### **Operations Overview**

As shown in the “Finance at a Glance” report, [Lethbridge School Division](#) is operating financially as anticipated based on the approved budget and the forecasted budget for February 28<sup>th</sup>, 2023.

The following is a brief analysis on the types of expenses:

- **Salaries, Benefits & Professional Development** are slightly more than the forecasted budget. This increase is due to the timing of staff being hired throughout the year.
- **Contracted Services** are in line with forecasted costs for this quarter which is expected.
- **Other Services** are more than the forecasted budget. This is mostly related to the timing of the international program expenditures during the year (more expenses in QTR 1 and 2).
- **Supplies** are less than the forecasted budget. This is mostly due to some of the general school supplies and small equipment are still to be purchased.
- **Other Expenditures** are less than the forecasted budget. This is due to a large portion is for the contingency accounts. These contingency accounts are typically only used if unexpected expenditures are incurred; otherwise, any unspent contingency funds are carried forward to the following budget year.
- **Transfers, SGF & Capital** are less than the forecasted budget. This mostly relates to School Generated Funds (SGF) expenditures are still to be incurred. These costs reductions are somewhat offset by the Infrastructure, Maintenance and Renewal (IMR) operating expenditures being slightly more than the forecasted amount (based on the timing of these IMR projects).

## Operations

### Budget Update as of September 30<sup>th</sup>

The revised budget for the 2022-2023 school year reflects changes to the Division budget as of September 30<sup>th</sup>, 2022, based on the additional information received since the preliminary budget.

The Division originally planned on a projected student enrolment of 11,813 students in the preliminary budget. However, the operating budget was updated for the actual enrolment of 11,957 students. This increase in students made the Division eligible for an enrolment growth grant from Alberta Education. To date the Division has received \$140,300 in the 2022-2023 year.

The Division also received \$219,153 of Learning Disruption Grant (BOOST Program – for literacy and numeracy programs), \$50,000 for the Dual Credit program with Lethbridge College and the University of Lethbridge, \$90,000 for a new mental health pilot program grant (Digital Wellness), \$93,000 for support to Ukrainian students (included in the Inclusive Education budget), \$1.08 million for teacher salary settlement (to cover salary increases from the new ATA agreement as was finalized after the preliminary budget submission) and \$540,800 of Facility Leave grant funding (flow-through funding for facility leases). Overall revenue, including use of reserves, in the revised budget increased by \$3.42 million over preliminary budget projections developed in May 2022.

In budget 2022-2023, \$4.3 million of one-time reserves will be utilized for Division and school-based priorities. The use of reserves was increased from the preliminary budget with additional reserves being utilized to ensure that the Division will meet Alberta Education's reserve cap of 3.15% at August 31, 2023 (the Division was at 5.29% at August 31, 2022).

### **About The Statement**

The above statement includes four main areas:

- The first area highlighted in **GREEN** is budget Information. The first budget information is the preliminary budget that was approved by the Board of Trustees in May 2022. The second column of budget information is the budget that has been revised after September 30<sup>th</sup> enrolment counts and is used as the new operating budget for the fiscal year.
- The second area highlighted in **LIGHT GREEN** is the forecast. The majority of the revenues and expenditures are expected to be consistent throughout the year; therefore, 25% of the budget is forecasted for each quarter. There are some specific transactions that are done at specific times during the year. The following are some of the significant transactions that impact the forecast:
  - Contributions to the ATA professional development fund and to the Christian Societies (for maintenance costs). These are paid in the 1st quarter.
  - Insurance premiums, leases and international program revenues/expenses are typically paid/received in the 1st quarter.
  - Educational Assistants and other 10-month support staff are forecasted based on the number of hours in each period.
- The third area highlighted in **BLUE** is the actual results for the period.
- The fourth area highlighted in **TAN** is the variance area. This area provides information on the percent received/expended as compared to the September 30<sup>th</sup> operating budget and the percent received/ expended as compared to the updated forecast information.
- The fifth area highlighted in **PURPLE** is the projection. This information is the projected revenues and expenditures to August 31<sup>st</sup>, 2023. The projection will be the expected yearend results based on the current financial information and will likely change each quarter on best estimates. Rationale will be provided when the August 31<sup>st</sup> projection has changed from the updated budget (if required).

