LETHBRIDGE SCHOOL DIVISION

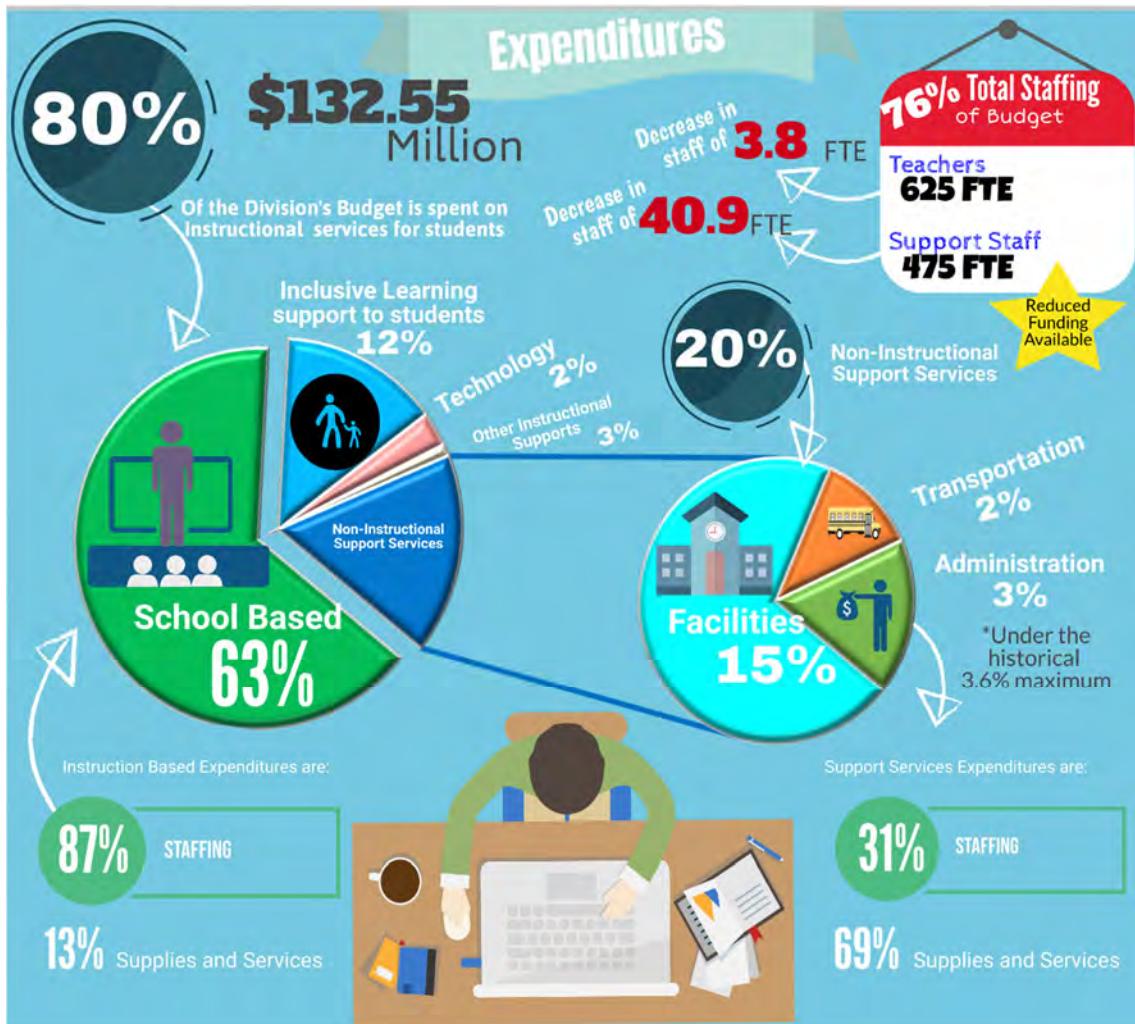

BOARD OF TRUSTEES BELIEF STATEMENTS FOR PREPARATION OF THE 2020-2021 BUDGET

Lethbridge School Division is primarily funded by Alberta Education. The Board is legally obligated to create and approve the annual division budget and to fiscally manage the Division's funds in a responsible manner, ensuring that the educational needs of students are met within a balanced budget, as required by the *Education Act*.

- The Board believe that the budget should be developed in the best interests of all students.
- The Board believes in a budget process that is open and transparent.
- The Board believes that the budget shall provide for staffing to facilitate educational opportunities for all students.
- The Board believes that education at the primary level is foundational to student success, and as such is a priority.
- The Board believes that funds need to be allocated to promote equitable access to educational opportunities and resources for all students.
- The Board believes in keeping Division and school levied fees as low as possible.
- The Board believes maintaining an uncommitted reserve is necessary for emergent and contingent situations.
- The Board believes that equitable opportunities for student learning are achieved by allocating funds to specific centralized programs and services.
- The Board believes in providing targeted opportunities to further innovative practices in schools.

Provincial Funding Review

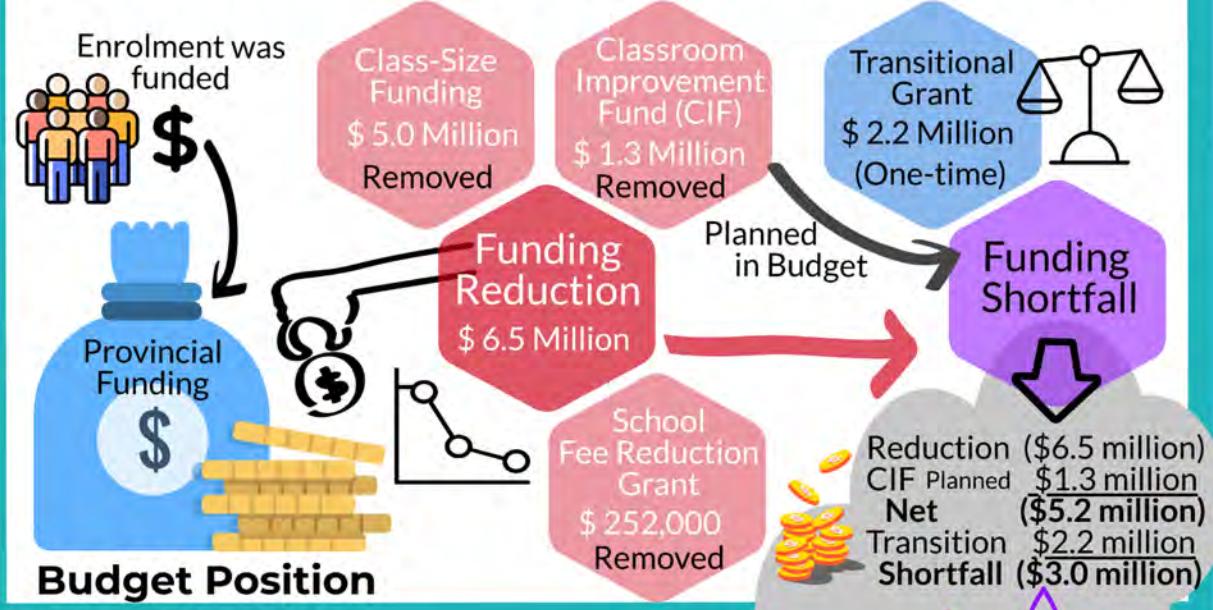

There have been some significant changes to the Division's funding over prior year. This includes the significant changes that occurred in the 2019 Provincial Budget and the new Funding Framework provided for the 2020/2021 school year.

To understand the Provincial Funding, the changes in both years have to be reviewed.

2019/2020

2019 Provincial Budget was announced on October 24th, 2019. This budget had some unexpected changes to funding allocations:

Resulting Effects to 2019-2020

NEW Funding Framework 2020/2021

2020 Provincial Budget 2020 included a significant change to the funding framework model for education.

The model is a “3-year funding commitment to Education” to allow for predictability and sustainability.

The old funding framework grants (36 grants) has now been modified to the new framework (15 grants); whereas, these new grants are not easily (or at all) comparable to the prior framework.

Weighted Moving Averages

One of the most significant changes in the new Provincial Funding Framework is the use of Weighted Moving Averages (WMA) to determine funding allocations. Although WMA assist with a predictable funding model (removes significant fluctuations from year-to-year), it has its disadvantages to growing Districts:

As shown in the example, although there are 12,000 students there is only funding for 11,300

2018/19	10,000 FTE @ 20% =	2,000 FTE
2019/20	11,000 FTE @ 30% =	3,300 FTE
2020/21	12,000 FTE @ 50% =	6,000 FTE
	WMA	11,300 FTE Funding

Other Funding Framework Changes:

Separating Jurisdictional Funding (Administration)

PUF Funding

Only available for Pre-K, no longer for Kindergarten students

Bridge/Transitional Funding

Provincial Funding for new Framework

RCSD Funding

RCSD funding eliminated including supports received

POM Funding

Includes utilization of facility space in funding allocations.

