and objectives of the Transportation Program is to provide the District's responsibilities for transporting eligible students to, from and between schools (which supports the Instructional Programs). Objectives within the Transportation Program includes ensuring that the appropriate students are considered eligible (in accordance with regulations), reporting to the Province, complying with legislative requirements, and ensuring that the bussing services are provided in an effective/efficient manner. Performance measures typically include the timeliness of the arrival/drop off of students, appropriate eligibility for students, and the costs of the contracted bussing.

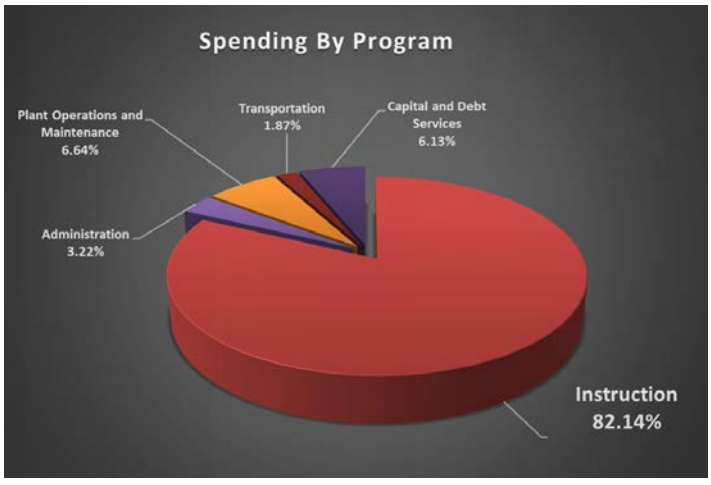

Breakdown of Operating Programs

As previously indicated, the operating revenues are combined on a District basis (for all operating funds); whereas, each of the programs and locations are allocated funding available to cover the program/location's expenditures. Therefore, these programs and locations do not specifically have any operating revenues, instead they are comprised of funding allocations and related expenditures. For a more detailed analysis on the operating revenue sources, please see the Operating Revenue Sources as discussed in the Summary for Operating Funds.

The majority of the reporting on programs and locations have a focus on the related operating expenditures. The following is a breakdown of expenditures based on the allocations to each of the five (5) major programs:

Spending by Program	2019-2020		2018-2019		Variance	Change %
Total Expenditures		**132,619,029**		**134,917,720**	**(2,298,691)**	**-1.70%**

Instruction

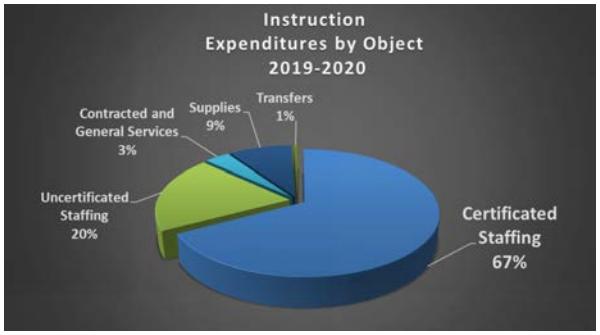

Instruction is the allocation to all schools (elementary, middle, and high) and other instructional programs and services offered to provide educational opportunities to students within the School District. Some of the other instructional programs and services include the First Nations Métis and Inuit Program, Technology and a Counseling Program to provide universal counseling supports to students.

The following is an overview of the Instruction Program expenditures:

Instructional Program	2019-2020		2018-2019		Variance	Change %
Total Expenditures		**109,041,841**		**111,395,304**	**(2,353,463)**	**-2.11%**
Certificated Staffing		**73,247,232**		**72,970,020**	**277,212**	**0.38%**
Uncertificated Staffing		**21,430,194**		**21,963,785**	**(533,591)**	**-2.43%**
Contracted and General Services		**3,872,003**		**4,131,014**	**(259,011)**	**-6.27%**
Supplies		**9,853,802**		**11,242,954**	**(1,389,152)**	**-12.36%**
General Operating Supplies	3,372,341		5,113,866			
School Generated Activities (SGF)	6,481,461		6,129,088			
Utilities		**0**		**0**	**0**	**0.00%**

Transfers to Reserves	600,000		70,000			
Transfers to Board Funded Capital	90,283		105,000			
Operating Expenditures		108,351,558		111,220,304		
Transfers to Reserves		600,000		70,000		
Transfers to Board Funded Capital		90,283		105,000		
Total Expenditures		**109,041,841**		**111,395,304**		

Overall the Instruction Program has **total expenditures of $109.04 million** (2.11% decrease), where the majority of the decrease from the prior year relates to one-time funding that was used in the 18/19 budget.

The majority of instructional expenditures relate to staffing, including approximately 67% toward certified teachers and 20% for uncertified support staffing. Increases in staffing allows the District to help address enrolment growth and class size. The following chart illustrates the change in class size over the past three years and compares our District's class sizes to the other four (4) largest public school jurisdictions within the Province of Alberta.

Average Class Size Comparison

School Jurisdiction	# of Schools	K to 3			3 to 6			7 to 9			10 to 12		
		2015/16	2016/17	2017/18	2015/16	2016/17	2017/18	2015/16	2016/17	2017/18	2015/16	2016/17	2017/18
Edmonton - Public	213	22.3	22.2	21.8	23.2	22.9	22.8	25.1	24.9	25.1	27.9	26.8	27.4
Calgary - Public	230	19.7	20.0	20.0	22.9	22.9	23.2	25.8	26.0	25.9	28.7	29.1	28.5
Lethbridge - Public	**21**	**21.6**	**21.3**	**20.9**	**24.8**	**24.5**	**24.0**	**26.1**	**26.3**	**25.4**	**26.6**	**24.5**	**23.8**

Red Deer - Public	24	19.0	19.7	20.1	24.2	25.2	24.8	23.8	24.8	25.0	25.4	25.9	23.9

** Alberta Open Government Portal (July 3, 2018) - most current report available*

As shown above, on average Lethbridge School District No. 51 has been able to reduce its class sizes during the past three years. The District is also shown to have very comparable class sizes to these other larger public school jurisdictions within the Province of Alberta.

Lethbridge School District No. 51

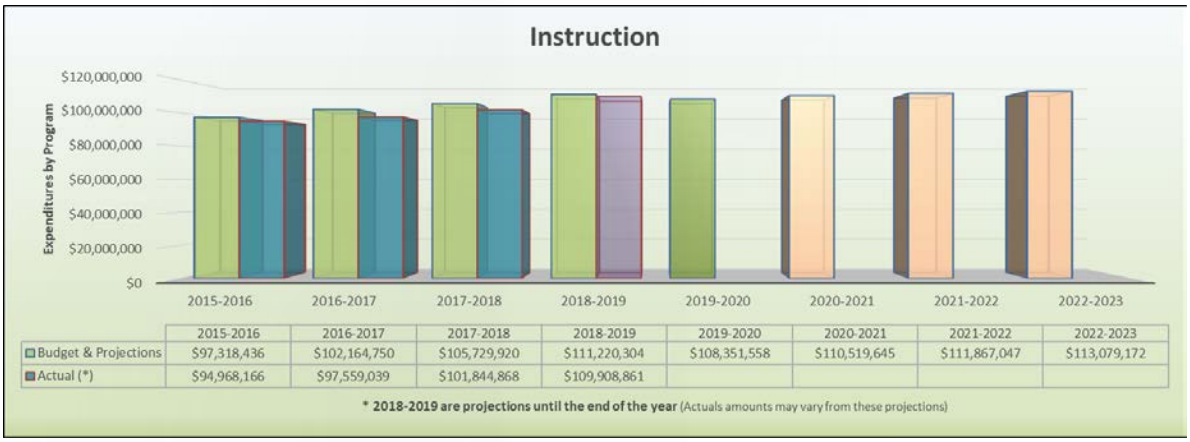

Comparative Summary - Instruction Program

(four years budget/actual, current year budget, & three years projected budgets)

for the Year Ended August 31

(in dollars)

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

The Instruction program has been allocated $108.42 million of operating revenues and $617,421 of one-time operating reserves to fund the total of **$109.04 million of expenditures** within the District operations, including the following:

- **Certified Salaries and Benefits** - Includes the vast majority of all of the certified teaching staff within the District, including the teacher pension cost paid directly by the Province. These expenditures of $73.25 million are expected to increase from the prior year's budget of $72.97 million (0.38% increase) for the increased staffing to accommodate the increased student enrolment and offset by the removal of the CIF funded teaching staff.

  Overall, there is net increase of 4.0 full time equivalent (FTE) certified teachers more than in the prior year to help address enrolment growth and class size and offset by reductions in CIF funded positions. These includes net increases in elementary schools of 5.36 FTE (2.07%), middle schools of 1.50 FTE (1.37%), high schools of 0.68 FTE (0.44%), and minor increases in inclusive learning; whereas, these increases were offset by decreases in other instructional programs of 3.89 FTE. There were CIF funded positions throughout all of these area. The certified salaries and benefits are projected to continue to increase over the next couple years with enrolment growth.

- **Uncertified Salaries and Benefits** - Includes the majority of the uncertified support staff within the District, including educational assistants, student support, administrative support, and other supporting staff. These expenditures of $21.43 million are expected to decrease from the prior year's budget of $21.96 million (2.43% decrease) for the reduction in the support staffing that were funded by CIF grants in the prior year.

  In the prior year, CIF funded 5.84 FTE of educational assistants and 2.0 FTE of family school liaison councillors (FSLC). This funding is not available for 2019/2020. Some of the middle schools added the FSLC positions within their school based budgets (totalling 1.4 FTE). Overall, there is approximately 4.3 FTE reduction in educational assistants than in the prior year (couple added to offset CIF reduction). The average cost of educational assistants has also increased from the prior year with experience increment increases across the District. The uncertified salaries and benefits are projected to continue to increase over the next couple years with enrolment growth.

- **Contracted and General Services** - Includes the professional learning, consultants, building maintenance, and other services provided for instructional services. These expenditures of $3.87 million are expected to decrease from the prior year's budget of $4.13 million (6.27% increase) as the prior year budget includes costs funded by one-time carry-forward funding at the schools. These one-time costs include building maintenance, consulting and professional learning within the instructional services. The contracted and general services are projected to continue to increase over the next couple years with enrolment growth within the District.

- **General Supplies** - Includes the purchase of general supplies, textbooks, furniture and equipment (non-capital), and computers/technology. These expenditures of $3.37 million are expected to decrease from the prior year's budget of $5.11 million (34.05% decrease) as the prior year included approximately $365,000 of resources/supplies for outfitting the new Senator Joyce Fairbairn Middle school, $600,000 contribution to the technology evergreening (moved to transfer to capital reserves), and costs funded by one-time carry-forward funding at the schools.

  The general supplies are projected to continue to increase over the next couple years with enrolment growth and to resources the new Southeast Elementary School (currently being constructed) of approximately $550,000 which is funded by the operating reserves that have been accumulated for this projects.

- **Contingency, Commitments and Transfers** - Includes the costs for the transfers to/from other programs/sites, prior year commitments, and funds held in contingency or reserves for a future purpose. These expenditures of ($51,673) are expected to significantly decrease from the prior year's budget of $912,531 (105.66% decrease) as the prior year budget includes the updated fall budget's school contingency accounts (typically minimal funds in preliminary budget - updated in fall budget for yearend surpluses). Typically, school contingencies are not fully utilized and these surpluses are carried-forward from year-to-year through the operating reserves. The current year transfers are at a negative expenditure balance as there is $83,900 of costs transferred from technology (instructional program) to other departments (i.e. administration).

- **School Generated Activities (Supplies)** - Includes the expenditures from the SGF Operating Funds (School Fees, Donations, Fundraising, and Other Sales/Services). Historically, the costs of SGF activities revenues have been comparable to budgets, where any net surpluses of the SGF Operating Funds are included in the SGF operating reserves. These are consolidated within the Supplies category (with the General Funds supplies).

Transfers to/from Reserves and Board Funded Capital:
There is a total of $617,421 of one-time reserves used to fund the costs within the instructional programs, including the following:

- Funding for the full-day kindergarten program at some of the elementary schools for a total of $300,000 of reserves (year 2 of 3 year as approved by the Board) to fund the additional costs of these full-day programs. There is approximately $304,500 that will be remaining in this reserve for the last year of this pilot project.

- Funding for the Literacy Assessment Testing of $100,000 (Board Priority).

- Funding for additional school resources including $50,000 for Spanish resources for the Grade 4 program opening at Coalbanks Elementary School.

- Funding carry-forward of $167,416 from a couple of the schools/departments that will be carried forward from 2018/2019 to be used for specific projects in 2019/2020.

There is currently no transfers to operating reserves within school-based budgets. The 2019/2020 budget does include $600,000 of operating funding to be transferred to capital reserves for the technology evergreening program.

There are $90,283 of operating funds that have been set aside for Board Funded Capital projects. This is typically updated in the fall budget if additional operating funds are available.

The following pages are an extract from the District's approved operating budget, specifically for the summary of the entire Instruction program.

Breakdown of Instructional Programs

The Instruction Program is comprised of multiple locations/budget centers within the District. For reporting purposes, these locations/cost centers are broken-down further in to six (6) major categories:

- **Elementary Schools** - Includes all elementary schools that provide instruction to students from kindergarten to grade five (except Lethbridge Christian School that is from kindergarten to grade eight). The District currently operates 14 elementary schools.

- **Middle Schools** - Includes all middle schools that provide instruction to students from grade 6 to grade eight. The District currently operates 4 middle schools.

- **High Schools** - Includes all high schools that provide instruction to students from grade nine to grade twelve (except Immanuel Christian Secondary School that is from grade six to grade twelve). The District currently operates 5 elementary schools.

- **Inclusive Learning** - Includes the instructional budget centers relating to inclusive learning supports throughout the District and its school locations.

- **Technology** - Includes the technology budget center, which provides technology and support through the District and its school locations.

- **Other Instructional** - Includes all of the other instructional programs other than the actual school locations, Inclusive Learning and Technology budget centers. Many of the services that are provided in each of these budget centers are available to students throughout the District.

The following is a breakdown of the expenditures by object for each of the six (6) major instructional categories:

2019-2020 - Instruction	Elementary School	Middle School	High School	Inclusive Learning	Technology	Other Instructional	Total
Total Expenditures	32,649,766	13,999,998	20,176,779	16,947,919	2,707,150	22,560,229	109,041,841
Certificated Staffing	28,713,816	12,332,473	17,167,850	2,992,204	165,931	11,874,958	73,247,232
Uncertificated Staffing	2,455,501	722,855	1,388,972	13,237,480	1,075,602	2,549,784	21,430,194
Contracted and General Services	510,678	279,458	804,117	530,479	464,951	1,282,320	3,872,003
Supplies	932,131	613,258	792,511	187,756	484,566	6,843,580	9,853,802
Utilities	0	0	0	0	0	0	0
Capital and Debt Services	0	0	0	0	0	0	0
Transfers	37,640	51,954	23,329	0	516,100	9,587	638,610

Each of these six (6) major instructional categories (schools and locations) have their own unique goals and objectives; however, overall they are designed to contribute towards the quality of education of our students. These aligns with the Board Priorities of Achievement, Inclusion, and Innovation.

Instruction - Elementary Schools

Includes all elementary schools that provide instruction to students from kindergarten to grade five (except Lethbridge Christian School that is from kindergarten to grade eight). The District currently operates 14 elementary schools. The overall goals and objectives of the elementary schools includes providing quality education to the students and to see the success of these students through student achievement, inclusion, and innovation.

Total Expenditures		**32,649,766**		**32,830,636**		

Elementary Schools is the detailed budget for the Elementary School locations as a group. Overall elementary school student enrolment is projected to increase 116 students (2.94%) for Grades K-5.

To address student enrolment growth, there was an additional 11.06 full time equivalent (FTE) increase in certified teaching staff for the Grades K-5 classes; however, there was 5.70 FTE of elementary staff that were funded by CIF in the prior year; therefore, there is a net increase of 5.36 FTE (2.07%). Note that the District provided additional funding for enrolment growth to ensure that the District maintains reasonable class sizes (especially in these earlier grades), any unallocated funding is held within the Budget Clearing center in other instructional programs.

Contracted and General Services decreased for professional learning, consultants, printing, and field trips.

Transfers decreased as schools have not carried-forward their 2018/2019 surpluses and related contingencies (which are typically set up in the fall budget update).

Note: the Kindergarten Central budget centre in has specific funding to be allocated to the elementary schools for the kindergarten programs and will be distributed by the fall budget update based the programs and kindergarten enrolment (to address “hot spots” in class sizes when student enrolment is know at each school).

Middle Schools is the detailed budget for the Middle School locations as a group. Overall middle school student enrolment is projected to increase 155 students (6.22%) for Grades 6-8.

Starting in 2018-2019, Senator Joyce Fairbairn Middle School is opening to students. The new middle school is mostly a split of students, teachers, and support staff from G.S. Lakie Middle School. The opening of the new middle school allowed many of the staff positons to be re-allocated to the new middle school as approximately 1/2 of the students also went to the new middle school.

To address student enrolment growth and the additional middle school, there was an additional 2.30 full time equivalent (FTE) increase in certified teaching staff for the Grades 6-8 classes; however, there was 0.80 FTE of middle school staff that were funded by CIF in the prior year; therefore, there is a net increase of 1.50 FTE (1.37%). Note that the District provided additional funding for enrolment growth to ensure that the District maintains reasonable class sizes, any unallocated funding is held within the Budget Clearing center in other instructional programs.

With the removal of CIF funding, many of the middle schools retained the Family School Liaison Councillors (FSLC) by adding them to their school based budgets (total of 1.4 FTE). Each of the middle schools are provided 0.5 FTE of a FSLC through the Counselling budget center (Inclusive Learning category), so any additional FSLC time was included in their school based budgets (previously funded by CIF).

Contracted and General Services have increased for additional extra-curricular support, professional learning, and printing costs. Supplies have increased for video conferencing equipment being added at one school (funded by one-time carry-forward funding).

Transfers decreased as schools have not carried-forward their 2018/2019 surpluses and related contingencies (which are typically set up in the fall budget update).

The District High Schools also offer the following:
- Chinook High School offers Advanced Placement Programing
- Immanuel Christian High School offers Alternative Christian Education
- Lethbridge Collegiate Institute offers Advanced Placement Programing
- Winston Churchill High School offers International Baccalaureate Programming
- Victoria Park High School offers Alternative Learning Opportunities

All of the high school are also participating in the Dual-Credit programs, which allow for post-secondary credits to be earned by students for completion of the these courses.

High Schools is the detailed budget for the High School locations as a group. Overall high school student enrolment is projected to increase 37 students (1.10%) for Grades 9-12.

To address student enrolment growth, there was an additional 0.675 full time equivalent (FTE) increase in certified teaching staff (FTE increase of 0.44%) for the Grades 9-12 classes. There were no CIF funded positions in the prior year specifically for high schools (benefited from other positions funded in the other instructional programs). There was some reductions in some school administrative support positions (based on review/allocation of school needs).

Contracted and General Services decreased for building maintenance and professional learning. Supplies decreased as the prior year included costs that were funded by one-time reserve funding, such as furniture/equipment, computer purchases, multi-media & general supplies.

Transfers decreased as schools have not carried-forward their 2018/2019 surpluses and related contingencies (which are typically set up in the fall budget update).

Total Expenditures		**16,947,919**		**17,123,892**		

The Inclusive Learning category is comprised of the following budget centers (including their own unique goals, objectives, and performance measures within each budget center):

Inclusive Learning Supports:
Inclusive Learning Supports in Lethbridge School District No. 51 provides programming and support aimed at assisting students with mild, moderate and severe disabilities including the gifted and talented as well as support for English Language Learners. An inclusive education system is to provide all students with the most appropriate learning environments and opportunities for them to best achieve their potential. Inclusion in the education system is about ensuring that each student belongs and receives a quality education no matter their ability, disability, language, cultural background, gender, or age.

The Inclusive Learning Supports budget includes the cost of administering Inclusive Education Programs. These costs include the Director of Student Services, psychologists, itinerant behaviour assistants and clerical support. These positions provided administrative support for, as well as, assessment, program development and student monitoring.

Counselling:
After consultations with staff, students, parents, and the community on how to strengthen the emotional health of students at the District's Town Hall meeting held in February 2013, a new counselling program has been developed to provide universal counseling supports to students at middle school and high school. A team approach will be implemented that will provide a continuum of supports to students from general support, career guidance, counseling, and therapy; ensuring that students receive the emotional supports they need.

The centralized model enhances counseling supports by adding family liaison counselors and career practitioners to the counselling teams and has Teachers, FNMI liaisons, Student support workers, career practitioners, and family liaison workers working together to provide support to students and families.

English as a Second Language (ESL):
The English as a Second Language (ESL) program provides coordination of professional learning opportunities for staff providing English as a Second Language services.

Program Unit Funding (PUF):
Program Unit Funding (PUF) is provided to approved Early Childhood Services (ECS) operators for children with severe disabilities who require additional support beyond that offered in a regular ECS program. Funding is provided for individual programs that meet the educational needs of children with severe disabilities. Program Unit Funding is available for a maximum of three years for each eligible child who is at least two years six months of age on September 1 and less than six years of age on September 1. The Program Unit Funding personnel allocation provides for individual assistant support for students with severe disabilities.

Contract and General Services includes provision for Speech/Language Therapy, and contracted space in private pre-school settings as determined by the Director of Student Services.

Making Connections Programs:
Making Connections #1 is funded by the provincial government through Southwest Child and Family Services. Making Connections #2 is funding through the Family Centre. Making Connections #3 is funded by the provincial government through Alberta Mental Health. Making Connections #4 is funded by the City of Lethbridge through Family and Community Social Services (FCSS).

Making Connections is a school based family support program available in all Lethbridge School District #51 elementary schools and Wilson Middle School. The purpose of the Making Connections program is to ensure that all children, youth and families have equal opportunities for healthy development leading to physical, social and emotional well-being. The program model reflects a continuum of service from universal programming, targeted services, and intensive supports to external referrals as required. At all levels of the continuum the focus is on the promotion of the skills and knowledge required for children and families to build on their strengths, address challenges, cope with adversity and increase their capacity to care for themselves and others. This assistance is provided within a school setting, where children spend most of their time and families often seek support.

This document compares each of the Inclusive Learning Budgets for the 2019-2020 school year with the 2018-2019 school year. Each Budget shows a comparative of the program's expenditures by object category.

For Budget 2019/2020, the following are the significant changes within Inclusive Learning:

- **Inclusive Learning Supports** - there was a slight increase to the certificated salaries and benefits or a 0.31 FTE increase to the Inclusive Education Coordinator position. Uncertificated staffing was reduced due to the reduction of the average costs of an educational assistant (reduced average benefit costs from pension). Overall the FTE of educational assistants were maintained in this area; whereas, there was no increases as there is no projected increases in differential funding for inclusive education projected. Should there be increases in funding in the provincial budget, there will likely be increases in the amount of educational assistants.

- **Counselling Program** - included the budget request to provide 2.0 full time equivalent (FTE) of Family School Liaison Counsellors (FSLC) to the middle schools.

- **Making Connections Programs** - there was decrease in the Making Connections grant funding as the prior year included one-time funding that is being carried forward on the FCSS grant (Making Connections #4) that is to be used for additional staffing for 2018/2019. The majority of the increases in the Making Connections grants were allocated to additional staffing and supplies.

Instruction - Technology

Includes the technology budget center, which provides technology and support through the District and its school locations. The Technology Program is based on a standards-driven plan to provide the infrastructure to support current and future needs, trends and applications in the School District for the implementation of information and communication technology. The overall goals and objectives of the technology program includes providing the technology and applicable software and resources to assist in the District providing quality education to the students and to see the success of these students through student achievement, inclusion, and innovation.

This document compares the Technology Budget for the 2019-2020 school year with the 2018-2019 school year. The Budget shows a comparative of the program's expenditures by object category.

For Budget 2019/2020, the following are the significant changes:

- **Technology** - there was a change in the classification of the technology evergreening funding contribution. Historically this has been included in the technology supplies and if there was not an evergreening phase in the year, the cost savings would be transferred to operating reserves for future technology evergreening phases. These costs of $600,000 have been reclassified as a transfer to capital reserves and are now accumulated in capital reserves until the next technology evergreening phase (which these costs are now capitalized accordingly).

The Other Instructional Programs category is comprised of the following budget centers (including their own unique goals, objectives, and performance measures within each budget center):

Division of Instructional Services:
The Division of Instructional Services relates to activities of certificated and uncertificated staff across the school jurisdiction that provide system based instruction services to such things as support for implementation of instruction and curriculum, coordination of in-service instruction, assist teachers on program delivery, and implementation of system wide educational change initiatives. These activities are at the discretion of the board and are budgeted at the system level as a part of the System Instructional Support program rather than at the school level.

Early Education Programs:
Early Education Programs (EEP), also known as Pre-school, is an early education program that provides support for children with Mild Moderate needs through 24 early education programs.

Shared Instructional Program:
Shared Instructional Services includes programs and expenditures that provide support to the schools within the jurisdiction. Staffing expenditures include principal and assistant principal administrative allowances, provision for sick leave, and professional learning for staff of the jurisdiction.

School Generated Funds:
School Generated Funds (SGF) includes revenues and associated expenditures related to school activities that are not curricular in nature. These activities include fees, fundraising, and donations for sports, clubs, travel groups, band, choir, and other student related activities at the school level. These are all included within the SGF Operating Fund.

Classroom Improvement Fund:
The Classroom Improvement Fund (CIF) includes the specific CIF operating grant received and the applicable budgeted CIF expenditures. This funding was provided in 2017/2018 as one-time grant funding; however, the Province extended the funding to 2018/2019. The intent of the CIF funding is to improve the student experience in the classroom; whereas, funding was eligible to be provided towards hiring additional teaching and non-teaching staff and for initiatives to enhance supports for students with complex learning needs and English Language Learners.

CAMP (Lethbridge Regional Hospital School):
CAMP (Lethbridge Regional Hospital School program) is both an inpatient and outpatient program for youth who require psychiatric treatment and mental health services as well as those patients requiring specialized assistance with school curriculum. As an institutional program, this program is fully supported by Alberta Education through Institutional Grant funding.

Community Outreach School:
The Community Outreach School provides an alternate educational program for children aged 12 to 15 who have not experienced success in a traditional school setting.

Developing Lifelong Assets Program:
The Developing Lifelong Assets Program is a regional program designed to help alleviate mental health concerns in 12 to 17 year olds in a setting which meets their academic and psychosocial needs. Through therapy these youth can receive a level of care which greatly enhances their opportunity to integrate into the main stream education program and be successful in graduating and becoming productive citizens.

Distance Learning Program:
The Distance Learning program provides instructional support for students who receive instruction partially at school and at home.

Dual-Credit Program:
The Dual-Credit programs are being offered throughout the District's high school, which allow for students to earn post-secondary credits (i.e. College/University) upon completion of the these courses. These courses include Liberal Education, Management, Cinema, and Mechanic courses. Certain high schools will offer these programs at their location and these programs will be made available to all of the high school students within the District.

First Nations and Métis and Inuit Program:
The First Nations Métis and Inuit (FNMI) Program provides ongoing support for aboriginal students in their efforts to obtain an education, and provide opportunities for aboriginal students to study and experience their own and other aboriginal cultures and lifestyles

Harbour House School:
Harbour House School provides interim education and support to students of women who reside at the Women's Emergency Shelter. The program is designed to meet the individual needs of the students who attend. As an institutional program, this program is fully supported by Alberta Education through Institutional Grant funding.

High School Off Campus Program:
High Schools in Lethbridge School District No. 51 have been providing students with opportunities to gain valuable learning opportunities through work placements for many years. Support provided to students from all high schools will now be centralized in 2014-2015 to provide greater opportunities for students to gain valuable work experience and educational opportunities in the High School Off Campus Program. Support to this program includes a teacher and administrative support staff.

International Services:
The International Services program is a program that started in 2011-2012 to attract and provide education opportunities to students who live outside of Canada. The International Services program recruits and places International students within Lethbridge School District No. 51 schools to provide a progressive engaging educational experience for all our students. A 0.6 full time equivalent (FTE) teaching position assists in administering this program.

Pitawani School:
Pitawani School is attached to the Sifton Family and Youth Services site and provides educational programming to students who reside in the centre who have behavioural and emotional difficulties as well as students who are in Secure Services. As an institutional program, this program is fully supported by Alberta Education through Institutional Grant funding.

Poverty Intervention Committee:
Established as a committee of the Board of Trustees to provide support to help school supporting the breakfast programs, food, and clothing for students in need. The work of the committee is supported through donations and through financial support of the District.

Stafford Ridge School (AADAC):
Stafford Ridge Outreach School is located at AADAC's Youth Residential Treatment Centre. It is a co-ed residential school within a 12 week voluntary addictions treatment program. At any particular time, there are a maximum of 8 youth, aged 12-18 years. Students participate in daily addictions treatment. While the primary focus is addictions treatment, the school staff keeps in contact with students' home schools in order to build and maintain each student's academic program. Stafford Ridge makes every effort to build on the strengths of students while remaining sensitive to their individual needs. As an institutional program, this program is fully supported by Alberta Education through Institutional Grant funding.

Budget Allocation Clearing:
The Budget Allocation Clearing cost center is funding that has been allocated towards a specific purpose; however, at the time of the preliminary budget was developed, the funding is still to be determined which schools/locations will receive the funding.

This document compares each of the Other Instructional Budgets for the 2019-2020 school year with the 2018-2019 school year. Each Budget shows a comparative of the program's expenditures by object category.

For Budget 2019/2020, the following are the significant changes within the Other Instructional Programs:

- **Division of Instructional Services** - The majority of the decrease relates to the removal of the Technology Lead Teacher position, which was previously funded by operating reserves. Due to the uncertainty of provincial funding, this position was not continued.

- **Early Education Program (EEP)** - The majority of the decrease relates to use of one-time funding of supplies in 2018/2019.

