

The Lethbridge Collegiate Institute's 'Artisan Program' offers students a unique opportunity to develop their entrepreneurial spirit, while developing their skills as artists, and craftspeople.

This is a self-funded program at LCI, any profits the students generate go directly back into the program to allow greater opportunities for growth in entrepreneurial skills and creativity.

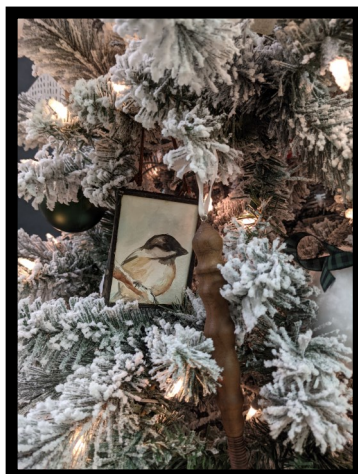

This year's unique circumstances have challenged students to come up with new ways to showcase their skills and products.

The LCI Artisan students are proud to announce the arrival of the 2020 Online Holiday Tree Auction! Place your bid on our beautiful tree, complete with handcrafted ornaments. The winning bidder will also receive the wooden tree box, customized with a family or business name. Bidding starts at \$250.00.

From the LCI Artisan students, "Thank you for your support and, Happy Holidays".