Resulting Effects to 2020-2021

Revenues and Allocations	2020-2021 Preliminary Budget	2019-2020 Operating Budget	Variance from 20-21 Prelim Budget	Change %
Alberta Education - Base Instruction	\$71,200,508	\$76,796,136	(\$5,595,628)	-7.29%

Total Revenue and Allocations	\$132,551,255	\$133,996,454	(\$1,445,199)	-1.08%

- > Majority of increase is for Plant Operation & Maintenance (POM) (\$1.79 million of the \$2.29 million increase in operating revenue)
- > Jurisdictional component broken out from other Provincial funding
- > Prior year had large one-time reserves used to minimize effects on classrooms (as 2019 Provincial Budget was released mid-school year)
- > The changes in the Program Unit Funding (PUF) and the Regional Collaborative Service Delivery (RCSD) program had significant effects on instructional programs with the funding and supports received.

Lethbridge School Division

2020-2021 Preliminary Budget

Executive Summary

Lethbridge School Division has a total operating budget of \$132.55 million and provides public education services to the citizens of the City of Lethbridge, Alberta, Canada.

The School Division was established in 1886 and proudly serves a community that grown over 100,000 residents and is the fifth fastest growing city in Canada according to the 2016 Government of Canada census. Lethbridge School Division serves approximately 12,019 students from early education (pre-school) to grade twelve. The Division provides high quality learning experiences for students through a broad range of educational programs in twenty-three (23) schools and four (4) institutional programs.

Division Priorities and Strategies

The Board of Trustees held a consultation session with the education stakeholders of the community. This consultation included a highly successful Town Hall meeting which provided the opportunity for over 200 parents, students, division staff, and community members to provide comments and feedback to the trustees. This year's consultation used a World Café format and centered on two main questions:

- What resource allocations make the most significant impact to the school experience of students?
- What are some new and innovative ideas the Board can think about to maximize resource allocation?

The feedback on these questions assisted the Board of Trustees in establishing priorities for 2020-2021. The two intentionally-simple questions were designed to maximize input. Through group discussion and the use of technology, participants shared ideas throughout the evening.

Budget & Allocation information provided at Town Hall meeting

Vision:

Learners are innovative thinkers who are successful, confident, respectful, and caring.

Mission:

Lethbridge School Division is inclusive, forward-thinking, and accountable for engaging students in quality learning experiences that develop strong foundations, innovative minds and responsible citizens.

Guiding Principles:

The Board believes a focus on learning builds capacity for continual improvement, innovative thinking, and confident, caring, and respectful citizens.

The following principles provide the foundation for our learning system:

Learning Foundations

- Every individual can learn.
- Learning is a lifelong activity.
- Learners that grow are resilient, adaptable and confident.
- Students learn in different ways and at different rates.
- Innovative thinkers engage critically and creatively.

Cultural Foundations

- Schools are welcoming, safe, caring, and respectful.
- Diversity is celebrated in an inclusive culture.
- Students are empathetic and responsible for the well-being of self and others.
- Schools inspire a passion for learning.

System Foundations

- Our system functions within the structure of Alberta Education.
- Priorities and decisions are further guided by collaboratively developed educational goals.
- Parents/Guardians are foundational to their children's learning.
- Quality education goes beyond the school walls and involves opportunities for engagement within the community.
- High standards result in successful school completion and transition to the adult world.

The Board of Trustees used this information to inform the development of priorities for the 2020-2021 school year and belief statements for the development of the 2020-2021 budget.

The budget allocates resources available to achieve the Division's vision through priorities which address the learning needs and achievement outcomes for all students.

The Board of Trustees developed three (3) priorities: Achievement, Inclusion, and Innovation. Although these have specific outcomes, they are highly correlated with each other; whereas, the success in one priority will likely assist in the other priorities.

Priority: ACHIEVEMENT

OUTCOMES:

1. Students achieve student learning outcomes with strong foundational skills in literacy and numeracy.
2. Teachers possess a deep understanding of pedagogy that develops literacy and numeracy.
3. Students are lifelong learners possessing the skills and attributes to successfully transition within the system and to further education, credentialing or the world of work.
4. First Nations, Metis and Inuit (FNMI) student achievement relative to provincial standards will improve.
5. School administrators are highly skilled in all areas of the School Leader Quality Standard.
6. Teachers are highly skilled in all areas of the Teaching Quality Standard.
7. Support staff possess the knowledge, skills and attributes to support student success and create optimal learning environments.
8. Effective learning and teaching is achieved through collaborative leadership and structures that build capacity to improve within and across schools.
9. A comprehensive wellness approach promotes well-being and fosters learning.
10. The education system demonstrates collaboration and engagement to further Division priorities:
 - Parents feel welcome, included and possess agency to be full partners in their child's education;
 - Community members feel ownership as collaborative partners in the education of children and youth;
 - Community- minded organizations are engaged in collaborative delivery of programs and services to students.
11. Effective management of growth and capacity building to support learning spaces and the provision of programs.

Priority: INCLUSION

OUTCOMES:

1. Schools are welcoming, caring, respectful and safe learning environments.
2. Schools are inclusive learning environments where all students are able to grow as learners.

Priority: INNOVATION

OUTCOMES:

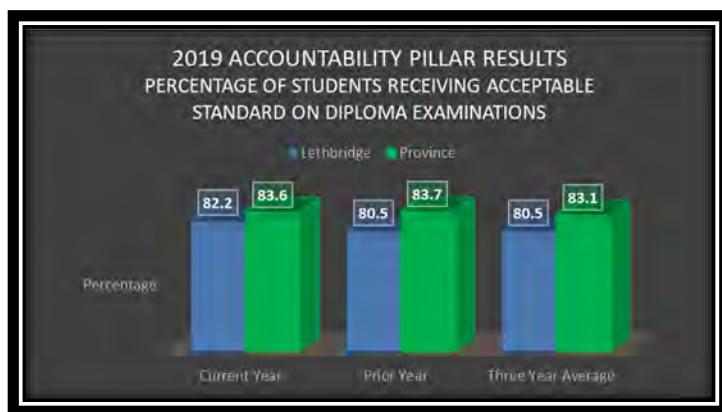

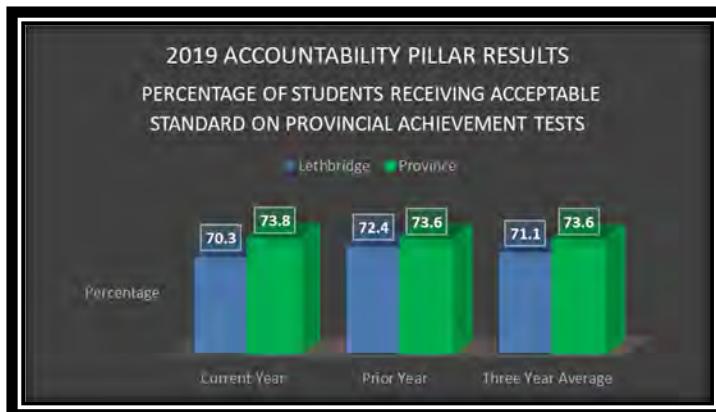

1. Learners demonstrate the attributes of innovation, creativity and critical thinking in a concept-based learning environment.
2. Breadth of program choice provides opportunities for students to explore and grow as learners.
3. All learners effectively use technology as creative and critical thinkers capable of accessing, sharing and creating knowledge.

Student Achievement

In the majority of subject areas, [Lethbridge School Division](#) students performed well in the Provincial Achievement Tests and Diploma Exams. The charts below demonstrate the 2019 Accountability Pillar student achievement results for the Division as compared to the province. For the Provincial Achievement Tests, [Lethbridge School Division](#) has increased and the provincial average has slightly decreased in the percentage of students receiving the acceptable standard over the last three years. There has been a slight increase over the last year in the percentage of students receiving the acceptable standard on Diploma Exams in the Division as well as across the province. School and Division staff analyze the results to develop improvement plans to further enhance student achievement in future years. The Division utilizes the data in setting priorities and establishing goals, along with developing strategies and performance measures to ensure that success for all students is obtained. Achievement results are only one measure in assessing student success. The Division defines student success in a number of ways and plans strategically to further these definitions of success including:

- **Resilience:** Learners possess the motivation, skills and confidence to fail or overcome obstacles and learn from the experience.
- **Responsibility:** Learners have an intrinsic sense of ownership and responsibility for growth in learning.
- **Achievement:** Learners possess the knowledge, skills, and attributes defined by the programs of study.
- **Wellness:** Learners are socially and emotionally well in schools where they feel safe, cared for, connected and happy.
- **Completion and Transition:** Learners complete high school and transition to the world of work or a post-secondary institution as productive members of society.