- **Shared Instructional Services** - The majority of the decrease relates to that the prior year had $364,000 included in the budget for the completion of resourcing of the new middle school, had $50,000 of funding for one-time numeracy resources (reserve funded), and the prior year included $110,000 of additional funding for collaborative communities engagement.

- **School Generated Funds** - There is a significant projected increase in the school-based activities, including extracurricular and non-curricular travel (based on timing of school international trips) and the costs for the laptop leases at certain middle schools. Therefore, with the increased SGF activities, there are increases both the projected fees and related costs.

- **Classroom Improvement Fund (CIF)** - The funding for the additional teaching and support staff was not likely to be reinstated for 2019/2020; therefore, the one-time related costs were also not budgeted and were removed from the District.

- **Dual-Credit Program** - The decrease relates to development costs of the mechanics program; whereas, this was grant funded in the prior year.

- **First Nations, Métis and Inuit (FNMI) Program** - Although this FNMI program has allocated similar funding as the prior year (slight reduction as prior year had higher reserve carry-forward); there was some changes within the budget center allocations. The FNMI budget increased its certificated staffing for inclusion of the Teacher of FNMI Education, which was previously funded by CIF. There was also a reduction in the amount of FNMI Liaisons as the District has not been able to hire and retain all of these budgeted positions.

- **Poverty Intervention Committee** - The prior year included a significant amount of one-time reserve funding that was carried forward from prior years. A large portion of these funds were used in 2018/2019 and at this time have not included carry-forward funding into 2019/2020.

- **Budget Allocation Clearing** - This program/cost center relates to the funding that has been allocated towards a specific purpose; however, at the time of the preliminary budget was developed, the funding is still to be determined which schools/locations will receive the funding. This includes some staffing allocations available for Elementary and Middle Schools (to be allocated by Human Resources and Instructional Services) while trying to maintain reasonable class sizes. This will be updated in the fall budget to account for the final allocations that are determined.

Total Expenditures		**4,253,283**		**4,253,283**		

Board Governance expenses pertain to activities related to the work of the elected body responsible for all activities within the jurisdiction. They include all payments to trustees as well as payment for expenses incurred by the elected body for such things as travel, membership fees, and the cost of conducting school board elections.

The Business and Finance department records all expenditures related to budgeting, and financial accounting including the duties performed by the Associate Superintendent of Business Affairs and related support staff. Expenditures are related to the functions of performing the duties of accounts payable, accounts receivable, payroll and internal and external audits. It also includes legal services, liability insurance, and property insurance for the administration building.

The Office of the Superintendent, Human Resources, and System Instructional Support records all expenditures related to the overall jurisdiction educational leadership and administration that include those performed by the Superintendent of schools and the Associate Superintendents to whom principals are accountable, and their related support staff. Expenditures reported under this program include such costs as system planning, instructional staffing allocations, new programming, monitoring and evaluation of programs, schools, the system, and supervision, and evaluation of principals and staff.

The District is restricted that these Administration Expenditures must not exceed 3.6% of the District's total operating expenditures.

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

The Administration program has been allocated $4.25 million of operating revenues and did not require any one-time operating reserves to fund the total of **$4.25 million of expenditures** within the District operations, including the following:

- **Certified Salaries and Benefits** - Includes the remaining portion of the certified teaching staff within the District (outside of the Instructional Programs) and relate to the certified staff within the Superintendent's Office, Human Resources, and System Instructional Support. These expenditures of $722,594 are expected to remain consistent from the prior year.

- **Uncertified Salaries and Benefits** - Includes the uncertified support staff within the District's Administration. These expenditures of $2.44 million are expected to increase from the prior year's budget of $2.29 million (6.52% increase) as the prior year. These increases relate to the addition of the Human Resources Manager who was hired in 2018/2019 and increases to the trustee honorariums and benefits (based on January 2019 increase).

- **Contracted and General Services** - Includes the consultants, legal services, liability insurance, property insurance for the administration building, and other services provided for Administration These expenditures of $906,783 are expected to decrease from the prior year's budget of $1.06 million (14.48% decrease) as the prior years included one-time costs was also added for operational consulting due to the significant operational growth over past couple years and the purchase for software modules to further improve payroll/HR efficiency (one-time cost).

- **Supplies** - Includes the purchase of general supplies, furniture and equipment (non-capital), and computers/technology. These expenditures of $102,005 are expected to remain consistent from the prior year.

- **Utilities** - Includes the estimated costs of the utilities of the administration building, including the cost of electricity, natural gas, water, sewer, and other utility services. These expenditures of $52,600 are expected to remain consistent from the prior year.

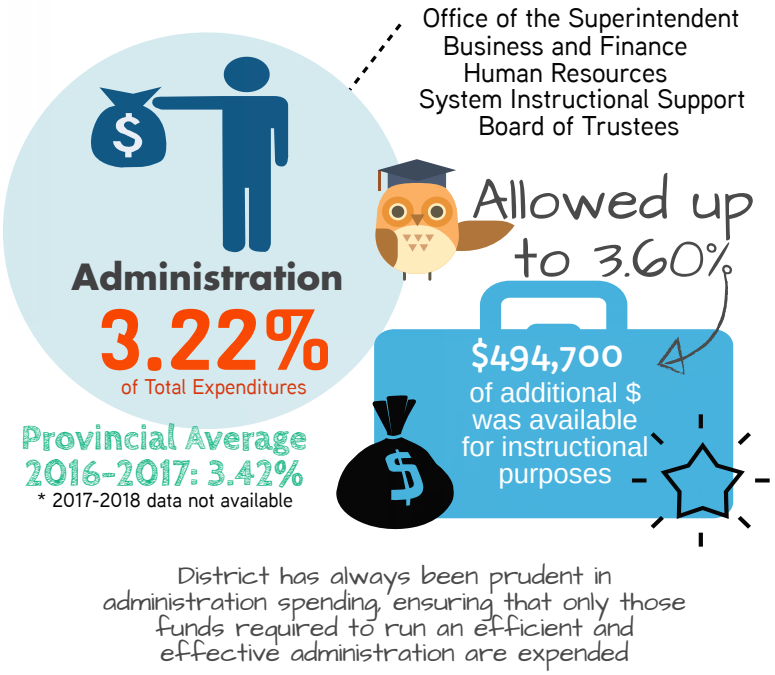

- **Contingency, Commitments, and Transfers** - Includes the technology cost transfers that are allocated from Technology to Administration. Administration does not have any budgeted contingencies nor commitments.

Transfers to/from Reserves and Board Funded Capital:
For budget 2019/2020 there are no budgeted transfers to/from reserves. There is currently no operating funds that have been set aside for Board Funded Capital projects. Typically there is no transfer budgeted in this program.

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment which is factored into projected budgets with increased inflation factors to result in a slight increase in staffing costs, services and supply costs.

The allowable Administrative expenditures is up to 3.60% of total operating expenditures. The District only spends 3.22% on Administration which is significantly below the total 3.60% allowable and the 3.42% Provincial Average.

By minimizing Administrative spending, an estimated $494,700 of funding can be reallocated back to Instructional Programs.

The following pages are an extract from the District's approved operating budget, specifically for the summary of the entire Administration program.

This document compares each of the Administration Department Budgets for the 2019-2020 school year with the 2018-2019 school year. Each Budget shows a comparative of the program's expenditures by object category.

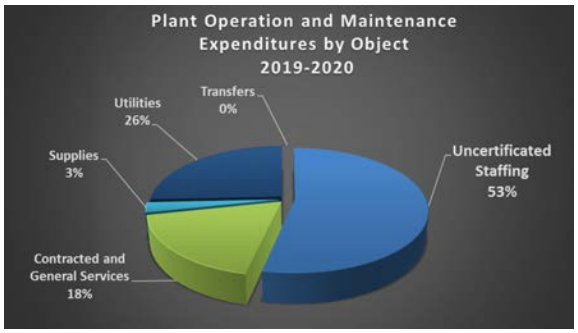

Plant Operation and Maintenance

The Plant Operations and Maintenance activities relate to the District's responsibility for the construction, operation, maintenance, safety and security of all school buildings.

The following is an overview of the Plant Operation & Maintenance Program expenditures:

Plant Operation and Maintenance	2019-2020		2018-2019		Variance	Change %
Total Expenditures		**8,765,350**		**8,710,578**	**54,772**	**0.63%**
Certificated Staffing		**0**		**0**	**0**	**0.00%**
Uncertificated Staffing		**4,688,719**		**4,659,824**	**28,895**	**0.62%**
Contracted and General Services		**1,589,738**		**1,614,890**	**(25,152)**	**-1.56%**
Supplies		**231,893**		**180,864**	**51,029**	**28.21%**
Utilities		**2,255,000**		**2,255,000**	**0**	**0.00%**
Capital and Debt Services		**0**		**0**	**0**	**0.00%**
Transfers		**0**		**0**	**0**	**0.00%**
Transfers of Contingency/commitments	0		0			
Transfers to Reserves	0		0			
Transfers to Board Funded Capital	0		0			
Operating Expenditures		8,765,350		8,710,578		
Transfers to Reserves		0		0		
Transfers to Board Funded Capital		0		0		
Total Expenditures		**8,765,350**		**8,710,578**		

Costs associated with this program include the Director of Facilities and all clerical and support staff for this program. It also includes repair, maintenance and security of school buildings, which includes grounds maintenance, cost of custodial services, utilities, insurance, maintenance of equipment, and maintenance of school facilities.

Expenditures also include the transfer of maintenance dollars to Lethbridge Christian School and Immanuel Christian School Societies for the maintenance of these Society owned facilities. Amortization of school facilities is shown under the Capital and Debt Services budget.

Grant Funding:

The grant rates for the Plant Operation and Maintenance (POM) did not change from the prior year; however, overall funding is projected to increase due to student growth in the 2018/2019 school year (which is used for calculating the 2019/2020 POM grant funding). The POM grant of $8.71 million increased for the prior year's budget of $8.55 million (1.85% increase). This grant funding is factored into the budget funding allocation along with additional budget allocations.

In 2016/2017 to 2018/2019, the District was also able to receive additional lease grant revenues from the Province for the leased facilities of the Societies that own and maintain Lethbridge Christian School and Immanuel Christian Schools; whereas, the majority of this funding is provided to the Societies as lease payments. This is not budgeted as the funding is determined year-to-year and not guaranteed (in prior years the revenues and expenses increased accordingly)

BUDGET HIGHLIGHTS

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Budget & Projections	$7,931,332	$8,167,487	$8,477,377	$8,710,578	$8,765,350	$8,931,396	$9,127,499	$9,250,500
Actual (*)	$7,480,377	$8,357,819	$9,242,387	$9,220,160				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

The Plant Operation and Maintenance (POM) program has been allocated $8.71 million of operating revenues and $60,000 of one-time operating reserves to fund the total of **$8.77 million of expenditures** within the District operations, including the following:

- **Uncertified Salaries and Benefits** - Includes the uncertified support staff, including staff in maintenance and caretaking. These expenditures of $4.69 million are expected to increase from the prior year's budget of $4.66 million (0.62% increase) as there was increases in the budgeted costs of casual caretaking.

- **Contracted and General Services** - Includes the building maintenance, property insurance, and other services provided for maintenance/caretaking. These expenditures of $1.59 million are expected to decrease from the prior year's budget of $1.61 million (1.56% decrease) as there was reductions in available funding for building maintenance, professional learning, and other miscellaneous services. These reductions were somewhat offset by increases in insurance costs.

- **Supplies** - Includes the purchase of general supplies, furniture and equipment (non-capital), and computers/technology. These expenditures of $231,893 are expected to increase from the prior year's budget of $180,864 (28.21% increase) as there was a significant increase in the budgeted costs for caretaking supplies as historically these costs have increased year-to-year for inflationary costs and increased quantities with the additions on new schools (budget increase is to get it in-line with actual costs of these supplies).

- **Utilities** - Includes the estimated costs of the utilities of all facilities (other than the administration building), including the cost of electricity, natural gas, water, sewer, and other utility services. These expenditures of $2.26 million are expected to remain consistent from the prior year.

Transfers to/from Reserves and Board Funded Capital:
For budget 2019/2020 there are no budgeted transfers to reserves. There is currently no operating funds that have been set aside for Board Funded Capital projects. This is typically updated in the fall budget if additional operating funds are available.

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment with is factored into projected budgets with increased inflation factors to result in slight increase in staffing costs, services, supply and utility costs.

This document compares each of the Plant operation and Maintenance Department Budgets for the 2019-2020 school year with the 2018-2019 school year. Each Budget shows a comparative of the program's expenditures by object category.

Transportation

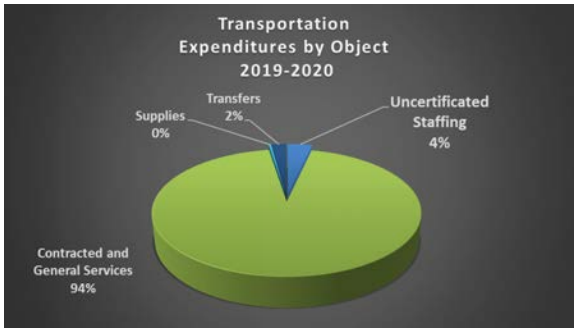

The Transportation program relates to all activities of transporting students to, from and between schools. Funding is provided to transport students who live a distance of 2.4 kilometers or greater away from their resident school.

The following is an overview of the Transportation Program expenditures:

Transportation	2019-2020		2018-2019		Variance	Change %
Total Expenditures		**2,468,779**		**2,468,779**	**0**	**0.00%**

Transfers of Contingency/commitments	52,600		52,600			
Transfers to Reserves	0		0			
Transfers to Board Funded Capital	0		0			
Operating Expenditures		2,468,779		2,468,779		
Transfers to Reserves		0		0		
Transfers to Board Funded Capital		0		0		
Total Expenditures		**2,468,779**		**2,468,779**		

Costs include the Transportation Coordinator and the conveyance of students to and from school on a regular basis where buses are contracted. Expenditures for the transportation program are basic transportation, special transportation, and ECS special needs transportation.

The School District contracts the bussing of students to and from school through the City of Lethbridge. Included in the cost of busing is the replacement of school buses which the District cost shares with the Catholic School Board in the City of Lethbridge. The District is proud that it continues to offer busing to students who live 2.4 kilometres or greater for their boundary school without charging additional fees.

Grant Funding:

The grant rates for Transportation are not expected to change from the prior year. Overall funding is expected to be maintained as there are no projected changes in the number of students who were eligible for transportation funding in 2018-2019 (no school boundary changes in 2019/2020). The Transportation grant is estimated to remain at $2.48 million. Actual 2019/2020 grant funding is not known until November when the final grant submission is sent to the Province. This estimated grant funding is factored into the budget funding allocation.

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

The Transportation program has been allocated $2.41 million of operating revenues and $54,177 of one-time operating reserves to fund the total of **$2.47 million of expenditures** within the District operations, including the following:

- **Uncertified Salaries and Benefits** - Includes the uncertified support staff, including budgeted costs of the Transportation Coordinator. These expenditures of $87,413 are expected to remain consistent from the prior year.

- **Contracted and General Services** - Includes the bussing contract from the City of Lethbridge to provide bussing services. These expenditures of $2.32 million are expected to remain consistent from the prior year as there are no projected changes to the amount of eligible ridership within the bussing contract.

- **Supplies** - Includes the purchase of general supplies and computers/technology. These expenditures of $10,000 are expected to remain consistent with the prior year.

- **Contingency, Commitments, and Transfers** - Includes the technology cost transfers that are allocated from Technology to Transportation. Transportation does not have any budgeted contingencies nor commitments..

Transfers to/from Reserves and Board Funded Capital:
For budget 2019/2020 there are no budgeted transfers to/from reserves. There is currently no operating funds that have been set aside for Board Funded Capital projects. Typically there is no transfer budgeted in this program.

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment with is factored into projected budgets with increased inflation factors to result in increases in bussing services.

Capital and Debt Services

Capital and Debt Services includes the provision of funding for supported debenture debt payments from the Province of Alberta, amortization of tangible capital assets, and the Infrastructure Maintenance Renewal Program (IMR).

The following is an overview of the Capital and Debt Services Program expenditures:

Capital and Debt Services	2019-2020		2018-2019		Variance	Change %
Total Expenditures		**8,089,776**		**8,089,776**	**0**	**0.00%**
Amortization of Tangible Capital Assets		**5,138,184**		**5,138,184**	**0**	**0.00%**
Amortization of Capital (supported)	4,576,935		4,576,935			
Amortization of Capital (unsupported)	561,249		561,249			
Infrastucture, Maintenance & Renewal		**2,951,592**		**2,951,592**	**0**	**0.00%**
Interest of Capital Debt		**0**		**0**	**0**	**0.00%**
Operating Expenditures		8,089,776		8,089,776		
Total Expenditures		**8,089,776**		**8,089,776**		

The province also funds the outstanding debt on school building projects supported by Alberta Education. Commencing in 1995-96, the annual debenture debt owing on school buildings is paid directly by Alberta Education to the Alberta Capital Finance Authority. The amount is required to be recorded on the school jurisdiction's financial statement.

This debt obligation on behalf of Lethbridge School District No. 51 has been completely extinguished during the 2017-2018 school year.

The Infrastructure Maintenance Renewal Program (IMR) is to upgrade building components to meet health and safety requirements or replace failed components.

Grant Funding:

The District receives a specific grant for Infrastructure Maintenance Renewal Program (IMR) projects and it is based on multiple factors such as student enrolment, facility area, and the age of the facilities. Specific Provincial rates are applied to each of these factors. The specific grant rates for IMR are projected to be maintained from the prior year (based on the committment from the Province to maintain school funding). The IMR grant of $3.06 million are expected to remain consistent with the prior year.

Actual (*)	$5,652,168	$5,692,926	$6,343,406	$8,089,776				

*** 2018-2019 are projections until the end of the year** (Actuals amounts may vary from these projections)

The Capital and Debt Services program has been allocated $8.09 million of operating revenues and did not require any one-time operating reserves to fund the total of **$8.09 million of expenditures** within the District operations, including the following:

- **Amortization of Tangible Capital Assets** - Includes the non-cash expenditures to reduce the net book value of the tangible capital assets (buildings, equipment, vehicles). Amortization is currently budgeted based on the prior year actual as this provides a base for the estimated reduction in the net book value of the tangible capital assets. The projected amortization in future years is based on historical increases in amortization.

- **Infrastructure, Maintenance and Renewal (IMR)** - Includes the projects that the District undertakes to maintain the District's schools and other facilities. For the 2019/2020 budget, the Infrastructure Maintenance and Renewal (IMR) grant is expected to be maintained; therefore the related IMR costs have also been maintained. Should there be a change in the grant rates, a reduction in IMR grant funding also reduces the projected IMR projects. Note: that the District has not committed to any IMR projects funded by 2019/2020 grants until the Provincial budget is released.

- **Interest on Capital Debt** - Includes the supported interest on debentures (debt). These debentures are supported as the Province makes the payments on behalf of the district; whereas, during 2017/2018 the District had all remain debentures fully repaid during the year. Therefore, with no outstanding debenture debt, the interest on the capital debt is eliminated in 2018/2019 and future budget years.

Transfers to/from Reserves and Board Funded Capital:
For budget 2019/2020 there are no budgeted transfers to/from reserves. There is currently no operating funds that have been set aside for Board Funded Capital projects. Typically there is no transfer budgeted in this program.

The next projected three (3) budget years (20/21 to 22/23) include increased student enrolment with is factored into projected budgets with increased inflation factors to result in increases in amortization and the amount of IMR funding and projects. Amortization is also expected to increase in 2020/2021 with the capitalization of the technology evergreening phases.

This pages are an extract from the District's approved operating budget, specifically for the summary of the entire Capital and Debt Servicing program.

SUMMARY FOR CAPITAL FUNDS

GENERAL COMMENTS

The Board Approved Operating Budget includes all operating funds and transfers; however, the District's approved budget does not require to include the Capital Fund Accounts (other than operating transfer to the Board Funded Capital) nor the Endowment Fund Accounts.

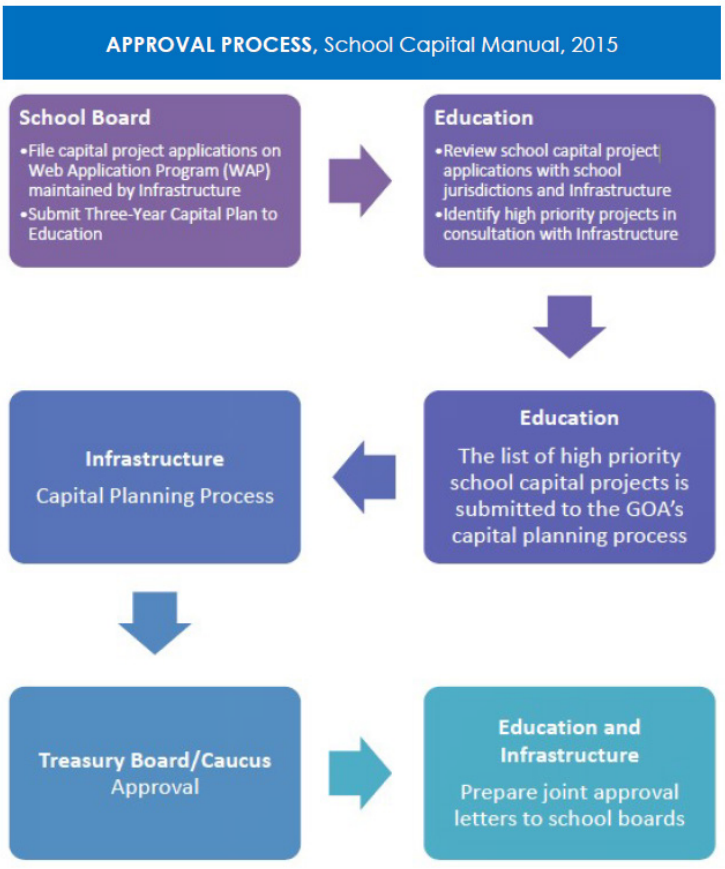

Capital projects include construction of new schools, modulars, equipment, and modernization of existing schools/facilities, which are funded by Provincially Funded Capital. As these are funded by specific capital grants on a project-by-project basis, these capital revenues and costs are not required to be included in the legally adopted Operating Budget (as approved by the Board of Trustees). The Operating Budget does however include the costs to maintain and repair the schools/facilities through the Infrastructure Maintenance and Renewal (IMR) projects and through general building maintenance.

The Approved Capital Plan outlines the capital projects that are requested to funded by the Provincially Funded Capital Funds. This Plan outlines the capital projects that are to be submitted and approved by the Province of Alberta (through Alberta Education and Alberta Infrastructure) and provide an analysis of the District's Capital needs to address future enrolment growth and modernizing learning spaces to provide the best spaces for teaching and learning. Each year, school jurisdictions submit facility needs for the next three years and await funding and approval from the Province.

As the Capital Funds are not specifically budgeted, the comparative summaries do not have previous years budgeted figures and the current and projected budgets are provided for informational purposes.

Summary of Capital Projects

Lethbridge is experiencing increased growth on the west side of the city, with significant growth projected in the elementary and middle school populations. Currently, our schools in west Lethbridge have an average utilization of 80% of capacity and are expected to increase to 89% utilization by 2021-2022 for full capacity (including modular facilities). This would be over 100% capacity if reviewing core facilities (not including modular facilities). In September 2018, the District opened a new Westside middle school, Senator Joyce Fairbairn Middle School, a new 900 student Westside grades 6-8 middle school (including modular facilities). The District also recently opened Coalbanks Elementary School, a 600 student Westside K-5 elementary school, which has been operating for the 2017-2018 school year; whereas, this school is already reaching maximum capacity in both its core and modular facilities. The District has requested two (2) additional elementary schools in west Lethbridge to assist with the significant growth: one in Gary Station which is in the north section of the Westside and one in the south section of the Westside.

There are also new subdivisions planned for the south side of the city, and elementary schools in this area have very high utilization rates on capacity; therefore, with projected enrolments expected to increase, a new elementary school had been requested for south Lethbridge. In 2018, the District received approval to construct a 600 student K-5 elementary in South East Lethbridge.

The District has also requested a number of expansion and modernization projects to upgrade school facilities for deficiencies in school buildings to ensure the health and safety of students and upgrade building structural components, mechanical and electrical services. The number one priority for modernization and preservation in the 2019 capital plan is Galbraith Elementary School, which is 106 years old. Funding has also been requested for modular classroom space immediately to facilitate growth in school communities.

Current Capital Projects:

The chart below shows the school district's current capital projects (new schools and modernizations) that are just wrapping up or will be completed within the next few years.

Current Capital Projects

Projected Opening/Completion	School/Community	City Sector	Project Type	Grade	Approved Capacity	Approval Date	% Complete as of December 2017	Estimated Cost
2018-2019	Senator Joyce Fairbairn Middle School	West	New Construction	Grades 6 to 8	900	January 2015	100% (In post construction review)	$23.9 million
2020-2021	Southbrook Subdivision	South	New Construction	Kindergarten to Grade 5	600	Apr-17	Tender complete in pre construction	$20.4 million

Ongoing projects in 2019/2020 include the construction of the Southeast Elementary School in the Southbrook Subdivision. Due to the timing of the construction approval process, this school is now looking to be completed for opening in September 2021.

Coalbanks and Dr. Probe Elementary Schools have also been approved for additional modulars to be added in 2019/2020.

Future Capital Projects:

The chart below shows all new construction and modernization requests for the 2019-2010 to 2021-2022 Three-Year Capital Plan ranked by priority:

New Construction & Modernization Project Requests

Year	Priority	Community/School	City Sector	Type	Grade	2018 Cost ($)
2019-2020	1	Gary Station Elementary School (West Lethbridge - North)	West	New Construction (900 student spaces)	K-5	$18.1 million
	2	Galbraith Elementary School	North	Modernization-Preservation	K-5	$15 million
	3	Nicolas Sheran Community School	West	Modernization-Preservation	K-5	$13.4 million
	4	Park Meadows Elementary School	North	Modernization-Preservation	K-5	$11.5 million
2020-2021	5	West Lethbridge Elementary School (West Lethbridge - South)	West	New Construction (900 student spaces)	K-5	$18.1 million
	6	Mike Mountain Horse Elementary School	West	Modernization-Preservation	K-5	$15 million
	7	Dr. Gerald B. Probe Elementary School	West	Modernization-Preservation	K-5	$15 million
2021-2022	8	Senator Buchanan Elementary School	North	Partial Modernization-Preservation	K-5	$5 million
	9	Westminster Elementary School	North	Partial Modernization-Preservation	K-5	$5 million

Of the requested above requested projects, there have been no Provincial announcements yet on approval of these projects. The majority of the Provincially Funded Capital Projects are typically considered to be non-recurring costs that can vary significantly from year-to-year (depending on the capital projects that have been approved).

For 2019/2020, the Provincial announcement for capital projects of new schools and modernizations will likely be in fall 2019 with the release of the 2019 Provincial budget (which has been delayed with the change in provincial government).

Board Funded Capital:
Relates to the capital expenditures made on capital, which does not relate to the approved capital projects. This can include purchases of vehicles, machinery, and other equipment for operational purposes (i.e. for Maintenance department). This can also include capital improvements/modernizations that are funded by the Board (through operating fund transfers and/or capital reserves).

For Budget 2019/2020, there is currently $600,000 of operating fund transfer to capital reserves for the technology evergreening projects. There has also been $90,283 of operating funds that have been set aside for Board Funded Capital projects. This is typically updated in the fall budget if additional operating funds are available.

During the next three (3) projected years, the District is projecting on utilizing some of the capital reserves towards Board Funded Capital projects. This includes an estimated $3.5 million of capital reserves used towards for the secondary school technology evergreening phase (middle and high schools) and an estimated $2.0 million of capital reserves used towards for the elementary school technology evergreening phase. The District had historically been saving these technology evergreening fund in the operating reserves; however, the District has recently reclassified this to capital reserves.

Major capital building repairs to facilities are considered to be non-recurring costs that vary significantly from year-to-year. Vehicle and equipment replacements are often recurring costs for the District, but the specific items will vary significantly from year-to-year. Capital Reserves have been set aside by the Board of Trustees to fund the potential future non-recurring capital costs; in which, when these non-recurring capital costs incur, these costs will require minimal and/or no impact on the operating funds.

As shown above, the Capital Funds that are used to account for all the capital projects include:

- **Provincially Funded Capital**
  > Deferred Revenue - Unexpended Deferred Capital Revenues (UDCR)
  > Deferred Revenue - Expended Deferred Capital Revenues (EDCR)
- **Board Funded Capital**
  > Accumulated Surplus account - Investment in Capital Assets
- **Capital Reserves**
  > Accumulated Surplus account - Reserves

FLOWCHART OF PROVINCIALLY FUNDED CAPITAL

Deferred Capital Revenues:

Both the UDCR and the EDCR accounts are classified as deferred revenues in accordance with accounting standard PSAS 3200 as all Capital Funding grants have a stipulation that if the School Jurisdiction is ever closed, the Provincially Funded Capital would be returned to the Provincial Government.

Provincially Funded Capital Funds

Only the approved capital projects are included in the projections; whereas, other requested schools/ modernizations are not guaranteed to be approved (or may be delayed in approvals).

South East Elementary School:

As the capital grant for the new South East Elementary School has been approved by the Province, it is projected that the District will receive capital funding based on the amount of capital expenditures (up to 90% in 2019/20) and will receive the final 10% of the capital grant in 2020/21 as the project is expected to be completed and with the submission of the Statement of Final Costs. The projected capital expenditures is estimated based on historical costs for the construction of a new school.

Infrastructure, Maintenance and Renewal (IMR):

The Infrastructure, Maintenance & Renewal (IMR) grant funding require that at least one third (1/3) of the projects are capitalized (used for capital projects); whereas, we have budgeted one third of the grant funding and project costs to be capital over the upcoming years (IMR grant revenues offset the IMR capital projects). The District has many capital projects available within IMR funding, including the major modernization projects to Westminster Elementary School and Senator Buchanan Elementary School.