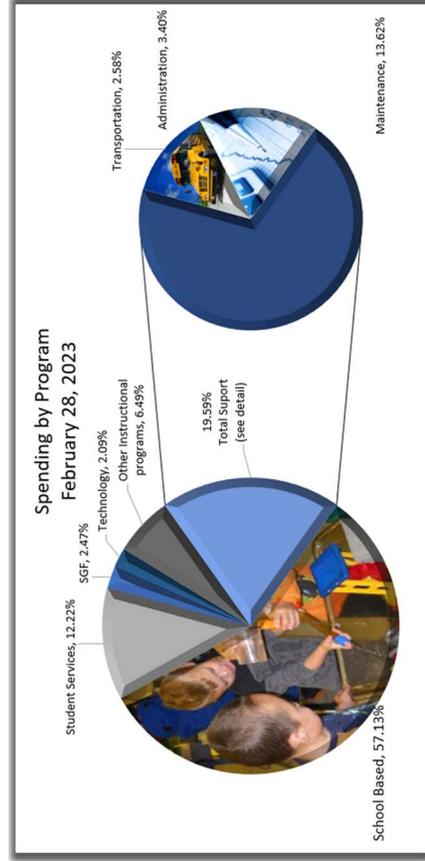

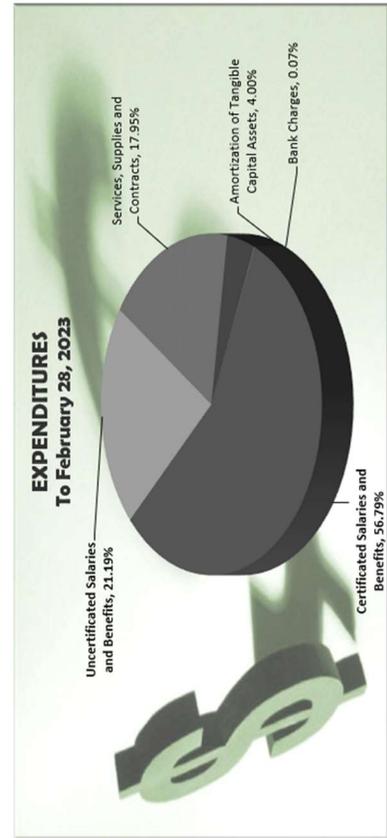

### **OPERATION RESULTS:**

For the six (6) months ended February 28, 2023, \$67.34 million of revenues have been recorded which is 49.85% of budget. Based on the forecasted timing of revenues received/recognized, it was forecasted that a total of \$68.66 million would have been received in the reporting period. The actuals are under the forecasted amounts. This is due to fees, funding and donations being under forecasted amounts but are being offset by Alberta Education funding and investment income where the actuals were above the forecasted amount for this quarter.

Expenditures are \$70.18 million as of February 28, 2023, which is 50.82% of the budget. Based on the forecasted timing of expenditures being paid/recognized, it was forecasted that a total of \$72.04 million would have been incurred in the reporting period. The actuals were less than forecasted. Overall, the expenditures recorded are consistent with the forecasted budget as it accounts for 97.41% of the forecast. This is also an indicator that the budgets are being carefully monitored throughout the Division to ensure that the departments are not incurring cost overruns.

For the six (6) months ended February 28th, 2023

**REVENUES:**

Revenues are reported by type for the Division. For further information on types of revenues please see the Appendices for charts on these functional areas.

**Government of Alberta**

Government of Alberta (Alberta Education) funding represents over 94% of the Division's total operating funding. Student enrolment is one of the largest factors in determining the funding. Based on the forecasts for the 2<sup>nd</sup> quarter, the Division has received 50.80% of the total budget (or 101.68% of the forecasted funding).

There is also an additional \$65,285 that has been added to the Government of Alberta funding due to additional enrolment growth revenue of \$37,785 and support for Ukrainian students of \$27,500. These two amounts were not known at the time of the creation of the September 30<sup>th</sup> budget and therefore have been added for the quarterly reporting.

**Federal and Other Government**

Represents amounts billed for tuition for students living on the Kainai reserve and funding from providing transportation services to another school division. The First Nations tuition funding is anticipated at the third quarter based on the time of billing.

**Fees**

Reflects fees that are collected for optional programming fees, school generated activity fees, and preschool fees. Based on the forecasts of the second quarter, the Division has received 22.5% of budgeted fees.

**Sales and Services**

Sales and services include international students, University of Lethbridge secondment payments and other school generated funds. Based on the forecasts for the second quarter, the Division has received 78.5% of the total budget.