Student success in all areas can be attributed to the students who have worked hard and are engaged in their learning, their parents who provide the guidance and encouragement, and the staff in schools that put in a great effort to ensure each student has the opportunity to succeed. The budget allocates resources to assist schools in providing learning supports for all students to maximize success. The Board of Trustees continues supporting student achievement as one of the priorities for 2020-2021 and this is reflected in the development of the 2020-2021 budget. Student achievement is a consideration with continued budget support for literacy, numeracy, Inclusive Learning, FNMI, curriculum implantation, technology integration and ESL support.

Meritorious Budget Award Program

Lethbridge School Division is pleased to participate in the Association of School Business Officials (ASBO) International Meritorious Budget Award Program (MBA) for presentation of the 2020-2021 budget. The Division received its first MBA for excellence in the presentation of the 2006-2007 budget and the fourteen (14) subsequent years up to and including the 2019-2020 budget. Once the budget is approved by the Board of Trustees, the Division develops the 2020-2021 comprehensive budget report for the public and for the submission to ASBO for consideration for the Meritorious Budget Award.

Budget Process

The Division's budget process involves stakeholders to ensure there is involvement in the development of the budget from start to final approval. The Division undertook a number of consultations with stakeholders to discuss the current fiscal situation and to develop expenditure priorities for the 2020-2021 budget. A Town Hall meeting was held in February 2020 involving parents, students, staff, and the community, to explore and discuss two main questions:

- What resource allocations make the most significant impact to the school experience of students?
- What are some new and innovative ideas the Board can think about to maximize resource allocation?

The feedback on these questions influenced the development of Board priorities. The Board of Trustees developed belief statements in March 2020 and set priorities which guided the development of the 2020-2021 budget. The budget process and policies used to develop the budget remained relatively consistent from the development of the 2019-2020 budget.

Information on funding and expenditure estimates was gathered and then the budget was developed in consultation with senior administration, school and program administrators, and trustees. Stakeholders, including parents, staff members, administration and trustees, are invited to the presentation and open house of the budget in May 2020 to discuss the significant challenges in developing a fiscally responsible budget, how it relates to the priorities and strategies developed, and to gather feedback on the draft budget. Stakeholders are then encouraged to provide written comments on the budget to the Board for consideration at the budget debate May 26th, 2020. After final approval by the Board, the budget is then submitted to Alberta Education as required under legislation. Under legislation, the budget is to be submitted to Alberta Education by May 31st each year.

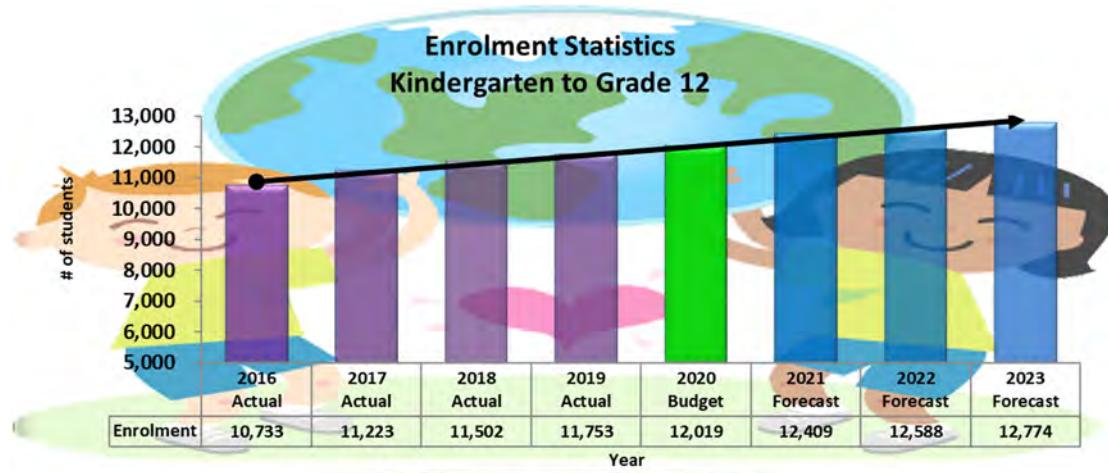

This budget is called the "Preliminary" budget version, although it is the legally adopted budget for purposes of meeting legislative requirements. The budget will be updated for actual known enrolments and other known changes as of September 30th 2020. This budget will become the budget under which the Division will operate for the 2020-2021 school year.

See full-size copy of Budget Development Process within this report (page 4).

Enrolment

Lethbridge School Division has 12,019 students projected to be enrolled in early education (pre-school) through Grade 12 in the 2020-2021 school year as compared to 11,753 in 2019-2020. This is an increase of 266 students or 2.26%. Preschool student enrolment will decrease by 6 students for the 2020/2021 school year. Kindergarten will expect a decrease by 5 students and grades 1 to 12 enrolment will increase by a total of 267 students for the 2020-2021 school year. Grades 1 to 12 represent the largest area of growth with enrolment at grades 1-5 decreasing by 55 students (1.23%), grades 6-8 by 171 students (6.50%), and grades 9 to 12 is estimated to increase by 151 students (4.50%).

Historical enrolment data is used to predict enrolment for subsequent budget periods. The preceding chart illustrates the change in enrolment from September 2019 to September 2019 and projected enrolment over the next four years to September 2023.

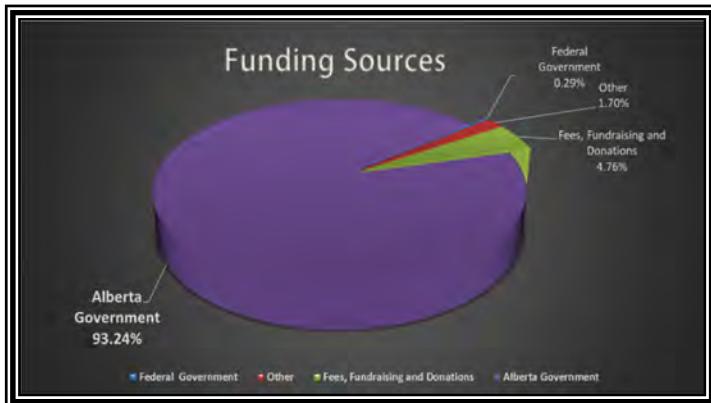

Projected enrolments over the next four-year period show an increase in 2020 of 2.26%. There has been an upward trend in enrolment due in part to the significant growth that the City of Lethbridge has experienced in prior years, in particular Lethbridge has become home to many refugee families from other countries. In the Government of Canada Census held in 2016 Lethbridge is ranked as the fifth-fastest growing city in Canada. However, migration to the city is not the only factor in the upward trend. Increases in birth rates also has an impact on future student enrolment. In the four year period 2020 to 2023 enrolments are projected to increase by 755 students or 6.28%.

Enrolment fluctuations have a significant impact on future grant revenues as approximately 54% of the Division's funding is specifically for Base Instruction. These fluctuations have somewhat been minimized with the new Provincial Funding Framework; whereas, the Provincial funding is now based on a Weighted Moving Average (WMA) based on the following weighting for the 2020-2021 funding:

School Year	FTE	Weighting	WMA
2018-2019 Actual FTE Enrolment	10,596	20%	2,119.1
2019-2020 Estimated FTE Enrolment	10,959	30%	3,287.6
2020-2021 Projected FTE Enrolment	11,269	50%	5,634.5
Weighted Moving Average (WMA) FTE Enrolment		11,041.2	
<i>Variance from 2020-2021 FTE enrolment (unfunded students)</i>			(227.8)

Although WMA assists with a predictable funding model (removing significant fluctuations from year-to-year), it has its disadvantages to growing Divisions.