Modular/Relocatable Facilities:

Coalbanks Elementary School has received approval for three (2) additional modulars to be added to the school; whereas, the Alberta Infrastructure pays directly for the modulars and they are delivered to the school site (the related funding/expenditures are recorded on the District's financial statements). The District also receives specific grant funding for the setup/installation of the modulars (80% funding initially and 20% upon completion/reporting). These modulars are expected to be all completed within 2019/2020 school year.

Deferred Capital Revenues

As shown on the previous page(s), the capital grants from currently approved projects are allocated to the Unexpended Deferred Capital Revenue (UDCR); whereas, the UDCR is reduced with the capital project expenditures (Capital Outlays) which are then transferred to the Expended Deferred Capital Revenues (EDCR).

In 2019/2020, there is a projected inflow of capital revenues from Alberta Infrastructure of $9.58 million to cover the projected capital expenditures totalling $9.74 million; therefore, the UDCR will likely be completely offset (as all funds will be expended) by the end of the school year as there was a small deferred balance projected at the end of 2018/2019. The $9.74 million of capital expenditures will increase the total tangible capital assets (TCA) and will increase the EDCR accordingly. There is an estimated $4.58 million of amortization of supported assets which will reduce the tangible capital assets (TCA) and will be recognized as revenue from the EDCR. Note: the EDCR balance completely agrees to the net book value (costs less accumulative amortization) of the supported assets.

In 2020/2021, there are projected capital expenditures totalling $11.18 million; however, there is projected to only receive capital revenue inflows of $10.12 million as the South East Elementary School will likely have received 90% funding and will have to wait until the project is completed in 2021/2022 to complete the Statement of Final Costs to receive the remaining 10% funding. Therefore, the UDCR is projected to be in a negative position (receivable from Province) until the capital funds can be received by the completion of the reporting.

As shown on the previous page(s), the EDCR balance is expected to continue to grow (and supported tangible capital assets) with the additional schools in the District. This is expected as the District is a growing in students and in size. This will continue as more schools/modernizations are approved.

Effects from Infrastructure, Maintenance and Renewal (IMR) funding:

The Infrastructure, Maintenance and Renewal (IMR) grant and projects are within the General Operating Fund accounts as historically the IMR projects have been expensed within operations from year-to-year; however, during 2017/2018, the Provincial government had changed the grant that now requires that at least 1/3 of the IMR grant is capitalized (for capital projects).

If the District has IMR projects for school facilities that are considered to extend the useful life, the District will include the related portion of the IMR revenues within the UDCR and the related IMR expenditures will transfer the funds from the UDCR to the EDCR (similar to the approved capital projects). The capitalization of IMR projects is also not budgeted and would only result in an offsetting reduction in the operating revenues/expenses (no net effect - revenues equal expenses) and would increase the EDCR accordingly. This is also not required to be budgeted within the Approved Operating Budget.

As discussed in the Operating Budget, the IMR projects are designed to repair and maintain the existing infrastructure (i.e. school facilities); whereas, modernization projects are for specific renovations that exceed $1 million. School jurisdictions will use IMR funding for major maintenance upgrades under this threshold (unless specifically approved by the Province). Theses repairs/maintenance on the school facilities assist the ability to continually use these schools as core assets (planned to use indefinitely), which is likely more cost effective compared to replacing the schools completely.

Board Funded Capital Funds and Reserves

Relates to the expenditures made on capital, which does not relate to the Provincially approved capital projects. This can include operating or capital reserve funds that have been allocated for capital improvements/modernizations and the purchases of vehicles, machinery, and other equipment. Within the Approved Operating Budget, only the use of operating funds that are to be transferred towards Board Funded Capital is required. Use of capital reserves are not included in the Budget.

For Budget 2019/2020, there is $90,283 of an operating fund transfer that have been set aside for Board Funded Capital projects. This is typically updated in the fall budget if additional operating funds are available. There is also $600,000 for the contribution towards the technology evergreening program and an estimated $561,249 of unsupported amortization that is budgeted to be transferred into capital reserves for future capital projects.

During the next three (3) projected years, the District is projecting on utilizing capital reserves towards Board Funded Capital projects. This includes an estimated $3.5 million of capital reserves used towards for the secondary school technology evergreening phase (middle and high schools) and an estimated $2.0 million of capital reserves used towards for the elementary school technology evergreening phase.

Effect on Fund Balances:

As show in the chart above, the Board Funded Capital fund balance (Accumulated Surplus account - Investment in Tangible Capital Asset) is projected to decrease from year-to-year with the transfer of the unsupported amortization; however, will have an overall increase with the additional technology evergreening cycles added to the fund balances. Note: the Board Funded Capital fund balance (Investment in Tangible Capital Assets) completely agrees to the net book value (costs less accumulative amortization) of the unsupported assets.

The Capital Reserves are also projected to increase as the District typically contributes the same amount as the unsupported amortization the reserves. The technology evergreening projects are also funded by reserves (fluctuating in reserve balances based on timing of phases).

Effects of Capital Purchases on Operations:
The construction and acquisition of capital can have significant effects (direct and indirect) on the operating budget due to the costs of maintaining and operating new capital assets.

The completion of Southeast Elementary School (which opens in fall 2021) and any other new schools will increase the District's operating costs including additional staffing, future maintenance costs, and additional utility costs. Additional staffing is required for a new school, including principal/vice-principal positions, administrative support staff, library staff, and caretaking staff (positions required for each separate school). In future years, the facility will require additional maintenance costs (likely not for a couple years). A new facility also increases the utility costs within the District.

The construction of the South East Elementary School and the installation of additional modular facilities will require additional staff time allocated from the maintenance department, including the time to oversee the projects and the staff labour to install the modular facilities. As part of the capital project grants, a portion of the staff costs may be capitalized to the project (reduction in operating costs - reallocated to capital). In the year prior to opening the new school, typically the District hires the school principal to assist in the completion/outfitting of the new facility, planning, and review of staffing requirements (will be added in the operating budget for future years).

In 2017/2018, Wilson Middle School had completed its capital modernization project; therefore, should result in future cost savings on maintenance with facility being upgraded. The HVAC modernizations of Senator Buchanan Elementary School and Westminster Elementary School (funded by IMR) will also provide future cost savings on maintenance.

OTHER FINANCIAL INFORMATION

Endowment Funds

The District has received specific scholarship contributions that have been provided to be held in perpetuity in accordance with the agreement with the donor. These funds are restricted based on the agreement.

Lethbridge School District No. 51

Fund Balances - Endowment Fund Accounts

(four years actual, current year budget, & three years projected budgets)

for the Year Ended August 31

(in dollars)

	Actual	Actual	Actual	Projected Actual	Preliminary Budget	Projected Budget	Projected Budget	Projected Budget
	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Endowment Fund Balance								
Opening Endowment Funds	319,874	319,874	319,874	319,874	319,874	319,874	319,874	319,874
Transfer to/from General Fund	0	0	0	0	0	0	0	0
Closing Endowment Funds	319,874	319,874	319,874	319,874	319,874	319,874	319,874	319,874
Change in Endowments	0	0	0	0	0	0	0	0

Endowments Funds have no effect on the budgets as they are funds held in perpetuity and the District does not budget nor would be able to plan for receiving scholarship contributions from donors. Although the $319,874 of principal amount of these funds are held in perpetuity (ongoing investment/no fixed maturity date), the investment income from these funds are excluded from the General Operating Fund revenues and specifically distributed out as scholarships from year-to-year. Any difference between the endowment investment income and the scholarships distributed are retained in a liability account at the end of each school year (to be distributed in the following year).

Debt and Accrued Obligations

Current Debt and Debentures:
As at August 31, 2018, the District had fully repaid the debenture debt from Alberta Capital Finance Authority (ACFA). As these debentures have been fully repaid, there is currently no other debt (other than standard operating accounts payables and accrued liabilities). As there is no remaining debt, the capital interest expense has been removed from the budget and there are no other debt related effects on the budget.

There are currently no plans to incur new debenture debt; whereas, based on the District's current financial position and the current funding structures, it is considered unlikely that the District will require to incur new debt.

Debt Limits and Restrictions:
In accordance the Alberta School Act, Division 6 (Borrowing) and Alberta Regulation 188/1998 (Capital Borrowing Regulation), the District is not able to incur capital debt for the purposes of construction/ purchase of a school building as the District is required to obtain approval and funding through the Provincially Funded Capital approval process. The District is however able to obtain long-term financing for capital projects of refitting a school for energy conservation and purchasing/renovating/maintaining facilities (other than schools); however, would require the passing of a borrowing bylaw (if issuing debentures) and may require the approval from the Minister (Provincial Government).

The District is also restricted in the amount of operating debt to a limit to the amount held in accounts receivable (per the most recent audited financial statements). As at August 31, 2018, the debt limit for operating purposes is set at $7.24 million.

Obligations for Post-Retirement Benefits:
Currently, the District has effectively minimal obligations for post-retirement benefits; whereas, as at August 31, 2018, the only accrued Employee Future Benefit Liabilities are the banked overtime hours for a total of $14,100 and some accumulate sick time (only for a specific union group); whereas, there is an accumulated accrued obligation of sick time of $203,548.

The current and past service costs of the Alberta Teachers' Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers' Pension Plan Act, Lethbridge School District No. 51 does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers' Retirement Fund on behalf of the jurisdiction is included in both revenues and expenses. For the school year ended August 31, 2018, the amount contributed by the Government was $6.573 million (2017 - $6.396 million). For Budget 2019/2020, the revenues and related expenditures have been budgeted at $6.5 million and included in the District's certified benefits.

The School District participates in a multi-employer pension plan, the Local Authorities Pension Plan (LAPP), and does not report on any unfunded liabilities. The expense for this pension plan is equivalent to the annual contributions of $1.80 million for the year ended August 31, 2018 (2017 - $1.87 million). For Budget 2019/2020, these pension contribution costs are included in the District's certified and uncertified benefits (as a percentage of applicable staff salaries).

Lethbridge
SCHOOL DISTRICT
NO. 51

Financial Health Indicators Report

For the year ended August 31, 2018

Updated for Provincial data March 2019

March 2019

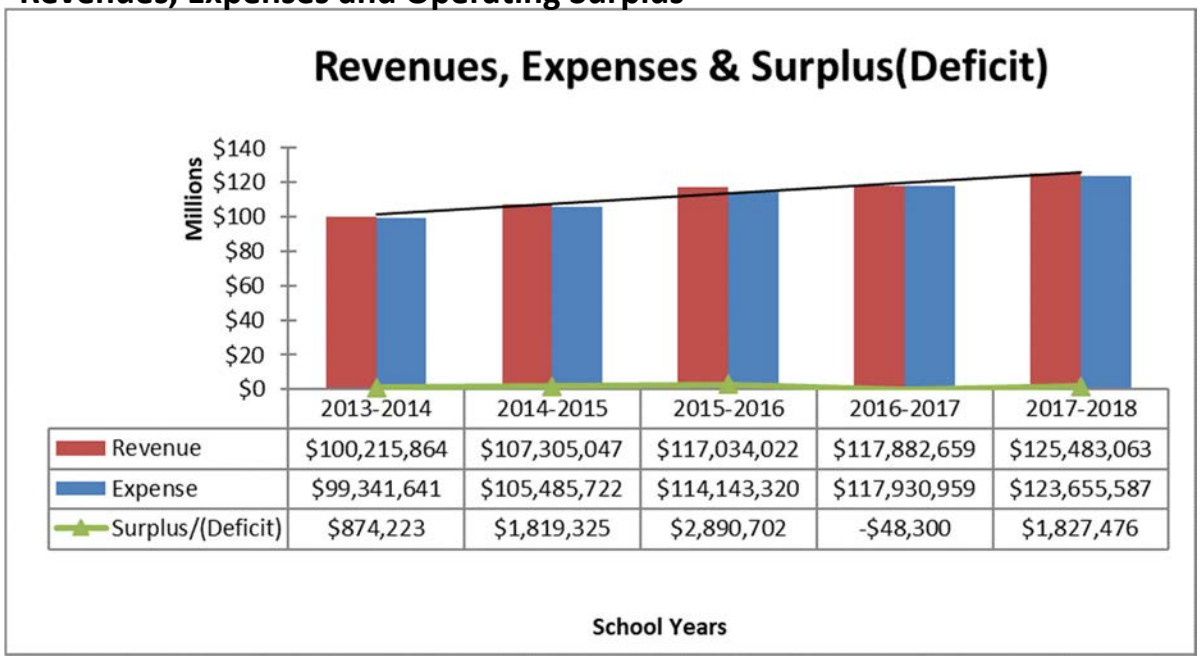

Prepared by the Department of Business Affairs

Lethbridge School District No. 51

Indicators of Financial Health

This document captures the financial health indicators for Lethbridge School District No. 51. This report includes comparisons of Lethbridge School District No. 51 with other school jurisdictions that have full time equivalent (FTE) student enrolment of comparable size or a comparison of the average of all school jurisdictions for the periods 2013-2014 to 2017-2018. In 2014-2015, due to increased enrolment, Lethbridge School District No. 51 is now compared to other Districts that have enrolment from 9000 to 20,000 FTE students.

Revenues, Expenses and Operating Surplus

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Revenue	$100,215,864	$107,305,047	$117,034,022	$117,882,659	$125,483,063
Expense	$99,341,641	$105,485,722	$114,143,320	$117,930,959	$123,655,587
Surplus/(Deficit)	$874,223	$1,819,325	$2,890,702	-$48,300	$1,827,476

This chart shows Lethbridge School District No. 51's operating revenues, expenses and net operating surplus (deficit) over a five-year period. This chart demonstrates that there is an upward trend in revenues and expenditures; however, there is fluctuation in surplus over the five-year period. In 2015-2016 Immanuel Christian Elementary and High Schools joined the District which significantly increased both revenues and expenditures. Revenues are impacted by enrolment and grant rate increases; while expenditures are primarily impacted by staffing decisions.

In 2014-2015 and 2015-2016 the surplus is higher than in the previous year as there were unanticipated grant funds received, funds set aside for technology replacement in the future, and reduced staffing costs due to beginning teachers hired throughout the school year. In 2016-2017, the District budgeted a deficit to utilize some of the operating reserves (actual deficit was less than planned). In 2017-2018, the surplus increased to levels similar to 2014/2015 & 2015/2016; whereas, there was reduced staffing costs due to beginning teachers hired during the year and funds set aside for technology replacement in the future. The average yearly surplus over the five-year period is $1.5 million, which would equal 1.19% of operating expenditures.

Liquidity

Liquidity is measured by taking Financial Assets, less Liabilities that have been reduced by Expended Deferred Capital Revenue. A liquidity ratio of greater then one is desirable. This means that the District has the ability to pay current liabilities as they are due. A liquidity ratio of less than one indicates that the District will have to borrow to meet short term obligations. Liquidity = flexibility. A higher liquidity ratio means that the District has the ability to better respond to rapidly changing circumstances.

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Leth SD 51	3.49	2.37	2.44	2.24	2.18
Comparable	2.27	1.66	1.71	1.78	1.77
All SD's	1.76	1.57	1.63	1.65	1.61

The chart above shows that the District has a liquidity ratio greater than one. In 2014-2015, the District's liquidity decreases due to amounts owing on contractual obligations related to capital projects at the fiscal year-end. The District's liquidity has remained relatively consistent over the last four fiscal years (2014-2015 to 2017-2018) with an average of 2.31. The majority of the District's Financial Assets are comprised of cash and cash equivalents (representing approx. 75%); therefore, further increasing the liquidity of the District.

Accumulated Surplus from Operations Compared to Expenditures

Accumulated Surplus from Operations (ASO), which is the District's savings, is compared to expenditures to determine the District's ability to react to emergent situations and the ability to fund special initiatives. Alberta Education considers a district's financial health to be a concern if ASO is less than 1%. If an ASO is higher than 5% there could be a reason, such as one time funding received late in the year that will be used in a following year, or long term savings for the replacement of technology through evergreening.

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Leth SD 51	8.38%	9.15%	9.45%	8.70%	7.01%
Comparable	8.52%	5.58%	5.64%	5.51%	5.06%
All SD's	6.63%	6.36%	6.51%	5.38%	4.96%

The chart above shows the five-year comparison of the "Adjusted" Accumulated Surplus from Operations as compared to Expenditures of Lethbridge SD 51, comparable, and all other School Districts in the province. "Adjusted" Accumulated Surplus from Operations is the Accumulated Surplus from Operations less School Generated Funds that are now included in Surplus. It also shows that starting in 2014-2015 Lethbridge School District No. 51 changed to being compared to the larger School Districts with comparable enrolment (9,000 – 20,000 FTE).

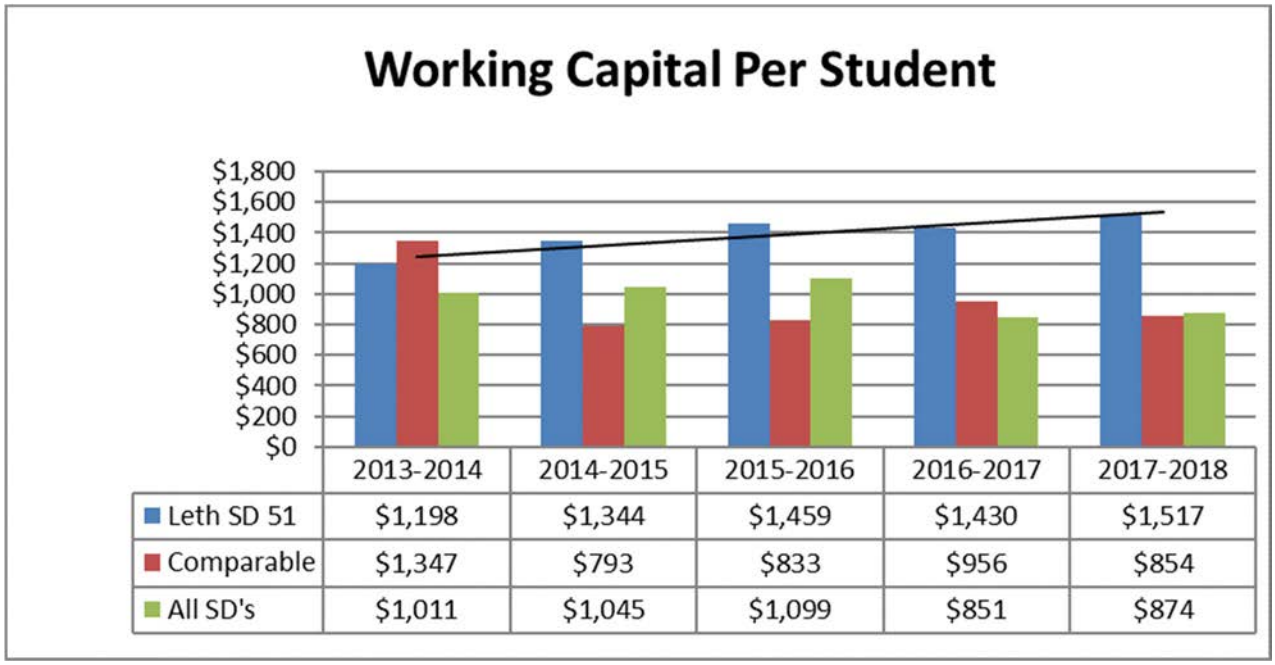

The District has had an adjusted ASO between 7.01% and 9.45% in the last five years. Adjusted ASO increased from 2013-2014, 2014-2015, and 2015-2016 due to unexpended funds during the year. In 2016-2017, the ASO decreased as there was an increase in expenditures and there was a decrease in the "Adjusted" Accumulated Surplus from Operations as these reserves were used to fund literacy initiatives at elementary schools and middle school, high school completion, assist students requiring specialized supports, and funds provided to support curriculum, new programming and new school startup costs, technology evergreening and improvement of Wi-Fi access in the District.

In 2017-2018, the adjusted ASO decreased significantly as the technology evergreening funds were reallocated from operating reserves to capital reserves; whereas, these technology evergreening projects are to be capitalized in future years.

The District is considered to be in good financial health even with the decrease in 2016-2017 & 2017-2018 and is currently higher than comparable districts in prior years. Prudent future use of these unexpended one-time funds will help to smooth staffing cost fluctuations in the next few years and assist in sheltering the impact on the classroom and district operations from unexpended changes in the provincial fiscal climate.

Working Capital per Student

Working capital is the amount of money available after discharging all the District's liabilities. Working capital allows the District to meet emergent needs and new initiatives. Working capital is compared to student enrolment to determine the amount of funds available per student that could be spent in the future.

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Leth SD 51	$1,198	$1,344	$1,459	$1,430	$1,517
Comparable	$1,347	$793	$833	$956	$854
All SD's	$1,011	$1,045	$1,099	$851	$874

The chart above shows working capital per student over a five-year period. Lethbridge School District No. 51 has ranged from $1,198 to $1,494 working capital per student, which indicates that there has been an increase in working capital from year to year as there have been increases in student enrollment over the last couple years. As previously noted, the comparable Districts were changed in 2014-2015 due to an increase in enrollment.

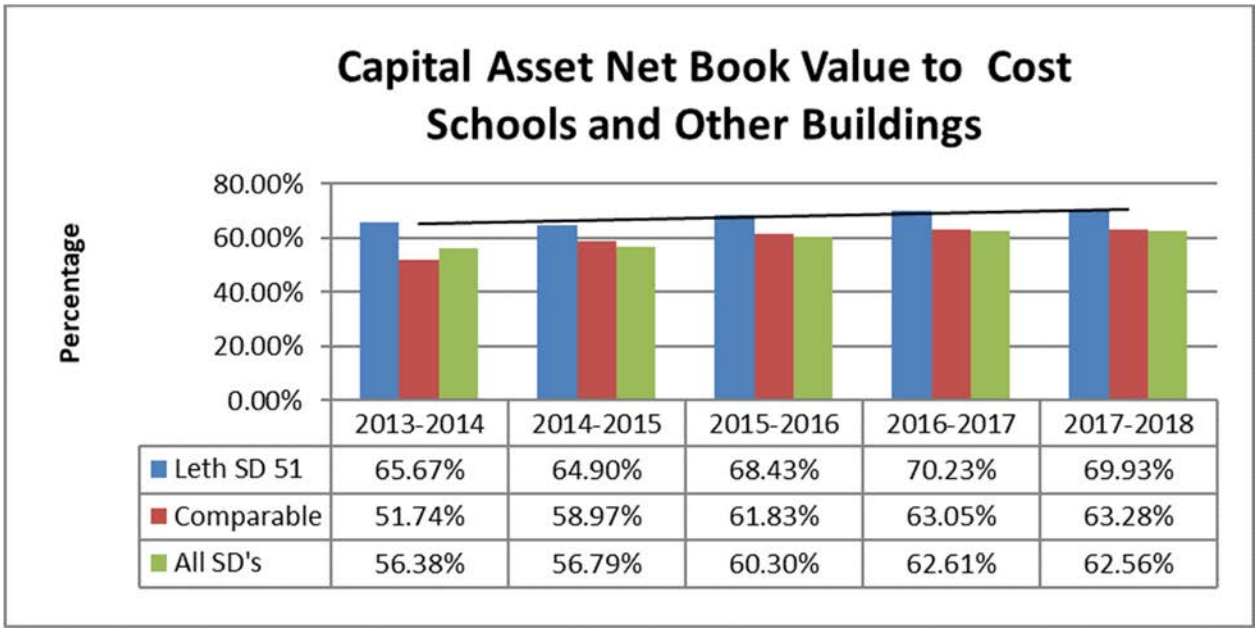

In 2016-2017, the working capital per student decreased mostly due to increase in enrollment; whereas, the working capital remained relatively consistent.

Capital Assets – Net Book Value Compared to Historical Cost

School District's build new school facilities and purchase vehicles and equipment. The cost of these items, when built or purchased, is called the historical cost. These capital assets are depreciated (amortized) over their useful lives. For example, a maintenance truck purchased is considered to have a useful life of five years; therefore the value will be amortized over a five-year period. It is expected that a vehicle will likely have to be replaced after five years (although it may still remain in service for another five years). The percentage of Net Value to Historical Cost illustrates how new a district's assets are. A relatively high % indicates newer assets, whereas a lower % indicates older assets. The concern with a low ratio is that capital assets may not be replaced on a regular basis, which may be an indication of potential health and safety issues, or a significant cost in the future to replace capital assets.

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Leth SD 51	40.56%	36.42%	39.88%	43.37%	39.89%
Comparable	35.06%	28.32%	31.22%	32.48%	31.99%
All SD's	28.17%	26.90%	27.46%	28.79%	29.11%

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Leth SD 51	65.67%	64.90%	68.43%	70.23%	69.93%
Comparable	51.74%	58.97%	61.83%	63.05%	63.28%
All SD's	56.38%	56.79%	60.30%	62.61%	62.56%

Over the five-year period, the District's percentage of Net Book Value to cost for schools and other buildings and vehicles and equipment has fluctuated, however has been higher than the average of all school districts and comparable FTE student districts. This means that Lethbridge School District No. 51 has newer buildings, equipment and vehicles.

In relation to Schools and Other Buildings, the increases over the last couple of years correlate to the construction of the new school sites (Coalbanks Elementary School and the Senator Joyce Fairbairn Middle School) and the modernization of Wilson Middle School. These new schools also has had increases in equipment as new equipment has been acquired for these new sites.

Capital Reserves per student

Districts put money into capital reserves for the future replacement of capital assets. Capital Reserves per student indicates the amount of capital reserves on a per student basis.

	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Leth SD 51	$104	$122	$198	$188	$497
Comparable	$308	$127	$187	$180	$291
All SD's	$256	$334	$382	$393	$357

Although Lethbridge School District No. 51 has historically been less capital reserves per student, the District has had newer assets as compared to other school districts. In 2017-2018, capital reserves increased significantly with the technology evergreening funds being moved from operating to capital reserves. These technology evergreening funds are higher at the end of 2017-2018 as there has been saving for a couple years for the upcoming evergreening phases (Elementary School phase 2 in 2018/2019, Secondary School phase in 2019/2020)

It is important to compare both the Capital Reserves per student and Net Book Value compared to Historical Costs financial health indicators related to capital. There would be a concern if the Net Book Value to Cost percentage was very low and capital reserves were low. This would indicate capital assets are very old and in need of replacement, with no capital funds to replace the assets if necessary. Also, accumulated surplus may be required for the future replacement of assets. Since Lethbridge School District No. 51 has newer assets, the lower amount of capital reserves per student is not a significant concern.

Overall Financial Health

Overall, Lethbridge School District No. 51 has a strong financial health; whereas, the District seems to be in a strong financial position when in comparison to many of the other comparable Districts and to Districts throughout the Province. This is shown throughout this report, including liquidity, accumulated surplus, working capital, and in its tangible capital assets. This strong financial health can be contributed to sound financial management, planning, and governance.

Lethbridge School District No. 51

Priorities and Outcomes

Lethbridge School District No.51 reviews issues and trends that will effect the educational environment over the next three years. These emerging issues and trends impact the planning of the District's programs and services to students. From specialized student needs, to the challenges of population growth, these issues and trends have a significant impact on the decision making of the District to ensure that high quality programming and services are provided to our students. The District identifies these issues and develops priorities, outcomes, and ongoing strategies to address the issues.

The Board priorities were developed after extensive consultation with education stakeholders of the community. This consultation included a highly successful Town Hall meeting which provided the opportunity for approximately 200 parents, students, district staff, and community members to provide comments and feedback to the trustees. This year's consultation used a World Café format and centered on two questions:

1) What do you value most about your school community?
2) What can the District do better?

These questions also focused on the Board priority of supporting the implementation of initiatives designed to develop innovative thinkers. The Board of Trustees received all the feedback from this consultation to develop the priorities and outcomes to be achieved for the school year.

The Board of Trustees developed three (3) priorities: **Achievement, Inclusion, and Innovation**. Although these have specific outcomes, they are highly correlated with each other; whereas, the success in one priority will likely assist in the other priorities.

Details on the priorities, outcomes, and strategies and measures follow on the next page. Wherever possible, estimated costs were provided to support the priorities.

2019-20 DISTRICT PRIORITIES

PRIORITY ONE: ACHIEVEMENT

Related Provincial Goals (2019-20):

(1) Alberta's students are successful.
(2) Alberta's education system supports First Nations, Metis, and Inuit students' success.
(4) Alberta has excellent teachers, and school and school authority leaders.
(5) Alberta's education system is well governed and managed.

Outcomes and Strategies

1. **Students achieve student learning outcomes with strong foundational skills in literacy and numeracy.**
2. **Teachers possess a deep understanding of pedagogy that develops literacy and numeracy.**

Why? Strong literacy and numeracy skills are foundational to learning and student efficacy.

Build capacity in literacy and numeracy instructional practices and use of assessment across all subject areas to improve student achievement.

Actions:

- Literacy Lead Teacher targeting grades K-8. (cost estimate: $115,000 for Literacy Lead Teacher)
- Update District and School Literacy Work Plans.
- Support Literacy Lead Teacher with in-school residency structure for modeling and support.
- Facilitate District Elementary and Middle School Literacy Steering Committees to guide implementation of strategies.
- Facilitate professional learning focusing on literacy: Lucy Calkin Institute; literacy in content areas; leveled reading; using assessment, including Fountas and Pinnell, to inform instructional practice in literacy.
- Structure a literacy lead designate in each school to work with Literacy Lead teacher in building capacity.

- Numeracy Lead Teacher targeting grades 4-9. (cost estimate: $115,000 for the Numeracy Lead Teacher)
- Develop a District Numeracy Work Plan.
- Facilitate District Secondary Math Steering Committee.
- Support Numeracy Collaborative Communities for teachers to inquire into numeracy pedagogy.
- Support volunteer elementary schools in piloting Pearson Mathology.
- Foster a growth mindset around numeracy pedagogy.
- Investigate numeracy assessment tools.