Due to the increase in the international students program, the fee revenue budget has been adjusted by \$500,000. This program is self-sustaining and therefore the increase in expenses is also expected. (See expense details for additional information).

**Investment Income**

Investment income includes interest earned on the Division's portfolio investments, which has traditionally been budgeted conservatively. Based on the forecasts of the second quarter, the Division has received 151.32% of the total budget. This is higher than budgeted due to increased interest rates over the past year. The budgeted amount is to be re-evaluated for the 2023-2024 preliminary budget to better reflect increased interest rates which the Division was able to access.

### **Donations and Other Contributions**

Donations and other contributions are revenues that have been received for school generated activities fundraising/donations and donations for the Ready Set Go programs. The Division has received 34.55% of the total budget.

### **Other Revenues**

Other revenues include rentals, gains on disposal of tangible capital assets, and other revenues. There are rental of facility space for external programs and operations such as the Southern Alberta Professional Development Consortia and the Boys and Girls Club of Lethbridge. There were no disposals of tangible capital assets in the second quarter of 2023.

**Overall, revenues are comparable to the operating budget as at February 28, 2023 as 49.85% of the operating budget has been received (or 98.08% of the forecasted funding).**

### **EXPENDITURES:**

Expenditures are reported as a total for each functional area within the Division. For further information on types of expenditures and spending in these functional areas please see the *Schedule of Program Operations* and Appendices for charts on these functional areas.

### **Instruction – Pre-Kindergarten**

Instruction – Pre K, represents expenditures from early education, which includes the early education program and the program unit funding (PUF) for early learners requiring specialized supports. Pre K expenditures are at 47.80% of the total budget (or 95.61% of forecasted costs).

### **Instruction- Kindergarten to Grade 12**

Instruction K to Grade 12, represent expenditures from kindergarten to grade twelve, school generated activities and supporting programs such as Inclusive Education, Technology, Instructional support, counselling, Indigenous programming, and Institutional programs. Instructional expenditures are at 49.80% of the total budget (or 96.78% of forecasted costs). See the *Statement of Instructional (Pre-K to Grade 12) Program Expenditures* for details of the major programs within this functional area.

**Carnival Week at Ecole Agnes Davidson**

### **Operations and Maintenance**

Operations and maintenance expenditures represent spending on operating and maintaining the Division's schools and facilities. These expenditures include maintenance and caretaking personnel, utilities, contracted maintenance, and Infrastructure Maintenance and Renewal (IMR) projects. Maintenance expenditures are at 54.56% of the total budget (or 98.91% of forecasted costs). Actual costs are slightly under forecasted costs due to the timing of the projects which can fluctuate during the year depending on scheduling and availability of products.

### **Transportation**

Transportation expenditures represent mainly the cost of contracted bussing to bus students who reside more than 2.4 km away from their resident school. These costs include the operation of buses provided by Southland Transportation Ltd. Costs include the provision of specialized bussing needs for students with disabilities. Transportation expenditures are at 56.69% of the total budget (or 95.72% of forecasted costs).

### **System Administration**

System administration expenditures represent the cost of the Board of Trustees, Finance, Human Resources, System Instructional Support, and the Office of the Superintendent. Administration expenditures are at 56.87% of the total budget (or 103.35% of forecasted costs). The actual are higher than forecasted due to increased contracted services so far in the year. Included in these contracted services is a Asset Retirement Obligations (ARO) audit requested by Alberta Education for the implementation of a new Public Sector Accounting Standard (PSAS) that is applicable starting in 2023. School divisions throughout the province were selected for this audit.

### **External Services**

An external service represents costs that are outside regular provincially mandated instruction and operations. The International Services program provides programming to students who attend the Division schools from other countries and pay a tuition fee to attend our schools. Costs include costs of homestay providers, student insurance, student recruitment and administration of the program. External (international) expenditures are at 93.56% of the total budget (or 187.12% of forecasted costs).

The increase in forecasted costs is due to the popularity of the Division's international program. Revenue was budgeted at \$300,000, however for 2022/2023 the Division is expected to earn \$800,000. Given that this is a self-sustaining program (revenue brought in covers all the expenses), it is expected that the expenses also increase. This is resulting in a skewed budgeted and forecasted amount. The budgeted amount is being reviewed for the 2023-2024 preliminary budget to better accurately reflect the revenues and expenses of the program.

**Overall, expenditures are less than budgeted as at February 28, 2023 at 50.82%  
(forecasted at 52.2%).**