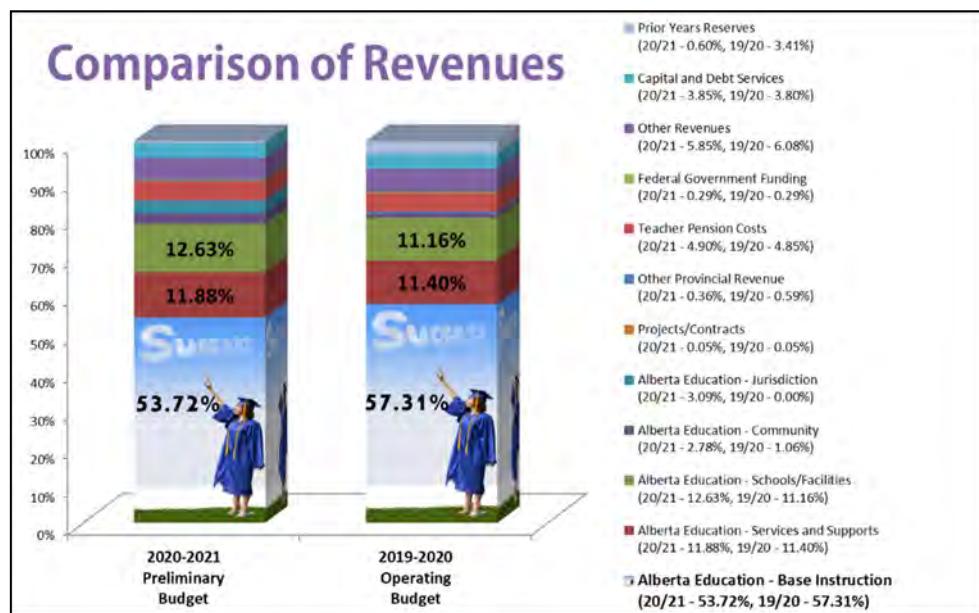

Funding Sources

Lethbridge School Division is financially dependent on funding from the Province of Alberta. The School Division receives over 93% of its funding from the Provincial Government. The Division has control over other revenues such as school fees, school generated funds, outside grants, investment revenues, and one-time reserve funds, which comprise only 7% of the Division's revenue.

Total budgeted revenues and allocations for 2020-2021 are \$132.55 million. Included in these revenues is approximately \$817,500 of prior year's reserves. Total revenues for the Division decreased by 1.08% over 2019-2020 with the elimination of the Class-size funding in the 2019 Provincial Budget and the one-time reserves used to minimize disruptions to classrooms, programs, and services in 2019-2020.

Alberta Education - Base Instruction – 53.72% of Division Revenues

As part of the new Provincial Funding Framework, the Base Instruction funding is based on the Weighted Moving Average (WMA) of funded full-time equivalent (FTE) student enrolment. The 2020-2021 WMA is calculated based the following:

- 20% of actual FTE enrolments of 2018-2019,
- 30% of the estimated final FTE enrolments of 2019-2020, and
- 50% of the projected funded FTE student enrolments for 2020-2021

The WMA is set for the 2020/2021 school year during the Preliminary Budget; whereas, although there are still the September 30th final student enrolment counts, these updated enrolments do not take account until the following budget year (as part of estimated enrolments and as part of a prior year WMA adjustment).

Although WMA assists with a predictable funding model (removing significant fluctuations from year-to-year), it has its disadvantages to growing Divisions. For Budget 2020-2021, the WMA has been calculated at 11,041 FTE (as shown earlier in the report); however, the Division will be serving an estimated 11,269 FTE, resulting in 228 of unfunded FTE students. The Division will benefit in the future with increased students as future WMA will result with increases in these enrolment FTE amounts.

This is a significant change from prior year's base funding as historically the Division would be funded based on the enrolment of students as at September 30th of the school year. The 2019-2020 Budget also had significant changes throughout the process as the Preliminary Budget included the projected funded enrolment and grants as provided in prior years (as the Provincial budget was delayed due to a change in government). On October 24th, 2019, the Provincial Government released the 2019 Provincial Budget and related Provincial Funding Manuals; whereas, although student enrolment was funded, there were other specific grants that were eliminated (which was not expected by school boards across the Province) including the Class-Size funding which accounted for approximately \$5.0 million for the Division. The Province did provide a one-time transitional grant of \$2.2 million in the budget year; however, the Division still have an overall reduction of Provincial grant revenues for the 2019-2020 Operating Budget.

Alberta Education – Services and Supports – 11.88% of Division Revenues

As part of the new Provincial Funding Framework, the Services and Supports funding includes various grants to support the specialized learning needs and/or groups of students that may require additional supports, such as through the Specialized Learning Supports, Program Unit Funding (PUF), English as a Second Language (ESL), First Nations Metis and Inuit (FNMI), Refugee, and other Institutional Programs. Most of these grants also use the WMA to determine the funding levels.

The PUF funding is a significant change from prior year funding of \$4.3 million as it included both kindergarten and pre-K; however, for 2020-2021 school year, this funding decreased to \$1.7 million as only pre-k students were eligible for the funding (kindergarten students no longer under this program). These reductions in PUF funding in the Services and Supports category were offset by additional funding in Refugee and Learning Supports funding. A portion of this increase relates to the elimination of the Regional Collaborative Service Delivery (RCSD) program as a portion of this RCSD funding provided to the Division in the Learning Supports (not to the same level that the Division was receiving funding and supports).

Alberta Education – Schools/Facilities – 12.63% of Division Revenues

As part of the new Provincial Funding Framework, the Schools/Facilities funding includes Operations and Maintenance funding, Transportation, and Infrastructure Maintenance and Renewal (IMR) funding. The Operations and Maintenance funding is allocated in a combination of the WMA enrolment and the facility space utilization; which has resulting in a significant increase in the funding (targeted funding that can only be used for operations and maintenance). The Transportation model has not been changed as it is still being reviewed.

Alberta Education – Community – 2.78% of Division Revenues

As part of the new Provincial Funding Framework, the Community funding is effectively a new category of Provincial Funding that includes various grants such as Socio-Economic, Geographic, and School Nutrition. These funding allocations are specific provincial allocations based on the Division's factors and indexes compared to the Province and the respective funding allocations.

Alberta Education – Jurisdiction – 3.09% of Division Revenues

As part of the new Provincial Funding Framework, the Jurisdiction funding is effectively a new category of Provincial Funding as it separates the funding specifically for the Board and System Administration. Although this funding is based on a base allocation and WMA factors, the total grant is limited to a specific adjustment factor that reduces the funding to a specified portion of the Division's budget.

Jurisdiction

The 2020-2021 Budget included the NEW Provincial Funding Framework for School Divisions throughout the Province. The model is a “3-year funding commitment to Education” to allow for predictability and sustainability.

The old funding framework grants (36 grants) has now been modified to the new framework (15 grants); whereas, these new grants are not easily (or at all) comparable to the prior framework.

The most significant changes include use of the Weighted Moving Average (WMA) for funding enrolment, changes to PUF funding to only pre-K, elimination of RCSD funding, separating the Jurisdiction funding, and having Operations and Maintenance funding include a space utilization component.

Projects/Contracts – 0.05% of Division Revenues

Project/Contract funding is part of a two-year project grant relating to First Nations Metis and Inuit (FNMI) instruction that is being completed in 2020-2021.

Other Provincial Revenues – 0.36% of Division Revenues

Other Provincial Revenue includes the Provincially funded Making Connections programs for Alberta Mental Health and the Family Resource Network. Other Provincial Revenue decreased from the prior year mostly due to the elimination of the Regional Collaborative Service Delivery (RCSD) grants received directly.

Teacher Pension Costs – 4.90% of Division Revenues

To appropriately account for current year teacher pension costs that are paid by the Province of Alberta on behalf of school boards, the Division is required to record teacher pension costs paid as part of total Division revenues along with the corresponding expenditure as part of Certificated Salaries and Benefit costs.

Federal Government – 0.29% of Division Revenues

The revenues from the Federal Government relates to the funding received from Kainai Board of Education (KBE) for their students attending our Division.