Facilitate cross-curricular planning recognizing multiple literacies in the classroom as part of new curriculum implementation.

Measures

- Data from Fountas &Pinnell (literacy scores grades 1-5), universal literacy measures at middle school (cost estimate: $100,000 for F&P testing across District [reserve funded])

Required provincial measures:

- Overall percentage of students who achieved the acceptable standard and overall percentage of students who achieved the standard of excellence on Provincial Achievement Tests (based on cohort) and diploma exams.
- Percentage of Grade 12 students eligible for a Rutherford Scholarship.
- Percentage of students writing four or more Diploma Examinations within 3 years of entering Grade 10.
- Overall teacher, parent and student satisfaction with the overall quality of basic education.

3. Students are lifelong learners possessing the skills and attributes to successfully transition within the system and to further education, credentialing or the world of work.

Why? Successful transition is the ultimate measure of student success.

Support staff in the implementation of the learning competencies outlined in the new curriculum that develop the knowledge, skills and attitudes for successful learning, living and working: critical thinking, communication, problem solving, collaboration, managing information, cultural and global citizenship, creativity and innovation, personal growth and well-being.
Implement strategies that support school to school and school to work preparation and transition.
Actions:

- Expand connections with business and industry for the purpose of furthering student experience with real-world learning both in and out of the classroom with greater emphasis on middle school level.
- Support the Implementation of strategies that support the areas of focus identified by each high school under the umbrella of High School Redesign: flexible learning environments, personalization of learning, rigorous and relevant curriculum, assessment, meaningful relationships.
- Expand off-campus experiential programs, such as Work Experience, to reflect the vision that off-campus opportunities are an integral part of exploring potential career pathways for all students. (costs estimate: $301,400 for High School Off Campus program – including 0.5 FTE teacher)
- Integrate online career planning program, My Blueprints, across the middle school health curriculum and high school CALM.
- Support existing dual credit opportunities (Liberal Education 1000, Management 1070 at U of L) and explore expansion of these opportunities including participation Cinema 1000 and Liberal Arts 2200 with the U of L, and Automotives with Lethbridge College. (costs estimate: $154,500 [funded by $25,000 contribution by High Schools and and funding for CEUs])
- Plan for purposeful exposure to next generation employment opportunities such as robotics, coding, and small business.
- Develop further strategies that support the transition of students from school to school within the District.

Measures

- Number of students involved in Work Experience & RAP; Visits to career counselling.
- *Required provincial measures:*
- Overall teacher and parent agreement that students are taught attitudes and behaviours that will make them successful at work when they finish school.
- High school completion rate of students within three years of entering Grade 10.
- Annual dropout rate of students aged 14 to 18.
- High school to post-secondary transition rate of students within six years of entering Grade 10.

4. First Nations, Metis and Inuit (FNMI) student achievement relative to provincial standards will improve.

Why? It is our moral imperative to ensure the learning needs of all students are met and the recommendations from the TRC are recognized.

- Build school staff foundational knowledge of FNMI culture and Truth and Reconciliation via professional learning, and curriculum and resource development.
- Actions:
- Create and/or access curriculum resources and artefacts that recognize FNMI culture and history in support of FNMI for all learners - “FNMI for all”. (Costs of resources are within FNMI budget)
- Integrate FNMI content into delivery of instruction across curriculum areas for all learners.

- Build capacity of FNMI staff to share their knowledge with all students. (Cost estimate: $115,000 for Coordinator of FNMI Education and $110,000 for teacher of FNMI Education)
- Support a teacher of FNMI language and culture to work with secondary level staff and students.
- Designate administrators at each school site responsible for supporting the work of the FNMI team in an effort to have a coherent and consistent implementation of strategies. (Costs of resources are within school based budgets)
- More purposeful review of data relative to FNMI students to develop strategies for academic improvement
- Provide enhanced services for targeted FNMI students (literacy intervention, attendance, academic achievement, interagency). (Costs of resources are within FNMI budget)
- Plan events that celebrate FNMI culture and create pride in FNMI ancestry. (Costs of resources are within FNMI budget)
- Board FNMI Standing Committee will establish a District vision, connect with community, and implement community based strategies related to TRC within the education system as per the Calls to Action.
- Collaborate with other Districts to learn about best practice and jointly plan for implementation of strategies targeting improved student learning.

Measures

- TTFM (if able to disaggregate), attendance data, family participation in school events.
- All schools acknowledge the traditional territory at key events.
- Increase in Elder and Knowledge Keepers' participation in schools.
- Number of targeted events/evenings supporting initiatives related to FNMI endeavors
- Increase in resources available to teachers of FNMI content
- Increase in PD available to teachers
- Literacy levels in students of FNMI ancestry will improve

Required provincial measures:

- Overall percentage of self-identified FNMI students who achieved the acceptable standard and overall percentage of students who achieved the standard of excellence on Provincial Achievement Tests (based on cohort) and Diploma Examinations.
- High school completion rate of self-identified FNMI students within three years of entering Grade 10.
- Annual dropout rate of students aged 14 to 18.
- High school to post-secondary transition rate of self-identified FNMI students within six years of entering Grade 10.
- Percentage of self-identified FNMI Grade 12 students eligible for a Rutherford Scholarship.
- Percentage of self-identified FNMI students writing four or more Diploma Examinations within 3 years of entering Grade 10.

5. School administrators are highly skilled in all areas of the School Leader Quality Standard.
6. Teachers are highly skilled in all areas of the Teaching Quality Standard.
7. Support staff possess the knowledge, skills and attributes to support student success and create optimal learning environments.

Why? Quality leaders, teachers and support staff who possess a growth mindset positively influence student learning.

- Participate in the University of Lethbridge Project building capacity of District and school leaders to engage in inquiry based professional growth. (Cost estimate: $20,000 for Admin Professional Learning)
- Develop consistent inquiry based process for engaging teachers and support staff in inquiry based professional growth. (Resource costs were built-in within professional learning costs, other costs are mostly related to staff time)
- Develop professional learning plans for the implementation of the new Teaching Quality Standard and School Leader Quality Standard. (as above)
- Build teacher competency in using assessment to improve instructional practice, differentiate instruction, and enhance student learning. (as above)
- Implement the Administrator Mentorship Program with structure of content deriving from the Principal Leadership Quality Standard. (Cost estimate: $41,000 for Mentorship & TIP programs)
- Implement the Teacher Induction Program (TIP) structured according to TQS dimensions with an emphasis on supporting the application of the learning at the school. (see above)
- Continue to implement and support professional learning for support staff in a variety of areas.

Measures

- Pre and post teacher efficacy scale relative to the new TQS.
- Teacher participation in collaborative communities.
- Alignment of collaborative community areas of focus with Board priorities.
- University of Lethbridge research study measures relative to Inquiry-based professional growth.
- Support Staff participation in professional learning opportunities and access to learning resources.

8. Effective learning and teaching is achieved through collaborative leadership and structures that build capacity to improve within and across schools.

Why? A cohesive system that build lateral capacity across schools is positioned for ongoing improvement.

- Support District Collaborative Communities as an integral structure for building instructional capacity and professionalization.
- Build the capacity of system leaders with a professional learning plan developed by the Administrator PL Committee that supports learning across the District priorities and the School Leader Quality Standard.

Measures

Performance Measures

- Survey feedback from teachers and administrators regarding the effectiveness of District Collaborative Communities and administrator professional learning.

Required Measures

Overall percentage of teachers, parents and students indicating that their school and schools in their jurisdiction have improved or stayed the same the last three years

9. A comprehensive wellness approach promotes well-being and fosters learning.

Why? There is a close correlation to achievement and wellness. A system that focuses on wellness for all will increase its potential in achievement and enhance instruction.

Vision and subsequent implementation of the DIS work plan focuses on Wellness for All. (costs are mostly within existing staff time)

Actions

- Build community partnerships through Wellness Committee work
- Determine what an integrated wellness model looks like and develop a Wellness Work Plan
- Early intervention for Wellness includes strategies relative to Early Learning, universal programming in schools, and early identification of targeted needs.
- Identify policy/procedural work that needs to be done to reflect best practice
- Focus Wellness grant applications on building school capacity around self-regulation, staff wellness
- Work closely and align work with counsellors and helping staff in schools
- Promote healthy lifestyles
    - Wellness Committee will identify Wellness Goal(s) and strategies for next three years
- Access provincial funding to continue implementing food/nutrition programs, participate in training for food providers that addresses Alberta Nutrition Guidelines and is compliant with District Policy
- Housing nurse practicums in our schools
- Build and promote a culture of safety in schools with the progressive implementation of a comprehensive Occupational Health and Safety program
- Provide opportunities for Administrators to learn about wellness supports for staff in our schools

Measures

- Alberta Health services data; provincial
- Provincial EDI data
- Participation rates in the Healthy Schools Forum
- “Wellness Throw Down” participation
- Number of students participating in Nutrition Programs
- Number of schools applying and using the Wellness Grant process (30% increase from 2017)
- Decrease in absentee rates for all
- Participation in parent wellness evening events

10. The education system demonstrates collaboration and engagement to further District priorities:

- **Parents feel welcome, included and possess agency to be full partners in their child's education;**
- **Community members feel ownership as collaborative partners in the education of children and youth;**
- **Community-minded organizations are engaged in collaborative delivery of programs and services to students.**

Why? The engagement and support of parents and community partners promotes ongoing system improvement.

- Provide opportunities for stakeholders to be involved in feedback loops, including Town Hall, regarding District priorities, budgeting, and new policy. (costs are mostly within existing staff time)
- Provide parent learning opportunities that build knowledge and partnerships among homes, schools and services.
- Board engagement of stakeholders in some Board committee work: Policy, FNMI. Wellness, Poverty, Community Engagement.
- The Board Community Engagement Committee will develop strategies that build connections in the community, including a Communications Plan.
    - Streamline school to parent communication across schools as part of the Communication Plan
- Parent engagement in learning (nutrition, sleep, core story, trauma, FNMI, addiction, mental health).

Measures

Overall teacher and parent satisfaction with parental involvement in decisions about their child's education.

11. Effective management of growth and capacity building to support learning spaces and the provision of programs.

Why? Strategically planning for system growth enables the system to meet student learning needs.

- Complete comprehensive Capital Plan
- Develop Preventative Maintenance Plan (costs are within IMR program - plan to optimize effectiveness)
- Implement boundary review process (costs are mostly within existing staff time)
- Support continued implementation of comprehensive budget development process that aligns resource allocation with Board priorities and long term planning
- Implement a systems review process as a foundation for the development of strategies that address system growth and changing demographics of staff and students.

Measures

- School boundaries are realigned to facilitate future growth and programming needs.
- Board, staff, and public engaged in contributing to resource allocation to address system priorities.
- Capital planning and budget documentation activity utilized to influence future decision making.

PRIORITY TWO: INCLUSION

Related Provincial Goals (2018-19):

(1) Alberta's students are successful.

(2) The systemic education achievement gap between First Nations, Métis, and Inuit students and all other students is eliminated.

(3) Alberta's education system respects diversity and promotes inclusion.

1. Schools are welcoming, caring, respectful and safe learning environments.

Why? Positive environments are essential for student growth and development.

- Build staff capacity for Trauma informed practice. (costs are mostly within existing staff time)
- Positive Spaces Committee continues to work with the administrative committee to build common commitment and understandings relative to diversity.
- Wellness grant applications to build school capacity around self-regulation, resilience, outdoor learning, physical activity
- Celebrate initiatives that support diversity and inclusion for all students
- Counsellors provide universal Wellness support in the classroom.

Measures

- Tell Them From Me measures associated with safe and caring schools
- APORI: Satisfaction with services; safe and caring schools measure

Schools are inclusive learning environments where all students are able to grow as learners.

Why? All learners are valued, can learn, and contribute to our communities.

- Promote and support the culture of valuing diversity and high expectations of all learners.
    - Implement ongoing professional learning on the "Indicators of Inclusive Schools" (2013) for all school staff. (Resource costs were built-in within professional learning costs)
- Build the capacity of all staff to demonstrate approaches/ strategies that enable all learners to access the Programs of Study (cost estimates: $115,000 for ESL Lead Teacher & $115,00 for Inclusive Ed Coordinator)
    - Continue to develop RTI framework, as articulated by Alberta Education, with a focus on classroom instruction.
    - Focus instruction and learning through the lens of Universal Design for Learning (UDL).
    - Develop the common understanding that the Programs of Study are the starting point for all students' learning.
    - Continue to build teacher capacity to support literacy and language acquisition.

Measures

- School staff have access to ongoing professional learning on Indicators of Inclusive Schools and UDL principles
- Planning for instruction addresses learner variability
- Instructional Support Plans reflect students' strengths and interests and address their learning needs
- Student attendance
- Tell Them From Me survey data relative to school belonging.
- Literacy measures, and transition or completion measures of English language learners

Required provincial measures:

- Overall teacher, parent and student agreement that students are safe at school, learning the importance of caring for others, learning respect for others and are treated fairly at school.
- Overall teacher, parent and student agreement that students model the characteristics of active citizenship.

PRIORITY THREE: INNOVATION

Related Provincial Goals (2018-19):

(1) Alberta's students are successful.

(4) Alberta has excellent teachers, and school and school authority leaders.

1. **Learners demonstrate the attributes of innovation, creativity and critical thinking in a process based learning environment.**
2. **Breadth of program choice provides opportunities for students to explore and grow as learners.**

Why? Process based learning environments with opportunity for choice support the needs of contemporary learners.

- Build a common understanding of the meaning of student success and language for innovation, creativity and critical thinking.
    - Conduct a literature/research review to inform understanding of innovation and process learning.
    - Use research and leadership learning to design professional learning that will support teacher capacity towards creating "process based learning environments" (Resource costs were built-in within professional learning costs)
    - Emphasize the application of the student competencies as part of building an understanding of the new curriculum framework (e.g. innovation and creativity, critical thinking).
- Support teacher engagement in the provincial curriculum development process and leverage this participation to build leader and teacher knowledge across the district. (Resource costs were built-in within professional learning costs)
- Build teacher capacity to implement process learning in the classroom at all grade levels/ subject areas.
    - Implement learning opportunities in the classroom that require critical thinking, creativity, and innovation, and align with the Programs of Study.
- Build a culture of risk-taking as part of everyday practice in teaching and learning.
- Promote and celebrate engaging learning opportunities that support creative and innovative thinking.

Measures

- TTFM – add new questions specific to innovation, creativity and critical thinking.
- Participation in professional learning that targets development of pedagogy associated with innovation.
- Student attendance / dropout rate
- APORI satisfaction surveys as applicable
- Canada 150 ICE Scholarships (Board scholarship that recognizes innovation, creativity and entrepreneurship)

Required provincial measures:
Percentage of teacher and parent satisfaction that students demonstrate the knowledge, skills and attitudes necessary for lifelong learning.
Overall teacher, parent and student satisfaction with the opportunity for students to receive a broad program of studies, including fine arts, career, technology, health and physical education.

3. All learners effectively use technology as creative and critical thinkers capable of accessing, sharing and creating knowledge.

Why? Technology can enhance learning, and proficiency with technology is essential for successful student achievement.

Actions:

- Educational Technology Lead Teacher targeting grades K-8. (not funded in 2019/2020)
- Update District Educational Technology Work Plan.
- Facilitate "Innovator's Group" (teacher tech reps from each school).
- Support the seamless Implementation of software that enhances instructional capacity such as i-Pad apps and Microsoft Classroom.
- Develop common understandings of how the parameters that guide the use of technology are integrated as part of overall program delivery (e.g., digital citizenship, social media, accessibility to devices).
- Build capacity among school leaders to model how the integration of technology can be seamless and reflect conscious choices of tools that align with delivery of curriculum outcomes.
- Support teachers and administrators in the application of research related to technology, such as online and digital learning, in the classroom context. Support includes access to technology, secondary technology lead teacher, and professional learning. (costs within technology budgets - $600,000 towards technology evergreening cycles)
- Model pedagogy and find opportunities to demo tools that are available for classrooms (awareness and application).
- Examine structures that support the development of leadership at the elementary school level for the development of teacher capacity in the effective integration of technology.
- Implement standards and guidelines around digital citizenship within the Health/CALM scope and sequence.
- Engage the parent community in digital citizenship.

Measures

- Schools use of Ed Tech Lead Teacher.
- Schools' usage of online resources.
- Teacher feedback on access to technology (ease and frequency).
- Hardware evergreening.

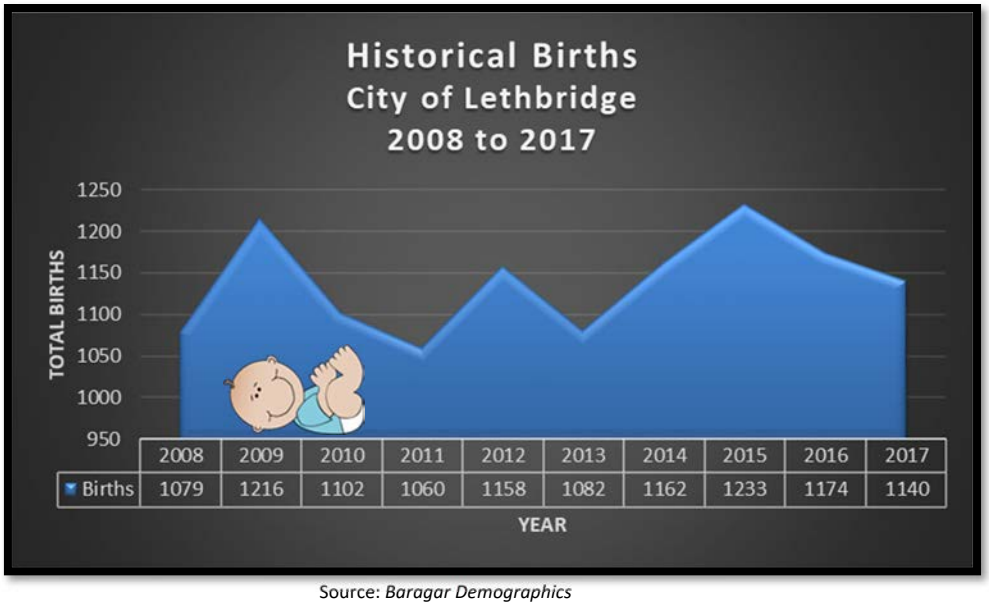

Lethbridge School District No. 51
Enrolment Statistics

The District utilizes enrolment statistics to predict the number of students who will be enrolled in Lethbridge School District No. 51 schools in future years. Enrolment statistics are important in predicting grant funding from Alberta Education as 60% of the District's grant revenue is based on enrolment grants for students enrolled in Kindergarten to grade 12.

Forecasting Methodology

For purposes of projecting enrolment for September 2019 the District reviews actual enrolments as of September 2018 and January 2019, reviews forecasting software, birth rates, student promotion, and estimated move in and move out activity through consultation with school administration to develop a preliminary enrolment projection for the 2019-2020 school year. The District relies heavily on current information and local knowledge of the community for developing current projections. Projections for 2020 through 2022 are prepared using information from *Baragar Demographics,* a forecasting software program that predicts student enrolment based on historical enrolment trends and birth rates. *Baragar Demographics* measures the impact of new housing and the effect of migration and immigration to forecast future enrolment projections by grade and program for up to 15 years.

The chart below captures historical birth rates for the City of Lethbridge from 2008 to 2017. There is a significant increase of 12.7% in 2009. The birth rate then drops by 9.4% in 2010 and by 3.8% in 2011. In 2012 there is an increase in the birth rate by 9.2% followed by a 6.6% decrease in 2013. In 2014 there is a 7.4% increase followed by a further increase of 6.1% in 2015. In 2016 the birth rate dropped by 4.8% and dropped an additional 6.4% in 2017. Overall, there is an upward trend in birth rates since 2008; however, there is significant fluctuation during this period. Lethbridge School District No. 51 historically receives 62-65% of the population base of school-aged children living in the City of Lethbridge.

	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017
Births	1079	1216	1102	1060	1158	1082	1162	1233	1174	1140

Source: *Baragar Demographics*

Enrolment Trend by Program

The chart below demonstrates the importance of reviewing birth rates when projecting kindergarten enrolments.

The data above illustrates that there is a correlation between the amount of birth and the amount of kindergarten enrolment; whereas, the kindergarten enrolment has increased or decreased from year-to-year similar to the changes in the City of Lethbridge birth rates from five (5) years prior. In most years, as births have increased, overall enrolment in kindergarten has also increased.

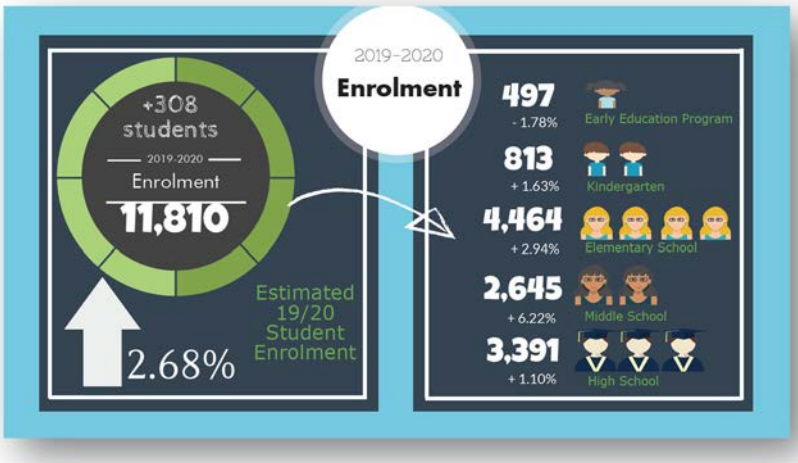

The chart below illustrates the historical enrolment data by program for the period September 2015 to September 2018. Projected enrolments by program are also illustrated for September 2019 to 2022.

Lethbridge School District No. 51
Enrolment Trend by Program
2015 to 2022

	Actual				Projected			
Program	September 2015	September 2016	September 2017	September 2018	September 2019	September 2020*	September 2021*	September 2022*
Early Education	417	415	471	506	497	496	494	498
Kindergarten	754	703	859	766	813	839	808	801
Elementary (Grades 1 - 5)	4088	4212	4231	4386	4464	4437	4570	4678
Middle School (Grades 6 - 8)	2175	2278	2412	2490	2645	2810	2858	2886
High School (Grades 9 - 12)	3195	3125	3250	3354	3391	3513	3702	3781
Total	10629	10733	11223	11502	11810	12095	12432	12644

* Source: Baragar Demographics trend information

A review of program enrolments indicates that elementary, middle school, and high school enrolment will generally show enrolment growth over the period 2012 to 2021.

Early Education
The District continues to provide early education (preschool) programs to provide assistance to early learners and will have 24 programs in the fall of 2019. These measures should continue to attract more students to the District in the long term.

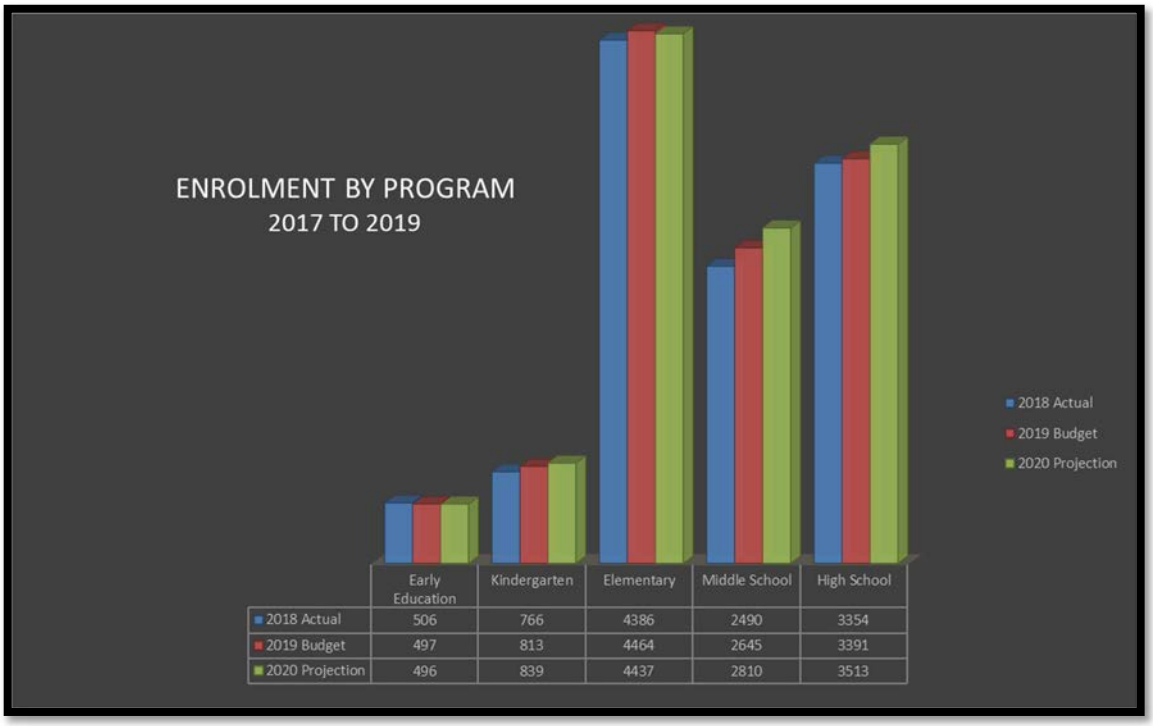

Kindergarten
There has been a decrease in kindergarten enrolments in 2015 and 2016, followed by a significant increase in 2017, and a decrease again in 2018. 2019 is expected to increase from the 2018; however, not to the same extent as the 2017 increase. This increase in 2019 correlates to the increased births in 2014. Enrolment is projected to grow for 2020, followed by decreases in 2021 and 2022 (correlates to birth rates).

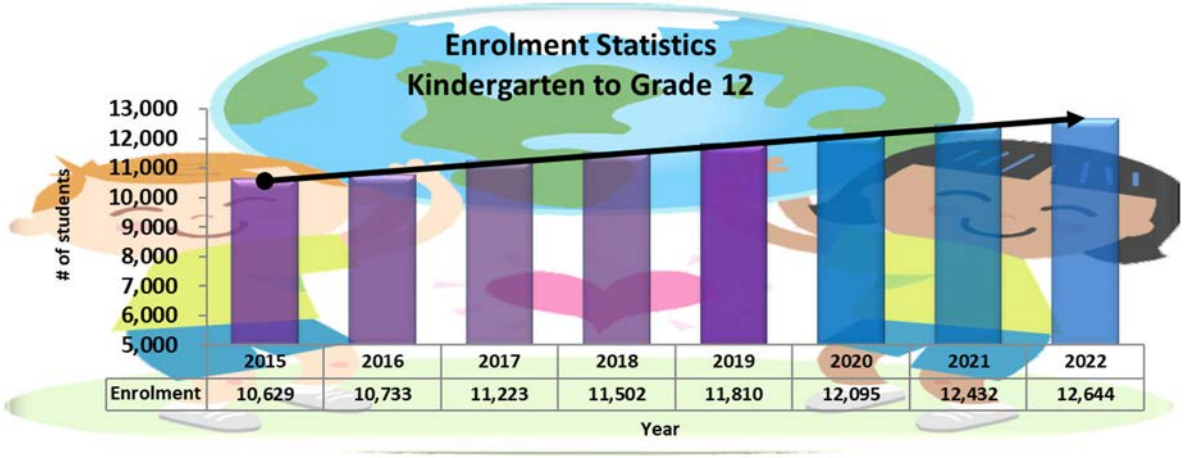

Elementary School:
Elementary enrolment has grown in 2015 and 2016, remains relatively stable in 2017, and is projected to keep increasing until 2018, followed by a slight dip in 2020. At the end of 2022, elementary school enrolment will be 590 students higher than in 2015. The District has added Coalbanks Elementary School (up to 600 student spaces) for the 2017/2018 school year and has received approval in March 2018 for a new South East Elementary school which will add an additional 600 spaces for kindergarten to grade five students and is opening in September 2021. This new school will help to address enrolment growth at the elementary school level.

Middle School:
Middle school enrolment has had significant increase from 2015 to 2022. At the end of 2022, middle school enrolment will be 711 students higher than in 2015. The District is opening the new Senator Joyce Fairbairn Middle school for the 2018/2019 school year (up to 900 student spaces). The new school will ease growth pressures and accommodate the additional growth anticipated for west Lethbridge.

High School:
High school enrolment had a slight decreases in 2016, and then has increased over the past couple years and is projecting increases through to 2022. At the end of 2022, high school enrolment will be 586 students higher than in 2015. The last high school that was built was in 2012 (Chinook High School) and is projected to be reaching capacity by 2022; however, the Lethbridge Collegiate Institute (LCI) currently is under capacity (41% capacity utilized) and has room for enrolment growth.

The chart below takes a snap shot of the trend in program enrolment over the 2018 to 2020:

This chart shows a steady increase in enrolment over the nine-year period reviewed. Enrolment will increase from 10,629 in 2015 to 12,644 in 2022, which is an increase of 2,015 students or 19.0% (average of 2.11% per year increase).

Enrolment Statistics by Grade

The chart below illustrates historical enrolment from September 2015 to September 2018, the budgeted enrolment for September 2019, and projected enrolment over the next three years to September 2022.

