2021-2022 Operating Budget

As of the 2017-2018 school year, through Bill 1, An Act to reduce School Fees, fees for specific instructional supplies and materials as well as transportation fees for student who live 2.4 kilometers or more away from their designated school are prohibited from being charged fees by school jurisdictions.

All District Levied School Fees were eliminated one year prior to Bill 1, as of the 2016-2017 school year. The District has never charged a fee to transport students to or from their designated school.

District Levied Student Fees History:

District fee assessed to all students to cover costs of basic supplies and materials provided by the school, including textbook rentals

<u>Level</u>	<u>Amount</u>
Kindergarten	no fee
Elementary	eliminated in 2011-2012 was \$41
Middle School	eliminated in 2016-2017 was \$53
High School	eliminated in 2016-2017 was \$70

Foreign Student Fees

Fees charged to students who are not Canadian citizens, and are attending our schools. They do not meet the conditions of a funded student as per Alberta Education. The **Foreign Student Fee will be charged \$11,500 per full-time equivalent (FTE)**. There is no change to the Foreign Student Fee from 2020-2021.

Early Education Fees

Fees charged to students who are attending one of the Early Education Programs (Pre-school) in our District who are not eligible for funding under the Program Unit Grant will be charged a fee of **\$200 per month for 10 months**. These Early Education Fees were updated and approved in March 2021.

Other Optional Instructional and Programming Fees

Under Bill 1, for the 2021-2022 school year, school jurisdictions may continue to charge optional and programming fees to enhance the student's educational experience. Middle School and Elementary Schools may charge nominal fees for agendas, and options that enhance a student's basic educational experience.

2021-2022 Operating Budget

Summary of significant changes of Optional Instructional and Program Fees

For the 2021-2022 school year, the Division updated the fee revenues to include a “Likelihood” rating (ranging from Very-Likely to Very-Unlikely) on each of the individual fees for the 2021-2022 estimated fee revenues and comparative figures. This update allows for a more accurate projection on the overall school-based fee revenue. The following are the significant changes to the school’s fee schedules:

- **Technology User Fees** – Overall increase to these technology fees as there are projected fee increases charged at Senator Joyce Fairbairn Middle School.

There was \$43,810 that relates to fees that were approved but not charged in the prior year. Remaining increase relates to estimated increases in students and updating some of the fees based on actual costs.