Other Revenues – 5.85% of Division Revenues

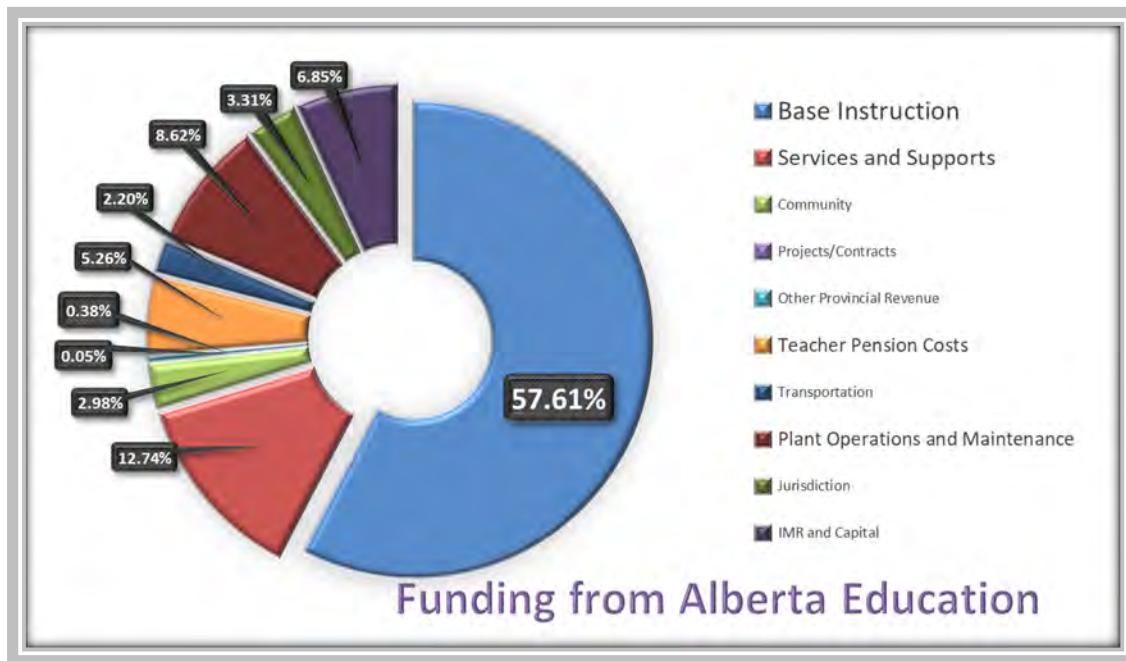

Other Revenues include donations, fees and fundraising related to school generated activities, optional course fees, early education fees, and international student tuition fees. The majority of the decrease relates to elimination of the funding for the Making Connections programs for Family and Community Supports Services (FCSS) and Parent Link.

Capital Block – 3.85% of Division Revenues

The Capital Block funding relates to the capital allocation revenues recognized for the supported tangible capital assets; whereas, this is typically updated in the fall Operating Budget based on the most recent annual financial statements.

Prior Year Reserves – 0.60% of Division Revenues

Prior Year Reserves is the amount of one-time reserves used to address priority areas. The majority relates to central instructional reserves being used to assist in the transition of the new funding framework and for resourcing the new SouthEast Elementary School that is currently under construction (planned to be opened for the 2021-2022 school year). The prior year includes \$2.1 million of reserves to assist with funding the unexpected reductions in Provincial Grants (i.e. Class-Size funding) and \$1.2 million of carry-forward reserves from school/department.

Funding Allocations and Programs:

Funding is allocated to Division programs and services to ensure the programs meet the needs of the students and align with the Division's priorities. Based on the available revenue sources, funding is allocated to the Division major program areas. The following is a comparison of the available revenue sources:

Revenues Sources	2020-2021 Preliminary Budget			2019-2020 Operating Budget			Variance from 20-21 Prelim Budget			
	Operating Revenues	One-time Reserves	2020-2021 Preliminary Budget	Operating Revenues	One-time Reserves	2019-2020 Operating Budget	Operating Revenues	One-time Reserves	Variance from 20-21 Prelim Budget	Change %

As shown above, although there was a \$2.29 million net increase in operating revenues (including \$1.67 million increase specifically relating to Plant Operation and Maintenance), the prior year included \$4.55 million of one-time operating reserves (including one-time reserves to minimize mid-year disruptions to classrooms, programs and services from the unexpected reductions to Provincial Grants). The overall net effect was a reduction of \$1.45 million in funding available for allocations.

The five (5) major programs include Instruction, Administration, Plant Operations and Maintenance (POM), Transportation, and Capital and Debt Services. Many of these funding allocations are directly correlated to the types and amounts of funding provided for each area and the applicable restrictions that may be included in the funding.

The **Budget Allocation Model** first allocates the targeted/ restricted funding (as it must be used for that specific purpose), then allocates the remaining funding based on the Division and its priorities.

The **Support Services** areas of Administration, Plant Operations & Maintenance, Transportation, and Capital & Debt Services are funded by specific/ targeted Provincial funding for their respective areas of supports. These represent approximately **20% of the total operating budget**.

The **Instructional Programs** represents approximately **80% of the total operating budget**. The Instructional Programs include some specific/ targeted Provincial funding such as the Program Unit Funding (PUF), Institutional Programs, and School Nutrition Funding. The remaining operating funding is then available for allocations for schools and other institutional programs.

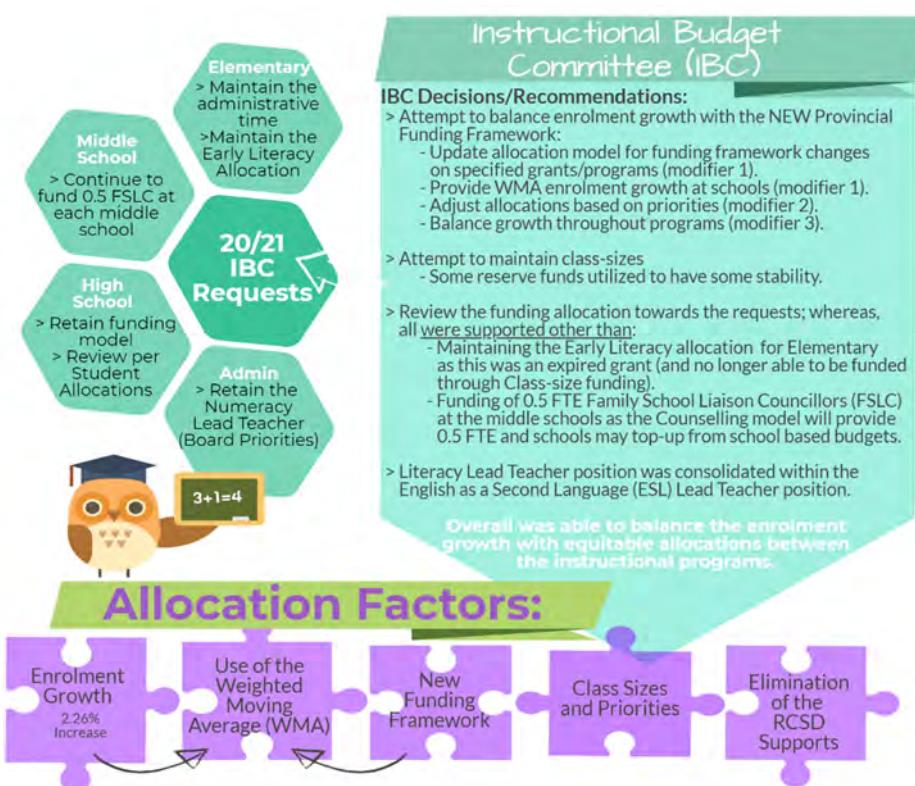

Funding is allocated to Division programs and services to ensure that programs meet the needs of students and schools to remain viable. The \$132.55 million of funding resources are allocated to five major program areas including Instruction, Plant Operations and Maintenance, Transportation, Administration, and Capital and Debt Services.

The chart below compares spending by program of the 2020-2021 Preliminary Budget, the 2019-2020 Operating Budget, and with the 2019-2020 Preliminary Budget:

Instruction Allocations – 80.31% of Division Spending

The Budget Allocation Model is a collaborative process through the Division's Instructional Budget Committee (IBC), which includes representatives from elementary, middle, and high schools. It also includes members of Board Administration. This committee, through Board priorities and consultation with our schools/groups within the Division, determines the funding allocations for the Instructional Programs.

The IBC Committee had difficult decisions on allocations as overall instruction funding was reduced by \$2.97 million (or 2.71%) as the prior year used significant reserves.

The Instructional funding and allocations were also effected by the Weighted Moving Average (WMA) as not all student growth is funded in this model (for growing Divisions).

The IBC Committee was able to balance the enrolment growth with equitable allocations between the instructional programs (after accounting for WMA enrolment growth at the school groups):

- Elementary Schools – 2.35% reduction
- Middle Schools – 2.47% reduction
- High Schools – 2.49% reduction
- Inclusive Learning – 3.17% reduction *
- Technology – 3.00% reduction
- Other Instruction – 3.98% reduction

*Reduction in Inclusive Learning a result of grant reductions.

Instruction is the allocation to all schools (elementary, middle, and high) and other instructional programs and services offered to provide educational opportunities to students within the Division. Some of the other instructional programs and services include the First Nations Métis and Inuit Program (FNMI), Technology and a Counseling Program to provide universal counseling supports to students.

The reduction in instructional expenses of 2.71% mostly relates to the removal of the \$2.1 million of one-time reserves used to minimize disruptions to classrooms, programs, and services and the \$1.2 million of instructional reserves used for one-time costs/projects funded by carry-forward reserve funding. The 2019-2020 Operating Budget included the unexpected removal of Provincial funding (such as the Class-Size funding); which, reserves were used to cover these funding shortfalls.