Lethbridge School District No. 51
Enrolment Statistics by Grade
2015 to 2022

	Actual				Projection			
Grade Level	September 2015	September 2016	September 2017	September 2018	September 2019	September 2020*	September 2021*	September 2022*
Early Education	417	415	471	506	497	496	494	498
Kindergarten	754	703	859	766	813	839	808	801
Grade 1	943	824	817	952	870	920	945	913
Grade 2	810	956	834	804	957	867	916	942
Grade 3	812	790	956	830	816	967	881	925
Grade 4	815	818	805	984	834	833	985	898
Grade 5	708	824	819	816	987	850	843	1000
Grade 6	761	760	839	862	870	1040	921	897
Grade 7	704	795	762	878	881	877	1048	930
Grade 8	710	723	811	750	894	893	889	1059
Grade 9	734	755	747	828	779	913	921	909
Grade 10	767	772	825	754	867	821	955	965
Grade 11	720	769	765	811	777	867	821	950
Grade 12	974	829	913	961	968	912	1005	957
Total Students	10629	10733	11223	11502	11810	12095	12432	12644
% change		0.98%	4.57%	2.49%	2.68%	2.41%	2.79%	1.71%

* Source using Baragar Demographics trend information

Projected enrolments from 2019 to 2022 period show an increase of 7.06%. There is a projected increase of 2.68% in 2019, an increase in 2020 of 2.41%, followed by further increases in enrolment in 2020 and 2021.

Lethbridge School District No. 51

District Staffing

Lethbridge School District No. 51 has developed a staffing model that incorporates principles of centralized and site-based decision making to create a balance consistent with the culture of the district. The Board and District administration believe that staffing decisions will be based on the needs of the students and that the best candidate will be placed into each position considering applicable collective bargaining agreements, Provincial/Federal statutes, and budgets available.

Teachers

As part of the annual budget and planning process in the spring of each year the Associate Superintendent of Human Resources meets with each school administrative team to determine the school's staffing needs for the following school year. At the high school and middle school levels, staffing discussions are decentralized with site based decisions being made. District elementary principals, in collaboration with the Associate Superintendent, have determined that a centralized staffing model is desirable and implemented this approach in the 2003-2004 school year. The principal makes internal teacher assignment changes within each school. Teacher openings for the next school year are then identified and the Associate Superintendent posts teacher openings electronically to all teachers. Teachers with probationary and continuing contracts with the District may apply to Human Resources for a transfer to any teaching position open for which they feel qualified. The Associate Superintendent and the school principal review transfer applications. The principal works through a selection process to determine a recommendation to the Associate Superintendent. The Associate Superintendent offers the transfer to the teacher. The staffing process continues through a series of postings until all continuing teachers are placed. Although much of the teacher staffing is completed prior to June 30th, student numbers are confirmed in early September, and then after September 30th, and depending on enrolment, there may be additions or transfers of teaching staff.

Support Staff

Funding for the provision of support staff for regular and inclusive learning programs is provided to the District from a variety of provincial sources. The Director of Human Resources and school administrators work collaboratively to develop formulae and procedures to allocate funds and staff to the schools. As part of the annual budget and planning processes in the spring, the Director of Inclusive Education and the Director of Human Resources meet with each school's administrative team to determine the school's support staff needs for the following school year to place assistants with students who have severe disabilities and require one on one support. District administration is responsible for the identification of support staff requirements, for the recruitment and placements of qualified staff, and for the development of job descriptions that meet the needs of students while being consistent with classification specifications.

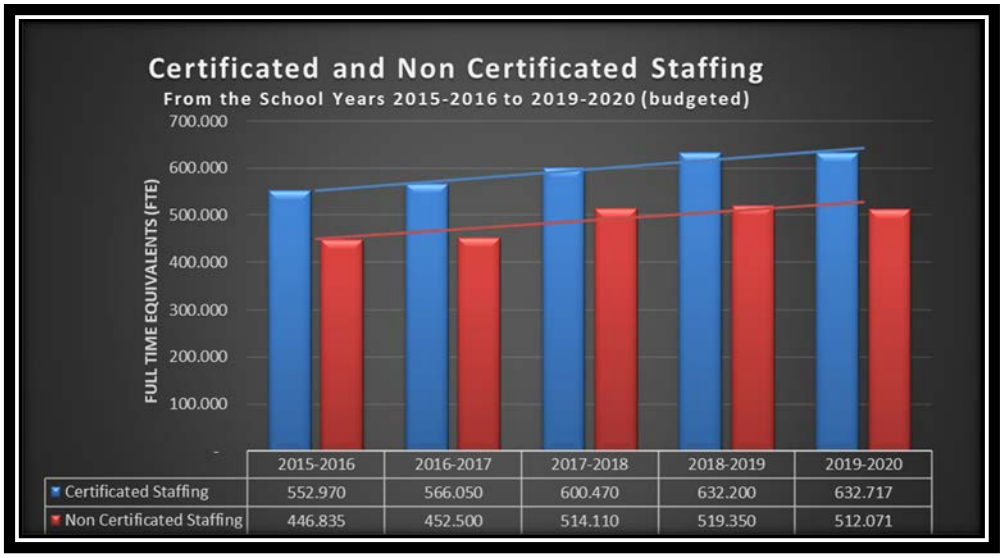

The posting and filling of vacancies are governed by collective bargaining agreements. Human Resources works collaboratively with school administrators to ensure that qualified support staff are placed with students, and that those staff are hired and placed according to the provisions of the collective bargaining agreement, District policy, and Provincial and Federal statutes.

Caretaking/Maintenance Staff

The allocation of caretaking staff within the District is controlled centrally. Dollars to pay caretaking/maintenance personnel are retained centrally. The posting, filling of vacancies and transfer of staff are accomplished through specific procedures outlined in the collective bargaining agreement with this group of employees.

District Staffing from a Historical Perspective

The chart below outlines the level of total certificated and non-certificated staff within the district over a five-year period.

	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020
Certificated Staffing	552.970	566.050	600.470	632.200	632.717
Non Certificated Staffing	446.835	452.500	514.110	519.350	512.071

In the five year period from 2015-2016 total District staffing will have increased by 144.98 FTE or 14.50%. Teaching staff will have increased by 79.75 FTE or 14.42% and support staff has increased by 65.24 FTE or 14.60%. Support staff have grown significantly in the last five years. The Classroom Improvement Fund (CIF), which has been available in budget 2017-2018 and 2018-2019 has provided funding for additional teaching and support staffing in the classrooms; however, the CIF funding has been removed from the 2019-2020 budget as this grant is a one-time grant provided on a year-to-year basis (considered unlikely to be reinstated).

In 2016-2017, teacher staffing increased by 13.08 FTE. The increase is to address growth in grades 1-5, Inclusive Learning and ESL teacher support, literacy intervention, secondary interactive technology, and high school completion initiatives. There is a slight increase in support staff at 5.67 FTE.

In 2017-2018, teacher staffing will increase by 34.42 FTE due to enrolment growth and addressing class size concerns at elementary school, the implementation of the Classroom Improvement Fund (CIF), the opening of Coalbanks Elementary School, and a new middle school principal to prepare for the opening of the new Senator Joyce Fairbairn Middle School for the 2018/2019 school year. Support Staff will increase by 61.61 staff for office and library support for the new elementary school, staff for the five additional early education programs, assistant support for a growing student population with identified learning needs, opening of Coalbanks Elementary School, and the implementation of the Classroom Improvement Fund (CIF).

In 2018-2019, teacher staffing will increase by 31.73 FTE due to enrolment growth and addressing class size concerns at elementary school, the continuation of the Classroom Improvement Fund (CIF), the opening of Senator Joyce Fairbairn Middle School, and additional teaching staff that was required throughout the year. Support Staff will increase by 5.240 staff for office and library support for the new middle school, educational assistant support for a growing student population with identified learning needs, increases in caretaking and maintenance staff for the new middle school (and other growth), and the continuation of the Classroom Improvement Fund (CIF). Note that the actual teaching staff was higher than 2018-2019 budget as there were additional positions added mid-year to assist with class-sizes (as approved through Executive Council).

In 2019-2020, teacher staffing will increase by a net of 0.517 FTE due to the removal of the teaching positions funded by the Classroom Improvement Fund (CIF) and the additional teaching staff added to address the enrolment growth and class-sizes. In comparison to the 2018-2019 operating budget (excludes approx. 3.5 FTE of teachers added mid-year); the teaching staff is increasing by a net of 4.0 FTE; whereas, there was 12.5 FTE of teaching staff added to address enrolment growth and class-sizes, where this is offset by the reduction of 8.5 FTE of teaching positions that were funded by CIF. Support Staff is budgeted to decrease by 7.28 FTE due to the removal of the support positions funded by the Classroom Improvement Fund (CIF). There was no projected increases in the differential funding for inclusive education, hence that the support positions (educational assistants) had effectively been maintained at the same levels as 2018-2019; however, the removal of CIF reduced the support positions by 7.85 FTE.

The chart that follows on the next page, *District Staffing Levels,* details the staffing level of the District over the past four years and projected staffing for the 2019-2020 budget. Staffing full time equivalents are outlined for the major Certificated Staffing positions (Teachers/Administration) and Non-Certificated Staffing (Support Staff).

Lethbridge School District No. 51

District Staffing Levels

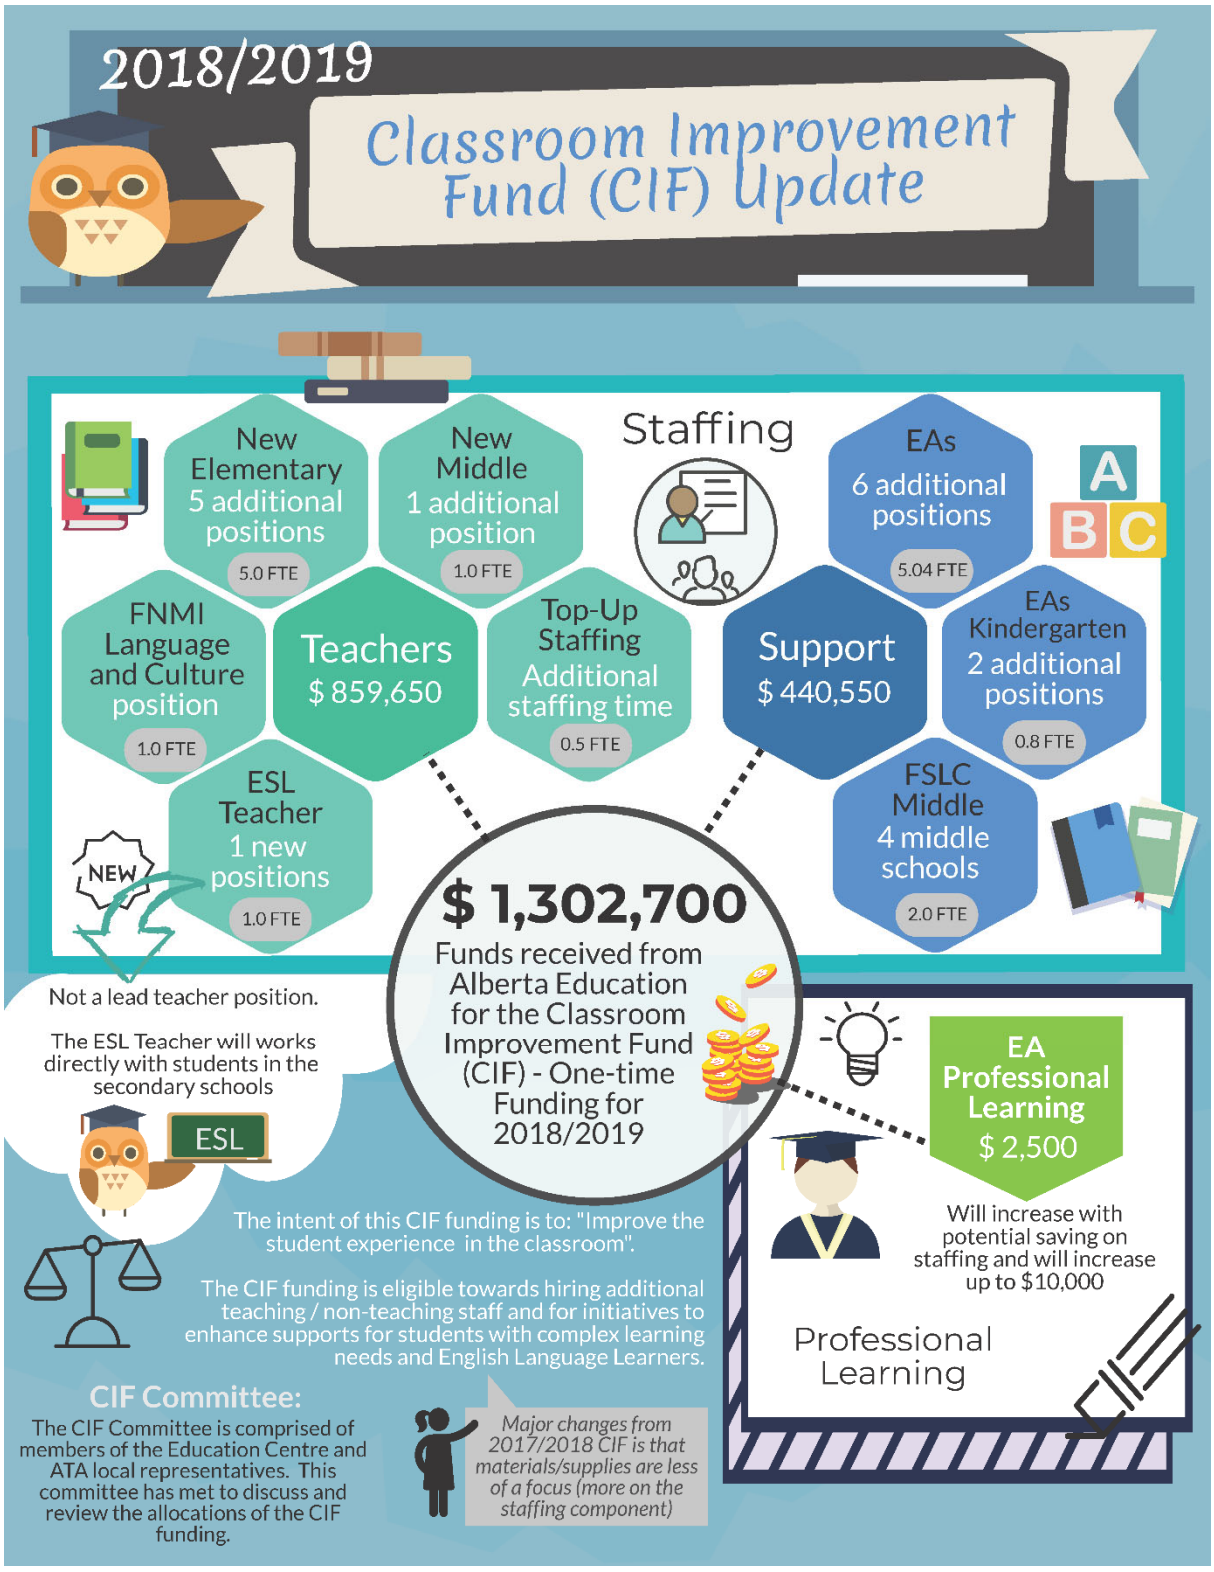

The years 2015-2016 through 2019-2020

(reported as Full Time Equivalents)

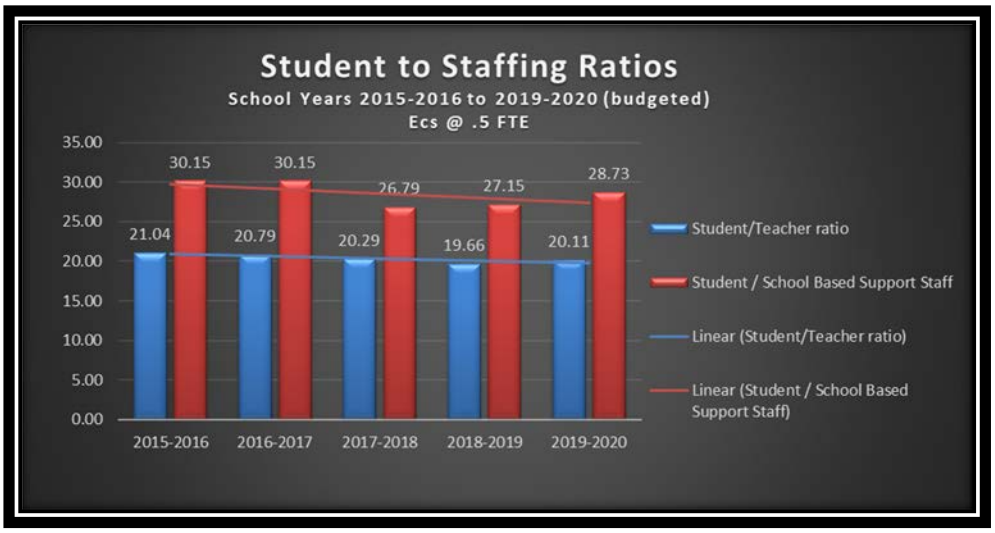

Position	2015-2016 Actual	2016-2017 Actual	2017-2018 Actual	2018-2019 Actual*	2019-2020 Budget
Teacher	487.370	499.260	531.870	565.600	567.117
Principal/ Vice Principal/Assistant Principal	51.000	51.690	54.000	54.000	54.000
Superintendent/Associate Superintendents	3.000	3.000	3.000	3.000	3.000
Directors	3.000	3.000	3.000	3.000	3.000

Note: The 2018/2019 Actuals are based on May 2019 staffing, which may vary from budget with staff turnover or additional changes in staffing.

The infographic below illustrates the Classroom Improvement Fund (CIF) allocation in 2018-2019; which this grant was not funded in 2019-2020:

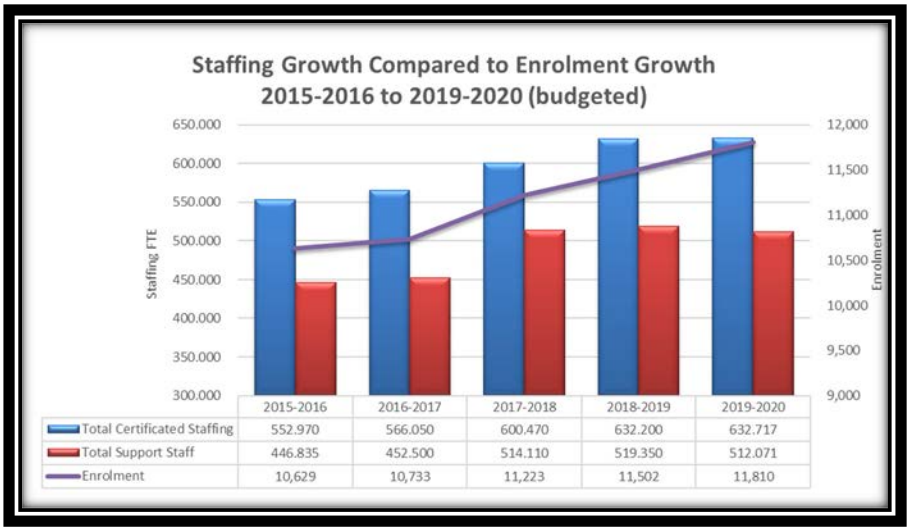

The charts below illustrates the change in student/teacher ratios and student/school based support staff ratios as well as comparing staffing growth to enrolment for the school years 2015–2016 to 2018-2019 and the budget year 2019-2020.

Student/Teacher ratios, which are different from class size ratios, show that there has been a deceasing trend from 2015-2016 to 2018-2019 with the Classroom Improvement Fund (CIF) utilized towards teaching staff. The District has also been making effort to reduce class-sizes, in which, even before CIF was provided the District had been reducing these ratios to ensure reasonable class-sizes. Although CIF was removed in 2019-2020, the District was able to maintain similar levels in its ratios as additional funds were allocated to assist in maintaining its class-sizes.

Support Staff Ratios consistently decrease since 2015-2016 (and prior years) due to additional educational assistant support provided throughout the District. The implementation of the Classroom Improvement Fund (CIF) in 2017-2018 & 2018-2019 was also utilized towards support staff. With the removal of CIF and the uncertainty of the differential funding for inclusive education, these ratios went up slightly in 2019-2020; however, should the District receive increases in its differential funding for inclusive education in the 2019 Provincial Budget (to be released fall 2019), the District will likely increase its support staffing (i.e. additional educational assistants) in the fall operating budget.

In the five year period from 2015-2016 total District staffing will have increased by 144.98 FTE or 14.50%. Teaching staff will have increased by 79.75 FTE or 14.42% and support staff has increased by 65.24 FTE or 14.60%. Enrolment has grown by 1,181 students since September 2015, which is an 11.11% increase; therefore, the District has increased its staffing at higher rates than the enrolment increases. The District has worked hard to try decrease the average class sizes across the District.

5 Year Growth	Enrolment	Certified Staff	Support Staff
	+11.11%	+14.42%	+14.60%

The following chart illustrates the change in class size over the past three years and compares our District's class sizes to the other four (4) largest public school jurisdictions within the Province of Alberta.

Average Class Size Comparison

School Juridication	# of Schools	K to 3			3 to 6			7 to 9			10 to 12		
		2015/16	2016/17	2017/18	2015/16	2016/17	2017/18	2015/16	2016/17	2017/18	2015/16	2016/17	2017/18

** Alberta Open Government Portal (July 3, 2018) - most current report available*

As shown above, on average Lethbridge School District No. 51 has been able to reduce its class sizes during the past three years. The District is also shown to have very comparable class sizes to these other larger public school jurisdictions within the Province of Alberta.

Budget 2018/19 included staffing increases in an attempt to keep pace with student enrolment growth; whereas, it is projected that class sizes should remain at the same levels as in 2017/18. Although the Classroom Improvement Fund (CIF) funding not be provided in 2019/20 (as projected), the District was able to increase by a net of 4.0 FTE teacher (12.5 FTE increase for enrolment growth, less 8.5 FTE of CIF funded positions); whereas, the District utilized some reserve funding to assist in maintaining reasonable class sizes (especially in the earlier grades at the Elementary Schools).

Lethbridge School District No. 51

Goals, Outcomes, and Performance Measures

As part of the three-year planning cycle, Alberta Education provides the District with Goals, Outcomes and Performance Measures. The District then develops local strategies and priorities to address the learning needs and achievement of outcomes for all students. The required measure is outlined with the most recent year's results as well as the previous year's results and three year average.

In 2004, Alberta Education introduced the *Accountability Pillar.* The *Accountability Pillar* places increased emphasis on the achievement of specific outcomes by evaluating and reporting results on a common set of measures. The focus of the *Accountability Pillar* is to improve school jurisdiction results. The *Accountability Pillar* performance measures are a required, consistent set of measures. An evaluation methodology has been developed which assesses each measure in the *Accountability Pillar* in terms of achievement and improvement.

Achievement evaluation is based on comparing current jurisdictional results against provincial standards. Results will fall into one of the five levels: Very High, High, Intermediate, Low, and Very Low. Improvement is evaluated based on comparing jurisdictional current results against the average of the previous three years. Improvement will result in one of the following five levels: Improved Significantly, Improved, Maintained, Declined, and Declined Significantly. Once the improvement and achievement levels have been calculated for a measure, an overall measure is calculated. For each category of *Accountability Pillar* measures, the overall evaluations for each measure within that group are averaged to provide an evaluation for that category. The averaging is done by assigning the following on a five-point scale: Excellent, Good, Acceptable, Issue, and Concern.

Lethbridge School District No. 51 analyzes the results of the Accountability Pillar and develops strategies for improvement over the next three-year planning cycle. The District Annual Education Results report and an Annual Planning document that is submitted to Alberta Education are now combined and submitted by November 30th each year. The performance results that follow are related to results of the 2017-2018 school year and performance measures and strategies are for the 2018-2019 school year. The 2018-2019 school year results and 2019-2020 measures and strategies will be developed and reported in October 2019.

Combined Accountability Pillar Overall Summary

Measure Category	Measure	Lethbridge School Dist No. 51			Alberta			Measure Evaluation

Trends, Issues and Opportunities

Examining trends in the planning process informs strategic decisions and ensures Lethbridge School District No. 51 builds capacity to meet the current and future needs of our students. Trends stem from examining academic results over time, changing demographics, changing needs of students, and changing provincial and global direction in the vision of education. In Alberta, provincial work continues to inform change in curriculum, the integration of technology, instructional pedagogy, and the structure of programs and services to create an inclusive learning environment that is flexible and focused on personalization. Trends and issues need to be examined with a solution-based perspective that aligns with the vision of the District and brings exciting opportunities.

Student Achievement:

Lethbridge School District uses a wide variety of indicators to measure student success. One measure used is the results from the provincial testing program (Provincial Achievement Tests and Diploma Exams). The results from the 2017-18 school year show modest overall improvement in the combined Provincial Achievement Test results.

The trend that was showing decline in Language Arts before this year seems to have leveled off with modest improvement in ELA 9, improvement in English 30-1, and maintained performance in ELA 6 acceptable standard. Literacy has been a significant focus at a District level for 3 years. A comprehensive literacy strategy delineated through a District Literacy Work Plan has been articulated and elementary schools have developed Literacy Work Plans specific to their schools. A universal literacy assessment was put in place during the 2015-16 school year enabling teachers to use results to inform instruction, implement targeted intervention strategies, and move forward with benchmark data. Many Collaborative Learning Communities across grades and schools are also focusing on literacy intervention strategies and overall literacy across all subject areas. English Language Arts at the middle school level is also an area of continued focus with literacy initiatives in place that inform best practice in instruction. Work continues to enhance guided reading and cross-curricular literacy strategies.

Mathematics is an area identified as a focus for growth across all grade levels. The grade 9 and grade 12 (Diploma examination) mathematics results continue to be a concern. The District put a Numeracy Lead Teacher in place this year targeting upper elementary and middle school grade levels. The first area of focus is developing number sense and building the capacity of teachers to implement strategies that accommodate a breadth of learners. A secondary mathematics steering committee is also examining learning gaps and working together to explore best practice. High levels of competency in the areas of literacy and numeracy is an important priority for Lethbridge School District. Skill in literacy and numeracy provides students with the core competencies necessary for higher-level thinking and the opportunity to think critically, create, and explore innovation.

In addition to a focus on these two areas, school leaders are developing strategies to address school transitions and develop clear understandings of priority pre-requisite outcomes for successful transition.

English as a Second Language with Limited Formal Schooling Learners:

Over the past several years, our English Language Learner (ELL) population has continued to grow. During the 2017-18 school year, the number of foreign-born students new to our district was 200, and in the 2018-19 school year to date, we have welcomed 115 more. This population has increased the demand for differentiated teaching strategies and supports for English Language Learners. There are currently over 1,000 ELL students receiving supports in our district. Many have limited formal education prior to coming to Canada. Refugee English Language Learners with limited formal schooling face significant challenges and require instructional strategies and interventions beyond what is available in regular school classes and general English as a Second Language supports. High School and Middle School ESL Assessment and Intake classrooms are in place for students arriving to our district with limited formal schooling. The focus of the programs is to assess literacy and numeracy levels of refugee students, as well as assess level of ability to contend with mainstream social settings. Based on assessment, students either proceed to regular classes with ESL support or continue in the intake class for up to two years. Those students who remain in the intake class receive intensive literacy and numeracy instruction, as well as social/ behavioral support for those who manifest behaviors associated with trauma. In the 2015-16 school year, the District added the position of ESL Lead Teacher. This skilled teacher helps students transition to school and supports teachers in developing the instructional capacity to meet the needs of our growing ELL population. This year, the District has added an ESL social worker to help students and families transition and link to services in the city.

Lethbridge School District No. 51 schools are fortunate to have diversity in their school populations. It provides opportunity to learn about and celebrate different cultures, and collectively build a community for the future. Structuring programs to meet the needs of ELL students will provide them with the opportunity to gain skills and become successful, contributing citizens in our community.

Supporting Families:

Although the District has always provided support to children and their families, there is a growing need for more intensive supports, particularly with respect to assisting parents in accessing services in the community. The needs include assistance with accessing food banks, parenting workshops, and supported referrals and transportation to community agencies and government services. In addition, there is an increased need to support parents as they navigate custodial arrangements resulting from divorce or separation. The District has responded to these needs in several ways, through funding from Mental Health Capacity Building, Human Services, Family and Community Support

Services City of Lethbridge, and Parent Link Centres. The District's mental health program focused on prevention, Making Connections, serves all elementary schools and three middle schools. Making Connections workers support children, youth and families and work with schools in the delivery of preventative programming.

As we increase connections with families, there is opportunity to learn and grow together. The alignment of home and school to support student needs will contribute to student academic and personal success.

Health and Wellness:

The District and their educational stakeholder partners have long recognized the need for a focus on the health and wellness of students and staff. Decreasing levels of activity among youth, nutritional gaps, and increasing challenges in the area of mental health continue to call for attention to programs and services that promote healthy lifestyles. Guided by a Wellness Committee and Board direction, the District has been meeting this challenge with a nutrition policy and guidelines, and support to schools. Breakfast, lunch or healthy snack programs have been implemented in some schools for a number of years, made possible with the generous support of industry, business, service clubs, and volunteers. For the second year, the nutrition programs in some schools have expanded with the infusion of money for school nutrition programs by the province. Schools are also giving attention to building student knowledge and understanding of healthy lifestyle choices. Staff have an opportunity to engage in the district's Wellness and Health Initiative Program and are encouraged to share successes.

In order to support wellness and growth in the schools, comprehensive counselling services are provided. At the elementary level, counselling services target social and emotional growth, and at the secondary level, the counselling support is enhanced with the addition of education and career exploration services. Career exploration is supported by an on-line career exploration program called BluePrints that can be accessed at school and home. Supporting health and wellness contributes to the development of healthy students and optimal learning environments.

Inclusive Education:

Lethbridge School District 51 has historically focused on the importance of instilling an inclusive school philosophy.

Some trends have evolved as we continue to respond to the learning needs of an increasing breadth of students and create places where all students experience a sense of belonging. These include increased use of differentiated instructional strategies, attention to behavior strategies such as self-regulation, enhancing the role of learning support teachers, and focusing on the use of assessment to inform instruction and program planning. The District has over 1,300 students with identified learning needs. Support for identified learning needs are addressed in individual program plans that are developed and reviewed by the teacher and learning team. The student's learning team includes the student, parents, school staff and any linked community agencies who work together to plan for the student's success. This shared commitment to students focuses on all areas of student development including social, emotional, academic and behavioural. A collaborative approach to providing access to supports and services is essential to an inclusive education system. Collaboration extends beyond the narrow school environment and demands seamless integration of services to students in schools.

