Please note: The spaces provided for your responses will expand as you write or paste.

5 | Brief Summary of the Project

Provide a succinct summary of the purpose, objectives, methods and aims of the research. Please seek to do so in under 400 words and using language understandable by a non-specialist.

6 | Research Methodology

Describe the methods and procedures to be used with particular emphasis on the perspective and experience of research participants and any others potentially affected by the research. Provide as much detail as necessary to enable consideration of risks to participants. Note: Cutting and pasting method descriptions from grant proposals, thesis proposals, etc. is normally not sufficient to properly complete the next section. Describe the researcher’s role in relation to the study participants and consider how that relationship may affect your methodology.
7 | List of Study Participants

Describe who will be the potential participants in this study. Any changes to this list after the application is submitted require approval and requests need to be made to the Associate Superintendent, Instructional Services.

Name(s) of potential school site(s): ____________________________________________________

Number of students and grade level(s): ________________________________________________

Number of teachers: ________________________________________________________________

Number of school or system based administrators: _______________________________________

Number of other District employees: _________________________________________________

Number of parents/guardians of students: _____________________________________________

8 | Recruitment of Participants

Describe your method(s) for recruiting participants and specify who will do the recruiting. Describe how and where you will advertise your project. Describe any provisions that have been made to accommodate the participants’ language.

- Include a copy of the recruitment notice, advertisement and information sheet (as well as that used by a sponsor or supportive organization if applicable).
- If actively seeking participation by speaking to specific groups include this below or attach the text that will be used for oral presentations.

Note: Once the District letter of Research Approval is obtained, please include this letter in your recruitment package so Principals can make an informed decision about their participation in the research.

9 | Informed Consent/Assent

A request for Informed Consent is required for all human participants who are members of the District Community. Describe the process for obtaining informed consent/assent as well as how you will create understanding about the right to withdraw. Describe when and how participants will be informed of the right to withdraw from the study. Describe the procedures that will be followed for participants who wish to withdraw at any point during the study and what happens to the information contributed to this point. Include a copy of the completed Request for Informed Consent and, where participants are under the age of 18, a copy of process for assent with this application.

Note: Digital Informed Consent forms are not recognized by District at this time.
### 10 | Description of Data, Data Gathering and Analysis

Describe, in as much detail as possible, all data to be gathered for this project. If personal information will be gathered or access is being requested, please describe this in detail where prompted. Access will be given only to the records listed in this application and only for the purposes approved for the research project described above. **Any changes to this list after the application is submitted require approval and requests should be made in writing to the Associate Superintendent, Instructional Services.**