Overall, the Instructional Program resulted in the following changes:

- The reductions of 3.8 FTE in teaching staff (certificated staff) mostly relates to reductions in elementary enrolments and the resulting effects of removing the Class-Size Funding.
- The reductions of 30.9 FTE in educational assistants (EAs) mostly relates to the reductions in the PUF programs (some additional EA staffing allocated to Elementary to support in these areas).
- Contracted and General services had reductions in professional learning, memberships, and other miscellaneous services. These reductions were somewhat offset by increases in consulting costs for Occupational Therapists (to support the services lost with the elimination of RCSD funding).
- Supplies decreased as the prior year included one-time funding used in 2019-2020 to replace specific furniture, equipment, and technology.

Administration Allocations – 3.09% of Division Spending

The allocation to Administration directly correlates to the specific Provincial funding the jurisdiction (covering Board and System Administration). Based on the 2020-2021 grant funding, the Administration allocation resulted in a 3.79% reduction.

Administration includes Board Governance, Business and Finance, Human Resources, Office of the Superintendent, and System Instructional Support. With the new Provincial Funding Framework, the Province allocated a specific grant to cover the costs relating to the Board and System Administration (other than related amortization). Historically, administration may utilize up to 3.6% of the budget; whereas, in 2019-2020 administration only accounted for 3.17% and this has further reduced in 2020-2021 to 3.09%.

Overall, Administration was reduced for staff in the purchasing department and the Operational Health and Safety (OHS) officer. These responsibilities were redistributed within Administration, including the OHS now being preformed by a management team and through the Joint Health & Safety Committee.

Plant Operation and Maintenance (POM) – 7.74% of Division Spending

The allocation to Plant Operation and Maintenance (POM) directly correlates to the specific Provincial funding within the schools/facilities. Based on the 2020-2021 grant funding, the POM allocation resulted in a 16.58% increase as the grant funds increased with the new Funding Framework (including facility space utilization in funding allocation model). These increases assist the maintenance and caretaking departments in having the capacity to maintain the facilities throughout the Division.

The Plant Operations and Maintenance activities relate to the Division's responsibility for the construction, operation, maintenance, safety and security of all school buildings. Expenditures also include the transfer of maintenance dollars to Lethbridge Christian School and Immanuel Christian School Societies for the maintenance of these Society owned facilities.

Overall, POM was increased in caretaking staffing of 3.6 FTE and maintenance staff of 2.5 FTE with the increases in the specific funding and to have the capacity to maintain the facilities and in preparation of the new elementary school. There was also increases to contracted/general services for the increased costs of building maintenance and insurance.

Transportation – 2.05% of Division Spending

The allocation to the Transportation program directly correlates to the specific Provincial funding within the schools/facilities (for transportation). Based on the 2020-2021 grant funding, the Transportation allocation resulted in a 3.53% increase, which resulted in increase in the applicable contracted services for bussing services.

The Transportation program relates to all activities of transporting students to, from and between schools. Funding is provided to transport students who live a walking distance of 2.4 kilometers or greater away from their resident school.

Capital and Debt Services – 6.81% of Division Spending

The allocation to Capital and Debt Services directly correlates to the specific Provincial funding for Infrastructure, Maintenance and Renewal (IMR) and the specific projected capital allocation revenues for the supported tangible capital assets. Based on the 2020-2021 IMR grant funding, the Capital and Debt Services allocation resulted in a 1.49% increase.

Capital and Debt Services includes the amortization of capital assets and the Infrastructure Maintenance Renewal Program (IMR). As the IMR grants have increased, the related costs are also increased accordingly.

Expenditures by Object

[Lethbridge School Division](#) will spend approximately \$100.21 million on staffing, which is about 76% of the Division's \$132.55 million budget.

Wage increases in the budget will be 0% for 2020-2021. Teacher and other unionized support groups (CUPE 2843 & CUPE 290) have finalized their collective agreement up to the end of 2019-2020, which did not include wage increases. There are no wage changes for the non-union groups. Benefit rates are expected to remain at the same overall levels for 2020-2021.

The chart below compares the expenditures of the 2020-2021 Preliminary Budget, the 2019-2020 Operating Budget, and with the 2019-2020 Preliminary Budget:

Certificated Staffing – 55.10% of Division Spending

Approximately \$73.0 million is expended on teaching staff (certificated staffing), which includes all staff that hold a teaching certificate (i.e. classroom teachers, principals, superintendents). Average teacher costs are projected to increase from 2019-2020 Operating Budget, which is due to teacher grid movement and the reduced numbers of new teachers hired. Although 2019-2020 Operating Budget resulted in the elimination of Class-Size funding (used for classroom teachers, specifically in the earlier grades) were the Division used one-time reserves to maintain as it was a Board and Division priority to maintain reasonable class sizes.

Overall, there is a slight decrease of 3.8 FTE (or 0.61%) teachers than in 2019-2020. The majority of the decrease relates to overall enrolment reductions at the elementary schools; whereas, there were slight increases in secondary schools to assist in enrolment growth. Although there was a decrease in the FTE of teaching staff, the Certificated Staffing increased in total costs of \$152,400 (or 0.21%) with the increase in the average teacher costs.

Uncertificated Staffing – 20.50% of Division Spending

Approximately \$27.2 million is spent on support staff, which includes all other support staffing (i.e. educational assistants, administrative support/assistants, caretaking, maintenance, and other support staffing). The Division expects a decrease in support staff costs in 2020-2021, the majority is due to the removal of the PUF funding for educational assistants with the new Provincial Funding Framework. Average educational assistants budgeted costs are projected to increase from 2019-2020 due to the overall staff grid movements throughout the Division.

Overall, there is a 40.9 FTE (or 7.91%) decrease in support staff than in 2019-2020, including 30.9 FTE reduction in educational assistants, 4.1 FTE reduction of Making Connections staff, and other support staff throughout the Division. With the reductions in support staffing, the Uncertificated Staffing decreased in total costs of \$1.7 million (or 5.93%) with the offset on the reductions with the increase in the average support costs. The majority of the reduction in educational assistants (EAs) specifically relates to the reductions in the PUF program funding (with the removal of kindergarten students):

	20-21	19-20	Change
Inclusive Learning:			
Elementary Schools	144.38	129.28	15.10
Middle Schools	38.72	35.32	3.40
High Schools	45.71	43.95	1.76
Program Unit Funding (PUF)	24.26	69.64	(45.38)
	253.07	278.19	(25.12) FTE
Other:			
Early Education Program (EEP)	4.35	10.08	(5.73)
	4.35	10.08	(5.73) FTE
Total Educational Assistants	257.42	288.27	(30.85) FTE

The allocation of Educational Assistants (including speech language assistants and advanced educational assistants) has been transferred into Inclusive Learning; including the kindergarten EA positions (previously included in Elementary Schools).

The majority of the decrease in EA staffing is a result of the reductions to the PUF funding (and the EEP funding); whereas, there were some increases in Inclusive Learning to try to support in these areas.

Contracted and General Services – 7.39% of Division Spending

Contracted and General Services are expected to increase over 2019-2020 by \$762,700 (or 8.5%). The majority of this increase relate to increases in building maintenance and insurance costs with the increases in facilities funding (and increases to these costs over the prior year), bussing contract costs, and additional consulting costs for Occupational Therapists as part of the supports that were previously provided through the RCSD supports received by the Division. These increases were slightly offset by reductions in professional learning and memberships.

Supplies – 7.83% of Division Spending

Supplies have decreased by \$568,900 (or 5.2%). The decrease mostly relates to reductions in furniture, equipment, and computer purchases. Many of these reductions in supplies relates to items in 2019-2020 that were funded by one-time reserve funds. These decreases were slightly offset by increases in general supplies from increases in estimated classroom supplies with increased enrolments.

Utilities – 1.76% of Division Spending

Utility costs are expected to be slightly increased with the new SouthEast Elementary School being constructed and completed during 2020-2021.

Capital and Debt Services – 6.81% of Division Spending

Capital and Debt Services are increased with the additional Infrastructure Maintenance Renewal (IMR) grant funding.

Transfers – Contingency/Commitments – 0.04% of Division Spending

Contingencies and Commitments reduced from the 2019-2020 Operating Budget as it included the carry-forward commitments from the prior year (to be updated in the fall Operating Budget).