Early Education Programming with the Public Education System:

Lethbridge School District No. 51 values and supports the best possible start in a child's learning journey and life success by providing Early Childhood Services programming that is based on current research in the field of early learning and development. There are twenty-five District Early Education Programs offered at eleven different school sites. Early education programs provide opportunity for growth at an early age when physical development, brain development, and social competencies are optimal for intervention and enhancement. With the belief that strong brain foundations are critical to support future learning and life success, Lethbridge School District continues to look at ways to provide expanded program offerings.

Curriculum Development and Assessment:

The province of Alberta is ready to roll out the new curriculum in 2019 for grades K-4. Grades 5-9 and then 10-12 are staggered in subsequent years. The new curriculum has literacy and numeracy threaded across all disciplines and is structured to include learning competencies across all subjects and grades. The learning competencies include: critical thinking, problem solving, managing information, creativity and innovation, communication, collaboration, cultural and global citizenship, and personal growth and well-being. The curriculum is concept based, requiring a shift in pedagogy in the classroom. A concept-based curriculum design is structured to further critical thinking, innovation, application of concepts to real-world problems, and develop real-world work habits that contribute to success. In preparation for curriculum implementation, teachers have participated in professional learning opportunities targeting learning competencies and concept-based teaching pedagogy. As we embrace professional learning that emphasizes quality teaching and best practices, a continued and sustained focus on the needs of contemporary learners will align with the integration of the learning competencies throughout the curriculum.

With a new District vision that focuses on the development of "innovative thinkers," Lethbridge School District is focusing on instructional strategies that promote critical thinking. Intent on building pedagogy grounded in process-based learning, the goal is to develop learner competencies associated with creative thinking, innovation, and collaboration.

Technology:

A shift in trends and subsequent response in the area of technology is driven by a change in how we think about technology as part of the teaching/learning process. With an increasingly complex web of information and social networks available to enhance learning, the inherent connection between the use of technology in schools and in the home, as well as continually changing District owned and personal digital devices, the possibilities for the use of technology has grown beyond a narrow set of rules and restrictions. Trends in technology demand attention to Digital Citizenship. We believe that we have an important role to play in preparing students to live, work and share responsibly and ethically in digital environments. Digital citizenship will allow students and staff to use technology in critical, discerning, and innovative ways to create new knowledge.

Access to technology is critical for developing the learning competencies outlined in the *Ministerial Order on Student Learning.* Educational paradigms are shifting to include online learning, hybrid learning and collaborative models. Students increasingly own personal digital devices and this has the potential to increase digital access considerably. The challenge is to prepare an infrastructure and network that will support increased access. Additional challenges to furthering the integration of technology include the need for staff professional development that is valued and integrated into the culture of the schools, the development of digital media literacy with students and staff, the transformation of libraries into Learning Commons with accessible technology, and spaces for students to create knowledge with technology and other resources.

Growth and Staff Demographics:

Over the past five years, the District has grown in student population by 17 percent. With a total enrollment of 11,502 students in the 2018-19 school year, inclusive of Pre-K programs, this is an increase of almost 2,000 students. The continued growth creates a system that is healthy and sustainable. It also puts pressure on capacity in our facilities and we have been fortunate to have two capital projects on the west side of Lethbridge approved by provincial infrastructure: Coalbanks Elementary School that opened August 2017, and Senator Joyce Fairbairn Middle School that opened August 2018. A significant modernization of Wilson Middle School on the north side of Lethbridge was also completed. The Board received approval to go to tender this school year for the new elementary school on the south side of Lethbridge. The planning phase is complete on this project and it can now move forward.

With student growth comes increased numbers of staff. Over the past 5 years, the District has added 120.91 teaching positions and 119.52 support staff positions. Of note, the increase in Educational Assistant positions has been 37.0%. Filling positions can be challenging. This is compounded by increasing numbers of retirements reflective of the staff demographics. This trend compels the District to be proactive in human resource practices (recruitment and retention), as well as professional learning that builds the knowledge and capacity of newer teachers and support staff.

Summary of Accomplishments

1. Lethbridge School District No. 51 completed a major capital project in September 2018, Senator Joyce Fairbairn Middle School, with approximately 470 children on the west side of Lethbridge.
2. Facility Services had another busy year, completing over 250 infrastructure, maintenance, and renewal projects to maintain our safe and clean schools and to accommodate our growing student population and program needs.
3. A number of summer maintenance and improvement projects were undertaken this year under Infrastructure Maintenance and Renewal grant funding by the facilities department. This included the beginning phase of a three-year project to upgrade the mechanical and electrical systems at Senator Buchanan and Westminster Elementary schools.
4. The District utilized $1.2 million of Classroom Improvement Funding to address class sizes, professional learning of support staff, a teacher of FNMI language and culture, and technologies to enhance learning commons environments.
5. The Board hosted a Town Hall for the purpose of gathering public feedback relative to what was going well and what areas could be improved. Over 200 participants contributed ideas using a thought stream process during the event. The ideas were collated and posted on the District website for further contribution and feedback from the public.
6. To ensure the District is aligning safety practices to provincial regulations and to support building a culture of safety for all staff, the District hired an Occupational Health and Safety Officer.
7. The Board hired a Principal of F.N.M.I. Education and initiated several professional learning opportunities for teachers to enhance their knowledge of FNMI culture and content in their teaching.
8. Five schools participated in the Alberta Education Nutrition Program.
9. Eleven schools participated in "wellness grants" that focused on universal self-regulation in the classroom.
10. Opportunities for high school students - Lethbridge School District continued to partner with the University of Lethbridge to deliver dual credit classes. The off-campus program continues to flourish under the direct supervision of a centralized team that oversees off campus for all high schools.
11. Working with The Faculty of Education of The University of Lethbridge, all administrators used an Inquiry process for their professional growth plans.
12. Full day kindergarten was offered as a pilot project at Westminster Elementary School.
13. Through RCSD funding a school psychologist and support team was hired to expand schools' knowledge and implementation of Trauma Informed Practices.
14. A "Dossier" sub-committee met and revised the tool to better reflect the District approach to student support. Support plans are now more strengths based, assessment driven, and aligned with our Response to Intervention (RTI) framework.

15. Transition of students with complex needs from elementary to middle and middle to high schools began in May with the support of Advanced Educational Support (AES) staff and teacher and EA subs. Our aim was to build capacity at the new school and to allay student anxiety about the transition prior to the September start.
16. Our 103 Fast Forward Initiative students earned 923 credits toward graduation. 34 students achieved their high school diploma, 1 earned a Certificate of Achievement, 2 earned their high school equivalency, and 4 earned the pre-requisites necessary for upgrading or post-secondary admission.
17. A behaviour team provided two to three-week residencies in schools building staff understanding of and capacity to deal with challenging behaviours.

Satisfaction Survey Highlights

- Satisfaction that Lethbridge School District No. 51 schools are safe and caring was *High.*
- Satisfaction with the programs of study provided in our schools was *Very High.*
- Levels of satisfaction for Education Quality and Parental Involvement were *High.*
- Levels of satisfaction associated with Citizenship were *High.*

- Transition Rates for our First Nations Metis & Inuit students increased.

Highlights of Academic Achievement

- Provincial Achievement Tests (PAT's - Grades 6 and 9)
  - A commitment to increasing student engagement has resulted in an increased percentage of students who participated in our Provincial Achievement Tests across all grade levels.
  - In all grade 6 subjects, results were close to the provincial average for the Acceptable Standard, and for Social Studies 6 the District scored higher than the provincial average for students meeting the Acceptable Standard. Social Studies 6 also scored above the provincial Standard of Excellence.
  - At the grade 9 level, English Language Arts students met the Acceptable Standard scoring above the provincial average (76.7%,) and students scored close to the provincial average for Acceptable Standard in Science and Social Studies.

- Diploma Exams (Grade 12)
  - The percentage of students achieving the Acceptable Standard approached or exceeded the provincial averages in 6 of 11 exams.
  - A significant number of students did exceptionally well. In fact, in several exams, a high percentage of students achieved the Standard of Excellence: Biology 30 (27.3%), Physics 30 (40.3%) and Chemistry 30 (29.6%). In English 30-1 (90.8%) of our students met the Acceptable Standard and scored above the provincial average

District Priority 1

Achievement

Related Provincial Goals:

- Alberta's students are successful
- Alberta's education system supports First Nations, Metis, and Inuit students' success
- Alberta has excellent teachers, school leaders, and school authority leaders
- Alberta's education system is well governed and managed

Outcomes:

- Students achieve student learning outcomes with strong foundational skills in literacy and numeracy.
- Teachers possess a deep understanding of pedagogy that develops literacy and numeracy.
- Students are lifelong learners possessing the skills and attributes to successfully transition to further education, credentialing or the world of work.
- School leaders are highly skilled in all areas of the School Leader Quality Standard.
- Teachers are highly skilled in all areas of the Teaching Quality Standard.
- Support staff possess the knowledge, skills, and attributes to support student success and create optimal learning environments.
- Effective learning and teaching is achieved through collaborative leadership and structures that build capacity to improve within and across schools.
- A comprehensive wellness approach promotes well-being and fosters learning.
- The education system demonstrates collaboration and engagement to further District priorities:
  - Parents feel welcome, included, and possess agency to be full partners in their child's education;
  - Community members feel ownership as collaborative partners in the education of children and youth; and
  - Community-minded organizations are engaged in collaborative delivery of programs and services to students.
- Effective management of growth and capacity building supports learning spaces and the provision of programs.

Learning Outcomes:

Performance Measure	Results (In percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
Overall percentage of students who achieved the acceptable standard on diploma examinations (overall results).	83.2	83.5	80.2	80.7	80.5	85.0	Intermediate	Maintained	Acceptable	85.0	86.0	87.0
Overall percentage of students who achieved the standard of excellence on diploma examinations (overall results).	16.1	16.1	15.7	16.6	17.3	17.0	Intermediate	Maintained	Acceptable	18.0	19.0	20.0

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
High School Completion Rate - Percentage of students who completed high school within three years of entering Grade 10.	69.1	68.7	69.9	72.5	68.3	73.0	Intermediate	Maintained	Acceptable	73.0	74.0	75.0
Drop Out Rate - annual dropout rate of students aged 14 to 18	4.8	4.9	4.6	4.3	4.5	4.2	Intermediate	Maintained	Acceptable	4.2	4.1	4.0
High school to post-secondary transition rate of students within six years of entering Grade 10.	58.8	55.6	57.2	57.1	55.8	58.0	Intermediate	Maintained	Acceptable	58.0	59.0	60.0
Percentage of Grade 12 students eligible for a Rutherford Scholarship.	n/a	n/a	53.2	56.8	56.9	57.0	n/a	Maintained	n/a	57.0	58.0	59.0
Percentage of students writing four or more diploma exams within three years of entering Grade 10.	44.5	42.1	43.4	46.1	42.6	47.0	Low	Maintained	Issue	47.0	48.0	49.0

Literacy and Numeracy Outcomes:

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2018	2019	2020
Overall percentage of students in Grades 6 and 9 who achieved the acceptable standard on Provincial Achievement Tests (overall cohort results).	70.9	70.2	69.6	71.2	72.4	72.0	Intermediate	Improved	Good	73.0	74.0	75.0
Overall percentage of students in Grades 6 and 9 who achieved the standard of excellence on Provincial Achievement Tests (overall cohort results).	15.7	17.7	18.3	17.5	18.4	19.0	Intermediate	Maintained	Acceptable	19.0	20.0	21.0

Strategies to Achieve Outcomes:

1. Because strong literacy and numeracy skills are foundational to learning and student efficacy, we will build capacity in literacy and numeracy instructional practices and use of assessment across all subject areas to improve student achievement through:
   - appointing a Literacy Lead Teacher to target grades K-8 using an in-school residency model that builds classroom teacher capacity.
   - updating District and School Literacy Work Plans.

- facilitating District Elementary and Middle School Literacy Steering Committees to guide implementation of strategies.
- facilitating professional learning focusing on literacy: Lucy Calkin Institute; literacy in content areas; leveled reading; using assessment, including Fountas and Pinnell to inform instructional practice in literacy.
- appointing a Numeracy Lead Teacher targeting grades 4-9.
- developing a District Numeracy Work Plan.
- facilitating a District Secondary Math Steering Committee.
- fostering a growth mindset around numeracy pedagogy.
- supporting numeracy-oriented Collaborative Communities for teachers to inquire into numeracy pedagogy.
- supporting volunteer elementary schools in the second year of piloting Pearson Mathology.
- investigating numeracy assessment tools.
- facilitating cross-curricular planning recognizing multiple literacies in the classroom as part of new curriculum implementation.

2. Because successful transition is the ultimate measure of student success, we will support staff in the implementation of the learning competencies outlined in the new curriculum that develop the knowledge, skills and attitudes for successful learning, living and working, and implement strategies that support school to school and school to work preparation and transition, by:
   - expanding connections with business and industry for the purpose of furthering student experience with real-world learning both in and out of the classroom with greater emphasis on the middle school level.
   - implementing strategies that support the areas of focus identified by each high school under the umbrella of High School Redesign: flexible learning environments, personalization of learning, rigorous and relevant curriculum, assessment, meaningful relationships.
   - expanding off-campus experiential programs, such as Work Experience, to reflect the vision that off-campus opportunities are an integral part of exploring potential career pathways for all students.
   - integrating the online career planning program, My Blueprints, across the middle school health curriculum and high school CALM.
   - supporting existing dual credit opportunities (Liberal Education 1000, Management 1070 at U of L) and exploring expansion of these opportunities including participation Cinema 1000 and Liberal Arts 2200 with the University of Lethbridge, and Automotives with Lethbridge College.
   - planning for purposeful exposure to next generation employment opportunities such as robotics, coding, and small business.
   - developing further strategies that support the transition of students from school to school within the District.
   - supporting the work of the Fast Forward Initiative to help students achieve their high school diploma or gain prerequisites for further education.

3. Because quality leaders, teachers and support staff who possess a growth mindset positively influence student learning, we will develop capacity in leadership focusing on instructional leadership by:
   - participating in the University of Lethbridge Project building capacity of District and school leaders to engage in inquiry-based professional growth.
   - developing a consistent process for engaging teachers and support staff in inquiry-based professional growth.
   - developing professional learning plans for the implementation of the new Teaching Quality Standard and School Leader Quality Standard.
   - building teacher competency in using assessment to improve instructional practice, differentiate instruction, and enhance student learning.
   - implementing the Administrator Mentorship Program with content derived from the School Leader Quality Standard.
   - implementing the Teacher Induction Program (TIP) structured according to TQS dimensions with an emphasis on applying learning to the classroom.
   - continuing to implement and support professional learning for support staff in a variety of areas.
   - supporting District Collaborative Communities as an integral structure for building instructional capacity and professionalism.
   - building the capacity of system leaders through a professional learning plan developed by the Administrator PL Committee that focusses on the District priorities and the School Leader Quality Standard.

4. Because there is a close positive correlation between achievement and wellness, we will create and implement a Division of Instructional Services work plan which focuses on wellness for all by:
   - building community partnerships through the Wellness Committee work.
   - determining what an integrated wellness model looks like and develop a Wellness Work Plan.
   - ensuring early intervention for Wellness including strategies relative to Early Learning, universal programming in schools, and early identification of targeted needs.
   - identifying policy/procedural work that needs to be done to reflect best practice
   - focusing Wellness grant applications on building schools' capacity around self-regulation, and staff wellness.
   - working closely and aligning work with counsellors and helping staff in schools.
   - promoting healthy lifestyles.
     - The wellness committee will identify wellness goal(s) and strategies for the next three years.
   - accessing provincial funding to continue implementing food/nutrition programs and to participate in training for food providers that addresses Alberta Nutrition Guidelines and is compliant with District Policy.
   - housing nursing practicum students in our schools.
   - building and promoting a culture of safety in schools with the progressive implementation of a comprehensive Occupational Health and Safety program.
   - providing opportunities for Administrators to learn about wellness supports for staff in our schools.

5. Because the engagement and support of parents and community partners promotes ongoing system improvement, we will:
    - provide opportunities for stakeholders to be involved in feedback loops, including Town Hall, regarding District priorities, budgeting, and new policy.
    - provide parent learning opportunities that build knowledge and partnerships among homes, schools and services.
    - engage stakeholders in such Board committee work as Policy, FNMI, Wellness, Poverty, and Community Engagement.
    - develop Community Engagement Committee strategies that build connections in the community, including a Communications Plan.
        - Streamline school to parent communication across schools as part of the Communication Plan
    - engage parents in learning (nutrition, sleep, core story, trauma, FNMI, addition, mental health).

Performance Measures:

- Data from Fountas & Pinnell (literacy scores for grades 1-5)
- Universal literacy measures at middle school
- Overall percentage of students who achieved the acceptable standard on Provincial Achievement Tests and Diploma Exams (based on cohort)
- Overall percentage of students who achieved the standard of excellence on Provincial Achievement Tests and Diploma Exams (based on cohort)
- Percentage of grade 12 students eligible for the Rutherford Scholarship
- Percentage of students writing four or more Diploma Exams within three years of entering grade 10
- Number of students involved in Work Experience and RAP (Registered Apprenticeship Program)
- Number of students visiting Career Counsellors
- Overall teacher and parent agreement that students are taught attitudes and behaviours that will make them successful at work when they finish school.
- High school completion rate of students within three years of entering Grade 10
- Annual dropout rate of students aged 14 to 18
- High school to post-secondary transition rate of students within six years of entering Grade 10
- Staff participation in Collaborative Communities
- University of Lethbridge research study measures relative to Inquiry-based professional growth
- APORI – Satisfaction with quality of schools; satisfaction that schools have improved
- Overall teacher, parent and student satisfaction with the overall quality of basic education
- Support Staff participation in professional learning opportunities and access to learning resources
- Pre and post teacher efficacy scale relative to the new TQS
- Survey feedback from teachers and administrators regarding the effectiveness of District Collaborative Communities and administrator professional learning
- Alberta Health services data
- Provincial EDI data

- Participation rates in the Healthy Schools Forum
- "Wellness Throw Down" participation
- Number of students participating in Nutrition programs
- Number of schools applying and using the Wellness Grant process (30% increase from 2017)
- Decrease in absentee rates for all
- Participation in parent wellness evening events
- Overall teacher and parent satisfaction with parental involvement in decisions about their child's education
- School boundaries are examined with potential realignment to facilitate future growth and program need
- Board, staff, and public engage in processes that inform resource allocation to address system priorities
- Capital planning and budget documentation activity utilized to inform future decision making

6. Because strategically planning for system growth enables the system to meet student learning needs, we will:
   - complete a comprehensive Capital Plan.
   - develop a Preventative Maintenance Plan.
   - implement a boundary review process.
   - support continued implementation of a comprehensive budget development process that aligns resource allocation with Board priorities and long-term planning.
   - implement a systems review process as a foundation for the development of strategies that address system growth and changing demographics of staff and students.

FNMI Learning

Related Provincial Goals:

- Alberta's education system supports First Nations, Metis, and Inuit (FNMI) students' success

Outcome:

- First Nations, Metis and Inuit (FNMI) student achievement will meet or exceed provincial standards.

Performance Measures

Combined 2018 Accountability Pillar FNMI Summary:

Measure Category	Measure	Lethbridge School Dist No. 51 (FNMI)			Alberta (FNMI)			Measure Evaluation		
		Current Result	Prev Year Result	Prev 3 Year Average	Current Result	Prev Year Result	Prev 3 Year Average	Achievement	Improvement	Overall
Safe and Caring Schools	Safe and Caring	**n/a**	n/a	n/a	**n/a**	n/a	n/a	n/a	n/a	n/a

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
High School Completion Rate - Percentage of self-identified FNMI students who completed high school within three years of entering Grade 10.	33.2	33.6	39.1	47.3	35.1	48.0	Very Low	Maintained	Concern	48.0	49.0	50.0
Drop Out Rate - annual dropout rate of self-identified FNMI students aged 14 to 18	15.7	15.6	10.3	11.1	14.0	10.0	Very Low	Maintained	Concern	10.0	9.0	8.0
High school to post-secondary transition rate of self-identified FNMI students within six years of entering Grade 10.	30.3	27.1	28.3	31.9	35.9	33.0	Very Low	Maintained	Concern	33.0	34.0	35.0
Percentage of Grade 12 self-identified FNMI students eligible for a Rutherford Scholarship.	n/a	n/a	30.8	35.6	19.7	n/a	n/a	Declined	n/a	n/a	n/a	n/a
Percentage of self-identified FNMI students writing four or more diploma exams within three years of entering Grade 10.	13.3	16.8	18.5	21.0	14.0	20.0	Very Low	Maintained	Concern	20.0	21.0	22.0

Strategies to Achieve Outcomes:

1. Because it is our moral imperative to ensure the learning needs of all students are met and the recommendations from the TRC are recognized, we will build school staff foundational knowledge of FNMI culture and Truth and Reconciliation via professional learning, and curriculum and resource development by:
   - creating and/or accessing curriculum resources and artefacts that recognize FNMI culture and history in support of FNMI for all learners – "FNMI for all".
   - integrating FNMI content into delivery of instruction across curriculum areas for all learners.
   - building capacity of FNMI staff to share their knowledge with all students.
   - supporting a teacher of FNMI language and culture to work with secondary level staff and students.
   - designating administrators at each school site responsible for supporting the work of the FNMI team in an effort to have a coherent and consistent implementation of strategies.
   - more purposefully reviewing data relative to FNMI students to develop strategies for academic improvement.
   - providing enhanced services for targeted FNMI students (literacy intervention, attendance, academic achievement, interagency).
   - planning events that celebrate FNMI culture and create pride in FNMI ancestry.

- establishing, through the Board FNMI Standing Committee, a District vision, connecting with community, and implementing community based strategies related to TRC within the education system as per the Calls to Action.
- collaborating with other Districts to learn about best practice and jointly planning for implementation of strategies targeting improved student learning.

Performance Measures:

- Attendance data
- OurSchool survey data (if able to disaggregate)
- All schools acknowledge the traditional territory at key events
- Increase in Elder and Knowledge Keepers' participation in schools
- Number of targeted events/evenings supporting initiatives related to FNMI endeavors
- Increase in resources available to teachers of FNMI content
- Increase in professional development available to teachers
- Improvement in literacy levels in students of FNMI ancestry
- Overall percentage of self-identified FNMI students who achieved the acceptable standard and overall percentage of FNMI students who achieved the standard of excellence on Provincial Achievement Tests (based on cohort) and Diploma Examinations
- High school completion rate of self-identified FNMI students within three years of entering Grade 10
- Annual dropout rate of students aged 14 to 18
- High school to post-secondary transition rate of self-identified FNMI students within six years of entering Grade 10
- Percentage of self-identified FNMI Grade 12 students eligible for a Rutherford Scholarship
- Percentage of self-identified FNMI students writing four or more Diploma Examinations within 3 years of entering Grade 10

Please see the FNMI Strategic Plan for 2018-19 which is an addendum to this Annual Education Plan.

District Priority 2

Inclusion

Related Provincial Goals:

- Alberta's students are successful
- Alberta's education system supports First Nations, Metis, and Inuit (FNMI) students' success
- Alberta's education system respects diversity and promotes inclusion
- Alberta has excellent teachers, school leaders, and school authority leaders

Outcomes

- Schools are welcoming, caring, respectful, and safe learning environments
- Schools are inclusive learning environments where all students are able to grow as learners

Strategies to Achieve Outcomes:

1. Because positive environments are essential for student growth and development, we will:
   - build staff capacity for Trauma Informed Practice.
   - continue to work with the Administrative Committee and Positive Spaces Committee to build common commitment and understanding relative to diversity.
   - encourage wellness grant applications to build school capacity around self-regulation, resilience, outdoor learning, physical activity.
   - celebrate initiatives that support diversity and inclusion for all students.
   - ensure counsellors provide universal wellness support in the classroom.

2. Because all learners are valued, can learn, and contribute to our communities, we will:
   - promote and support the culture of valuing diversity and high expectations of all learners.
     - Implement ongoing professional learning on the "Indicators of Inclusive Schools" (2013) for all school staff.
   - build the capacity of all staff to demonstrate approaches/strategies that enable all learners to access the Programs of Study.
     - Develop a Response to Intervention (RTI) framework, as articulated by Alberta Education, with a focus on classroom instruction.
     - Focus instruction and learning through the lens of Universal Design for Learning (UDL).
     - Develop the common understanding that the Programs of Study are the starting point of all students' learning.
     - Continue to build teacher capacity to support literacy and language acquisition.

Performance Measures:

- OurSchool measures associated with wellness, belonging, and safety
- Attendance data
- Transition or completion measures of ELL learners
- Overall teacher, parent and student agreement that students are safe at school, learning the importance of caring for others, learning respect for others and are treated fairly at school
- School staff have access to ongoing professional learning on Indicators of Inclusive Schools and UDL principles
- Planning for instruction addresses learner variability
- Instructional Support Plans reflect students' strengths and interests and address their learning needs
- Overall teacher, parent and student agreement that students model the characteristics of active citizenship

Students and communities have access to safe and healthy learning environments:

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
Percentage of teacher, parent and student agreement that: students are safe at school, are learning the importance of caring for others, are learning respect for others and are treated fairly in school.	88.2	88.8	88.7	88.6	87.8	90.0	High	Declined	Acceptable	90.0	91.0	92.0

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
Percentage of teachers, parents and students who are satisfied that students model the characteristics of active citizenship.	80.4	80.2	81.4	81.0	79.1	82.0	High	Declined Significantly	Issue	82.0	83.0	84.0

District Priority 3

Innovation

Related Provincial Goals:

- Alberta's students are successful
- Alberta has excellent teachers, school leaders. and school authority leaders
- Alberta's education system is well governed and managed

Outcomes:

- Learners demonstrate the attributes of innovation, creativity and critical thinking in a process based learning environment.
- Breadth of program choice provides opportunities for students to explore and grow as learners.
- All learners effectively use technology as creative and critical thinkers capable of accessing, sharing and creating knowledge.

Students demonstrate attributes of innovation, creativity, and critical thinking in a process-based learning environment:

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
Percentage of teachers and parents who agree that students are taught attitudes and behaviours that will make them successful at work when they finish school.	78.1	80.7	80.1	79.0	77.5	82.0	Intermediate	Declined	Issue	82.0	83.0	84.0

Teacher preparation and professional growth focus on the competencies needed to help students learn:

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.	85.1	84.2	85.0	84.2	84.0	86.0	Very High	Maintained	Excellent	86.0	87.0	88.0

The education system demonstrates collaboration and engagement to further District priorities, including innovative thinking:

Performance Measure	Results (in percentages)					Target	Evaluation			Targets		
	2014	2015	2016	2017	2018	2018	Achievement	Improvement	Overall	2019	2020	2021
Percentage of teachers, parents and students indicating that their school and schools in their jurisdiction have improved or stayed the same the last three years.	79.0	77.9	79.8	79.7	76.0	82.0	Intermediate	Declined Significantly	Issue	82.0	83.0	84.0
Percentage of teachers and parents satisfied with parental involvement in decisions about their child's education.	80.1	76.2	79.0	79.5	76.7	81.0	Intermediate	Maintained	Acceptable	81.0	82.0	83.0
Percentage of teachers, parents and students satisfied with the overall quality of basic education.	89.1	89.1	88.7	89.2	89.1	91.0	High	Maintained	Good	91.0	92.0	93.0

Strategies to Achieve Outcomes:

1. Because process-based learning environments with opportunity for choice support the needs of contemporary learners, we will:
   - build a common understanding of the meaning of student success and language for innovation, creativity, and critical thinking.
     - Use research and leadership learning to design professional learning that will support teacher capacity towards creating "process based learning environments."
     - Emphasize the application of the student competencies as part of building an understanding of the new curriculum framework (e.g. innovation and creativity, critical thinking).
   - build teacher capacity to implement process learning in the classroom at all grade levels/subject areas.
     - Implement learning opportunities in the classroom that require critical thinking, creativity, and innovation, and align with the Programs of Study.
   - build a culture of risk-taking as part of everyday practice in teaching and learning.
   - promote and celebrate engaging learning opportunities that support creative and innovative thinking.

2. Because technology can enhance learning, and proficiency with technology is essential for successful student achievement, we will:
   - employ an Educational Technology Lead Teacher targeting grades K-8.
   - update the District Educational Technology Work Plan.
   - facilitate an "Innovator's Group" (teacher tech reps from each school).
   - support the seamless implementation of software that enhances instructional capacity such as iPad apps and Microsoft Classroom.

- develop common understanding of how the parameters that guide the use of technology are integrated as part of overall program delivery (e.g., digital citizenship, social media, accessibility to devices).
- build capacity among school leaders to model how the integration of technology can be seamless and reflect conscious choices of tools that align with delivery of curriculum outcomes.
- support teachers and administrators in the application of research related to technology, such as online and digital learning, in the classroom context. Support includes access to technology, secondary technology lead teacher, and professional learning.
- model pedagogy and find opportunities to demo tools that are available for classrooms (awareness and application).
- examine structures that support the development of leadership at the elementary school level to increase teacher capacity in the effective integration of technology.
- implement standards and guidelines around digital citizenship within the Health/CALM scope and sequence.
- engage the parent community in digital citizenship.

Performance Measures:

- OurSchool data on specific new questions pertaining to innovation, creativity, and critical thinking, and student engagement
- Participation in Professional Learning for staff that targets development of pedagogy associated with innovation
- Attendance/drop out rate
- Number of students applying for District Canada 150 ICE Scholarships
- Percentage of teacher and parent satisfaction that students demonstrate the knowledge, skills and attitudes necessary for lifelong learning
- Overall teacher, parent and student satisfaction with the opportunity for students to receive a broad program of studies, including fine arts, career, technology, health and physical education
- APORI satisfaction surveys as applicable
- Schools' usage of Ed Tech Lead Teacher
- Teacher feedback on access to technology (ease and frequency)

Lethbridge School District No. 51

2017-2018 Accountability Pillar Results

The information that follows is the Accountability Pillar results for the 2017-2018 school year as provided by Alberta Education. These results inform strategies and improvement for the 2019-2020 school year which will be reported in the District's three year Education Plan and Annual Education Results report in October 2019.

