Green Shirt Day is Friday, April 7th, 2023. It is a day that honours Logan Boulet and the Humboldt Broncos that were riding the bus to a junior hockey playoff game on April 6, 2018. Tragically, the bus was involved in a terrible crash, which resulted in the passing of 16 people. Logan was the only one able to donate organs. His story inspired over 150,000 Canadians to become registered organ donors. Green Shirt Day continues Logan's legacy and asks Canadians to *Register-Tell Your Family-Be Inspired*.

The 2023 Green Shirt Day 5-year design was inspired by the Pittsburgh Penguins logo and their Captain, Sidney Crosby who Logan loved and cheered for since he was a young boy, wearing his favourite "Sidney Cowsby" t-shirt until he outgrew it. The design includes the hashtag #LoganBouletEffect, which is the effect that began when news that Logan's parents had decided to donate his organs and inspired 150,000 Canadians to register as organ donors. The design also includes 29 gold stars, 16 for each of those who lost their lives and 13 for those whose lives were forever changed when the Humboldt Bronco Bus crashed on April 6, 2018.

The 5-Year design was created by Brandy Hehn, a two-time organ transplant recipient having received her liver in 2009 from a deceased donor in Alberta and her kidney from a deceased Saskatchewan donor, in 2020. Brandy has been a long supporter of Green Shirt Day and an advocate for organ donation awareness since she heard of Logan's decision to become an organ donor after being inspired by his rugby coach Ric Suggitt, who was an organ donor at the time of his passing.

Thank you for supporting Green Shirt Day.