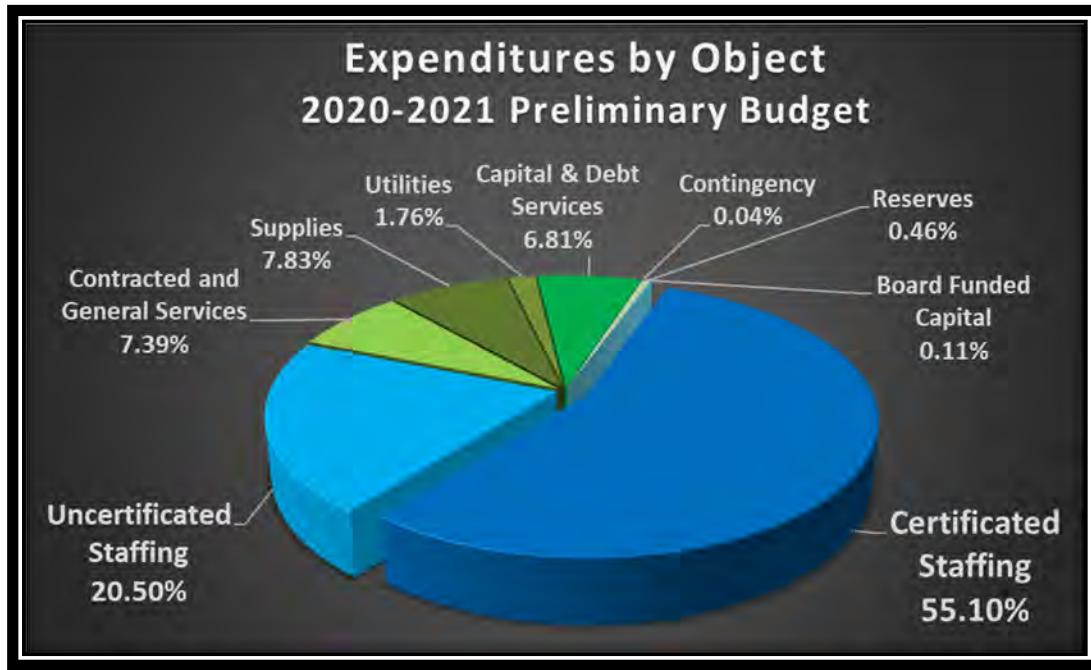

Transfers – Reserve Allocations – 0.46% of Division Spending

Reserve Allocations includes the operating funding to be set aside for future use, including the \$600,000 funding saved for the technology evergreening capital reserves (saved for future large evergreening cycles). The Division is able to obtain significant cost savings by replacing technology in large evergreening cycles (economies of scale) compared to replacing technology on an annual basis.

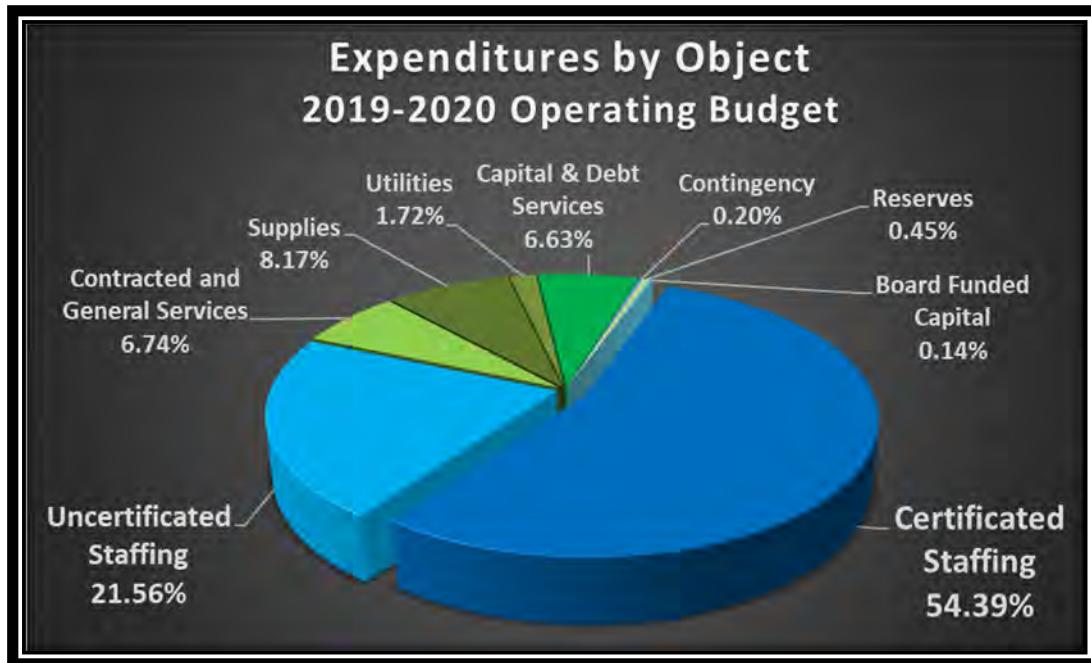

Transfers – Board Funded Capital – 0.11% of Division Spending

Board Funded Capital includes the operating funding used for Division funded capital such as major furniture and equipment replacements.

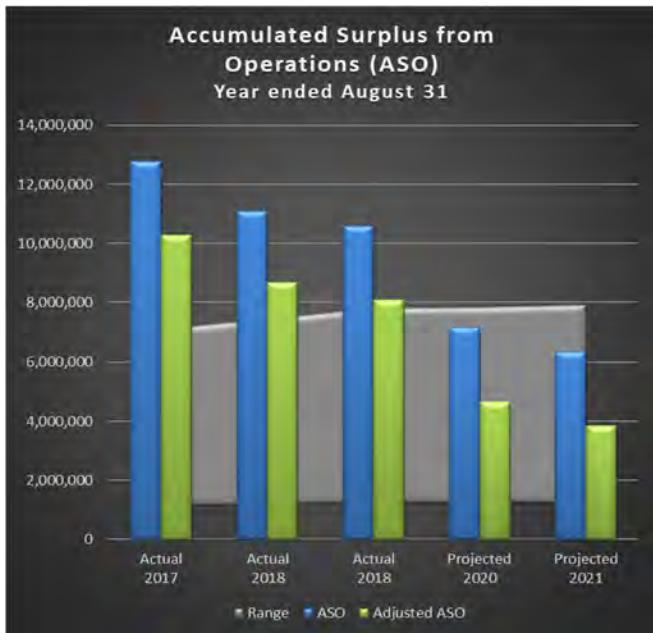

In 2017-2018, the cost was approximately \$11,655 to educate a full time equivalent (FTE) student in [Lethbridge School Division](#) as compared to the provincial average of all public school authorities of \$11,642 per student (most recent info available). In 2018-2019 the cost is projected at \$11,932 per FTE student, in 2019-2020 budget the cost is projected to be \$11,999 per FTE student, and in 2020-2021 budget the cost is projected to decreased to \$11,593 per FTE student. The Board implements a responsible fiscal plan to ensure that resources entrusted to the Division are spent efficiently, effectively, and reflects the Board's priorities to provide the best learning opportunities for [Lethbridge School Division](#) students.

Expenditures for the 2020-2021 budget are compared with budgeted expenditures from 2019-2020 to illustrate the similarity between the two years.

Financial Impact

The Division has been able to build the Accumulated Surplus from Operations (ASO) in the years 2014 to 2016 as funds were being saved for the Division's evergreening of computers. During 2017/2018, the technology evergreening reserves were transferred from operating to capital reserves (change in methodology of capitalizing costs).

In accordance with Public Sector Accounting Standards, the unspent school generated funds (SGF) is included in the Division's ASO. The "Adjusted ASO" excludes these unspent SGF funds which are held at the schools. The Adjusted ASO is typically reviewed and compared to expenditures to review the financial health of the Division (recommended ratio is between 1% and 5%).

School Year	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021
Adjusted ASO ratio	8.70%	7.01%	6.23%	3.57%	2.92%

In the 2019-2020 school year, there was a total of \$4.55 million in reserve funds planned to be utilized to balance expenditures. The Division planned to use reserve funds of \$2.1 million of reserves to assist with funding the unexpected reductions in Provincial Grants (i.e. Class-Size funding), \$1.2 million for school/department based resources and equipment needs, and operating reserves were also used to address priority areas such as elementary literacy assessment, Spanish resources, and funding a full day kindergarten project pilot. Overall, the Division was retained some savings some staff savings, unused school contingency, and carryforward of some specific project; therefore, the Division only was required to utilize approximately \$3.4 million of these reserves. As a result, August 31, 2020 has a total projected ASO of \$7.15 million or 5.48% of planned expenditures and a projected Adjusted ASO of \$4.65 million or 3.57% of planned expenditures.

In budget 2020-2021, there was a total of \$817,500 in reserve funds planned to be utilized to balance expenditures. The Division planned \$397,500 to assist with the Funding Framework changes to minimize the effects on the classroom, \$275,000 for resourcing and the start-up costs of the SouthEast Elementary School (opening for the 2021-2022 school year), and operating reserves were also used to address priority areas such as Spanish resources and other carry-forward funding for specific projects. The use of one-time reserves will reduce the Adjusted Accumulated Surplus from Operations (ASO) of the Division to approximately \$3.8 million or 2.92% of operating.

