## 2022-2023 School Fees

The proposed school fees for the 2022-2023 school year were approved by the Board of Trustees on May 25<sup>th</sup>, 2022. In accordance with Alberta Ministerial Order 029/2019, the Board is now responsible for the approval of the school fees.

The documents that follow are the approved fees for the 2022-2023 school year. Individual schools provided these fees for approval.

At the time of submission some fees may have been based on estimates or possible activities that may or may not occur during the school year. Actual fees charged for certain activities may be lower.

The school office of your school should be contacted directly should there be any questions with the school's fee schedule.