*All of the following reports/results are an extract of the **Accountability Pillar Results for 3-Year Educational Plans** (October 2018) as provided to the District by the Alberta Education.*

Accountability Pillar Overall Summary
Annual Education Results Reports - Oct 2018
Authority: 3040 Lethbridge School District No. 51

Alberta Government

Measure Category	Measure	Lethbridge School Dist No. 51			Alberta			Measure Evaluation		
		Current Result	Prev Year Result	Prev 3 Year Average	Current Result	Prev Year Result	Prev 3 Year Average	Achievement	Improvement	Overall

Notes:
1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (*).
2. Overall evaluations can only be calculated if both improvement and achievement evaluations are available.
3. Results for the ACOL measures are available in the detailed report: see "ACOL Measures" in the Table of Contents.
4. Student participation in the survey was impacted between 2014 and 2017 due to the number of students responding through the OurSCHOOL/TTFM (Tell Them From Me) survey tool.
5. Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (Grades 6, 9), French Language Arts (Grades 6, 9), Mathematics (6, 9, 9 KAE), Science (Grades 6, 9, 9 KAE), Social Studies (Grades 6, 9, 9 KAE).
6. Participation in Provincial Achievement Tests was impacted by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by this event.
7. Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Examination for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Mathematics 30-1, Mathematics 30-2, Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.
8. Caution should be used when interpreting evaluations and results over time for Mathematics 30-1/30-2, as equating was not in place until the 2016/17 school year. Alberta Education does not comment on province wide trends until it has five years of equated examination data.
9. Participation in Diploma Examinations was impacted by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by this event.
10. Weighting of school-awarded marks in diploma courses increased from 50% to 70% in the 2015/2016 school year. Caution should be used when interpreting trends over time.
11. Due to the change from previous data source systems to Provincial Approach to Student Information (PASI), Rutherford Scholarship Eligibility Rate results prior to 2015 are not available.
12. 2016 results for the 3-year High School Completion and Diploma Examination Participation Rates have been adjusted to reflect the correction of the Grade 10 cohort.

Notes:

1. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (*).
2. Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.
3. Participation in Provincial Achievement Tests was impacted by the flooding in June 2013 (Grade 9 only) and by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by this event.
4. Part A, which requires students to complete number-operation questions without using calculators, was added to Mathematics 6 in 2016/2017 and Mathematics 9 in 2017/2018, respectively.

Lethbridge School District No. 51

2018-2019 Student Surveys

The information that follows are the results of online student surveys relating to the 2018/2019 school year. These surveys are used to gather information from our student on the school environments, student engagement/participation, and other factors.

The District utilizes the online surveys and reports generated by **The Learning Bar Inc**. through tools such as OurSCHOOL online surveys (http://thelearningbar.com/)

Students in ***Lethbridge School District No. 51***
Bullying and School Safety - Secondary (2018/2019)

The Learning Bar

A safe school environment is critical for students' learning and well-being. Schools are safer when school staff, students, parents and community agencies work together to prevent bullying, exclusion and sexual harassment. ***Bullying*** is when a person tries to hurt another person, and does it more than once. It can be physical, verbal, or social, and can also take place over the internet with emails or text messages. Sometimes a group of students will bully others. ***Exclusion*** is when students feel excluded or treated unfairly at school because of ethnic or cultural background, gender, social class, sexual orientation, religion, disability, or other perceived categorical boundary. ***Sexual harassment*** is any unwanted or inappropriate language or touching that makes a person feel upset, hurt or angry. Exclusion and sexual harassment are forms of bullying, and often students that are excluded or harassed are victims of other forms of bullying. Students who are bullied are prone to experiencing low self esteem, anxiety, depression, and disaffection from school. In extreme cases bullying can lead to suicide.

Key Findings from the Research

- Data from *OurSCHOOL* surveys in 2009-10 found students who reported being victims of bullying were five-and-a-half times as likely to be suffering depression, and were almost three times as likely to have a low sense of belonging at school. They were also less likely to be intellectually engaged.

- Schools vary in their reported prevalence of moderate and severe bullying. In 2009-10, data from *OurSCHOOL* found that among middle schools the prevalence of moderate and severe bullying varied from 4% to 52%, with one-half of all schools having a prevalence between 24% and 35%. The prevalence of moderate and severe bullying reported was less in secondary schools; on average it was 22% compared with the middle school average of 29%.

- There are several actions schools can take to prevent bullying, exclusion and sexual harassment. School staff must be able to recognize different forms of bullying and be willing to step in when they observe a student being bullied.[1] Positive school policies and practices can make it safe for students to report bullying when it occurs and ensure that there are clear consequences for bullying that are consistently enforced. Schools can help equip students with appropriate strategies to deal with bullying, exclusion and sexual harassment.[2]

- Data from students can help school staff develop positive practices and policies.

Students from Lethbridge School District No. 51 completed the *OurSCHOOL* survey which included questions about bullying, school safety and exclusion and sexual harassment. This report summarizes their views.

1. The prevalence of school bullying

The literature distinguishes between bullies, victims and those who are both bullies and the victims of bullying.[3] The percentage of students who report being victims of bullying is a useful school-level measure of the extent of bullying and its potential effects on youth. Students' reports of taking part in bullying and students' accounts of witnessing bullying are less useful as a school measure, because even a single incident of bullying may be seen or talked about by a wide range of students.

Overall, 32% of students in Lethbridge School District No. 51 reported being a victim of bullying about once a week or more often, for at least one of the four types of bullying. In addition, *OurSCHOOL* classifies students as being moderate or severe victims. Figure 1 - shows the results for all students in Lethbridge School District No. 51 , and separately for boys and girls, compared with the national average. Figure 2 indicates the types of bullying most often experienced by the students at Lethbridge School District No. 51 . The results are based on students' reports of being victims of physical, social, verbal and cyber bullying in the previous 30 days.

Figure 1: Prevalence of bullying in Lethbridge School District No. 51

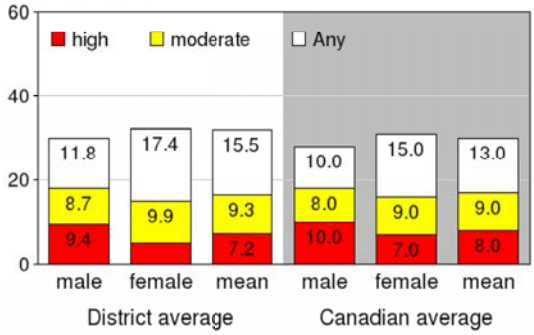

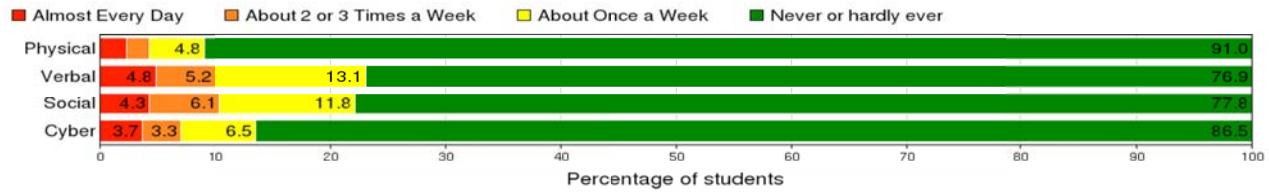

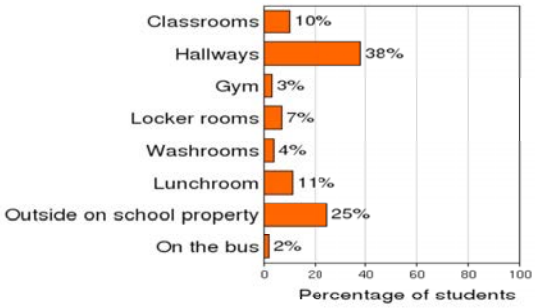

Figure 2: Bullying by Type in Lethbridge School District No. 51

2. Where and when bullying occurs

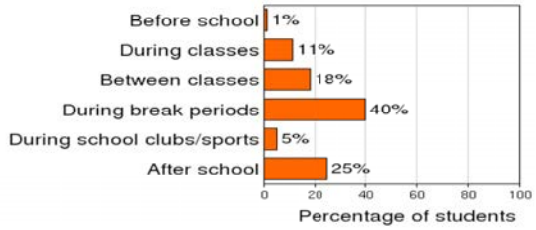

Bullying tends to occur most frequently in classrooms, hallways and the lunchroom, but this can vary among schools.[4] Students quickly learn where the 'hot-spots' are, which tend to be places where there is inadequate supervision.[5] Students in Lethbridge School District No. 51 were asked where bullying happened most often in and near their school. The results are shown in Figure 3.

Figure 3: Where bullying occurs in Lethbridge School District No. 51

The students in Lethbridge School District No. 51 were also asked when bullying most often occurred. Figure 4 displays the results.

Figure 4: When bullying occurs in Lethbridge School District No. 51

3. How students respond to bullying

Students in Lethbridge School District No. 51 who reported being bullied in the past 30 days were asked what they did the last time they were bullied. Figure 5 summarizes their responses.

Figure 5: How students respond when bullied in Lethbridge School District No. 51

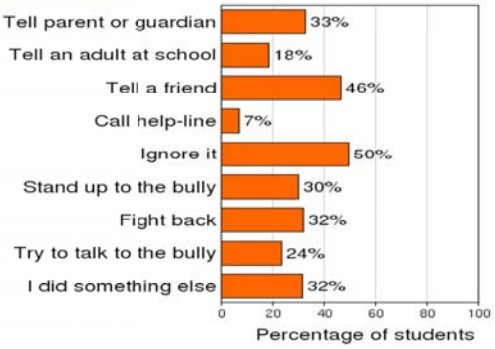

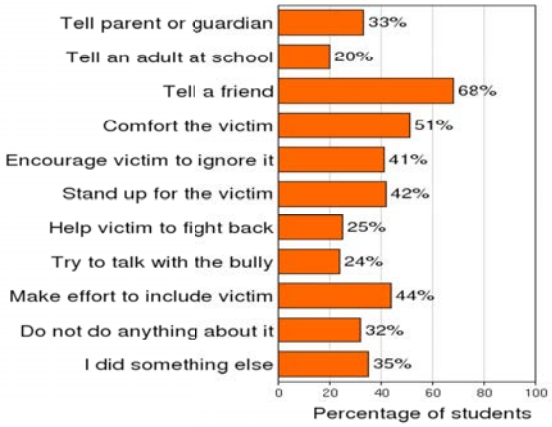

Figure 6 summarizes student responses when they saw or heard about a student being bullied.

Figure 6: Response when others are bullied in Lethbridge School District No. 51

4. Measures to prevent bullying

School policies and practices can help prevent student bullying. Students in Lethbridge School District No. 51 indicated the extent to which they felt certain anti-bullying measures were practiced in their school. Figure 7 shows the percentage of students that agreed or strongly agreed that these practices were evident in their school.

Figure 7: Measures to prevent bullying in Lethbridge School District No. 51

5. Students who feel excluded

Many students feel excluded by their peers or treated unfairly by school staff because of their ethnic or cultural background, gender, social class, sexual orientation, religion, disability, or other perceived categorical boundaries. Figure 8 shows the percentage of students who felt excluded by other students for various reasons.

Figure 8: Reasons students feel excluded in Lethbridge School District No. 51

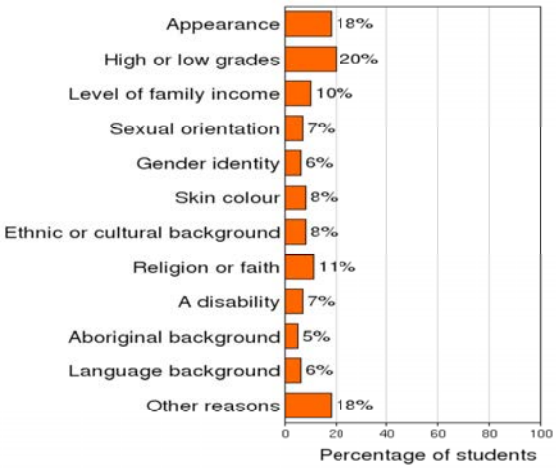

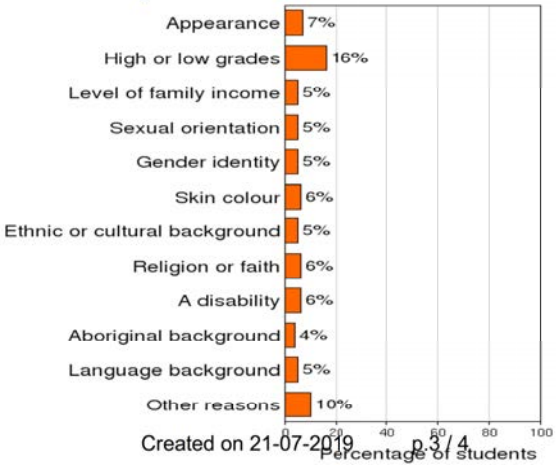

Figure 9 shows the percentage of students who felt they were treated unfairly by school staff for these same reasons.

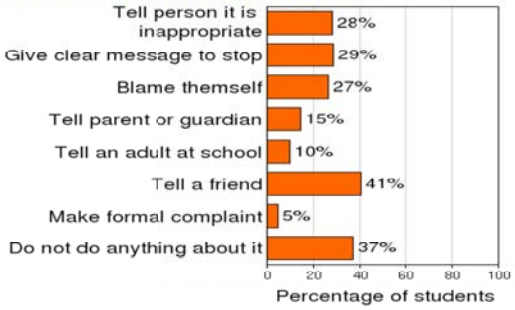

Figure 9: Reasons students feel they are treated unfairly by staff in Lethbridge School District No. 51

6. Sexual harassment at school

Students were presented with a definition of sexual harassment and asked if they had felt sexually harassed at school in the past 30 days. In Lethbridge School District No. 51 , 14.1% of girls and 9.8% of boys felt they had been sexually harassed. Those who indicated being sexually harassed were asked how they responded at the time. Figure 10 summarizes their responses.

Figure 10: How students respond if they are sexually harassed in Lethbridge School District No. 51

7. Feeling Safe at School

Students were asked whether they felt safe at school, and safe going to and from school. Overall, 13.3% of girls and 13% of boys in Lethbridge School District No. 51 indicated that they did not feel safe at school. A further 19.9% of girls and 16.4% of boys indicated a neutral position, neither agreeing nor disagreeing that they felt safe at school. Figure 11 shows the percentage of students that felt safe at school.

Figure 11: Students who feel safe in Lethbridge School District No. 51

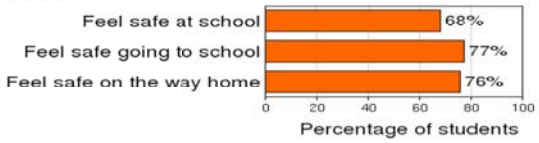

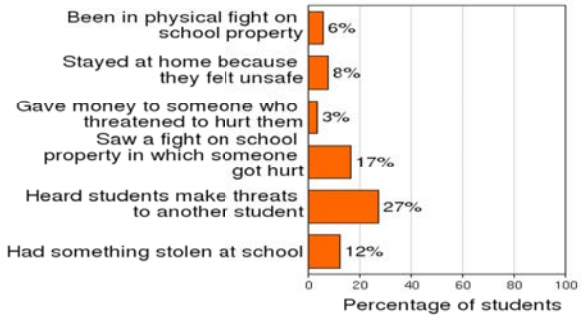

Figure 12 shows students' responses to six other questions concerning how safe they felt at school.

About *OurSCHOOL*

OurSCHOOL is an evaluation system that includes a dynamic web-based student survey, and optional teacher and parent surveys. The system provides leading indicators of student engagement and wellness, and the aspects of classroom and school learning climate that research has shown affect student engagement and learning outcomes. Please see www.thelearningbar.com for further information.

About this School Report

This report was prepared by Dr. J. Douglas Willms, President of The Learning Bar. It was based on data from 1984 students in Lethbridge School District No. 51 that completed the *OurSCHOOL* student survey in 2018. Schools can print this report free of charge for use in staff meetings and professional development activities. It can also be reproduced for distribution to parents.

Report on Student Outcomes and School Climate

OurSCHOOL Elementary - Middle School Survey (6977)

Lethbridge School District No. 51 Schools Highlights

Your version of the **OurSCHOOL** student survey measures 17 indicators based on the most recent research on school and classroom effectiveness. This report provides highlights based on data from 2,240 students in 10 schools that participated in the survey between 14 Jan. 2019 and 31 May. 2019.

The results for the district are based on last year's results for all students using The Learning Bar Survey for grade levels assessed by this district, and are compared with Canadian norms.

For details on the survey see www.thelearningbar.com.

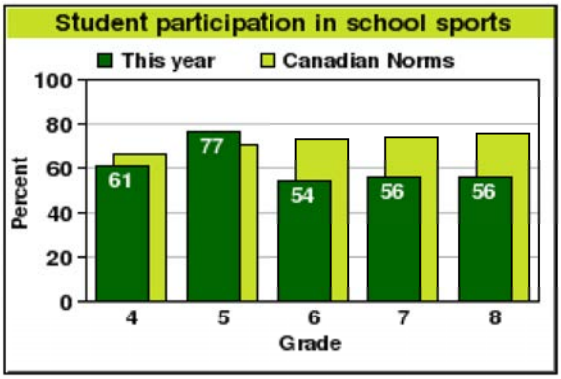

*Note: Only grades with more than 50 students from at least two schools are displayed on the bar charts.

Social-Emotional Outcomes

Student participation in school sports

Students who play sports with an instructor at school, other than in a gym class.

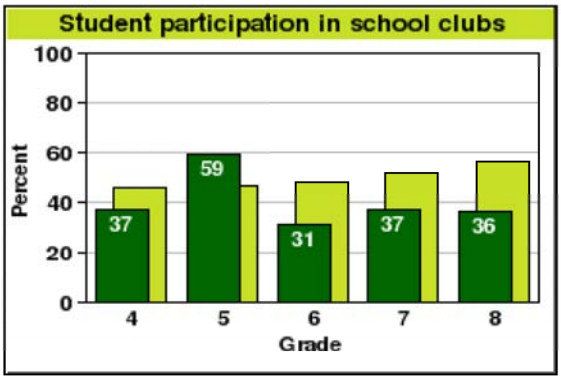

- 61% of students in this district had a high rate of participation in sports; the Canadian norm for these grades is 72%.
- 56% of the girls and 66% of the boys in this district had a high rate of participation in sports. The Canadian norm for girls is 68% and for boys is 76%.

Student participation in school clubs

Students who take part in art, drama, or music groups; school clubs; or a school committee.

- 40% of students in this district had a high rate of participation in clubs; the Canadian norm for these grades is 50%.
- 48% of the girls and 33% of the boys in this district had a high rate of participation in clubs. The Canadian norm for girls is 57% and for boys is 43%.

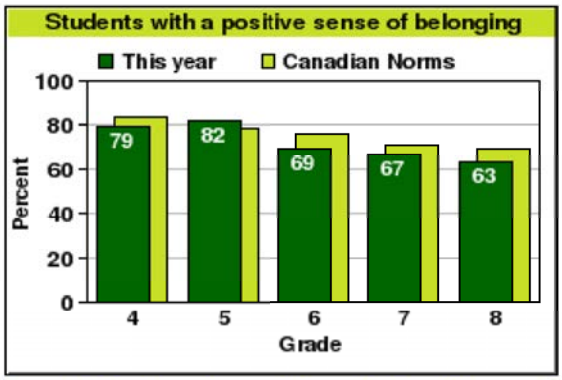

Social-Emotional Outcomes

Students with a positive sense of belonging

Students who feel accepted and valued by their peers and by others at their school.

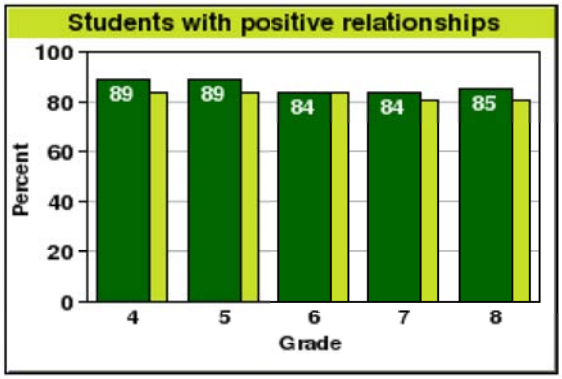

- 72% of students in this district had a high sense of belonging; the Canadian norm for these grades is 75%.
- 69% of the girls and 75% of the boys in this district had a high sense of belonging. The Canadian norm for girls is 73% and for boys is 78%.

Students with positive relationships

Students who have friends at school they can trust and who encourage them to make positive choices.

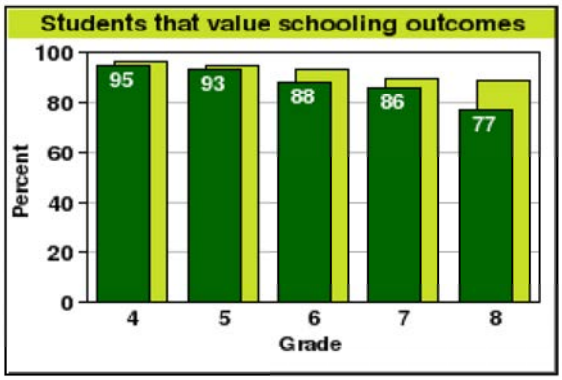

- In this district, 86% of students had positive relationships; the Canadian norm for these grades is 83%.
- 89% of the girls and 83% of the boys in this district had positive relationships. The Canadian norm for girls is 86% and for boys is 80%.

Students that value schooling outcomes

Students who believe that education will benefit them personally and economically, and will have a strong bearing on their future.

- 88% of students in this district valued school outcomes; the Canadian norm for these grades is 93%.
- 90% of the girls and 86% of the boys in this district valued school outcomes. The Canadian norm for girls is 94% and for boys is 91%.

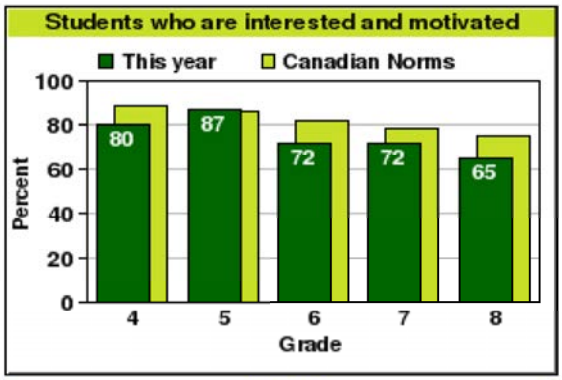

Social-Emotional Outcomes

Students who are interested and motivated

Students who are interested and motivated in their learning.

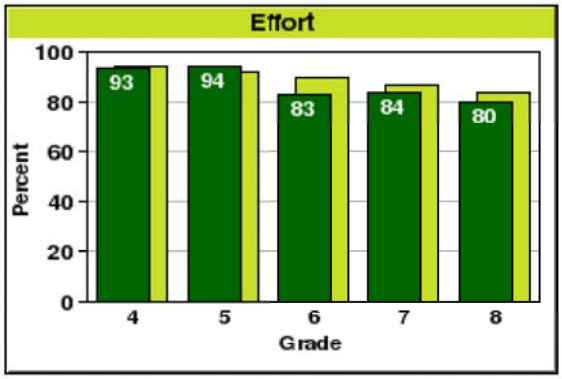

- 75% of students in this district were interested and motivated; the Canadian norm for these grades is 82%.
- 79% of the girls and 71% of the boys in this district were interested and motivated. The Canadian norm for girls is 84% and for boys is 80%.

Effort

Students who try hard to succeed in their learning.

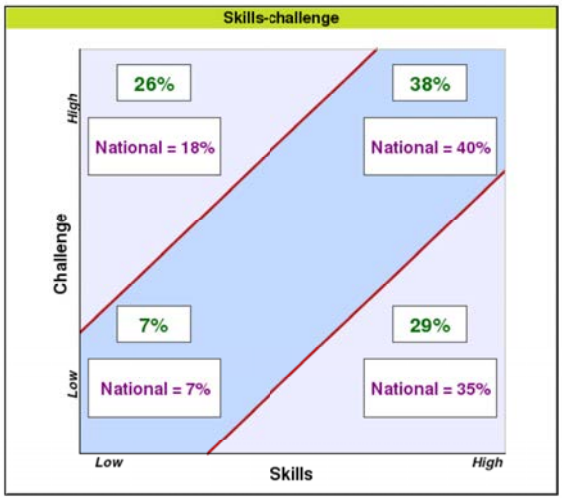

- 87% of students in this district tried hard to succeed; the Canadian norm for these grades is 90%.
- 88% of the girls and 86% of the boys in this district tried hard to succeed. The Canadian norm for girls is 91% and for boys is 88%.

Skills-challenge

Students who feel challenged in their language arts, math and Science classes and feel confident of their skills in these subjects.

- 38% of students in the district had scores that placed them in the desirable quadrant with high skills and high challenge. The Canadian norm for these grades is 40%.
- 29% of students were confident of their skills but did not find classes challenging. The Canadian norm for these grades is 35%.
- 26% of students were not confident of their skills and found language arts or math challenging. The Canadian norm for this category is 18%.
- 7% of students lacked confidence in their skills and did not feel they were challenged. The Canadian norm for this category is 7%.

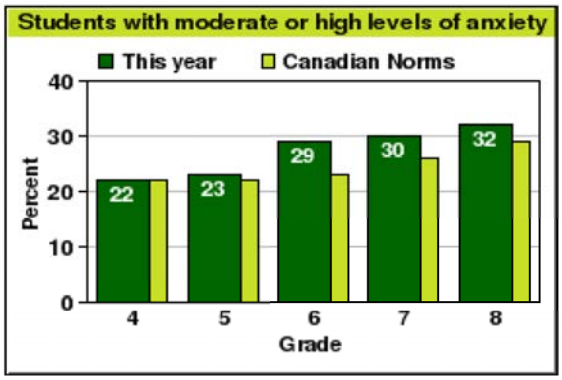

Social-Emotional Outcomes

Students with moderate or high levels of anxiety

Students who have intense feelings of fear, intense anxiety, or worry about particular events or social situations.

- 27% of students in this district had moderate to high levels of anxiety; the Canadian norm for these grades is 24%.
- 35% of the girls and 20% of the boys in this district had moderate to high levels of anxiety. The Canadian norm for girls is 30% and for boys is 19%.

DRIVERS of Student Outcomes

Feel safe attending this school

Students who feel safe at school as well as going to and from school.

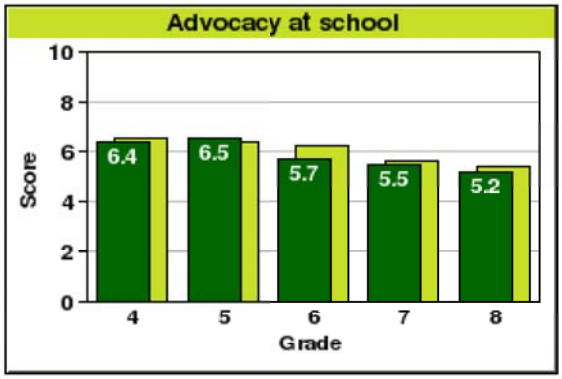

- 69% of students felt safe attending the district; the Canadian norm for these grades is 64%.
- 70% of the girls and 68% of the boys felt safe attending the district. The Canadian norm for girls is 64% and for boys is 64%.

Advocacy at school

Students who feel they have someone at school who consistently provides encouragement and can be turned to for advice.

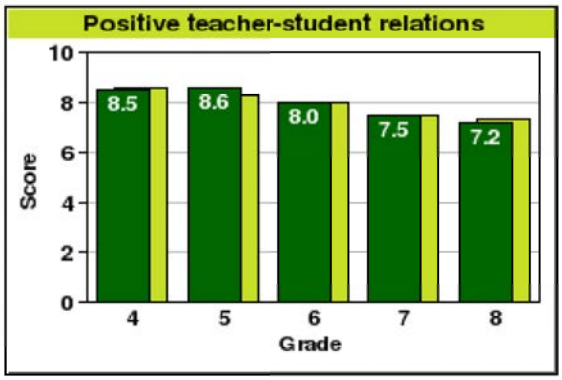

- In this district, students rated advocacy at school 5.9 out of 10; the Canadian norm for these grades is 6.
- In this district, advocacy at school was rated 5.9 out of 10 by girls and 5.8 out of 10 by boys. The Canadian norm for girls is 6 and for boys is 6.

Positive teacher-student relations

Students who feel teachers are responsive to their needs, and encourage independence with a democratic approach.

- In this district, positive teacher-student relations were rated 7.9 out of 10; the Canadian norm for these grades is 7.9.
- In this district, positive teacher-student relations were rated 8.1 out of 10 by girls and 7.8 out of 10 by boys. The Canadian norm for girls is 8.1 and for boys is 7.8.

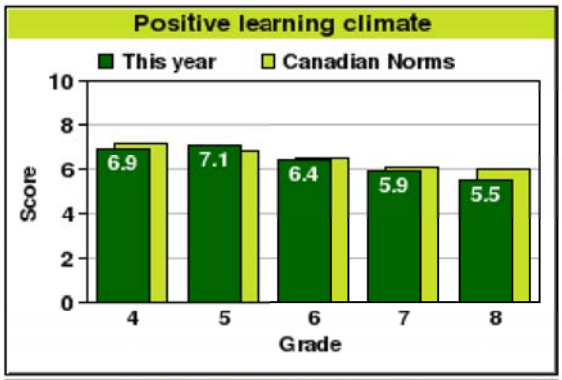

DRIVERS of Student Outcomes

Positive learning climate

There are clear rules and expectations for classroom behaviour. Students understand these and teachers maintain high expectations that they be followed.

