

# School Fees

## 2024-2025 Operating Budget

Each year, in accordance with the School Fees Regulation under the Education Act, School Boards must establish a school fee schedule listing each school fee that might be charged.

Under the School Fees Regulations, School Boards shall not charge any instructional fees for textbooks, workbooks or photocopying, printing, or paper supplies.

The Board transports students who reside either 1KM or more (elementary) or 2KM or more (secondary) from their boundary school as required under the Education Act (new for 2024-2025). Lethbridge School Division does not charge a fee over and above the transportation grant received from Alberta Education.

The following fees are charged by Lethbridge School Division for the 2024/2025 school year:  
(Not Included on the following listings)

### **Foreign Student Fees**

Fees charged to students who are not Canadian citizens, and are attending Lethbridge School Division. They do not meet the conditions of a funded student as per Alberta Education. The **Foreign Student Fee will be charged \$11,500 per full-time equivalent (FTE)**. There is no change to the Foreign Student Fee from 2023-2024.

### **Early Education Fees**

Fees charged to students who are attending one of the Early Education Programs (Pre-school) in our Division who are not eligible for funding under the Program Unit Grant will be charged a fee of ***\$200 per month for 10 months***. These Early Education Fees were updated and approved in March 2021.

### **Kindercare Program Fees**

New for the 2024-2025 the Division is offering a Kindercare pilot program at two Division schools (Nicholas Sheran Elementary School and Senator Buchanan Elementary School). The program fee is ***\$275 per month for 10 months***.

### **Other Optional Instructional and Programming Fees**

Under the School Fee Regulations, school jurisdictions may charge optional and programming fees to enhance the student's educational experience. Middle School and Elementary Schools may charge nominal fees for agendas, and options that enhance a student's basic educational experience.

For the 2024-2025 school year, each school was asked to complete their proposed student fees listing and submit to the Director of Finance. Within the listing was "likelihood" rating (ranging from very likely to very unlikely) and the potential number of students participating. These estimates help determine the budgeted fees for the 2024-2025 school year.

A summary of the other optional instructional fees provided by each school are included in the following pages.

**2024-2025 School Fees Schedule**  
**For Fees Charged for the School Year September 1, 2024 to August 31, 2025**  
**3040 Lethbridge School Division**
