

# Every child learns Every child succeeds

Our Early Education Programs welcome all 4-year-old children, as well as 3-year-old children with developmental needs.

Classes are available morning or afternoon, Monday to Thursday.

**\$200 per month**  
(four classes per week)

Early registration is encouraged due to limited class sizes.

**The following is required for registration:**

- Birth certificate
- \$40 registration fee

# About Our Programs

## LEARNING

Our Early Education Programs are child-centered, play-based, and developmentally appropriate, which provides for a rich early learning environment where your child can grow, have fun, and thrive through nurturing relationships. Grounded in the latest research on brain development and early learning, these programs offer high-quality experiences.

## EXPERTISE

Programs are led by experienced Early Learning Educators, supported by a team of skilled Educational Assistants, a Learning Support Teacher, Speech Language Pathologist, as well as an Early Learning Coordinator. Spaces are set aside for children that may need developmental support, with the remaining spaces open on a fee-paying basis.

## DEVELOPMENT

Our programs provide engaging opportunities for language development, early literacy, early numeracy, social skills and more through play experiences. Staff are trained to support children with their speech and language development, and can support fine and gross motor skill development through daily activities. All children are met where they are at and responsively nurtured in their growth.

**Children with assessed developmental needs, that meet Alberta Education criteria, may be eligible for programming without monthly fees.**

**Please call our Early Learning Coordinator, Carlie Ramotowski, at 403-380-5291 for more information.**