The Provincial Government has historically recommended that school divisions maintain an Adjusted ASO (excluding SGF) ranging from 1% to 5% of the operating expenditures in order to deal with emergent and contingent situations. If a Division's ASO falls below 1%, government may consider the division's financial health to be a concern.

The Division will need to monitor the ASO in future operating budgets to ensure that it maintains an appropriate balance between meeting the needs of students and the financial health of the Division. The amount of the ASO will be dependent on future financial resources from Alberta Education and expenditure decisions made by the Division.

Human Resources

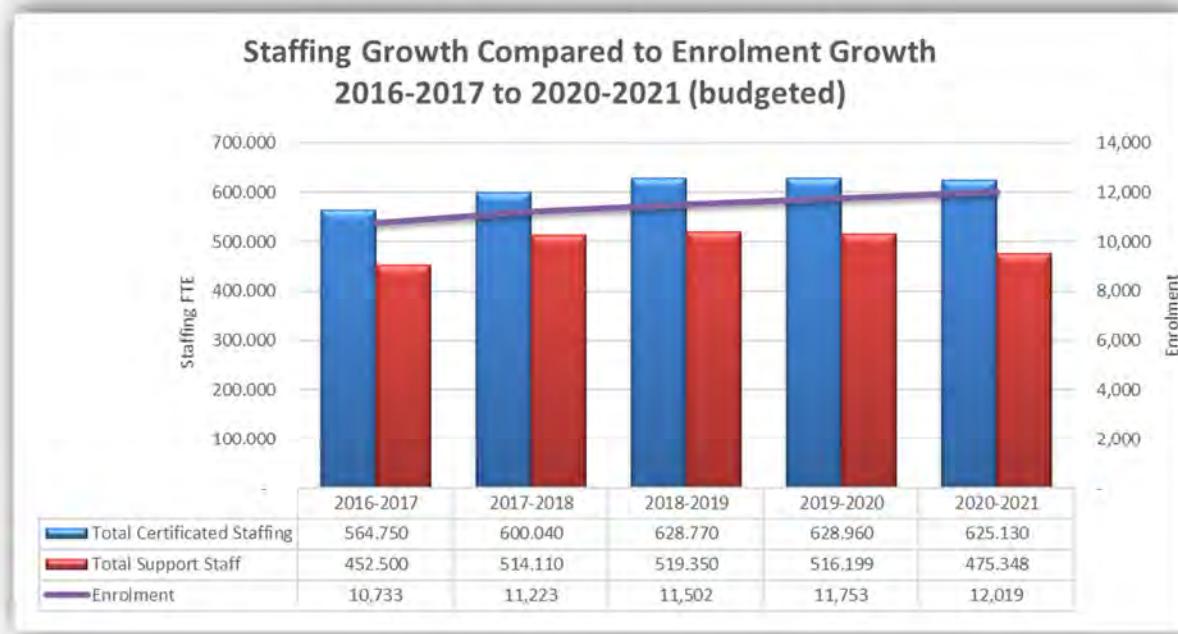

Division staffing has the greatest impact on the educational opportunities provided to students within [Lethbridge School Division](#) and consequently makes up 76% of the Division's budget. The Division will employ 625 full time equivalent (FTE) teachers and 475 full time equivalents (FTE) support staff in 2020-2021.

The Division spends 55% of the budget on teaching staff. Teaching staff will result in a minimal decrease by 3.8 FTE. With the removal of the Class-Size funding and the Classroom Improvement Fund (CIF) in the last couple years has made maintaining class sizes and other supports and services a difficult balancing act; whereas, it is a Board and Division priority to maintain reasonable class sizes so there was only minimal changes in staffing in an attempt to maintain these levels as much as possible. Some one-time reserves were used in 2020-2021 to assist with the transition of this new funding framework.

The Division spends 21% of the budget on support staff positions and resulted in an overall decrease by 40.9 FTE in 2020-2021. The majority of the support staffing reduction related to PUF funded educational assistants as there was significant changes in the grant funding for this program (which was mostly used for educational assistants in kindergarten). Other reductions include 4.1 FTE reduction in Making Connections staffing (for the removal of the FCSS and Parent Link programs), reductions to administrative staffing (in purchasing and OHS), and other support staffing. These reductions were slightly offset by increase in caretaking and maintenance staffing (with the additional Plant Operations and Maintenance funding)

Capital Plan

All new school facilities are funded from the Province of Alberta through Alberta Education in consultation with the Department of Infrastructure. Each year, school jurisdictions submit facility needs for the next three years and await funding and approval from the province.

Lethbridge is experiencing increased growth on the west side of the city, with significant growth projected in the elementary and middle school populations. Currently our schools in west Lethbridge have an average utilization of 82% of capacity and is expected to increase to 88% utilization by 2022-2023. The opening of Senator Joyce Fairbairn Middle School in 2018-2019 has reduced these utilization ratios in west Lethbridge; however, there is still significant capacity strains in the west elementary schools (many reach or are at capacity). The Division had also received additional modular classrooms at Coalbanks Elementary School and Dr. Gerald B. Probe Elementary School during for the 2019-2020 school year.

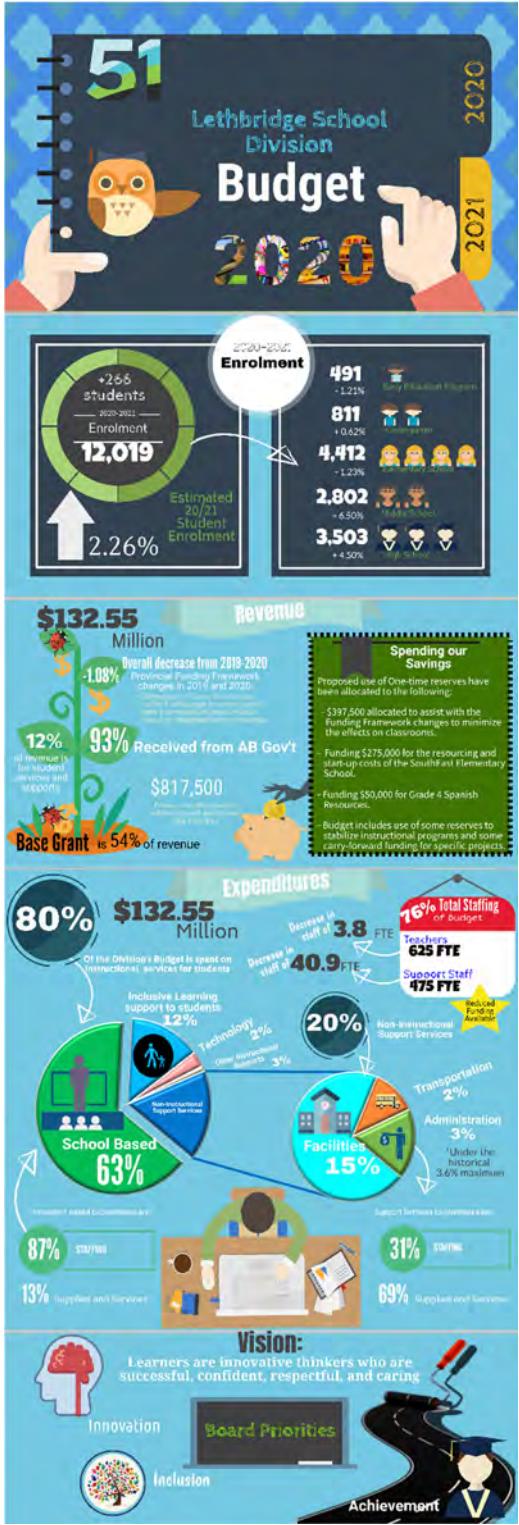

[Lethbridge School Division](#) is excited about the opening of a 600 student K-5 elementary school in southeast Lethbridge opening in August 2021. This should also assist in reducing the high capacity utilization rates in this area as well. The Division will continue to advocate for additional elementary schools in west Lethbridge to assist with significant growth in these areas with schools reaching capacity (the 2020 Provincial budget did not include Lethbridge within their approved projects).

The secondary school phase of the technology evergreening plan was started during 2019-2020; whereas, the Division has saved up capital reserves specifically for this evergreening phase. The elementary school phase is projected for 2022-2023.

In 2020, the Division developed a comprehensive Three (3) Year Capital Plan (2020-2021 to 2022-2023), which provides details on the Division's capital planning processes and priorities, reviews utilization, and provides details on the Division's plans for capital projects and modernizations. The Capital Plan is available to the public on the Division's website.