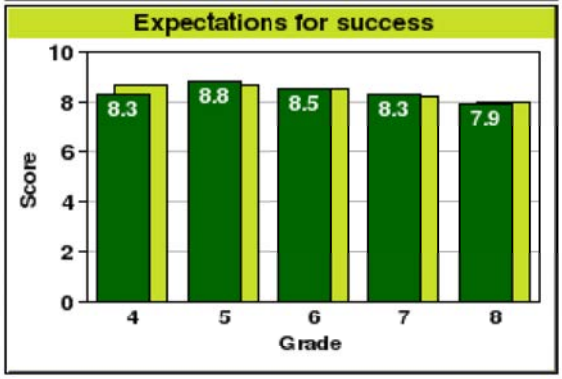

- In this district, students rated disciplinary climate of the classroom 6.4 out of 10; the Canadian norm for these grades is 6.5.
- In this district, disciplinary climate of the classroom was rated 6.4 out of 10 by girls and 6.3 out of 10 by boys. The Canadian norm for girls is 6.5 and for boys is 6.6.

Expectations for success

The school staff emphasizes academic skills and hold high expectations for all students to succeed.

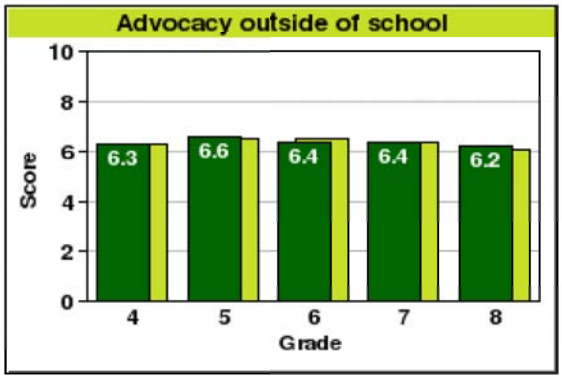

- In this district, students rated teachers' expectations for academic success 8.4 out of 10; the Canadian norm for these grades is 8.4.
- In this district, teachers' expectations for academic success were rated 8.4 out of 10 by girls and 8.3 out of 10 by boys. The Canadian norm for girls is 8.5 and for boys is 8.3.

Advocacy outside of school

Students who feel they have someone at home or in their community who consistently provides encouragement and can be turned to for advice.

- In this district, students rated advocacy outside of school 6.4 out of 10; the Canadian norm for these grades is 6.4.
- In this district, advocacy outside school was rated 6.5 out of 10 by girls and 6.3 out of 10 by boys. The Canadian norm for girls is 6.5 and for boys is 6.2.

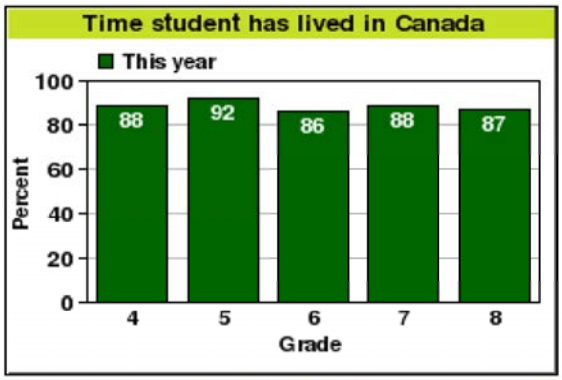

Demographic Factors

Time student has lived in Canada

Students who were born in Canada.

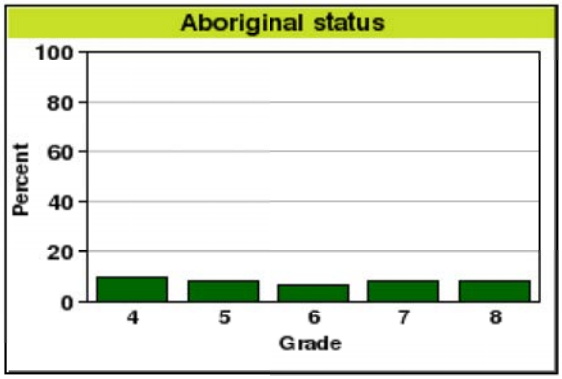

- 88% of students in this district were born in Canada.
- 89% of the girls and 87% of the boys in this district were born in Canada.

Aboriginal status

Students who are of Aboriginal origin, that is, First Nations, Métis, or Inuk.

- 8% of students in this district are of Aboriginal origin.
- 9% of the girls and 8% of the boys in this district are of Aboriginal origin.

- 64% of the girls and 59% of the boys in this district valued school outcomes. The Canadian norm for girls is 68% and for boys is 64%.

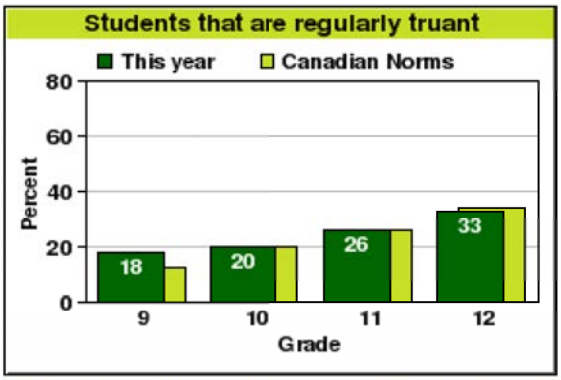

Social-Emotional Outcomes

Students that are regularly truant

Students who skip classes or miss days at school without a reason, or arrive late for school or classes.

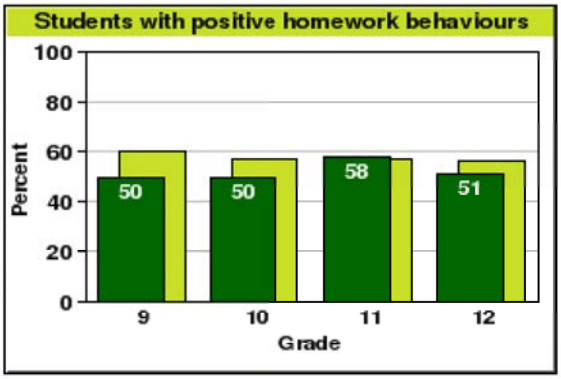

- In this district, the student truancy rate was 24%; the Canadian norm for these grades is 23%
- In this district, the truancy rate for girls was 21% and for boys, 26%. The Canadian norm for girls is 21% and for boys is 26%.

Students with positive homework behaviours

Students who do homework for their classes with a positive attitude and in a timely manner.

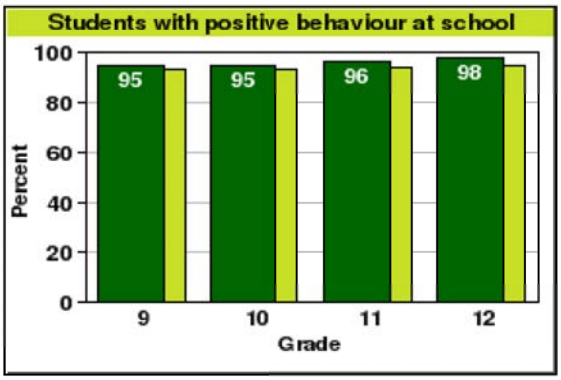

- In this district, 52% of students had positive homework behaviours; the Canadian norm for these grades is 58%.
- 60% of the girls and 45% of the boys in this district had positive homework behaviours. The Canadian norm for girls is 65% and for boys is 50%.

Students with positive behaviour at school

Students that do not get in trouble at school for disruptive or inappropriate behaviour.

- In this district, 96% of students had positive behaviour; the Canadian norm for these grades is 94%.
- 99% of the girls and 95% of the boys in this district with positive student behaviour at school. The Canadian norm for girls is 97% and for boys is 90%.

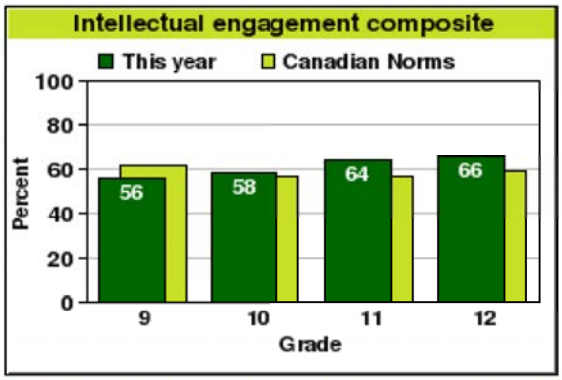

Social-Emotional Outcomes

Intellectual engagement composite

Students who are intellectually engaged and find learning interesting, enjoyable, and relevant.

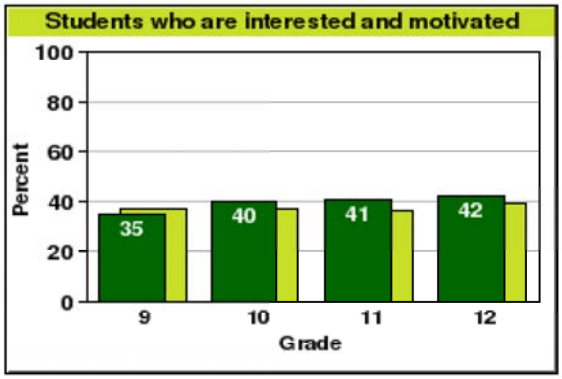

- 61% of students in this district are intellectually engaged. The Canadian norm for these grade levels is 59%.
- 65% of the girls and 58% of the boys in this district were intellectually engaged. The Canadian norm for girls is 60% and for boys is 57%.

Students who are interested and motivated

Students who are interested and motivated in their learning.

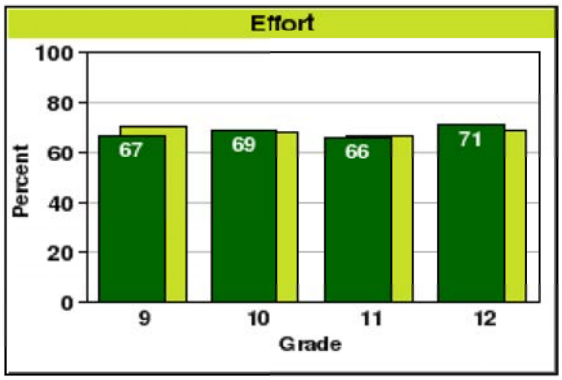

- 40% of students in this district were interested and motivated; the Canadian norm for these grades is 37%.
- 41% of the girls and 39% of the boys in this district were interested and motivated. The Canadian norm for girls is 37% and for boys is 37%.

Effort

Students who try hard to succeed in their learning.

- 68% of students in this district tried hard to succeed; the Canadian norm for these grades is 69%.
- 70% of the girls and 67% of the boys in this district tried hard to succeed. The Canadian norm for girls is 71% and for boys is 66%.

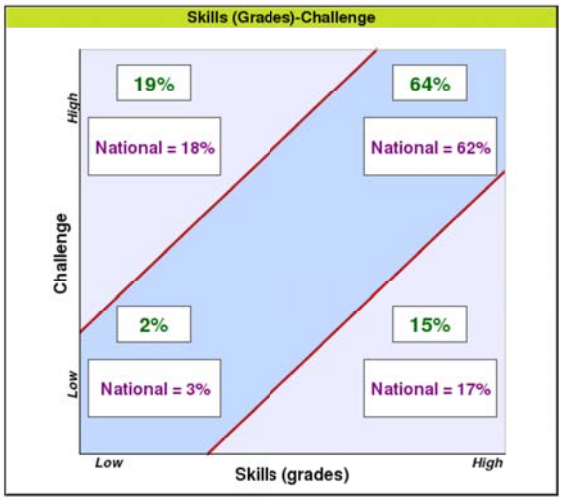

Social-Emotional Outcomes

Skills (grades)-challenge

Students who feel challenged in their Language Arts, Math and Science classes and feel confident of their skills in these subjects.

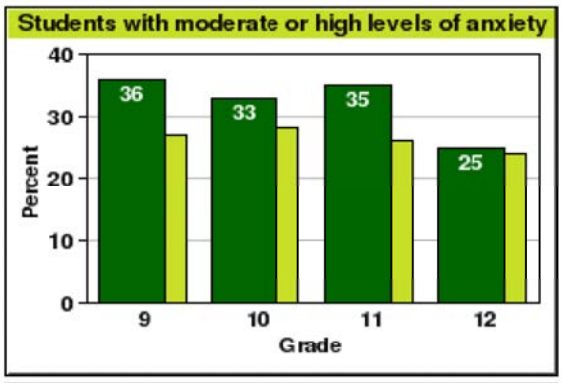

- 64% of students in the district had scores that placed them in the desirable quadrant with high skills and high challenge. The Canadian norm for these grades is 62%.
- 15% of students were confident of their skills but did not find classes challenging. The Canadian norm for these grades is 17%.
- 19% of students were not confident of their skills and found language arts, math or science challenging. The Canadian norm for this category is 18%.
- 2% of students lacked confidence in their skills and did not feel they were challenged. The Canadian norm for this category is 3%.

Students with moderate or high levels of anxiety

Students who have intense feelings of fear, intense anxiety, or worry about particular events or social situations.

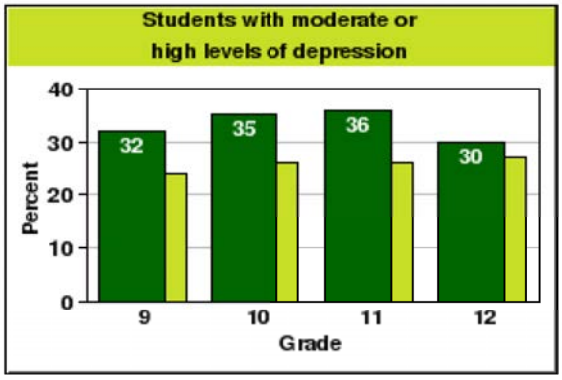

- 32% of students in this district had moderate to high levels of anxiety; the Canadian norm for these grades is 26%.
- 43% of the girls and 21% of the boys in this district had moderate to high levels of anxiety. The Canadian norm for girls is 36% and for boys is 17%.

Students with moderate or high levels of depression

Students who have prolonged periods when they feel sad, discouraged, and inadequate.

- 33% of students in this district had moderate to high levels of depression; the Canadian norm for these grades is 26%.
- 43% of the girls and 22% of the boys in this district had moderate to high levels of depression. The Canadian norm for girls is 34% and for boys is 17%.

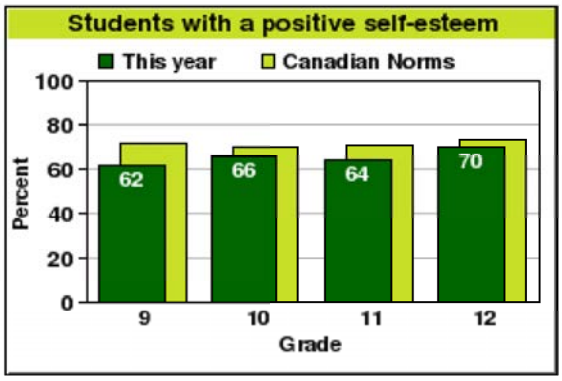

Social-Emotional Outcomes

Students with a positive self-esteem

Students who like and accept themselves, and are proud of their accomplishments.

- 65% of students in this district had high self-esteem; the Canadian norm for these grades is 71%.
- 60% of the girls and 71% of the boys in this district had high self-esteem. The Canadian norm for girls is 66% and for boys is 77%.

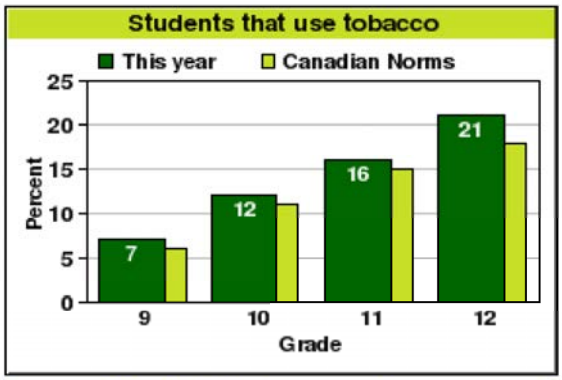

Physical Health Outcomes

Students that use tobacco

The percentage of students that use tobacco occasionally or at least once every day.

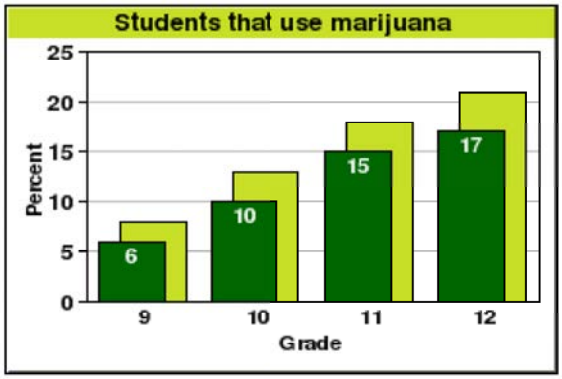

- 14% of students in this district indicated they were occasional or regular tobacco users; the Canadian norm for these grades is 12%.
- 12% of the girls and 15% of the boys in this district were occasional and regular tobacco users. The Canadian norm for girls is 11% and for boys is 14%.

Students that use marijuana

The percentage of students that use marijuana occasionally or at least once every day.

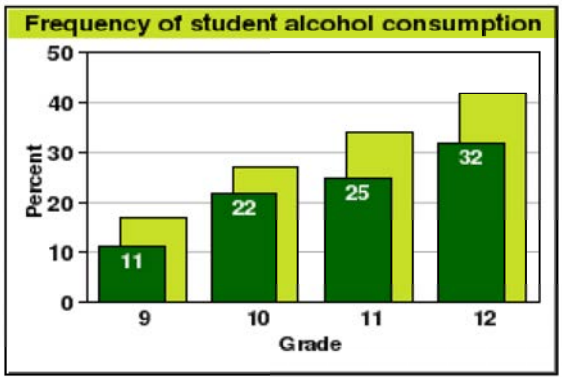

- 12% of students in this district indicated they were occasional or regular marijuana users; the Canadian norm for these grades is 15%.
- 11% of the girls and 11% of the boys in this district were occasional and regular marijuana users. The Canadian norm for girls is 13% and for boys is 16%.

Frequency of student alcohol consumption

The percentage of students who have at least one drink of alcohol per week.

- 22% of students in this district have had at least one alcoholic drink per week; the Canadian norm for these grades is 30%.
- 19% of the girls and 24% of the boys in this district have had at least one alcoholic drink one or more times per week. The Canadian norm for girls is 28% and for boys is 31%.

- Never (Never)
- Sometimes (St)
- Most of the time (Most)
- Always (Alway)

Lethbridge School District No. 51
Glossary of Terms

Accountability Pillar - data provided to give school boards a consistent way to measure their success and assess progress using a broad spectrum of measures. It is based on a set of common factors that measure outcomes in specific categories, giving a clear picture of how well learning goals are being achieved. It also helps identify areas that need improvement and set priorities for the future.

Accumulated Surplus from Operations (ASO) - is the total unrestricted net assets and operating reserves of the District. An "Adjusted ASO" excludes the unspent school generated funds (SGF) which are held at the schools.

Alberta Education - department of the Government of Alberta, responsible for developing curriculum and setting standards, evaluating curriculum and assessing outcomes, teacher development and certification, supporting special needs students, funding and supporting school boards, Aboriginal and francophone education, and overseeing basic education policy and regulations. Alberta Education also approves and funds new facilities and infrastructure for school jurisdictions in cooperation with Alberta Infrastructure and Transportation.

Alberta Finance - department of the Government of Alberta responsible for economic and fiscal policy advice to the government as well as tax and regulatory administration.

Alberta Infrastructure and Transportation - department of the Government of Alberta, responsible for the provision of infrastructure for health care, education, community, seniors' lodges, municipal transportation, and municipal water/wastewater treatment and distribution.

Amortization of Tangible Capital Assets - represents the yearly cost of capital assets aging over their useful lives.

Base Funding - funding provided on a per student basis for every full time equivalent (FTE) student from Kindergarten (ECS) to grade 12.

Benefits - the employer's share of amounts paid on behalf of employees for statutory and pension contributions, and medical and insurance benefits. It also includes allowances which are taxable payments made to (or on behalf of) employees for sabbatical leave, advanced study and training, and for negotiable or board-authorized allowances including automobile, subsidized housing, relocation, retirement, and supplementary unemployment benefits.

Capital and Debt Services - includes the provision for amortization of the district's capital assets, Infrastructure Maintenance and Renewal grant expenditures, and interest on debenture debt.

Certificated Staffing - employees (teachers) holding a valid teaching certificate.

Class Size Initiative - funding provided to school jurisdictions to hire additional teachers in order to lower class size averages to those recommended by the Alberta Commission on Learning (ACOL), over a three-year period.

Community Outreach School - a school that provides an alternate education program for students age 12 to 15 who have not experienced success in a traditional school setting.

Contracted and General Services - expenditures that are contracted with other parties to perform services on behalf of the school district.

Differential Funding - funding allocated to recognize the uniqueness of school boards. A funding allocation designed to address variable cost factors that a school jurisdiction may face due to the uniqueness of the student population or jurisdiction profile. Some of this funding includes First Nation Métis and Inuit, Severe Disabilities, English as A Second Language, and Small Schools by Necessity funding.

Diploma Examinations - Alberta Education tests grade 12 students in core subject areas (Math, Social Studies, English, and the Sciences).

Digital Citizenship - Digital Citizenship is a concept which helps teachers, technology leaders and parents to understand what students/children/technology users should know to use technology appropriately.

Division of Instructional Services - provides system based instruction services to support the implementation of curriculum, coordination of in-service instruction, assist teachers with program delivery, and implementation of system wide initiatives.

Downtown LA Program - a regional program designed to help alleviate mental health concerns in 12 to 17 year olds in a setting that meets their academic and psychosocial needs.

Early Childhood Development (ECD) Mapping Initiative - the Early Child Development (ECD) Mapping Initiative is a province-wide, five-year research project activity looking at the factors that may influence healthy child development. The Initiative will use the results to support communities and families in ensuring that all children have the best possible start in life.

Early Education (Pre-school) Program - programming to provide early learning opportunities for children three to five years old.

Education Act - new legislation of the Province of Alberta governing the formation, governance, and operation of school jurisdictions. Will replace the School Act when proclaimed. Proclamation date was scheduled for September 1, 2015, but has been placed on hold.

Education Property Tax - taxes levied by the Province of Alberta, based on a uniform mill rate, which is collected by the municipality based on assessed property values. These funds are submitted by the municipality to the province. All Education Property Tax collected from across the province is pooled together into one fund called the Alberta School Foundation Fund (ASFF).

Elementary School - schools that provide instruction to students enrolled in Kindergarten to grade five. Also includes Lethbridge Christian School which is a Kindergarten to grade eight school and Immanuel Christian Elementary School which is a Kindergarten to grade six school.

English as a Second Language (ESL) - instruction is provided to assist students who have insufficient fluency in English to achieve grade level expectations in English Language Arts and other subject areas.

English Language Learning - see English as a Second Language.

Equity of Opportunity Grant – special per student funding allocation to supplement grant funding from the Province of Alberta.

Expended Deferred Capital Revenues (EDCR) – deferred revenues relating to Provincially Approved Capital Projects that have been used for the capital expenditure. EDCR equals the net book value of the supported tangible capital assets.

Executive Council - the senior administration team of Lethbridge School District No. 51 which includes the Superintendent, and the Associate Superintendents of Instructional Services, Human Resources, and Business Affairs.

FAST FORWARD - an initiative to assist students in completing high school when they may have previously left high school without earning their high school diploma.

First Nations Métis and Inuit (FNMI) Program - a program that provides ongoing support for aboriginal students in their efforts to obtain an education. This program provides opportunities for aboriginal students to study and experience their own and other aboriginal cultures and lifestyles.

High School - schools that provide instruction to students enrolled in grade nine to twelve. Also includes Immanuel Christian High School which provides programming from grade seven to twelve.

High School Off Campus Program - a program to facilitate work placement opportunities for high school students in the community.

Home Logic - a web based program for parents and students to provide access to information on a student's educational programming, progress and other related school information.

Inclusive Education/Inclusive Learning - an inclusive education system is to provide all students with the most appropriate learning environments and opportunities for them to best achieve their potential. Inclusion in the education system is about ensuring that each student belongs and receives a quality education no matter their ability, disability, language, cultural background, gender, or age.

Institutional Programs - school instruction provided in a secure residence that is prescribed as an institution whereby lodging and care are provided on a 24-hour basis. Lethbridge School District No. 51 provides instruction to four institutional programs. Harbour House (Emergency Women' Shelter), Lethbridge Regional Hospital School (Hospital), and Pitawani School (Sifton Children's Centre), and Stafford Ridge School.

KinderCare Program - a program that offers before and after school care for kindergarten aged students.

Kindergarten Program - also known as ECS. This program offers a minimum of 475 hours of instruction to children who are at least 4 years 6 months of age and less than 6 years as of September 1 of the school year.

Learning Commons - collaboration spaces that are similar to libraries and classrooms. Space is shared for information technology, remote or online education, tutoring, collaboration, content creation, meetings, and reading or study.

Middle School - schools that provide instruction to students enrolled in grade six to eight.

Operating Budget - budgeted expenditures for the operation of the school district for a school year. It does not include capital expenditures over $250,000, which is included under the District's Capital plan.

Other Revenues - revenues of the school district that include non grant items, such as investment revenues, miscellaneous revenues, school generated funds, and school fees.

Outreach Program - a program offered by Lethbridge Outreach High School which provides a basic education for students who are unable to attend or benefit from a regular school program.

Program Unit Funding - funding provided for educational programming offered to children who are at least 2 years 6 months of age and have a severe disability.

Project/Contracts - provincial priority targeted funding that is received for specific programs or services. This includes Program Unit Funding, Student Health Initiative, and SuperNet (Wide Area Network).

Provincial Achievement Tests (PAT) - Alberta Education tests all children in the core subjects (English, Math, Social Studies, and Science) in grade 6 and 9 to ensure that the education system is maintaining a high standard.

Public Sector Accounting Standards (PSAS) – are the Canadian generally accepted accounting standards/principals that are followed by the public sector (i.e. school districts).

Regional Collaborative Service Delivery (RCSD) - RCSD is a regional partnership between school authorities, Alberta Health Services (AHS), Child and Family Services Authorities (CFSA) and other community stakeholders. Under RCSD, partners will work together on a regional basis to meet the identified needs of children and youth. RCSD resources must be pooled and shared to support the identified needs of children and youth in a given region. Children and youth throughout the region must have equitable access to services regardless of their school program.

Renewed Funding Framework - the means by which Alberta Education allocates funding to school jurisdictions to provide a quality education. It is a system designed to distribute funds equitably, provide flexibility for local decision-making, and ensure school jurisdictions are publicly accountable for the use of resources and the results achieved.

Reserve Funds - funds that are unspent from a prior school year and are available for allocation to the current school year budget.

Salaries - all remuneration paid or accrued to employees of the District.

School Act - legislation of the Province of Alberta governing the formation, governance, and operation of school jurisdictions.

School Generated Activities /School Generated Funds (SGF) - funds raised in the community that come under the control and responsibility of a school and are for student activities.

School Leader Quality Standard - The standard applicable to the provision of basic education in Alberta as per government ministerial order. Quality leadership occurs when the leader's ongoing analysis of the context, and decisions about what leadership knowledge and abilities to apply, result in quality teaching and optimum learning for all school students

Shared Instructional Services - programs and expenditures that provide support to the schools within the jurisdiction.

Site Based Budgeting - the budgeting principal whereby those individuals responsible for day-to-day operations are responsible for making expenditure allocation and decisions.

Supplies - general supplies purchased by the District.

Supported Capital – tangible capital assets that have been funded by the Province through the relating to Provincially Approved Capital Projects.

Supported Debt Interest - interest paid on debenture debt on school facilities. Alberta Education supports the debt as the payment is made to Alberta Finance on behalf of the school district.

Teaching Quality Standard - The standard applicable to the provision of basic education in Alberta as per government ministerial order. Quality teaching occurs when the teacher's ongoing analysis of the context, and the teacher's decisions about which pedagogical knowledge and abilities to apply result in optimum learning by students. All teachers are expected to meet the Teaching Quality Standard throughout their careers.

Transfers - includes capital purchases over $5000, school generated funds activities (fundraising activities, clubs and athletics), transfers to/from other sites, and funds held in contingency or reserves for a future purpose.

Transportation - the transportation by school bus of students to, from and between schools, within the school jurisdiction.

Truth and Reconciliation - Calls to Action in order to "redress the legacy of residential schools and advance the process of Canadian reconciliation." The proposed actions call on all levels of government to work together to repair the harm caused by residential schools and begin the process of reconciliation.

Uncertificated Staffing - staffing of the school jurisdiction that do not hold teaching certificates. Also known as Support Staff.

Utilities - the cost of heat, light, water, and garbage disposal in the District's facilities.

Violence/Threat Risk Assessment (VTRA) protocol - this protocol supports collaborative planning among children/youth, families, schools, and community agencies to reduce violence and to reflect safe, caring and restorative approaches. It fosters timely sharing of information about children/youth who pose a risk for violence towards themselves or others. The Chinook Regional Threat Assessment Protocol is the result of commitment and cooperation between partner school jurisdictions and community agencies, all of whom are committed to making our schools and communities safe.

Unexpended Deferred Capital Revenues (UDCR) – deferred revenues relating to Provincially Approved Capital Projects that have not yet been spent on capital expenditures.

Unsupported Capital – tangible capital assets that have been funded by the by the School Jurisdiction (not funded by the Province)
